

Bride of Mr. Billion Chapter 16

Chapter 16

Bella's POV:

As soon as I entered the president's office, I felt that the atmosphere was strange.

"Mr. Wharton, are you looking for me?" I walked to the desk and saw the ugly look on Herbert's face. I'm very dissatisfied with his expression. I don't owe him anything. And I came here for work, not to endure his bad feelings.

"Bella, don't think that you'll seduce me and force me to listen to you just because I slept with you once. I'm telling you, I'm not as weak as you think!" Herbert warned me coldly.

With just a few words, he had provoked me. I said, "Mr. Wharton, I don't know what gave you the illusion that I wanted to seduce you. I can tell you now that even if you are the only man left in the world, I won't be interested in you!"

Herbert snorted coldly. "I hate hypocritical women like you the most!"

"Why am I so hypocritical?" I was so angry that I pressed down on the desk in front of me. What happened in the elevator was just an accident.

But now he said that I wanted to seduce him?

This was slander!

If he wasn't the big boss, I would have directly resisted him.

At this time, I saw Herbert throw a pink thing on the desk and said in a disgusted tone, "Do you dare to say that this thing is not yours?"

I looked down and saw a pink disposable underwear lying on the desk. I was completely stunned! "Oh my god! How could it be in the hands of Herbert? I haven't been home these days, so I bought some disposable underwear to replace it in the company. This pink underwear was indeed changed by me this morning." No wonder I couldn't find the inside of the bathtub that should have been thrown away. Now! suddenly remembered that it should have been put in the bathtub after taking a shower. But I was in a hurry when I left this morning and forgot to take it away! No wonder Herbert thought I was going to seduce him. It was really easy for people to misunderstand. For a moment, I felt extremely embarrassed. I opened my mouth

outh but didn't know what to say. "Oh my god! I really want to find a hole to hide in and never come out again. It's so embarrassing!" The next moment, I quickly grabbed the pink underwear and stuffed it into my pocket. Then, I raised my head and looked at Herbert. "Mr. Wharton, this thing is indeed mine. It was just that I accidentally dropped it down. I didn't have any other thoughts. You must have thought too much!" In fact, at this moment, I'm struggling as much as I can. I really admire myself for being so calm in such a situation.

Thinking about it carefully, the main reason why I could do this was because I really didn't want to seduce him.

12230

"I think too much?" This reason obviously could not convince Herbert, I thought for a moment and said, "It's just that you think too much. People who don't have pure thoughts can think of anything in sex. In fact, it's just a coincidence. There's nothing to do with it!"

Herbert seemed to be irritated by me. He stared at me and said, "I hope it's just an accident, I don't want to have any ambiguous relationship with female employees,"

It sounded as if I, a female employee, had to build a relationship with the boss. I immediately said, "Although I'm just a small employee, I have my own principles, I will keep a distance from the boss!" "Very well. You can go now." Herbert's face was still solemn. "I'm on leave." I turned around and walked out with my back straight.

He personally approved my vacation, so I'm sure I'll take it..
