

## Bride of Mr. Billion Chapter 18

Chapter 18

Bella's POV

I watched Herbert and Emma draw nearer and nearer

I lowered my head and thought for a moment. Then I greeted Herbert. After all, he was the boss,

As for Emma, I'll pretend that I didn't see it

After saying goodbye, I'm leaving

When we were less than two meters away, I felt that he was looking at me Damn it, why do I think of that pink underwear now? My cheeks suddenly felt hot, I took a deep breath

and said, "Good morning, Mr. Whartoni" Herbert didn't respond to me. He just continued to look at me, This made me feel very uncomfortable,

"Perhaps I should leave directly now?"

That's what I thought and did.

When I'm about to leave...

Emma stepped forward and blocked my way

"Bella, no matter what, we're sisters in the legal sense. You didn't even greet us when you saw me, You're so rude." Emma raised her chin and looked at me with disdain.

I glared at her and quietly clenched one of my hands into a fist. "That's not the time to settle the score for using her high heels to step on the back of my hand. I didn't expect that she would find fault with me today."

"I only have one sister who is in high school," I said coldly. "It doesn't matter if you don't admit that I'm your sister, but father and you are related by blood, isn't it? Last time you made him sick for a few days. Shouldn't you visit him? Your heart is really harder than a stone."

I couldn't help frowning. "Why did Emma say so much nonsense to me today?" Then I looked at

Herbert, who was standing next to her, and understood. Perhaps Emma was afraid that

i would snatch Herbert, so she deliberately slandered me in front of him, leaving a bad impression on him.

Although I already knew about Emma Briden's evil scheme, I didn't care about Herbert's impression of me at all. Anyway, I couldn't let him get any worse

I put away my anger and smiled lightly. I looked at Emma and said, "Whose teddy bear didn't look good? Why did it come out and bite people so early in the morning?" "What did you say? Who's the teddy dog?" Emma immediately said angrily. I crossed my arms and looked at the woman in front of me, observing her hairstyle. "Today's style of hairstyle is really similar to that of a famous dog—a teddy. This analogy is really appropriate." That already successfully angered Emma. My goal had been achieved, so I said, "I'm going to work. I

don't have time to argue with you!" After that, I *turned around* and left

"Bella, you speak clearly!" The person behind me was still groaning, but I quickened *my* pace. During the lunch break, Joey leaned over and asked in a low voice, "Do you know why Emma Briden has come to the Wharton Group today?" "What is she doing?" I was a little curious. "To sell for insurance," replied the reply. She was indeed very shrewd. Apart from work, she could seduce Herbert, she had a good idea. "Guess whether or not Emma Briden got the list from the boss?" Joey asked with a mysterious look

Although I don't have a good impression of Herbert, he is still very serious and professional in his work. My father's small insurance company is not only not large-scale, but also not formal at all. He will not work in such a company.

But Joey didn't expect that Joey would continue, "The big boss has handed over the insurance of all the people in our company to Emma Briden."

Hearing this, I was very shocked. Then I felt annoyed. I threw the pen in my hand on the desk. Herbert, who seemed to have a good taste, actually fell in love with that woman who was like

a teddy dog? After all, except for this reason, I couldn't think of any other reason for Herbert to entrust all the insurance to her. I don't know why I'm so angry. Anyway, I'm very angry. Joey patted me on the shoulder and said, "Are you angry because of that woman? Don't be angry! People like Emma Briden is not selling insurance at all. I guess he is selling her body. You don't need to be angry with such a despicable person."

I know. Joey is comforting me.

But my mood was *even weirder*. Good heavens! Could it be that Emma Briden had climbed into the Herbert's bed as well? Hadn't

she... shared a man with me?

“Fortunately, I was in front of my home, otherwise, I would feel very dirty and disgusting!”

Joey patted me on the shoulder again. “Remember to bring your ID card with you tomorrow. The company will organize all female employees to go to the hospital for a physical examination.” “All female employees?” I asked in surprise. What’s going on? If it’s a physical examination, I can understand. But why did he arrange for all the female employees to have a physical examination?
