

## Bride of Mr. Billion Chapter 19

### Chapter 19

#### Bella's POV

All the female employees of the company went to the largest hospital in the city for a women's examination. At noon, Joey and I went to have a big meal near the company. As soon as I entered the office, I saw a large group of people surrounding my desk, whispering something "Is this considered getting pregnant before marriage?" "Her ex-boyfriend has been abroad with someone for a month and a half. This examination report says that she is pregnant for a month!" "Who made her pregnant? Will there be a new man so soon?"

"Who knows?"

"I didn't expect her to be a promiscuous woman."

Hearing these words, I was stunned!

Joey glanced at me, her eyes full of doubt. But she quickly walked up to me and said, "Hey, what are you talking about? Who's pregnant?" Everyone returned to their seats and did not continue to speak. But even so, I could still feel the strange looks of others.

Feeling very strange, I immediately walked over and picked up the inspection report on the table.

I looked down and found that the name of the examination report was indeed me. One of the blood tests was about human spleen, and the diagnosis paper said that I was pregnant for five weeks.

"Pregnant?" I stared at the two words with my eyes wide open. For a moment, I was stunned!

I can't accept this reality. How can I be pregnant? This is definitely not true!

The office was so quiet that even a pin drop could be heard. Joey quickly grabbed my wrist and pulled me out of the office. When we arrived at a large terrace, there was no one around. Joey asked, "What's going on?" "I forgot to take contraceptive pills last time." My hand reached into my long hair.

At this moment, I remembered that my period was indeed a week late. I just thought that it

was because I was under too much pressure a few days ago and my pregnancy was a little messy, so I didn't think about being pregnant at all.

"Why are you so careless?" Joey was very nervous.

"What's the point of saying these things now?" I was very annoyed. After a moment of silence, Joey pulled me along and said, "I'll take you to the big boss!" "Why are you looking for him?" I immediately withdrew my hand. "He must know about this!" Joey said. "He knows," I said, "And then what? Give me a sum of money to let me have an abortion, or let him

have an abortion?"

It was impossible for Herbert to be responsible it was just pregnant

Maybe I'm no longer the first woman he's pregnant with

"Ask him to give me a sum of money?"

I still can't do it I feel that it hurts my self esteem

"Then what are you going to do?" Joey asked me

"I don't know." My mind was in a mess now How could I have any plans?

At this time, a figure suddenly walked into the terrace

At a glance, I saw the well dressed Emma Briden, so I immediately restrained *my negative*

emotions.

No matter how chaotic I am, I don't want to be laughed at by this *woman*

"Bella, no wonder I couldn't find you, It turns out that you are here," Emma Briden *was very proud* "What do you want to do?" I asked her . This woman dared to be so arrogant. She must have known something, "I know you're pregnant. Congratulations!" As she spoke, she lowered her head and snickered,

Joey was here to make a fool of himself!

I clenched my fists. If it weren't for Joey holding me back, my fists would have smashed into Emma Briden's face.

Joey said, "Emma Briden, don't go too far!"

“Too much? How can I go too far? I’m kind. By the way, who is the father of your child?” Emma Briden continued to mock me.

This woman was deliberately looking for trouble.

Facing such a woman, he couldn’t be weak.

I pushed away Joey’s hand and walked up to him angrily.

Emma Briden seemed to have been frightened by my aura. She took a few steps back. “This is the headquarters of the Wharton Group. What...what are you trying to do?”

I didn’t expect this woman to be so timid.

It was so easy to be afraid.

I sneered and said, “Since you’re so curious about who the baby in my belly belongs to, I’ll tell you.”

“Who?”

“head of state! Are you satisfied?” After that, I turned around and left with disdain.

Behind me came the roar of Emma. “Bah! Do you deserve it? I don’t know what kind of man he is, but I guess he must be a security guard. He’s a bastard and a courier, haha...”

Joey caught up with me, grabbed my arm, and tried to persuade her. “Bella, don’t listen to that bitch’s nonsense. She’s trying to annoy you on purpose!”

“I know what she is,” I said.

Joey curled his lips and said, “Have you heard? Emma resigned yesterday.” “She resigned? How could she bear to leave the company?” I asked in surprise.

12:24

“I don’t know. Anyway, she got a big deal this time. It is said that all the women’s insurance in the company have been taken over by her. Didn’t you see her proud look? By the way, what are you going to do next?” Joey couldn’t help asking. I didn’t answer.

In fact, I’m also very confused now. I don’t know what to do!
