

Bride of Mr. Billion Chapter 30

Chapter 30

Bella Battleer:

On Friday afternoon, the company was on leave in advance. Four traveling buses stopped in front of the building, and the employees of our company lined up to get in the bus.

I sat in the bus and kept looking out. The company's "C" levels had been here, but I still didn't see Herbert

"Is he coming or not?" Joey was a little anxious.

"I don't know either," I replied with a frown.

"I don't think he'll go. We'll set off in five minutes. My money!" Joey covered her face in disappointment.

"Well, at worst, I'll treat you to lunch this month." I had admitted defeat.

I wasn't surprised by this result. I had a hunch that he wouldn't come.

So at this moment, I was not disappointed. I just felt that it was normal.

"Mr. Wharton, you're here!" At this moment, I suddenly heard a female cheer.

I looked up and saw a tall figure in a black suit coming from not far away, followed by a special assistant Connor, and the female secretary, Allie.

"He's really here. We won! Joey grabbed my arm excitedly

Herbert's eyes seemed to be looking in this direction, and his eyes were very soft, which made me

very tempted

What's wrong with me? Why do I feel this way? The moment I saw him, I actually felt warm. It had nothing to do with winning the bet.

It was the joy from the bottom of my heart when I saw Herbert. "Mr. Wharton will stay with us for two days and two nights. Just thinking about it makes me excited!" The female staff nearby said. Joey was counting the money. A few minutes later, she handed me a stack of thick bills. "You won a total of four grands!" I took the stack of money and suddenly felt a little upset. "Is this considered cheating? Does it count as

using my husband as a bet?" At this moment, something more sensational happened. Herbert actually got on our bus with his assistant and female secretary. I suddenly felt more excited on the faces of the female employees around me

Herbert, Special Assistant Connor, and the female secretary, of course, were arranged to the VIP section in the bus's front. The bus suddenly became very quiet, and no one continued to speak

I could just see the back of Herbert from where I was sitting I couldn't help looking at him a few more times, and then looked away, but I was telling myself in my heart, 'What are you panicking about? Isn't it just in the same car? Have you become a fangirl?

Just as the bus was about to set off, a woman's voice suddenly came.

"Wait for me! Don't drive. 'Emma Briden took her suitcase and ran over in high heels

"Why is she here? She's not an employee of our company.' Joey said. "Someone must have invited her." I suddenly felt a little sour in my heart, and my good mood suddenly disappeared. Could it be that Herbert invited her here? If it wasn't for the company's invitation, she wouldn't have known that our company was organizing employees to travel, would she? "My good mood has been completely ruined." Joey pouted "It's just a pile of shit. Just pretend that you didn't see her," I said with a smile. I told myself not to mind, not to mind. After entering the car, Emma sat directly next to Herbert, which immediately aroused the jealousy of all the women in the car,

The car started, and Emma began to deliberately flatter Herbert. Sometimes, she handed him water, sometimes fruits, and sometimes snacks. However, Herbert didn't want to eat, but she didn't give up. On the way, Emma was either telling jokes to amuse Herbert, or deliberately talking to Herbert. "This woman is so disgusting. You are the wife of Herbert," Joey whispered in my ear.

I glanced at the backs of the two and felt sad again. "What kind of wife am I?" I have a contract marriage, and it's because of the baby in my belly.

After I give birth to the baby, we should have nothing to do with each other.

I said, "Hold on a little longer. We'll arrive at our destination soon."

Soon, the two-hour drive ended, and the bus successively drove into Moon Bay resort.

The scenery of Moon Bay resort was very beautiful, with a complete set of facilities. As soon as we got out of the car. I felt the fresh air blowing on my face.

My colleagues and I got the hotel room cards. Herbert, the special assistant, and the female secretary would not live in ordinary hotels. As soon as we got out of the car, they were led by the staff to the VIP hotel.

Emma Briden, on the other hand, was shamelessly dragging her suitcase and followed Herbert. It was obvious that she was going to stay at the VIP hotel tonight.

“What the hell? This woman is so shameless!” Joey said.

“I’m tired. Let’s go to the room to rest.” Although I was disappointed, I still kept normal. “Oh, right. By the way, do you want to hand over your review letter to Mr. Wharton personally? After all, this is also a chance to get in touch with him!” Joey handed it to me. “No, I’m not Emma. I can’t put down my dignity and get close to a man. Besides, I don’t want to see Emma!” I shook my head. Joey frowned. “But didn’t he ask you to hand over your review letter before the weekend?” Looking at the review letter in my hand, I felt a little embarrassed. I really didn’t want to go to the VIP area to take the initiative to look for Herbert, and I also didn’t want to see that annoying Emma.

This was what Joey said. “Why don’t I send it over for you? That’s great. Hearing this, I looked at Joey gratefully.

Joey took the review letter and left.

I waited for about 15 minutes before she came back.

“Bella Bella, the VIP area is much better than our living environment Those hot springs, villas can’t be described in words.” Joey was very excited after she came back

“Have you sent the review letter? I didn’t care about the environment of the VIP area. Anyway, I didn’t live there

“I handed it over to his special assistant, Connor. He said he would personally hand it over to the hands of Mr Wharton.” Joey replied Hearing this, I was relieved After all, it was business. There was a clear distinction between us In addition to work, there was no other intersection between us At this time, a colleague came to call for a gathering downstairs. Joey and I quickly changed our clothes and went downstairs

At night, all the employees of the company were wearing gorgeous clothes to attend the dinner party

I was no exception I was wearing a light green V-neck chiffon skirt and a silver hairpin on my head My slightly curly hair was hanging behind my head, and my face was wearing light makeup When I appeared at the banquet. I could clearly feel that many male colleagues were looking at me Then, Herbert appeared. He was still dressed in a black suit. Wherever he went women’s eyes followed him.
