### Chapter 131

#### Chapter 131 We Have the Right Reasons

Justin said with delight, "That's great! You set a time and place. I'll go to pick you up. It's on my treat."

Gloria was smiling. "It's up to you, Mr. Harris. When you make a reservation, send the location to Nydia. I have some things to do, so I'll leave you alone."

OK, see you later."

Justin was much nicer to Gloria than to Nydia.

After Gloria hung up the phone, Nydia couldn't help but burst out laughing. "Such a vile man groveled to beg for your help. Laughed my ass off. Gloria, I'm much better now. Gloria smiled without another word.

A realization hit Nydia She shifted her gaze to Gloria, "Old Mrs. Collins birthday party is coming. Are you going to give a slap on Angela's face?"

Gloria paused for a moment and mixed feelings crept upon her face.

Nydia was confused, "Gloria, what's up?"

Gloria sighed. "I wish to give a slap on Angela's face. But I'm worried I may be out of line and hurt Grandma'

"What?' Confusion filled Nydia's eyes "What do you mean?"

Gloria was helpless She could only breathe a sigh. There is a thing that Grandma can't get over all the time. I'm trying to use Angela to help Grandma go through it. But it's a little risky I'm worried that I might evoke Grandma's sad feelings instead."

Nydia blinked her eyes, 'So, your real purpose is not to embarrass Angela in public, but to help old Mrs.

Collins?"

Gloria nodded with mixed emotions. She was hesitating to carry out her plan since she was not sure if she could make it

Nydia chuckled, "Gloria, you're always that kind girl. Just do whatever you want to do. If you don't give it a shot, old Mrs. Collins could never go through it. Maybe she would have to leave the world with regrets. If you tried, perhaps she wouldn't have to feel sad about it in the future."

Gloria's lashes trembled, and she finally nodded. "OK, I will do it."

Nydia held Gloria's hand. "No matter what, I'll back you up. However, you'll be the center of attention at tomorrow's party and face criticism from some people, so I'll go with you and protect you!"

Gloria curled up her lips into a smile. "OK"

Looking at Gloria's sad face, Nydia patted her shoulder. "Babe, do I need to send these documents to you by e-mail? Or do you need me to print them out? Have you found out the way to deal with Justin tonight?"

Gloria nodded. 'Do unto others as you want to be done unto yourself. He suffered losses from the cooperation with his partner, but he tried to offset the losses by

swindling money from you. Such a person deserves getting nothing.”

Nydia was delighted. “That bastard! How dare he bully me? Luckily, I have a strong backing!”

Gloria was amused. “Print these documents out. I have to go to work and deal with some things. You can send the location to me by the evening.”

Nydia nodded with smiles on her lips. “OK, go ahead. As for the matter about old Mrs. Collins, you don’t need to have too many scruples. Do as you wish. After all, we have the right reasons.”

Gloria felt touched, nodded with a smile, and left without another word.

Being busy for the whole afternoon, Gloria finally settled her business. Receiving the location sent by Nydia, she drove there at once.

##### Chapter 132 Immoral

Half an hour later, she got to the destination.

Then she called Nydia, who said, “I just arrived. Let’s meet at the entrance.”

Gloria answered yes and hung up the phone.

When they arrived at the entrance, a chubby middle-aged man was standing at the entrance like a waiter. His

eyes were searching around.

Seeing Nydia, his eyes lit up. He then shifted his gaze to Gloria, hurriedly stepped downstairs, and said with a respectful voice, “Miss Norma, hello! I’m Justin Harris. I spoke with you on the phone today.”

Though he had never seen Norma, he had seen Gloria.

He was well aware that Norma and Gloria were the same person

Gloria nodded, smiling. “Hi, Mr. Harris. Let’s get in

Nydia sneered. What a snobbish man! He totally ignores me when Gloria is around

But she was snapped out of her thoughts when Justin smiled and looked at Nydia, “Miss Nydia, let’s get inside.”

Nydia was delighted. A strong ally is so important!

I must keep riding on Gloria’s coattails so that I can do whatever I want

They went into the private box Once they got seated, Justin handed the menu 10 Gloria, “Miss Norma, Miss Nydia, what would you like to eat The restaurant provides delicious local food. Would you like to try it? If you dislike eating local food, we can switch 10 another restaurant

After hanging up the phone, Justin had been thinking about what to eat.

He thought the local food was better, but he had no idea if it suited their tastes.

He was very careful, for fear that he angered Gloria. After all, asking Norma to resolve

this case was not his only goal

Nydia sat beside Gloria and tried to suppress her smiles several times. She was glad to see Justin have such a humble attitude even if that was for Gloria.

Gloria handed the menu to Justin. 'The purpose of eating is to study the case. Mr. Harris, you're paying for the dinner, so order some cuisines as you wish.'

Evidently, Gloria disliked ordering food.

Justin was very perceptive. He smiled and nodded. 'Alright. If you are avoiding certain food, feel free to tell me

Both Gloria and Nydia nodded.

Justin ordered some cuisines with butterflies in his stomach. As Gloria and Nydia raised no objections, he gestured for the waiter to serve the food.

But they were unaware of being gossiped about by those waiters.

Norma, who used to be Mrs. Collins and now was seemingly Mr. Brown's lover, was having dinner in the restaurant where they worked.

The news was spread among the staff in the restaurant at first, later discussed on the staff's chat groups, and even posted on Twitter!

It was silent in the private room. Justin coughed to break the silence. Only then did Gloria look at Justin thoughtfully.

'Mr. Harris.'

Justin straightened up, looked at Gloria, and showed an ingratiating smile. 'Miss Norma, what do you want to say?'

Gloria rested one of her hands on the table. Her fair-skinned and slender finger tapped the table several times, then she said, 'I've read your contract with Nydia as well as your contract with your partner. It seems you're a bit immoral.'

Justin felt a chill on his back. Though it looked like Gloria was chitchatting with him, he knew that Gloria was criticizing him for defrauding Nydia.

## Remarriage Never And Go Away Chapter 133

### Remarriage Never And Go Away

#### Chapter 133

#### Chapter 133 Get Back at Him

Who knew Nydia was Gloria's good friend? If he had known it before, he wouldn't have defrauded her.

Norma was more than a lawyer. She had connections with the Collins family, though she had divorced Jordy. Moreover, Mr. Brown was her strong backer. He couldn't afford to offend her.

Justin raised his head and wiped off the cold sweat that broke out on his forehead. 'Miss White, that was a misunderstanding. I'll tear the contract with Nydia right now!'

Gloria gave a faint smile. 'If I take this case, maybe you need to pay Nydia 500 million.'

Justin's face changed slightly. He said hurriedly, 'It's all my fault. Miss Nydia, I'm wrong. I shouldn't have drafted such a contract to defraud you. You're a broad-minded person,

so you shouldn't sink 10 my level."

Nydia stared at Gloria with respect in her eyes.

Oh gosh.

She never thought Gloria could take her out of this checkmate and even make Justin willing to give her 200 million

Gloria curved her lips. 'Well, I won't pursue it since that's a misunderstanding. I'll take the case.'

Justin beamed and looked at Gloria. "Thanks so much!"

Gloria smiled. "I can help you recover compensations, but I'll only give you 200 million, and the rest is my commission Do you have any opinion?"

Justin was shocked He lost 400 million in that project. If she only gave 200 million to him, it meant that he would suffer losses of 200 million.

He had asked a lot of lawyers, but none of them was one hundred percent sure that they could recover the compensations Therefore, he perished that thought, but looked for lawyers and swindled money from them.

It was acceptable if he could get back 200 million.

Though he felt sad about it, a loss may turn out to be a gain. He could acquaint himself with Gloria through this case. That was the point.

Given that I'm so generous this time, she might offer a hand in the future. That will be a real blessing!

Justin smiled and said without hesitation, 'I'm lucky enough to have you on my side. It's entirely up to you what you want to do and when you file a lawsuit!'

Justin looked very generous.

Gloria smiled saintly. "Mr. Harris, listen. I'm planning to let you give the rest 200 million to Nydia."

Justin's face clouded. "Miss White, you..."

Nydia cracked a smile. What a trick!

Gloria looked at Justin with a half smile. "If you say no, I can only sue against you for the sake of Nydia. By then, you have to pay her 500 million. Now you don't need to pay any price. Besides, if I win the case for you, no one dares to trick you in the future isn't that a win-win cooperation?"

Justin scowled and realized that Gloria was just trying to get back to him for the sake of Nydia,

However, he couldn't stand another loss of 500 million. If Gloria took this case, she could leach the other party a good lesson and no one dared to mess with him in the future.

Seeing Justin frown and keep silent, Gloria raised her eyebrows. "Well, we're friends now If you have any difficulty in the future, I will offer you a hand in legal ways.'

Gloria gave him a way out Justin was pleased to hear that it would be a great thing to him is the losses made him get acquainted with Gloria

Once Gloria got engaged in this case, everyone would know that he had relations with Gloria Then no one would dare delude him. The cooperation was a good deal from any perspective.

Thinking of that, Justin nodded with a smile. "Miss While, that's very kind of you. Do as

you wish I have no objections”

Nydia was amused. She felt so good relying on Gloria

During the meal, each of them had their own considerations. Justin prepared some wine for Gloria and Nydia

but they didn't drink it.

When it was almost time, Nydia stared at Justin and said in a low voice, 'Mr. Harris, Norma, and I have things to deal with, so we'll excuse you. And we'll get about 10 settling this case tomorrow.”

Justin said with a smile immediately, “OK. Do what you got to do!”

Seeing Justin look like a pathetic puppy dog. Nydia couldn't be happier. It was so great to ride on Gloria's coattails

Gloria smiled at Justin and stood up.

Nydia followed Gloria and walked outside. However, once they opened the door, countless cameras were pointed at her She frowned slightly

The reporters finally had a chance to interview Gloria, so they fought with one another to be the first one

Someone even showed a live broadcast, which attracted a lot of audiences

Coincidentally, Angela was chatting with Martha in her bedroom, while fiddling with her phone. Seeing the title in the live broadcast, she got puzzled, “Why is Gloria being interviewed by the reporters?”

#### Chapter 134 The Reason Why You Divorced Mr. Collins

Click to check it out.” Martha watched Angela's phone and Angela did that obediently. At that moment, a reporter couldn't repress his curiosity to ask.

“Miss White, I heard that you've been with Mr. Brown since you divorced Mr. Collins.

Are you going to marry

Mr. Brown?”

Angela let out a chuckle. “Well, Gloria is swallowing her bitter fruit. Her reputation will be ruined by herself sooner or later.”

Martha sneered. ‘Without her father who makes plans for her, she would be nothing. So what if she's Norma? Mr. Collins doesn't bother to look at her.”

The smile on Angela's lips froze and she knitted her brows. Mr. Collins also totally ignores me

Sensing Angela's frustration, she changed the subject. “Watch the live broadcast first.”

In the video, the reporter continued, “Miss White, you had dates with Mr Brown when you were still married. Did you get divorced because of Mr. Brown? Did you cheat on Mr. Collins?”

Angela looked much better, sneered, and waited for a good show

Justin, who stood behind Gloria, broke out in a cold sweat.

Damn it!  
Why were there so many reporters?  
They were blocking the doorway. Why didn't he hear the noises outside just now?  
Moreover, how could security guards allow so many reporters to get in?  
He was happy to acquaint himself with Gloria just now. But now so many reporters were saying bad things to Gloria.  
If Gloria blamed it on him...!  
He looked at Gloria subconsciously.  
Nydia was so angry that she wanted to talk back.  
Gloria pulled Nydia's hand and squinted at the reporters.  
She was unaffected by the reporter's first question but got annoyed by the coming questions.  
Gloria watched that reporter with a faint smile. "You can interview me and make questions. But, remember I'm Norma. I can sue you for making up a rumor and make you end up being penniless.  
The second reporter's heart skipped a beat. He cast down his eyes to disguise his panic.  
Other reporters were also panicky.  
The reporters were good at raising questions with sharp tongues. But it would only bring them trouble if they were sharp-tongued regardless of whoever they interviewed. The person before them was a top-class lawyer all over the world, so everyone was careful with their speech.  
Those who prepared a lot of questions to pry her privacy kept silent  
Terror blazed in Justin's heart. What was wrong with these reporters? He would find out why they appeared when he went back.  
The reporters blocked the way. Despite being flustered, they didn't want to retreat. Anything related to Gloria would be a trending topic. If they could get some words from her mouth, maybe they wouldn't have to work for several months.  
A hint of envy flashed across Angela. She saw Gloria as a clown since they were on different levels. But now, Gloria was getting more outstanding.  
Martha snorted. "She's Norma, so what? Norma is just a lawyer. The Collins family is rich enough and doesn't lack a lawyer.  
Anger was boiling up inside Angela, but she said calmly, "But such a lawyer made Jordy lose the case. We can no longer underestimate her."  
Martha nodded in satisfaction as her daughter could still keep her wits. "It's a good thing that you can keep your wits. We need to achieve our aim step by step."  
Without another word, Angela kept watching the video.  
They were scared of what Gloria had said, but they were reluctant to give up this chance to create a trending topic. Their cameras were pointed at Gloria. Another reporter's voice asked, "Miss White, could you please tell us why you divorced Mr. Collins?"

### Chapter 135 Set Traps for Her

Gloria said calmly, "We have no feelings for each other anymore."

The reporter that raised the question was pleased to hear that, and continued, "Is it because of your cousin

Angela clenched her phone and stared fixedly at Gloria,

Martha frowned slightly. "Will Gloria take this chance to speak ill of you?"

Angela looked bad. "Well, that's what I am expecting."

Martha looked at Angela. "Why?"

Angela tightened her grip on the phone, a bit exasperated. "If she speaks ill of me, I can hire some paid posters and have them spread the idea that Gloria is a pretty woman. Those netizens would defend me and curse her because I've left a perfect impression on them."

Martha recovered her wits and nodded in admiration. "You're right. But if she says something nice about you, it'll be hard for you to find a way to fight back"

"Gloria is much wiser than before!" Angela grinded her teeth. "Let's wait and see I wish she could say

something bad about me."

At that moment, Nydia stood behind Gloria and her eyes flashed. Gloria is deliberately guiding the reporters to ask her questions? After finishing her threatening words, she could have totally ignored those reporters who might step backward to make way for her. :

Nydia decided to sit by and do nothing. Perhaps she could see the overbearing side of Gloria.

Gloria raised her eyebrows, "My cousin Angela is Mr. Collins' savior. It's not strange that he is nice to his savior. Angela is a person of integrity. Though she likes Mr. Collins, she never thinks of breaking up Mr. Collins and me. She also tries to persuade us to make peace. Our divorce has nothing to do with Angela."

Angela's face changed. "Damn it!"

She knew Gloria would not be that stupid to trap herself.

Martha also looked terrible. "Such a bitch!"

The reporters felt that they got to the point. Someone pursued.

"Will Mr. Collins marry Angela after you get divorced?"

"I don't know Mr. Collins' idea, but..." A sneer flashed across her face. Angela likes to set traps for herself so much to play the victim. I can help her set the traps so that she can be caught in traps more easily!

The reporters got more excited. Gloria stressed 'but' and deliberately made it a little longer. She must have some important information to tell.

Angela's face went an ugly green. "Bitch!"

She couldn't help but use swear words. That was her first time.

Martha's face changed. "We can't let her continue!"

"We don't have our people there. How can I stop her?"

"Call her!"

"She'll use my phone call to make up the story!" Angela was pissed off. She knew Gloria

was setting traps for her.

When everyone was expectant, Gloria parted her lips. "Please don't see Angela as that kind of person. When I had a fight with Mr. Collins, I went out for dinner and often saw Mr. Collins and Angela being together. Every time she would persuade us to make peace."

Angela was astounded.

S

Nydia was so happy but she couldn't show it. She felt bad when she had to suppress her laughter.

Hahaha...

Such an amazing trick!

Gloria hadn't finished her words.

But there were subtle changes on the reporters' faces as they thought Angela was out of line.

She tried to persuade Gloria and Jordy to make peace but still went out for dinner with Mr. Collins. Didn't she know it would lead to misunderstanding?

##### Chapter 136 It's Too Late

They heard that Angela was a well-educated, pretty, and kind woman, but...

Some people were skeptical. They thought Gloria might be sarcastic with Angela because Jordy was so nice to Angela

When they were lost in thoughts, Gloria said in a deep voice, "Angela was very sad knowing Mr. Collins and I

got divorced She said she was to blame and she shouldn't have woken up and even wanted to commit suicide.'

The reporters were astonished. "Miss White blamed herself that much!"

"Yes. I heard that Miss White is a pretty and kind lady'

Nydia felt disgusted, though she knew the mockery in Gloria's words. She stepped forward. The reporters pointed the cameras at her as they understood Nydia was going to talk

Angela was fuming with anger. Seeing Nydia, she bellowed, 'Nydia, what are you doing?"

Nydia nodded in agreement. "It's true. Angela is a very kind beauty I'm friends with Gloria, so I saw her several times. When I felt upset, Angela would comfort me and care about my feelings. She helped me when I was in need And she's very gentle to Gloria. She would rather get wronged herself than lei Gloria suffer."

The reporters were taken aback. "Angela is such a great woman!"

"Of course, they are cousins!"

Angela was exasperated. She knew Gloria was planning to say something more astonishing to give her a heavy blow

Gloria curled her lips, with mockery in her eyes. Since Angela was trying to build such an image, she would help her.

Watching the reporters that looked suspicious, Gloria opened her mouth, "She became a vegetable because she is a very good person. Otherwise, she wouldn't have sacrificed herself to save Mr. Collins."

The reporters came back to themselves. Indeed, it was lucky enough for Angela to be a vegetable for so long. Angela might have accepted she had to die before she decided to save Mr. Collins!

Gloria sneered inside. Actually, she had realized that there was something amiss with that car crash. It was so horrific that she should have died. But she became a vegetable and woke up in a crafty time. Evidently, it was Angela's scheme

Since Angela likes building a perfect image, I can help her achieve her aim. The higher she rises, the harder she falls!

Gloria was planning to get to the point

When the reporters felt shocked at Angela's greatness. Gloria said, "I'm grateful to Angela for her help. After I get divorced, I persuaded her not to consider my feelings if Mr. Collins liked her and wanted to marry her After all, Mr Collins and I could no longer get back

The reporters watched Gloria in astonishment. It was blameless to remarry after getting divorced. However, it would arouse criticism if Mr. Collins remarried his ex-wife's cousin. But now everyone thought Angela and Jordy were a couple. Things were getting complicated.

Angela got panicky. "No, I can't let her continue, or my efforts would be ruined."

"Call her now!"

Angela didn't care about much. She held Martha's phone and called Gloria.

But it was too late.

#### **Chapter 137**

#### **Chapter 137 The Reporters Got There First**

The reporters kept in mind what Gloria was going to say.

Gloria took a deep sigh. 'Angela was very determined. She said she wouldn't be the barrier between Mr. Collins and me no matter what. She would rather be single all her life than marry Mr. Collins. She told me she didn't want to be that vile character or make others think she was a mistress.'

Angela was speechless.

"Jesus! Angela is a wise woman as I suppose. She knows it would hurt Gloria and destroy her reputation if

she married Mr Collins.

“Yes, I really admire Angela for she is so broad-minded. If I were her, I could never be so open-minded. It’s a good choice to not marry Mr. Collins. If she did, others would only disdain her. After all, when she was in a coma, Mr. Collins took care of her. Before Mr. Collins got divorced, he often went out with her. So... If she did marry Mr. Collins, she would be considered as a mistress.”

That’s a bad reputation. Angela won’t do such kind of thing.”

Hearing the reporters’ discussions, Nydia almost burst into laughter.

Justin that stood behind Gloria breathed a sigh of relief. Given the current situation, the reporters should be called together by her. Or it wouldn’t be so coincidental.

But it helped him in another way.

He stood behind them, so he must have been filmed by a lot of cameras.

If those billionaires knew that he was acquainted with Norma, they would definitely curry favor with him.

Gloria smiled and nodded ‘Angela is the ray of hope in my life. It’s my pleasure to have her as my cousin. I am proud of her.’

With that, she shifted her gaze to the phone that kept vibrating, with a smile on her lips.

“You see, my family

is calling me, so please excuse me.”

She waved her phone, without letting others see clearly the phone numbers on the screen, and left.

The reporters made way for Gloria as they had got the information they wanted.

They didn’t dare to ask more tough questions, for fear that she would make them end up getting nothing.

If that was the case, their years of efforts would be in vain.

Nydia followed Gloria and repressed the urge to laugh. She followed Gloria into her car.

Once she got in the car, she couldn’t help but laugh out loud.

“Gloria, you’re amazing!”

Gloria raised her eyebrows and looked at Nydia. “Didn’t you drive your car over?”

“No, I came here by taxi. I’m staying with you at your home tonight.”

Gloria said nothing and started the engine

Her phone was ringing, while Nydia was laughing “Babe, don’t you plan to answer it?”

Gloria curled her lips. “Why should I? She will get angrier if I don’t answer it.”

“I don’t think so. You should pick it up and play the victim with her. She will be pissed off!”

Gloria chuckled, muted the phone, and drove home.

The interview with Gloria caused a sensation.

It became a trending topic immediately.

Some stars heard that Gloria was in the restaurant and wanted to make use of Gloria to become a hit. But it was too late for them and they felt so bad.

Those reporters got there first.

Now Gloria’s friend and Justin Harris caused an outbreak of discussions on the Internet.

If they were there, they would be the ones that were discussed now. Damn it.

Angela who couldn’t get through to Gloria smashed the phone to the ground in wrath.

Angela was furious.

“She burned my bridge! I have no way to marry Jordy now!”

Martha’s face was sullen. She didn’t expect Gloria would play such a trick. Now she felt it was so bad to end up eating her own bitter fruit.

To impress everyone, Angela made efforts to be seen as a selfless beauty. Now it turned out...

Gloria had announced to the reporters Once Angela married Jordy, she would become a mistress that wormed her way into others’ family!

‘At this point, you should calm down. We have other ways, don’t we?’

Angela clenched her fists and looked livid. It was the first time she had been so anxious ‘She must do it on purpose It was her that brought those reporters over,’ Martha added

Angela looked at Martha. “Mom, you said you had other ways?”

Martha sighed “The only way is to ask the Collins family to claim that you have the right reasons to marry into the Collins family Since Gloria made your selfless image more impressive, you should learn to maintain

The wrath and hatred flashed across Angela’s eyes she really wished to chip away at Gloria piece and piece.

Angela took a deep breath “Now I can only put my mind to old Mrs. Collins’ birthday party”

“Have you prepared the gift?”

Angela bit her lip. “Yes, I know her liking and prepare a luxurious gift. I guess she will like it.”

Martha breathed a sigh of relief. ‘Alright. You always reassure me. You should be on your best behavior to impress the Collins,’

Angela nodded without another word.

The room fell into silence.

At the same time.

Almost all the netizens had got that news.

George also read it and couldn’t help but laugh. Gloria is so open-minded now?

Well, she changes a lot after she volunteered to get divorced. But Jordy seems unhappy about it?

Out of curiosity, he drove to Jordy’s home.

There was a fingerprint lock on the door, but his fingerprint was recorded. It was easy for him to come in.

Finding Jordy’s shoes on the shoe rack, George smiled. He changed the shoes and went to Jordy’s study.

He knocked on the door, “Hello, are you inside?”

“Come in,” said Jordy’s cold voice.

George got excited. He held the phone and walked in. Seeing Jordy doing his own business, he smiled and said, “You’re so busy that you haven’t read today’s trending topic, have you?”

Jordy looked up and glanced at him. “What do you want to say?”

“Come on. Let me show you an interview video. ‘George swiped his phone and clicked into Twitter. Looking into Jordy’s disdainful eyes, he explained, “It’s about your ex-wife.”

Jordy’s hand hung in mid-air. He looked up at George’s phone instinctively.

The video was played.

In the video, Gloria’s face was very clear. But Jordy’s face turned sullen when he saw a chubby mid-aged man behind Gloria

Without further thinking, someone asked, “Miss White, I heard that you’ve been with Mr. Brown since you divorced Mr. Collins. Are you going to marry Mr. Brown?”

George smiled and observed the people around him. Before, he was careless and didn’t notice anything. Carlos reminded him to be careful.

So, he thought he should provoke someone today.

Watching Jordy keep staring at the video, he didn’t speak.

“Miss White, you dated Mr. Brown privately before the divorce, so did you divorce Mr. Collins because of Mr. Brown? Did you cheat?”

Jordy instantly had a gloomy expression on his face.

In the beginning, she had always been very well-behaved, and he thought so of her too. However, when Jonathan learned that she was Norma, she did not hesitate to help him, went to the banquet with Jonathan’s help, and filed for divorce in public.

Jordy could sense that Gloria had made up her mind to divorce.

He just stared at the woman in the video, who had an indifferent expression.

“You can interview me or ask questions, but I’m Norma and I have the right to hold you accountable and

make you pay huge amounts of money.”

George smiled. ‘Actually, I know now that your ex-wife was bold Her words silenced everyone. But... just keep watching the video.’

“Miss White, why did you and Mr. Collins divorce?”

Jordy didn’t speak and stared at the woman in the video with sharp eyes.

“Because I don’t love him anymore”

Jordy sneered suddenly. “Don’t love me anymore?”

“Is it because of your cousin?”

“My cousin was Mr Collins’ savior, so I had to be nice to the savior. She was upright. She loved Mr. Collins but never got in between us and kept trying to reconcile us Our

divorce had nothing to do with my cousin.”

George was amused. “See? They get along very well, not as you said. Gloria didn’t seem so cunning or scheming to her cousin.”

Jordy pursed his lips and said nothing.

“After your divorce, will Mr. Collins marry your cousin?”

“I don’t know Mr. Collins’ idea, but...”

Jordy frowned and subconsciously thought she was going to say something shocking. However, he thought too much.

“My cousin wasn’t like that. Before I feuded with Mr. Collins, I used to see Mr. Collins and my cousin together when I went out to dinner, but my cousin went to great lengths to persuade us to reconcile each time.”

“My cousin was heartbroken over my divorce from Mr. Collins. She said we were divorced because of her and repeatedly claimed she shouldn’t have woken up and that she wanted to kill herself.”

Next, Nydia continued.

“My cousin is too kind, or she won’t help Mr. Collins and become a vegetable.”

Jordy’s eyes were cold, and Gloria seemed to remind him that Angela was in a vegetative state because of him.

No.

Their relationship can’t be that simple!

Or, Gloria is so sick of being pestered that she wants to use it to warn me not to come near her again.

Gloria, great!

Next, Gloria continued to praise Angela.

From start to finish, Gloria was unnerved and mostly talked about her cousin rather than Jordy.

As if, Angela was the light in her life.

At this moment, Jordy desperately wanted to get Angela out of Gloria’s mind.

At the end of the video, Gloria was very relaxed while Jordy was somber.

George was amused. “Man, tell me, did you fall in love with Gloria?”

Jordy was taken aback. “I love Gloria?”

The next moment, he laughed. “Do you think this is possible?”

She willfully disregarded the reputation of the Collins family and was always against him, so he wouldn’t fall

in love with that woman.

“It’s impossible.”

George didn’t know what to say.

He looked at him speechlessly while his eyes seemed to tell Jordy, “Okay I know you

have high self-esteem and don't want to admit it. Anyway, I already know you're in love with her."

Jordy didn't say anything

George raised his eyebrows 'What about Angela? Will you marry her? Gloria must have seen Angela as an enemy. so will you marry Angela? If you do, it will be very troublesome in the future. People may take Angela as your mistress."

Outsiders now didn't know what was going on

But George wasn't like that He knew the details.

Jordy said nonchalantly, "Not for now."

"But you've agreed to marry Angela, haven't you?"

Jordy frowned and dropped the pen irritably without speaking

George smiled, "Your love is even more complicated than mine."

Coldly looking at George, who seemed to be trying to continue, Jordy said immediately, "Piss off, or I'll take you out

In fact, he would kick George out!

Thinking of a similar experience before, George had a gloomy expression!

"Damn it! I am your friend who gave you the information, but why are you so ruthless to me?"

"Okay! I'll go out on my own. You don't need to help me!"

George's arm was now caught by Jordy. He struggled hastily.

Jordy let him go, and then George snorted, complained, and left with his phone

Jordy was the only one left in the study

Unable to continue working in such silence, he picked up his phone, opened Twitter, and played the interview video again.

Time flew.

Soon, it would be Karen's birthday

Many people were constantly preparing for this day. They both wanted to take this opportunity to befriend the Collins family

As long as Karen was happy, their company might receive preferential treatment.

They saw it as an opportunity to prosper.

At this moment, Gloria arrived with the gift.

Nydia saw Gloria beside her nervous and hesitant, knowing that Gloria was resisting the gift from Angela

"Anyway, we've come this far. Gloria, there's no reason for you to hold back!" Nydia looked at her firmly and grabbed her hand.

Gloria blinked and took a deep breath, seemingly making up her mind. She nodded to Nydia, "I got it!"

Nydia smiled at her and said nothing. They walked in together hand in hand.

The man checking the invitation was surprised to see Gloria, but his manner prevented him from saying anything. Making sure the invitation was right, the guy said politely, "Welcome."
