### Chapter 51 I Will Grant Your Wish if You Want to Get a Divorce With Jordy

An hour later, her car arrived at the banquet.

When Gloria walked in, the maids stared at her with a strange look in their eyes.

Although it was a private banquet, and no media would allow coming in, many people were attending the banquet. And those who attended the party could take videos with their cellphones

Even if no one dared to post the video on the Internet, they would certainly spread it privately

Since Angela was also at the party, everyone must have known that Gloria would be there

Olivia was dressed in a dark green suit and sitting on the sofa. She was holding back her anger while waiting for Gloria to come. Once she saw Gloria, she shouted in a cold voice, "How dare you come here!"

Gloria looked up at Olivia, who was still as smartly dressed and had a stern face as ever. Before, Gloria might have worried about how she was going to impress Olivia, but she kept her cool and said, 'Mrs. Collins, since you asked me to attend the banquet, I would come

Karen opened her lips but remained silent

Gloria had suffered a lot in the Collins family. Since she wanted to file a divorce with Jordy, it was normal for her to change the way she called Olivia

Olivia said with anger and laughter, "Gloria, how dare you! Do you have any idea how much damage you will cause to the Collins family by making such a mess? Can you afford 10 pay for it?"

Karen's face darkened. 'Olivia!'

Karen used to call Olivia her daughter. However, now, she called Olivia by her first name. At once, Olivia felt a little helpless and said, 'Mom...'

"Stop it! Why don't you think about how much Gloria has suffered at home? Why are you still blaming her?"

A look of gratitude crossed Gloria's eyes. "Grandma, thank you. I also came here today to apologize to you personally

Olivia sneered and did not want to hear anything more from Gloria. However, Gloria said again, 'Grandma, since Jordy and I have come to this point, I know that we both have responsibilities. But... I really tried, but he only likes my cousin, so I had to let go.'

Karen nodded and said, "I understand. I've never blamed you."

Olivia put a stern look on her face. "I will grant your wish since you want to divorce Jordy! But don't you know

what kind of problems the Collins Group is having? How can you add fuel to the fire at this time?"

Gloria said, "I was never the one who caused the trouble. Mrs. Collins, why don't you consider the fact that your son is cheating on me?"

There was a loud bang

Olivia was so angry she slapped her hand on the table. "Angela is the one who saved his life. After she wakes up, how could he ditch her! Otherwise, if he does that, the Collins family will leave a reputation of being mean. But what about you? People say a

man should marry a virtuous woman. Why is it that my son married a wicked woman like you?"

Olivia spoke these arrogant and insulting words at a very fast pace.

She was very angry with Gloria and was thinking of ways to punish her, but she did not know that Gloria was determined to divorce Jordy this time.

Olivia waited for Gloria to back down and apologize, but Gloria calmly said, "Mr. Collins asked me to meet him tomorrow at the Citizens Advice Bureau. He and I will definitely get divorce papers. Mrs. Collins, please don't worry."

Karen closed her eyes. As much as she didn't want them to divorce, she was worried about Gloria being mad if they continued to be together again. Besides, Gloria would be her granddaughter from now on. And her relationship with Gloria would be closer than before!

And Olivia instantly glared at Gloria. "Say that again! Haven't you played enough tricks in the last few years? Are you trying to intimidate me? Since you want to divorce Jordy, I'll grant your wish!"

## Remarriage? Never and Go Away! Chapter 52

### Chapter 52 Why Would He Want to Be With a B\*tch Like You?

Gloria smiled, 'Thank you, Mrs. Collins. If you don't have anything to say to me, I'll leave.'

Olivia's expression changed slightly while her anger was about to explode!

Is Gloria really going to file for divorce from Jordy?

However, the next moment, Olivia suddenly sneered and said, 'Gloria, you are doing this on purpose, right? You know that once you divorce Jordy at this crucial point, it will affect the next project to be negotiated by the Collins Group. And this project is worth at least ten billion dollars. You want to get some money out of it, don't you? Or maybe you want to get a little share of the group by filing a divorce with Jordy?'

Gloria laughed at her words while feeling frustrated

She now finally knew that Jordy was as arrogant as his mother.

Even though the Collins Group was filthy rich, she was never short of money!

She laughed and said, 'Mrs Collins, you're overthinking The terms of this divorce agreement are very clear. I won't take a single penny'

Olivia's face was grim. If she hadn't held back her anger, she was afraid she would have gotten up and hit

Gloria.

Karen's face darkened as well. 'Watch your mouth! Stop talking nonsense once you get angry! It was your son who did it wrong first And yet, you are still siding with your son. And you even think Gloria is making a

scene Don't you have a conscience?'

"Mom! How can you take her side! If she really wanted to get a divorce, why would she file for divorce with Jordy at this time? Isn't she just trying to threaten my son by filing for divorce? Mom, she is such a gold digger. Why do you still defend her so much?"

"I think you're blind!" Karen was disappointed with Olivia and then shook her head.

Gloria smiled and said, "Grandma, I never cared what others thought of me. As long as

you believe in me.”

Karen nodded. Then she lifted her hand and said, ‘Good girl, sit next to me.’

Gloria walked forward and sat down.

Then, she got a little closer to Olivia. And she could see the anger in Olivia’s eyes.

However, she didn’t care that Olivia was angry with her. Instead, she pulled Karen and said with a smile, “Grandma, from now on, I may not be able to visit you from time to time, but I will always think of you. If you are free, you can come to see me.”

Karen felt relieved and nodded her head. “You are still young, and you do have to work hard. But have you thought about what you’re going to do? Why don’t I find a job for you? If you still work at the Collins Group, I’ll be relieved, for no one will dare to bully you. I’ll protect you!”

Gloria couldn’t help but smile. Since she had decided to file for divorce from Jordy, she would never go to work at the Collins Group

Before Gloria could say anything, Olivia sneered and said, ‘Since you are planning to divorce Jordy. you want your grandmother to pity you and take care of you all the time. Although you used to please and beg my son, you can’t get my son to like you. Are you starting to play hard to get now?’

Gloria snickered. “Mrs. Collins, that’s how you think of me. It has nothing to do with me. Did you ask me to come here today just to insult me?

\*How dare you!”

Olivia closed her eyes and took a deep breath, “Gloria, if you continue to make such a scene, you will only make Jordy divorce you in a fit of rage. Although this project is important, the ten billion dollars is not that important to the Collins Group. If he gives up on you on impulse, there’s no turning back for you. Don’t blame me for not warning you. If you leave the Collins Group. do you think you’ll be able to go back to the White family?”

Gloria smiled and said, “I never intended to go back to the White family, so you don’t have to remind me of the hard life I’ll suffer

Olivia saw Gloria contradict her for the first time in years, so she got angry and said, ‘Do you think you can charm Jonathan with your pretty face? Even if you and Jordy get divorced, I guess Jonathan won’t even look at you. There are plenty of fish out in the sea. Why would he want to be with a bitch like you?’

## Remarriage? Never and Go Away! Chapter 53

### Chapter 53 He Pressed Her Against the Wall

Karen went furious this time. ‘Olivia! What the hell are you talking about? Go back to your room!’

Olivia frowned. She disobeyed Karen this time too. Then she said to Gloria with a sullen face. “Gloria! You know I can keep insulting you with more filthy words! I’m only giving you two choices right now.’

Gloria raised an eyebrow and said, “Tell me.”

Her casual tone made Olivia even more furious, but Olivia was sure Gloria would panic after hearing what

she was going to say next.

"First, you divorce Jordy completely. From now on, you have nothing to do with the Collins family. And the Collins family won't give you any penny. And secondly..."

"Stop it! I'll take the first one." Gloria interrupted her, making Olivia almost spit out blood!

Gloria laughed. She stopped looking at Olivia and said to Karen in a soft tone.

"Grandma, it's getting late. I'm not going to stay either. Please get some rest."

Karen nodded her head and said, "Good girl, take care."

"Gloria, you go to the press and make an apology right now! And tell the media that what you have done is just a prank today! I have nothing to do with the Collins Group! And you're going to claim that you and Jordy are not divorced!"

Gloria raised her eyebrows. Gloria couldn't help but chuckle and say, "Mrs. Collins, didn't you just say you wanted me to choose? What's the matter? Now you're asking me to apologize? After everything I've been

through, I finally can get a divorce with Jordy. If I apologize to the media, how am I supposed to file a divorce with Jordy?"

"How dare you!"

Gloria smiled, got up, and said in a casual tone, "Mrs. Collins, I hope we don't see each other again for the rest of our lives. I used to put up with you because you were my mother, but from now on..."

"Gloria!!!"

Karen sighed. She was caught in a dilemma. Finally, looking at Gloria, Karen said, "Take care."

Gloria nodded, then walked away.

She knew Karen was in a difficult position too. Although Karen sympathized with her, it was the Collins Group that was affected today.

However, she didn't expect to see Jordy standing in the doorway just as she opened it.

His cold gaze sent chills down Gloria's spine.

Then, she stepped back to make way for him.

As soon as Olivia saw her son, she calmed down a bit, but she still said in anger. Jordy! Get your wife under control! You two are a disgrace to our family! This time, you have to make Gloria apologize! You two get out of here and talk about it!"

Karen felt speechless.

She sighed and wasn't going to get involved in the matter anymore.

Anyway, she couldn't reverse the situation.

Jordy didn't move at all after he saw Gloria. His sharp gaze fell on Gloria's cheek. Seeing her unmoved and mocking at him, he looked grim and dragged her out.

The moment Jordy dragged Gloria away, her expression changed. "Let go of me!"

However, Jordy seemed not to have heard her words. Then he pulled Gloria to a quiet place and threw her off.

Gloria stumbled. It took her a few moments to keep her steady from falling.

She frowned. "Such a psycho!"

She didn't want to argue with him anymore and turned to walk away.

"Gloria!"

Jordy's cold voice came from behind her, but Gloria didn't stop walking.

Jordy's face became more and more gloomy. Then, he took a few steps to follow Gloria and grabbed her arm again. Before Gloria could react, he had her up against the wall!

## Remarriage? Never and Go Away! Chapter 54

### Chapter 54 Are you getting back at the Collins family?

He braced his hands on either side of her body. At the same time, he had one hand on her wrist.

They were close together and could feel each other's breath.

Gloria's face paled as she struggled to break away from his grip, but she failed, Gloria gritted her teeth and said angrily, Jordy. what the hell are you doing! What are your family doing to me!"

"What the hell are you going to do?" Jordy asked in a cold voice. He stared at her with a vicious look in his eyes and was about to strangle her the next instant.

Whatever the Collins family is trying to do, you've gone even further! How dare you file a divorce from me at the banquet!

Gloria burst out into laughter. Then she raised her eyes to Jordy. However, she kissed the tip of his nose because she was too close to him. At that moment, both of them trembled.

Gloria turned her head away and didn't dare to get too close to him

She took a breath and calmed down. "I remember you used to hate it when we were this close! What's wrong with you? We're getting divorced soon. Have you developed feelings for me again?"

Bang!

Jordy threw Gloria on the floor. Then he stared at her with disgust and wiped the tip of his nose with his hand

"Do I have feelings for you? Even if I fell in love with a dog, I wouldn't fall in love with you!"

At that moment, Gloria felt a sharp pain all over her body. The more pain she felt, the more awake Gloria became

In the past, she wanted to help Jonathan win the case against Jordy. And she would take it easy on Jordy. She just wanted Jordy to give Jonathan back the project.

Now, however, she not only wanted Jordy to return the project to Jonathan but also wanted Jordy to pay for

Anyway, he had plenty of money to squander!

Gloria got up with severe pain. She looked calm and said, "Since you say so, I am also relieved. Otherwise, I was afraid to bear what you used to hate me for doing to you."

Jordy didn't understand her words for a moment and remained silent

Gloria explained, 'I was worried that you'd keep pestering me like I used to. You don't know what that's like. but it must be annoying so I know you won't do it the other way around.'

Jordy laughed and felt angry at the same time. Did you think I would haunt you like a ghost?"

Gloria shook her head. 'No Mr Collins, I'll see you tomorrow at nine. That's still the time

you sell. Don't forget to bring your certificates

After saying that, Gloria left, but Jordy suddenly said in a deep voice, "If you'll apologize to the press in public, I'll give you ten percent of the profits from this project."

"Ten percent?"

Gloria felt a little surprised and stopped in her tracks. When she saw the look of disgust in his eyes, she chuckled and said, "I think your money is dirty Mr. Collins, if you don't want to be laughed at by others, remember to go to the Citizens Advice Bureau tomorrow."

This time, Gloria didn't want to hear another word from him and left.

Jordy stood still and watched her leave until she disappeared from his sight completely. Because Jordy didn't come back after a while, Olivia got worried and went out to check on him. When she saw her son was the only one left in the room, her expression changed slightly. "Where did that woman go?"

Jordy pursed his lips and didn't say anything.

Olivia felt a sudden thrill of foreboding. "Did she make up her mind to file for divorce from you?"

Jordy remained silent and seemed to acquiesce to her words.

Olivia suddenly had a terrible look on her face. "Gloria is insane! How dare she file a divorce with you at this point! Is she taking revenge on the Collins family?"

## Remarriage? Never and Go Away! Chapter 55

### Chapter 55 Three Years of Imprisonment

Jordy didn't say anything, then took a step to walk out.

Olivia immediately pulled Jordy back. "Jordy!"

Jordy stopped and said, "What's the matter?"

"Are you really going to divorce her?"

Jordy looked calm and said, "She made such a scene today. If I don't agree to divorce her, I'll become the laughing stock of everyone. How can I continue to do business in the future?"

Olivia had an ugly look on her face. "So are you going to give up on this project?"

Jordy sneered. "Jonathan will get the project."

Although this project had nothing to do with whether Jordy and Gloria had a great marriage, Jordy had a very bad reputation before if people knew he was divorcing Gloria at this time, he would be questioned about his character and ability.

Jonathan, however, was different. Although he had always been a playboy, he was still single.

In addition, people could see that Angela was the reason why Gloria filed for divorce from Jordy.

Plus,

Jordy cheated on another woman within the marriage, which was completely different from Jonathan's situation.

Olivia gritted her teeth. "Damn Gloria! I can't stand it! We can't just let her go!"

"Mom!" Jordy said in a deep voice. Seeing Olivia still wanted to speak, he said in a cold tone, "And that was the end of that conversation. Collins Group is not short of such a

project. Besides, even if I divorce her, I may not lose to Jonathan  
Olivia wanted to say something. Although she sometimes went too far, she would still listen to her son. Since Jordy had made up his mind, Olivia had to stop going after Gloria,  
\*I still have things to do. I'll go first. Go get some rest.'  
As she watched Jordy leave, Olivia hated Gloria even more inside.  
When Gloria went back home, it was after ten o'clock at night.  
She washed up and then lay down on the bed.  
Perhaps because she had to go through the divorce process tomorrow, she lay in bed tossing and turning  
While she was half asleep the alarm went off in the morning  
Olivia prelevi her eyes in a daze. She had a slight headache  
She lay awake for a while with her eyes closed  
Then she washed up, had breakfast, put on her makeup, and changed her clothes  
When she left her apartment, she looked very elegant  
Besides she used foundation to hide the dark circles under her eyes.  
When Jordy arrived at the Citizens Advice Bureau at nine o'clock, he noticed that Gloria looked very energetic. Instantly, he was upset!  
Gloria smiled and said, "Good morning, Mr. Collins! Did you have breakfast?"  
"I haven't eaten yet. Are you going to make breakfast for me?" Jordy said in a sarcastic tone.  
Gloria chuckled and said, "My cousin will make it for you."  
Without saying a word, Jordy strode inside.  
There were still a lot of people coming to the Citizens Advice Bureau for marriage procedures And some paparazzi probably were waiting here in the corner for Jordy and Gloria to appear as well. After all, the CEO of Collins Group was coming here for divorce, which was a great deal for everyone! And everyone was waiting for the news.  
When Jordy and Gloria entered the bureau, the staff opened the way for them. Then, they started the divorce process.  
When Jordy saw Gloria pick up the pen and sign the paper without hesitation, the veins on his forehead throbbed several times. Then he pursed his lips. Without saying a word, he also signed the paper.  
The staff who handled their divorce were also trembling. Because their divorce was breaking news, so many people have heard about it. Since everyone knew that Jordy may not be in a good mood, the staff was afraid that taking the wrong breath would annoy Jordy.  
At such a critical moment, no one dared to do something wrong to anger Jordy.  
Gloria finally had a smile on her slightly tense face after she had completed all the formalities and received her divorce papers.  
She held the divorce papers in her hands like a treasure. After three years of imprisonment, she was finally free.

## **Remarriage? Never and Go Away! Chapter 56**

## Chapter 56 Just ignore Her

Gloria got up and looked at Jordy. Then she smiled and said, 'Mr. Collins, goodbye.'

She didn't want to see him again,

Jordy gave a cold laugh. Without looking at her, he walked out the door

However, just as he stepped outside, he stopped in his tracks.

Gloria almost bumped into his back.

She looked up and saw Jonathan leaning against the wall with his hands in his pockets.

He looked like he was waiting for someone.

Gloria's eyes flashed a light. She wondered what he was doing here.

Jonathan smiled and said, 'Mr. Collins, we meet again

Jordy's face was grim. He looked at Jonathan with his cold eyes and said, 'Mr. Brown,

it's windy. Don't catch a cold

His words seemed to remind Jonathan of something

Jonathan said in a casual tone, 'It's okay I'm strong

Jordy sneered and turned away.

Then Jonathan set his eyes on Gloria. He smiled as there was a doting look in his eyes.

'Congratulations to

being single again.'

Gloria blinked, then put the divorce papers in her bag. 'Thanks.'

She knew Jonathan had come over to her to agitate Jordy.

He was relieved when he saw that the two of them were really divorced.

He was glad to see that Jordy was having a bad time.

Jonathan approached Gloria and said, 'What would you like to eat?'

Gloria shook her head and said, 'I had breakfast before I left home. Mr. Brown, thank you for your kindness.'

Jonathan raised his eyebrows and didn't insist, then whispered, 'Are you going home or somewhere else? I'll

drive you.'

Gloria pursed her lips. She wanted to refuse him, but Jonathan had already grabbed her wrist and put her in

the passenger seat.

Watching Gloria try to get out of the car, he blocked her way and looked at her with a

smile. 'If you're with me,

you don't have to feel any pressure. And you shouldn't feel like I'm using you. Even so,

true love might even exist, right?'

Gloria laughed and said, 'Mr. Brown, you're so funny.'

After the last three years of marriage, she realized not to believe in love no matter what.

And she found that true love was the least valuable thing in the world,

Maybe others would meet their true love, but she believed that she wouldn't meet her

true love for the rest of

her life.

Seeing that she no longer wanted to get out of the car, Jonathan closed the door for her and got back in the driver's seat.

'Where 10?

Jonathan turned on the engine, put it in gear, and was already driving forward.

Gloria was about to speak when her cell phone suddenly rang.

Seeing that it was her grandmother calling her, she blinked and then picked up.  
“Grandma  
“Gee! Gloria, what’s going on with you two?’  
Gloria pursed her lips and said, “We got divorced.’  
Karen couldn’t help but sigh and say, “Alright then. At least, you don’t have to suffer anymore. Don’t worry. I will find the best man for you! And he’ll be a hundred times better than Jordy, and he’ll care for you!”  
Gloria couldn’t help but laugh and say, “Grandma, you don’t have to. I want to be alone for now. Please don’t worry about me.”  
Just as she finished speaking, she suddenly heard Olivia’s angry yell. “What? Did Gloria really file a divorce with you?’  
It sounded like she was on the phone with Jordy.  
Karen hastily covered the speaker and said helplessly, “Gloria, I know you’ve been wronged. And Olivia is just that kind of person. Just ignore her.”  
Gloria could hear Karen walking as she spoke, so she guessed that Karen was going to the bathroom or back to her room  
Immediately afterward, listening to what her grandmother said, Gloria felt less guilty.

## **Remarriage? Never and Go Away! Chapter 57**

### **Chapter 57 She Won’t Give In**

‘Everything is about money! All they see is money! Money that important? I wish the Collins Group would go bankrupt as soon as possible! I think it’s more comfortable to live a poor life in the old days! In the past, your grandfather was not like that either! But now. Everything has changed!’  
Gloria’s eyes flickered. “Grandma...’  
Well, I lost such a wonderful granddaughter as you. I’m so sad...’  
Gloria smiled as she said, “Grandma, I’m still your granddaughter, aren’t I?’  
‘Yes! Yes! You are my granddaughter! From now on, I don’t want them anymore!’  
Gloria coaxed Karen for a while before hanging up the phone.  
She had often heard Karen complain about how everyone had changed since the Collins family had become so rich  
And she had heard Karen say several times that she didn’t want the Collins family to become so rich.  
Gloria’s eyes slicker. However, Jonathan turned to her and said, “I suddenly want to eat the roast beef that you make. Can I come to your house for lunch?”  
Gloria came back to her senses. Then she immediately turned to look at Jonathan, who had a gentle smile on his face and looked ahead.  
She couldn’t help but say, “Now, Jordy and I are divorced. I have fulfilled your wish. And I will still be in charge  
of your coming lawsuit. Mr. Brown, are you approaching me for other purposes?”  
Seeing a red light at the intersection, Jonathan slammed on the brakes and stopped his car.  
He turned to look at Gloria. ‘I just told you that I have feelings for you. Why don’t you

believe me?

Gloria curled her lip and said, 'Mr. Brown, you're so rich and powerful. How could I possibly think I'd be attractive to you?

Jonathan felt speechless.

He was helpless and shook his head. "I thought you were decent and smart before, but now I think you seem to have more personality"

For example, no one could trample on her pride. She was more decisive than anyone in divorce, which was a trait of her character he admired.

Gloria's eyes looked calm. Watching the red light turn green, she said in a calm tone, I'd prefer that we keep

our relationship professionally. And I don't want to get myself into trouble because of you."

"Trouble?" Jonathan looked at her and said, "Do you mean Jordy?"

Gloria said, 'I'm divorced from him, so I don't care about him at all. I'm worried that I'll be retaliated against by your mistresses one day."

Jonathan couldn't help but say, "I won't let that happen."

Watching the car in front of him start, he put it in gear. Then, as the car slowed down, he said in a soft voice, "I'll protect you. Since you're single, I have the right to pursue you."

The corners of Gloria's mouth twitched, and she said, "Don't. I can't afford it."

His car drove slowly toward her house.

Gloria leaned back in her seat. She was a little stunned when she tilted her head to look out at the cars coming and going.

She seemed to be in a hurry to do anything before.

However, she could actually observe the outside world today.

From now on, she would not be imprisoned in the Collins family. She would no longer be Mrs. Collins. And she could be herself.

In the White family

Angela, Martha, and Claude had been sitting in the living room waiting for the phone call!

They looked tense and very worried.

Claude frowned as he said, 'Are they really going to get a divorce? After all, the Collins Group is at a critical moment. Even if Jordy despises Gloria, he'll have to wait for the contract to be finalized before he thinks about divorcing her, right?

Angela smiled and said, "You saw what happened at the banquet yesterday. Dad, what choice does she have?"

Martha nodded along and said in a sarcastic tone, 'That's right. I heard from the maid of the Collins family yesterday that Olivia wanted Gloria to apologize, but Gloria was so arrogant that she wouldn't give in. If she didn't make an apology, she would have no other choice. So she has to divorce Jordy."

Angela smiled as she nodded and said, "Mom, you are right."

Claude frowned. He always felt something was wrong. Suddenly, the phone rang.

## **Remarriage? Never and Go Away! Chapter 58**

## Chapter 58 The Blacksheep

Angela immediately got up and picked up the phone.

She didn't speak. Answering the phone, Angela put on a smile 'I got it.'

After saying that, she hung up the phone. Then, she smiled as she looked at her parents.

Martha was thrilled. "Did they get divorced?"

Angela smiled as she nodded and said, 'Yes, they did'

Claude was stunned 'The Collins family is so filthy rich! They could actually give up that \$10 billion contract so easily'

Angela smiled and said, "It doesn't matter. The point is, I'll be marrying into the Collins family soon. And Jordy has always been very nice to me. His grandfather and mother like me a lot too."

Martha smiled and nodded, 'Of course! You're so outstanding! You are the daughter I raised with my own hands. Not only are you graceful and decent, but you are also exceptionally intelligent who wouldn't like you?'

Claude laughed and said, "That's right! It's me who didn't work hard enough before. I held you two back for a long time. Otherwise, Gloria wouldn't be the one who married into the Collins family."

Angela chuckled and shook her head 'That's all right Dad, if it wasn't for this, how could I have made Jordy's feelings for me grow deeper? How could I have made the Collins family so grateful to me?'

Martha nodded and said, "That's right. It's proof that we've finally made it through."

Besides, it was 100 years late when we turned to her father. And it will take a lot of time to swallow his property"

Angela was sitting between her parents. At that moment, she took each of their hands in hers and placed them on her lap. Then Angela smiled gently and said, 'No matter what, as long as we are united as a family, we will not be bullied. And the Collins family needs to work with our White family. Therefore, I will marry Jordy for sure.'

Claude nodded and said, 'Well! You're right. I won't let you suffer! Now, Jordy just got divorced, so it will be a bit inappropriate if I ask him to marry you now. Don't worry. I'll talk to Mr. Joseph Collins to let Jordy marry you after a while.'

Angela nodded as she said, "Thank you, Dad."

"Don't mention it."

Jordy and Gloria's divorce shocked the entire media.

The news of Jordy and Gloria's divorce was all over the Internet.

Gloria checked out the comments as a self-deprecating look crossed her eyes.

@Bird Who Craves Love: (Gee! They love each other so much! I always thought love didn't exist, but when I saw them together, I believed in love again. But how...how can they get divorced? I don't believe in love again!

@The Daredevil: (Believe in love? Love does exist, but only if you are entitled to it.

Besides, how can these kids from powerful families get married because of love? They are the ones who get married or divorced based on interest. Are you guys stupid enough to believe that they are a loving couple?]

@The Charming Eyes: (I believe it! I've always been a die-hard fan of Gloria! But... Now she's divorced too. Gloria is so beautiful. How could Mr. Collins divorce her? I think there is no more beautiful woman in this world than Gloria! And Gloria is so nice... Mr. Collins will regret it!

@life and Death (Guys, wake up! After Gloria's father passed away, her uncle took over the family business. And Angela is Mr. Collins' savior while Gloria is just a black sheep. What's the use of her pretty face? In another ten years, there will be more pretty young girls. By then, she will have been eliminated long ago.)

As Gloria was about to continue flipping through the comments, someone suddenly grabbed her phone.

## Remarriage? Never and Go Away! Chapter 59

### Chapter 59 Is He Coming Again?

Gloria raised her head to look at the man sitting next to her.

At that moment, the car had stopped.

Jonathan looked at her with a smile and said, "The comments on the internet are all nonsense. If you're upset, I can take you to a place."

Gloria chuckled and said, "I'm not upset. I just want to see what's going on. I want to see if someone will throw eggs in my face when I go out."

Jonathan stared at her and didn't say anything.

However, Gloria took her phone back from his hand and said, "Mr Brown, thanks for the ride. Please let me know when you know the court date. See you later."

After saying that, she got out of the car. He didn't move as he watched her close the car door and enter the apartment building

At that moment, his cell phone suddenly rang. Then Jonathan answered the phone

"Mr Brown, they're divorced

"Yeah."

"Should we start the plan?"

Seeing Gloria disappear from his sight, he withdrew his gaze and said in a calm tone, "Wait a little longer."

"Wait a little longer?" The assistant was confused. "Mr. Brown, Alistair Group from the UK is already starting the project. Apparently, they no longer consider cooperating with Jordy. If we don't hurry, someone else from their country will take over the project first," Jonathan looked calm. "If Jordy is so lame, he won't be my opponent."

The assistant was stunned and said, "Well..."

'Wait for my word.'

After saying that, Jonathan hung up. Then he took one more look at the apartment door before withdrawing his gaze and driving away.

At the Collins Group

The atmosphere in the meeting room was depressing.

No one dared to breathe heavily and was afraid of angering Jordy.

Everyone could feel how gloomy Jordy's face was without even looking at him.

No one could imagine that Gloria would file a divorce with Jordy!

The Collins Group and Alistair Group were about to sign a contract. However, an employee of Alistair Group called them today and said they needed to reconsider! If the Alistair Group did not sign the contract with them, they would work with the Brown Group. If the Collins Group lost the project, it would be humiliating!

Jordy said in a grim and chilling voice, "I asked you all to revise the plan. Is this the plan you came up with?"

The employees had cold sweat running down their foreheads. Especially the employees sitting near Jordy became agitated.

They looked panicked. "Mr Collins, well."

Jordy had a cold look on his face. "I will only give you guys one day. If you can't finalize the proposal, you all get out of there!"

After saying that, Jordy got up, then left the office in a big stride.

The nervous employees did not breathe a sigh of relief until the conference room door was completely closed. But there was still a tense atmosphere in the room, so everyone was afraid to speak. One by one, they got up to pack the papers on their desks and left the conference room in order.

This time, none of them dared to talk, let alone complain.

The entire employees of the Collins Group were suffocating because of this atmosphere!

However, Gloria, who made them so nervous, was leisurely cooking delicious food at home.

Nydia was giving Gloria a hand. She had an excited look in her eyes. "Gloria! Your cooking skills are really getting better and better! Will you cook for me from now on? I want to eat your cooking so much!"

"Have a taste," Gloria said with a smile. She had been living a comfortable life since she divorced Jordy.

At that moment, the sudden ringing of the doorbell made Nydia's face change. "Is he coming again?"

### Chapter 60 The Disappointment

Gloria frowned and did not speak.

Nydia said softly, "I'll get the door. We don't know who's coming to see you."

It could have been Jonathan, who came to eat. Or it could have been Jordy. Since Nydia was afraid that Gloria would be bullied as soon as she opened the door, she decided to answer it.

The moment she opened the door, she saw an office lady standing in the doorway. At that moment, a look of

surprise crossed her eyes. "May I ask your name?"

"Is this Gloria's house?" Irene asked as she put on a soft smile.

Nydia nodded. "Yes. May I ask if you're Miss Stewart?"

Irene smiled as she said, "Do you know me?"

"Of course I do! The person I admire most is Normal Nydia. Looked excited. Are you and Gloria good friends?"

Irene's eyes flickered. Then she smiled and nodded, "Yes."

Nydia hurriedly side stepped to make way for Irene. Norma was the person she admired most. And her assistant, Irene, was very talented too! But she hadn't started her own company and had been working with Norma for years. And Nydia loved them both!

Irene was a little surprised to smell the aroma of food in the room. "Am I actually catching up on your cooking?"

Actually, she hadn't come to see Gloria for dinner. Because she was usually very busy at work, she was not eating regularly.

Gloria smiled and said, "Please sit down. The food will be ready soon."

Gloria had already given Irene her address, so she was not surprised that Irene had come. And she guessed that Irene had come to talk to her about something.

The three of them then had dinner together, and Nydia was intrigued by Irene's arrival. She looked at Gloria with a puzzled look and said, "Gloria, how do you and Irene know each other? Why didn't you introduce me to her earlier?"

Nydia, who had just called Irene Miss Stewart, quickly became acquainted with Irene. Gloria smiled and said, "Well... It was a coincidence."

It was indeed a coincidence that they met and worked together at first.

"Gee! You two were meant to know each other!" Nydia said with a heartbroken look on her face.

Irene giggled as she looked at Gloria. "Where did you meet such a lovely girl?"

Although Gloria had known Nydia and Irene for several years, it was the first time the three of them had met.

Gloria chuckled and said, "We were good friends in our previous lives."

"I love hearing you say that!" Nydia was pleased with her reply. Then she looked back at Irene and said, "Irene, I really like you and Norma. Would you sign your autograph? And Nydia coughed in embarrassment. "For the sake that we are friends with Gloria, can you get Norma's autograph for me?"

Irene glanced at Gloria, then smiled and said, "It probably depends on Norma's mood. After all, I can't force her to do anything."

Nydia was suddenly a little disappointed. "Well..."

Gloria's eyes flickered. Looking at Nydia, she whispered. "You'll get to know Norma after a while."

Gloria hadn't told Nydia she was Norma before because she wanted to keep a low profile and not get herself into trouble. However, now, she didn't tell Nydia the truth in case her identity was revealed.

And she was going to make sure Jordy lost in court this time!

Nydia looked confused and asked, "What do you mean?"

Then, she looked at Irene.

Irene smiled and said, "Yes. You'll get to know Norma in a while. I will introduce you to her."

Nydia almost jumped for joy. "Really?"
