### Chapter 61 It's Our Duty to Serve Beauty

Irene grinned and said, 'Of course.'

"Wow!"

Nydia was so happy she almost jumped up and cheered. However, Gloria paused slightly. A look of guilt flashed through her eyes. Although Nydia was her bestie, Nydia never knew that she was Norma

If Nydia ever learned the truth, would she resent me?

Gloria had mixed feelings inside, but she pursed her lips and didn't tell Nydia

George was an elite lawyer Although Gloria thought she could win the case, if George knew in advance that Jonathan had hired her as his lawyer, he would have tried to beat her by all means She could be in trouble by then.

George and Nydia happened to know each other. And they seemed to be strange Although Gloria didn't question Nydia about her relationship with George, she had to be on her guard. And she was worried that Nydia might accidentally slip up, and George would learn that she was Norma

Although Gloria knew that Nydia would not betray her, she was afraid that the way she expressed would let George figure it out

After being thrilled for a short while, Nydia turned her attention to Gloria "Gloria, you used to be a housewife at home. Now that you're divorced, do you have any plans?"

Gloria was having her food. After swallowing the food, she said, "I will work with Irene. I'll get a job in her firm first."

Wow! Won't you be seeing Norma soon?'

Gloria felt speechless

Seeing that Gloria didn't know what to say for a moment, Irene smiled and said, "Norma is very busy She is very mysterious. I don't see her very often."

"Alright.."

Nydia also wanted to take this opportunity to visit Irene's law firm. However, upon hearing Irene's words, she gave up her idea.

The next day.

Gloria went to a law firm.

This law firm was established in Irene's name And there were many lawyers here. The working atmosphere was quite friendly

Gloria's sudden appearance caused a sensation in the firm

Everyone was staring at Gloria. She was dressed in a formal dress and looked smart and elegant today.

Moreover, she was very beautiful, so she attracted a lot of attention

Most importantly, she was Jordy's ex-wife

Irene looked at each of them and then said calmly. "Everyone, this is Gloria She will be your colleague from now on

One of the lawyers quickly clapped his hands Welcome, Miss White!

The others rushed to follow him and applauded Everyone stared at Gloria with a

different look in their eyes.

Some looked calm, not caring who she was, and just trying to do their job

However, some were very curious and eager to talk to others about her gossip. After all, everything Gona did these days caused a sensation. And the celebrities of showbiz even hated her.

And some people disdained her because they thought she was not qualified to be a lawyer at all. They think she was just getting a job to get by. Although she looked like she had a professional career, they speculated that she might want to seduce men. Gloria smiled at everyone and said, "Hello everyone it's my pleasure to work with you guys

She had a faint smile on her face, but she looked so beautiful that it was impossible to take their eyes off her. And one male employee even said "likewise it's our duty to see beauty

Gloria chuckled and didn't reply

However, Irene turned to everyone and said 'All night Everyone get on with your work Nor Gona please come with me"

## Remarriage? Never and Go Away! Chapter 62

### Chapter 62 A Man of Action

Irene had gotten used to calling Gloria Norma, so Irene was still a little uncomfortable calling her by her first name.

Gloria nodded her head. Under the gaze of everyone, the two of them walked into the office together.

And many of the male colleagues were still looking at Gloria as she walked away

The man Gloria was talking to had his hands in his pants pockets and was leaning against his computer desk. Although he was wearing a black formal dress, he looked a bit wicked

There was a black mole on the right side of his handsome face. It did not make him look ugly. Instead, it made him look even more charming

He just turned twenty-eight yesterday and was single. However, he was a playboy, so he had been with a lot of girls.

Watching Gloria leave, he couldn't help but exclaim, "Mr Collins' ex-wife is so stunning I thought she was beautiful when I saw her on TV before. Now, when I see her in person, I feel that she is even more beautiful than she looks on the screen!"

However, across from him stood a female who had always hailed him as a playboy, but she couldn't help but be fascinated by his handsome face

Hearing him compliment other women, she couldn't help but sneer 'Sammy, she's divorced, she has nothing to do with Mr. Collins. You're flattering her too much

Sammy frowned as he looked at Scarlett for a moment, then sighed. "How could you say that! Can't you see that I admire her? A pretty woman like her should be the apple of my eye!"

The other employees didn't say anything after they took a glance at Sammy and Scarlett. They felt that these two were always arguing with each other. And everyone

could tell Scarlett had feelings for Sammy, but Sammy didn't  
Scarlett snickered. The reason Mr. Collins divorced her was that she had a bad character. Can't you see? She had been flirting with other men before she was divorced. How can you still flatter her!"

"That's my business. Let's get back to work! I have a court date tomorrow. I have to prepare for it today."

After saying that, he sat down to deal with his work. Because Sammy was a man of action, he was good at his job.

The attorneys who worked at Irene's law firm were all exceptional. And any one of them could handle a case.

In addition, Irene's requirements for hiring lawyers were very high. Therefore, everyone had to wonder if Gloria was capable enough to be recruited

Given that Irene was a female boss, otherwise, everyone else would suspect that Gloria had used some special means to work in this firm

However, after a morning of discussion, Gloria never came out of Irene's office. Therefore, everyone was puzzled.

Scarlett looked into the office several times. When she couldn't stand it anymore, she looked at the door of Irene's office and was puzzled. What's going on? What took Gloria so long?

"Maybe it's because she just came to the firm today, so Irene has a lot of issues to explain to her

At that moment, Gloria was sitting across from Irene. Everyone at the law firm knew that there were two computers in Irene's office. However, Irene only used one of them. And she ordered no one to touch the other one.

However, now Gloria turned on the other computer.

The glass of the office door was taped with flower paper, so no one could see inside. Irene let out a sigh. It's been such a long time your computer has accumulated a lot of dust. You finally turned on this computer today.

A look of godt flashed in Gloria's eyes as she said. It's my fault'

## Remarriage? Never and Go Away! Chapter 63

### Chapter 63 I Don't Even Dare to Have Such a Dream

Irene frowned. "What are you talking about? Besides, lawyers have never been your calling. You can still do what you want to do. As long as you come back to visit me once in a while."

Gloria smiled and said, "I will settle down to work here for a while."

Irene couldn't hold back her laughter. "Settle down? Why does that word sound so weird to me?"

Gloria just laughed and didn't say anything.

Irene smiled. "Okay. Keep working on your case! I have some personal business to attend to, and I'll leave now."

"Okay.

After Irene left the office, Gloria started to work on the case. Although she was sure she would win the case

and knew every law and regulation by heart, she still looked for some materials to read. Everyone was even more confused when they saw that Gloria hadn't come out of the office after Irene left.

What was going on there? Why is Gloria still in Irene's office?

Soon, it was noon. It was time for the lawyers to go to lunch.

Everyone looked at Irene's office and wanted to see when Gloria would come out of it. However, the office was quiet.

At that moment, a man walked into the office.

The man looked exceptionally handsome and had a warm smile on his face.

The lawyers froze because they didn't think they would see two famous people today that they usually only see on TV.

Everyone looked at each other.

Jonathan looked calm. He saw that there were only six lawyers in the hall and no extra desks or chairs. Then he asked, "Excuse me, have you seen Gloria?"

Scarlett sneered inside. Then, with a disdainful glance at Sammy sitting across from her, she whispered, "Look, I've told you so!"

Something must have been going on between the two of them. Why else would he have come to the office to see Gloria?

Scarlett pointed to Irene's office and said, "She's in the boss's office. I'll go get her for you."

She did not try to impress him for she just didn't think it was inappropriate for someone else to enter the boss's office.

Jonathan nodded with a warm smile. Thanks a lot."

Scarlett was almost dazzled by his smile. And the other two female lawyers were also in a daze.

Jonathan is so damn handsome.

Are all the cameras of poor quality? Why does he look even more handsome in real life than he is on TV?

Gloria stayed focused on her work. Suddenly, she heard a knock on the door. Then she turned her head and heard Scarlett say in a disgruntled voice, "Miss White, Mr. Brown is here to see you."

Gloria's eyes flickered, and she was a little surprised that Jonathan had come to see her at work. However, she mumbled a response to Scarlett. Then she put down her pen and headed out of the office.

The other lawyers hadn't left the office yet and seemed to want to see what the two of them were up to.

Gloria was a little puzzled when she saw Jonathan, but she walked over to him. "What are you doing here?"

Jonathan smiled and said, "Let's go outside and talk."

Gloria walked ahead while Jonathan followed behind her.

At that moment, everyone sitting in the office was very envious of Gloria.

"Gee! I envy her so much! She is beautiful and has a great body. Her ex-husband is the CEO of Collins Group. Although she is divorced, her new suitor turns out to be the CEO of Brown Group. I don't even dare to have such a dream."

Emma pursed her lips and mumbled a lot of words. After that, she could only continue to organize the documents.

## Remarriage? Never and Go Away! Chapter 64

### Chapter 64 What Have You Got Against Me?

Scarlett looked at Emma for a moment, then said in a disappointed tone, "What the hell are you talking about? In this world, women still need to be capable. Otherwise, you may encounter some kind of trouble after you get married!"

Sammy was speechless and looked at Scarlett and said, "Are you out of your mind? Miss White at least has her own career. Don't judge others at your own will."

"How dare you!" Scarlett was furious, but Sammy had already picked up his cell phone and walked out of the firm.

By now, Gloria had already walked out with Jonathan.

Staring at Jonathan, Gloria said, "Is there something you wanted to talk to me about?"

"Indeed. Let's have lunch first."

Gloria frowned and said, "I'm not hungry yet. You might as well talk to me here."

"Even though you're not hungry, you have to eat some. If you keep doing this, you're going to hurt your body."

Gloria raised an eyebrow. She looked at him with a faint smile, "Mr. Brown, do you care so much about your health?"

Jonathan nodded. "That's right. And I'm a little hungry, too. What I want to talk to you about this time does

have to do with the Collins Group's lawsuit. And it's important."

Gloria frowned. "That was what you told me last time."

He didn't say much to her while she always felt he was trying to trick her into going out to have meals with him.

Jonathan smiled. "I promise I won't lie to you this time. We'll talk over lunch."

After a moment of hesitation, Gloria nodded. "All right. One moment."

After saying that, Gloria walked back to her office. Gloria was a little surprised when she saw Scarlett's somber face, but she didn't say anything. Then she took her phone and headed out the door.

Once in the car, Jonathan watched as Gloria leaned back in her seat and looked at her phone. Then, he raised an eyebrow, slowly approached her, and tried to fasten her seat belt.

His sudden approach made Gloria's body still. She reacted by grabbing the seat belt from him. She said, "I'll fasten it myself."

Jonathan raised an eyebrow. "Are you so repulsed by me?"

"Let's keep our distance – Gloria lowered her head and buckled her seatbelt, then put her phone down. She was just texting Irene."

Jonathan smiled as he said, "We're both single right now. If you want, we can be the next golden couple."

“Mr. Brown, don’t make jokes like that. Gloria obviously did not want to continue discussing this topic with him. Besides, she didn’t believe him either. Jonathan’s words were always half-truths. And he often tested her. Although she thought it was normal for him to test her, it did not mean she would like him and accept him. Therefore, she would not marry a man as dangerous as him. Although, indeed, she did not believe in love and would likely marry someone later for cooperation. Even so, she wouldn’t choose to marry Jonathan because she thought he was too dangerous! He was driving, so Gloria didn’t ask him what he wanted to tell her. Jonathan didn’t speak until he got to the place. “Please go in first. I’ll come over after park the car. Just mention my name when you get in.” Gloria nodded and got out of the car. But life was full of coincidences, and as soon as Gloria walked in, she found several girls standing in the lobby, all surrounding a girl and making her the center of attention. Gloria’s eyes were cold, and she didn’t want to pay attention, but Angela spotted her and said with a smile, “Gloria”

## **Remarriage? Never and Go Away! Chapter 65**

### **Chapter 65 if you ask me to make way, I’ll make way?!**

Gloria paused for a while, turned her eyes to look at Angela, her face full of nonchalance like a stranger.

Angela’s friends frowned. They naturally knew who Gloria was, but they all harbored a hatred for her.

Angela walked towards Gloria and said, “Gloria, what a coincidence! Who are you dining with? I wonder if we may dine together if it is not too abrupt?”

Gloria felt contempt for her at heart. She knew Angela was shrewd because no matter how Angela hated a person, she wouldn’t express it on her face. Instead, she would behave elegantly and generously, acting as if she was a noble person.

She could show tolerance to anyone and act gracefully and elegantly, deceiving others into thinking she was an excellent person. Besides, she was from a wealthy family, so naturally people wanted to make friends with her.

After learning that Angela had had a relationship with Jordy, people even swarmed around to make friends with her.

Gloria glanced at her faintly. “You know better than me whether it is too abrupt or not.”

Angela was surprised by her answer. She hid her feelings and acted as if she was curious, “What do you mean? Are you dining here with someone I know?”

Lillian hated Gloria so much. Immediately she said with displeasure, “Gloria, what do you mean by that?”

Angela just wants to show her friendliness to you by asking you whether you would like to dine together. But you said something mean to her. It’s your own problem that Mr. Collins doesn’t like you. But now you are trying to blame Angela for that.”

Angela’s smile was frozen and stiff. She hurriedly looked at Lillian and said, “Oh, it’s not what you think. Gloria is just a little sorrowful right now, and she will be fine in a while.”

We've always been good pals since childhood, me and Gloria. Don't get us wrong. Lillian frowned and then said as if defending Angela, 'Angela, you are too kind-hearted. You treat her like your own sister. But did she return your kindness? Why are you still willing to do so? You will suffer.'

Angela laughed bitterly, 'Oh, it wasn't as bad as you said. I wouldn't be so kind to a stranger. But Gloria is my best friend and I treat her like a sister

Nately looked at Angela disapprovingly and said, "Angela, don't you see how Gloria is treating you right now? Even if you care about her, she is still so ruthless to you. She would even hurt you. Don't you feel the pain at heart being treated like that? You have a heart

Angela frowned and said, "Don't say that Gloria is my sister."

Gloria rolled her eyes, revealing her contempt Angela had claimed that Gloria was her sister, but Gloria never defended herself in front of others Gloria seemed to have acquiesced the accusations of her being ruthless.

Before, Gloria had never known that Angela would be so fake, putting on air like she did Gloria didn't bother arguing with these people. She walked to the waiter who had been staring and started to

walk towards her

But Gloria was suddenly stopped by Lillian, who all of a sudden retreated and spread her arms before Gloria. Lillian snapped, "You must not leave like this."

Gloria wasn't excited. Instead, she looked cold and calm. She said, "get out of the way." "No."

Lillian would give no ground. She looked aloof and said, "Do you think you can command me? If you don't apologize to Angela today, I'll never let you go easily."

## **Remarriage? Never and Go Away! Chapter 66**

### **Chapter 66 You're so Annoying**

Gloria was speechless.

She was exasperated and looked directly at Angela, "Apologize to her?"

Angela shook her head and tried to pull Lillian away, but she failed. She felt like she had no strength at all at this time

Gloria sneered, "When my ex-husband and I were in marriage, you had been entangled with my ex-husband and always contacted my ex-husband in various ways. Besides, you even often sent me a bunch of intimate photos when you two were together. A person like you isn't wonhy of my apology!"

Everyone opened their eyes widely.

They were all surprised at what they had heard

Even Angela's friends looked at Gloria with confusion.

But the next moment, Lillian said angrily. What are you talking about? No one here will believe your nonsense!"

Angela's face was a little pale, and she shook her head incredulously 'Gloria, I know you're mad at me, but how could you say that?

At this moment, Angela acted like she was really disappointed and sad at what Gloria

said, but as Gloria's sister, she chose to be tolerant of Gloria  
Angela sighed. I have nothing to say now. Gloria, you're always my sister. No matter when you have a hard time, just feel free to tell me, I'll do my best to help you."  
Gloria sneered. "Well, there will be traces no matter what people do I just hope you can always live your life with this hypocritical mask, or I'm sure that you will have a taste of your own medicine in the future..  
Angela's face changed, but she soon calmed down. She sneered inwardly and knew that Gloria didn't have any evidence to prove this.  
When she sent Gloria messages before, she used a private WeChat account, which couldn't be proved that it was her at all  
Just as Gloria was about to leave, Lillian suddenly said coldly, 'Gloria! Your sister is so kind to you, and she even did a lot for you, but how could you say that to her? Did your conscience prick you as you lied to Angela! You can't leave today if you don't apologize to her!'"  
As Lillian just finished speaking, the door was suddenly pushed open. Angela turned her head and saw that man who always seemed so handsome and mysterious with the nobleness and elegance he was born with.  
Lillian just couldn't take her eyes off him  
But now in such a situation, Lillian wasn't as demure and calm as she used to be. Just as she was about to say something, Lillian noticed that the man looked at Gloria from the moment he entered.  
Angela paused for a moment and then hurriedly spoke, 'Thank god you're here, Jordy! Come and help me to persuade Gloria! She is still angry with me.'  
There was something a little severe and forbidding about Jordy's face when he heard what Lillian said. which emboldened Lillian She immediately said, "See? Gloria! Angela still cares about you now even if you got her wrong. You should stop insulting Mr. Collins and Angela right now!"  
Lillian was a very good talebearer. She smartly mentioned Angela and Jordy at the same time so that Jordy would certainly be more unhappy with Gloria.  
Jordy's face was obviously gloomier.  
Meanwhile, Gloria sensed Jordy's cold gaze, but she didn't bother to look back. At this time, she just felt so sick of talking with them and wanted to leave here, so she went around Lillian and tried to leave, but Lillian again blocked her way.  
Gloria frowned, "You're so annoying!"  
"What did you say? Gloria! Don't you tell me that you forgot what you have done just now! Angela was about to cry at your vicious words! You're not good enough to be Mr. Collins' wife and was abandoned, but that's your own business! How can you blame this on Angela?"

## **Remarriage? Never and Go Away! Chapter 67**

### **Chapter 67 Such a Good Woman**

Angela immediately became a bit anxious. She hastily walked forward and grabbed Lillian's arm. Then, she looked at Gloria and said, "Sorry, Gloria... Lillian is actually a good person. She didn't mean that! And Lillian, please don't misunderstand Gloria...'  
Jordy suddenly snored. He coldly looked at Gloria and said, "You can come and tell me

if you have any complaints!"

A faint sneer of satisfaction crossed Lillian's face

Gloria turned her head and met Jordy's sharp gaze. Then, she smiled. "Mr Collins, I have already mentioned the divorce to you on the day of the banquet in front of everyone. I don't think that I need to be jealous of the relationship between you and Angela!"

Jordy's face instantly darkened!

He would never forget the insult on the day of the banquet

"It seems that you have become more dating now, Gloria! Jordy said he had to clench his jaw to suppress his anger.

With a sneer, Gloria said, "Well, I learned that from you, Mr Collins! For your information, just stay away from me when we meet in the future, otherwise don't blame me for not showing mercy if you get into trouble"

Actually, she said this to Angela, but she kept staring at Jordy. Obviously, she was warning him that if he wanted to protect Angela well, then he'd better make it

For Gloria, she could ignore Angela and other people because she never took what they said or did seriously. and she really didn't want to waste her time arguing with them.

But when facing Jordy. Gloria would not hesitate to rebuke everything Jordy said.

After three years of marriage, Gloria realized what she should do when others offend her was just to fight back instead of feeling sad!

Angela's eyes slightly changed. "Gloria .. Don't say that."

Gloria sneered. In fact, she wasn't surprised at all when Jordy embarrassed her after he came in. She just didn't expect that she could meet her ex-husband and mistress again when she came out to have dinner.

She no longer wanted to argue with them and waved directly to the waiter. "Excuse me."

The waiter stood beside them and kept watching all the time. When the guests came, she should have been the first to welcome up, but she didn't dare to go over just now, afraid of disturbing them.

Now, she hurriedly came over and politely said to Gloria, "Miss White, did you make a reservation in advance, or are you going to book a table now?"

As soon as the waiter finished speaking, the door was suddenly pushed open again.

Gloria casually pointed

at the man who came in and said, "He has made a reservation!"

Jordy and others looked back and saw Jonathan who walked in with a smile

After seeing Jordy. Jonathan raised his eyebrows. "Mr Collins? What a coincidence!"

Jordy's face darkened!

He didn't expect that Jonathan would show up again!

He was staring at Jonathan with cold eyes

Meanwhile, Angela and the other women around her were all surprised. There was even a trace of jealousy in

their eyes

Why? Gloria was just a woman who had just gotten divorced! How could she get Jonathan's favor?

She was so lucky!

Jordy coldly looked at Jonathan and said, "Mr Brown, I never knew that you are so fond of picking up other

people's unwanted women!"

Gloria was exasperated, but Jonathan still looked very calm. "I don't understand what you meant, Mr. Collins! But I still have to thank you for your generosity, otherwise, I wouldn't have a chance to get to know such a good woman!"

Jonathan looked at the women beside Angela and said with a confident look in his eyes, "Hello, beauties! Gloria is my beloved woman, and since you are close friends of Gloria's cousin, I believe that you will also help me to take care of Gloria in the future, right?"

The faces of Lillian and others changed slightly. They all didn't know what Jonathan was going to do.

But the next moment, Jonathan continued to say with a smile, "I will always remember the kindness no matter who helps Gloria, but if someone bullies her, she will also be subject to my ban."

## Remarriage? Never and Go Away! Chapter 68

### Chapter 68 I Never Joke with You

His words were spoken lightly, but there is clearly an endless killing intent!

Lillian, who was screaming the loudest, suddenly panicked, even her face became pale, she looked at Gloria, but found that Gloria did not even look at her.

Jordy looked at Jonathan coldly, "Mr. Brown, you're really something."

Jonathan raised his eyebrows, "It's only natural to protect the woman you love, Mr. Collins and Gloria's cousin are the same, so I'm sure you can understand."

Angela White's eyes flickered and her subconscious glance swept towards Jordy, but she found him with a sullen face and not saying a word.

Gloria did not want to look at these people anymore, but just said politely to the waiter, "Please take us there."

The waiter came back to his senses and hurriedly responded. "Oh, Okay..."

Jonathan smiled and said politely to the crowd, "Excuse me"

After saying that, he followed Gloria and walked together toward the private room.

Angela was a bit panicked, she saw that Jordy was staring at Gloria back, and subconsciously said, "Jordy?"

Jordy was wearing a sullen face and didn't say a word, Lillian and others are too scared to say another word and even wanted to get out of there,

The sudden ringing of the phone interrupted the dull atmosphere, Jordy picked up the phone, but did not know what the other party said, he looked directly at Angela, "You guys eat first, I have important things to deal with."

After saying that, Jordy left with a big stride.

Angela couldn't control her expression. Usually, even if Jordy really had something important, he would certainly put it off, or arrange another dinner with her, and wait for her response. If she pretended to be sad, he would not leave.

But now

He completely ignored her and left straight away. Angela clenched her teeth but could not say a word.

She just felt a slap on her face so hard that it was burning

Gloria and Jonathan were already in the private room. The waiter served all the dishes,

and Gloria White ate with chopsticks as usual, not caring whether the other party was the so-called prince charming or not. She didn't even care about her dining etiquette. However, Jonathan liked Gloria's behavior very much. He did meet with a lot of women, but...he is not really a playboy as rumored. So far, he had not slept with any of the women.

Everything, all of it, is just camouflage. But neither did Gloria know or mind that. Only when she was almost done with her meal, did she turn her gaze on Jonathan, seeing that he didn't even move his chopsticks much, Gloria raised her eyebrows. "Didn't you eat when you came out with Mr. Brown?" Jonathan sighed like he was sorry, "Because you didn't cook it, it doesn't have much flavor. His mouth is very picky, as his family hired a master chef. When he went out, he always ate the best food, but it still didn't suit his appetite. On the contrary, that day at Gloria's home, he ate a delicious meal that he had simply never tasted in his life. Since then, he really couldn't forget about her cooking. Gloria twitched her mouth, "Please, Mr. Brown, stop joking around." Jonathan shook his head helplessly, "I never joke with you." Gloria paused her hand with chopsticks, not wanting to continue this topic, and said lightly, "Why don't you tell me the purpose of this meeting." Jonathan Brown smiled, "You should eat first, we'll talk afterward." Gloria White didn't say anything and continued to eat. Seeing that Jonathan had finished eating, she put down her chopsticks and spoke softly, "So, what is it?"

## Remarriage? Never and Go Away! Chapter 69

### Chapter 69 How Can I Fall in love with Another Man?

Jonathan handed a file packet to Gloria, "This is about the situation of this case company, you didn't get all the information last time, so I had someone rearrange it." Gloria took it and looked at it for a while. She found that it was indeed a little different from the previous one, but it would not have any obvious effect. Instead, it added two more points of interest to her.

She nodded, "It works." Jonathan raised his eyebrows, seeing her long and dense black eyelashes flicker slightly, he smiled lightly and spoke, "Then please work your magic, Gloria." In the past, he called her Norma, but now he had changed the way he called her. Although Gloria did not like him calling her by her nickname, she could not say anything after all.

She looked up at him, "Have you made contact with them yet? When is the trial?" This time, Jonathan didn't hesitate and said, "Five days later." He narrowed his eyes, "Jordy is still a strong opponent." Gloria raised her eyebrows and looked at him, "Mr. Brown, why do you say that?"

After the time they had spent together, Gloria didn't think Jonathan looked like a timid person

Jonathan sighed helplessly, "two days ago, I competed with him for a project, he had it in the bag, but it just so happens that you two divorced that day, it was actually helpful to me. But I didn't expect Jordy would still sign the contract with them after what happened."

Gloria's pupils shrank slightly. "You mean the Alistair Group?"

"Yep."

Her brow furrowed and she sneered, "That's pretty impressive."

Jonathan grinned slightly, he looked at Gloria and said with affection, "What's done is done, I'm not asking for anything, but I hope that you can pass this time so that I can win back a score."

Gloria raised an eyebrow, "You can count on me."

Seeing her look natural and confident, Jonathan smiled, "Actually, I do believe in you."

The old him might have doubted her, but this time, he was really willing to trust her.

He did not care about winning or losing 10 billion dollars. Losing might be embarrassing, but if losing a lawsuit could win her over, how could he say no to that?

The two chatted for a while longer and left. Jonathan sent her to the lawyer's office as usual, and the lawyers couldn't help but talk about it when they saw it, especially Scarlett, who was full of sour words, mainly because she cared about Sammy's attitude towards Gloria.

Back in the office, Irene raised an eyebrow, "Did you go on a date?"

Gloria's mouth twitched and she casually handed her the paper, "Nonsense."

Irene took the paper a bit confused, "What is this?"

\*Just open it and see."

Irene opened it, and after reading it, her eyes seemed to shine even more, "Now we have a bigger chance to win."

Gloria nodded and said nothing, but Irene couldn't help but look at her, "Gloria."

Gloria responded, "What?"

Jonathan is obviously very close to you, and he flirts with you constantly, maybe you might fall for him someday?"

Gloria couldn't help but snicker, "How?"

Irene frowned slightly. "Why not? Sure, Jonathan is a playboy, but you gotta admit he is excellent in all aspects and can stand shoulder to shoulder with Jordy. Maybe he's even more caring than Jordy. You sure you won't fall in love with him someday?"

Gloria shook her head helplessly. "Irene, my heart is dead now, so how can I fall in love with another man? Besides, I'm divorced and I'm not young anymore, how could he possibly marry me?"

## Remarriage? Never and Go Away! Chapter 70

### Chapter 70 You Think I'll Believe Whatever You Say?

Irene gritted her teeth, "You lost your virginity for nothing!"

Gloria's eyelashes fluttered slightly, her virginity...

That's the reason Jordy was sick of her

In the past, she was drugged and sent into a room, she was unconscious that night, and woke up sore and swollen, with a man lying next to her.

At that moment, she was really flustered, but when she found out it was Jordy, she just felt that the whole world was bright

Luckily. It was him

But after he woke up, he was disgusted with her and even made sarcastic remarks

“Gloria, you think I’ll marry you just because of this? Your father has been trying to get me to marry you, and

now you’ve climbed into my bed. You two really are disgusting”

In a panic, she explained that she was also set up, but Jordy didn’t believe a word of it.

He just left straight

away

That day she sat on her bed crying all the time and was 100 embarrassed to see anyone.

But it didn’t take long for her father to tell her that she could marry Jordy, and he agreed, so she was filled with happiness at the time.

She thought that they would get along after marriage and that she would find a way to make him fall in love with her later, but.. she clung to her naive dream for three years, and finally, she could only lick their wounds

and leave.

“Gloria...?”

Seeing that Gloria came back to her senses immediately, Irene said hurriedly. “You don’t look so good, are you thinking about the past again?”

Gloria took a small breath and smiled imploringly. “It’s all water under the bridge, I’ll move on and never look

back.”

Irene gritted her teeth, “Hasn’t he touched you again, all these years?”

Gloria’s face turned slightly stiff, but she still smiled and spoke, “He was so disgusted with me, how could he touch me? Maybe he didn’t even remember that night either, just like me, his memory was blurred.”

Then

then

Damn it!” Irene slammed her hand on the table, but seeing that Gloria didn’t look so good, she immediately spoke up. “Gloria, times are different now! You are a good girl, sooner or later you will meet a man who really cherishes you!”

Gloria laughed. Whatever

She doesn’t care anymore anyway

The street was filled with traffic

It was crowded every day

Nydia just walked out with a bag of groceries, she’s going to Gloria’s house for dinner tonight!

Gloria was really good at cooking!

If it weren’t because Gloria thought she ate like a pig she would be living in Gloria’s house

But just as she came out, she suddenly found a black Maybach parked in front of her

Nydia frowned slightly, but still stopped and waited for the car to pass her and go, but instead, the car stopped there, and slowly lowered its passenger window  
When Nydia saw the man's stupid face on the driver's seat, her face instantly darkened  
You! Nydia gritted her teeth, "Siop your delusions of grandeur: What's mine is mine  
George had his left hand on the steering wheel, and his right hand slightly pressed on the black sunglasses from top to bottom  
His sexy eyes weren't as domineering as before, instead, he was smiling. Im not here to rob you of anything get in the car first. There's something I need to talk to you about  
Nydia didn't hear a word, but sneered, 'You think I'm stupid and I believe whatever you say"  
George sighed a bit helplessly and looked at her as she went around his car. He said in a hurry, I'm telling the truth! Dont you want to see the lawsuit I'm involved in?'
