### Chapter 71 She Thinks There's something Fishy

Nydia looked stunned.

He's involved in a lawsuit?

Everyone knew George's capability. Countless people wanted to hire him to help fight a lawsuit, but he only took jobs when he felt like it.

He doesn't even go on lawsuits most of the time, but whenever he's handling a case, the opposite lawyer always gave up, just because they didn't want to take George head-on.

He was a legend that was rumored to have won a thousand cases.

Nydia was also a lawyer, but because she just graduated not long ago, her career wasn't going too well. So as a small-time lawyer, she was tempted by George's offer to witness a big case.

But the next moment her eyes shifted and she snorted coldly, 'George! Stop looking at me around! I know you're an invincible lawyer, but I am not that ambitious and I do not have to flatter you! Good-bye!'

George was helpless, seeing that Nydia was really leaving, he switched on the electronic handbrake, got off the car, and pulled Nydia by the arm.

"Why are you so stubborn?! I've told you, I'm not after any of your stuff! Can't we just be friends?"

Seeing that Nydia was looking at him suspiciously, he helplessly said, "I've already made my peace. Since she left it to you, I can't snatch it away. Besides, our relationship should be very close."

Nydia frowned lightly. What's wrong with you today?

George coldly snorted, 'I was thinking that since she could treat you so well, I should also fulfill her wish. Now that she has passed away. I will take care of you, and I won't rob her of the thoughts she left behind.'

Nydia, '

Although his speech was flawless, she felt something was wrong.

George took advantage of Nydia's hesitation and pushed her into the passenger seat.

Nydia struggled to get

out of the car, 'I said I do not need your help. George, you must be plotting something bad! I won't believe a word of you!'

George's eyes flickered slightly, but he still pressed her, 'Do you have it with you now?'

Nydia looked at him defensively, "Of course not!

Then why can't you understand? George snorted coldly, "Since you don't have it with you now, why should

you be worried that I'm taking you somewhere?"

Indeed, Nydia didn't have it with her. So she had a moment of hesitation.

Taking advantage of it. George returned to the driver's seat and locked the doors.

Nydia was startled, 'George, you!'

"I was afraid you would run away again halfway, where are you going. I'll drive you."

Nydia, ..

Something's not right, not right at all!

She had a feeling something was fishy!

“George, what kind of trick are you playing?”

‘No tricks. In five days, the court session will begin, it’s a lawsuit between Jonathan Brown and Jordy Collins,

are you sure you don’t want to see it?”

Nydia was a little shocked, ‘Those two?!’

They were magnates! It was super exciting just thinking about them fighting in a lawsuit! Seeing that she was a bit moved. George immediately said, ‘I know, right? You think I’d take any ordinary case? I have a reputation to keep!’

‘Stop, you’re such a poser!’ Nydia snorted disdainfully.

But this case did arouse her curiosity. After a pause, Nydia asked again, Then who’s gonna be Jonathan’s

lawyer?”

“Don’t know. He kept it well-hidden” George spoke with ease, “It doesn’t matter, as long as it’s not Norma, I’m not afraid of anyone.”

## Remarriage? Never and Go Away! Chapter 72

### Chapter 72 I Have No Father.

Nydia sneered. “Don’t tell me. It could really be Norma. He knows you’re Jordy’s brother. Then he has to find someone who is better than you to suppress you.

Otherwise, it will be in vain.”

George snorted coldly. “Even if Norma comes, I’m confident that I can fight her.

Besides, she has disappeared for several years, and she may not be powerful. I’m now dragged down by her reputation. They all say that I’m the second Norma I will definitely not change my name, just call me George! Where did I get the name of second Norma!”

\*Hey, are you still unconvinced? When Norma was famous, you didn’t necessarily have the achievements you

have now. Now that you are more powerful, you don’t think highly of others?”

Nydia’s voice was full of disdain, and she didn’t forget to mock him again with your arrogant temperament, sooner or later you will fail 10 win her over I’m waiting for Thal day!”

“Damn it!” George looked at her angrily, ‘Do you still have any humanity? We are fighting for something, which is what we both want, but we are inextricably linked in front of outsiders, we have to be united. Do you have a conscience? Do you still want me to lose 10 Norma?’

Nydia was amused. Once she see that he was angry, Nydia felt relieved, and she immediately opened her mouth again, Who is in a team with you? If you want 10 steal my things. The answer will be no!”

“You are being unreasonnable! Do you think she can allow us to become enemies?! You treat me as an enemy. are you worthy of her?’

Nydia suddenly fell silent, and her eyes seemed to turn red.

George noticed something was wrong and turned to look at her Seeing that she was about to cry, he stepped on the brake and said, ‘Damn it, my small ancestor, what are you doing?!’

He slowly pulled over to the side and made a temporary stop.

Nydia sniffed slightly and turned her head aside. She didn’t want George see her ugly

appearance She immediately said in a deep voice, "Put me down."  
George frowned. "Why did I let you down? Let everyone see that you cried because of me? Missus, don't accuse me wrongly!"  
Nydia's tears fell down in frustration, and George's face changed a little. "Why are you crying?"  
Nydia pursed her lips. 'She is my only hope, my only expectation, and what she left behind is also the warmth that I can't get in my life.'  
George's expression changed slightly  
When they mentioned that person, it seemed that no one could utter that name. It seemed that tears would burst when they did.  
Her death was bad news that neither of them wanted to admit.  
George clenched the steering wheel. "There's nothing we can do about it."  
Nydia raised her hand 10 wipe away her tears and sniffed again. "Let's drive.'  
George gave her a deep look. "You don't have a father. Why don't you go back?"  
'I don't have a father.' Nydia's face was grim. Obviously, Nydia doesn't want to mention her father at all.  
George stopped talking, but finally said in a deep voice, 'Where are you going?'  
Gloria said an address directly, and George felt a little puzzled. "Did you move to another place?"  
"No.' Nydia didn't want to say anything more.  
George also said nothing more and sent Nydia to the place.  
As soon as Nydia opened the car door, she saw Gloria who had just returned. Her worries were swept away and she exclaimed excitedly. "Gloria!"

## Remarriage? Never and Go Away! Chapter 73

### Chapter 73 She Let Others Down

George immediately turned his head. He frowned slightly when he saw Gloria who had once taken good care of Jordy and was a qualified Mrs. Collins  
But now the relationship of the two of them are so tense and even she and Jonathan have been together,  
which is indeed a bit elusive.  
George did not intend to get out of the car, but only glanced at Gloria, and after Nydia closed the door, he drove away.  
Nydia looked excitedly at Gloria and said, 'Gloria, look. I bought a lot of things. Will you cook for us?'  
The corner of Gloria's mouth twitched. 'Aren't you afraid of being fat since you eat so much?'  
"I'm proud that I'm fat, and my present figure is due to my eating it bite by bite Can those who want to gain weight do the same?"  
Gloria was helpless and went upstairs with Nydia.  
Nydia had another very delicious meal, not to mention how satisfied she was, but she did not spend the night here today. She was always worried that George was playing tricks, and she had to hurry home for fear that George would go to her house to steal that thing  
For two days in a row, it was still peaceful, and everyone left each other alone

But in the afternoon, Lord Joseph from Collins family, called Jordy and asked him to return home for dinner.

Although Jordy did not want to, he generally did not refuse his grandfather's request. At night, there were four people.

Joseph, Karen, Olivia and Jordy.

At the dinner table, the atmosphere was rather dull.

In the past, if it was a family dinner, there would be Gloria, but today without her, Karen felt uncomfortable.

She couldn't help sighing and eating on her own, and she had no interest in talking.

Joseph glanced at her helplessly, and then he looked at Jordy and said faintly: "You two are divorced now, so what are your next plans?"

Jordy said calmly. "Let's take care of the company first."

Joseph frowned. "Aren't you going to get married again? We still need a hostess."

Jordy looked up at Joseph and asked, "Do you think it's appropriate to get married now?"

Olivia frowned slightly and immediately said in a deep voice, "What's wrong with it? It's well known that Angela became a vegetable in order to save you. If you married her, no one would say anything."

Joseph immediately nodded, "Yeah, at the banquet, Gloria filed for divorce in public, let you make a fool of yourself, and coupled with the scandal between her and Jonathan.

There is much voice to scold her on the Internet: all think that she is the one who is unfaithful to her husband, so you will marry Angela in order to repay Angela's favor."

Karen's face took on a ghastly expression. "You! Are you guys going too far! You just forced Gloria away, my granddaughter!

Joseph looked at her coldly. "Forced away? It's her failure. Can she blame us for forcing her away?"

Jordy's face darkened and he didn't say any words, and no one knows whether it's because of Karen's words or because Joseph just said that Gloria had an affair.

Olivia also nodded. "Yes, Mom, look at what Gloria did. I already gave her a chance that day. She didn't fight for herself. Does my son worry about her if he marries someone else?"

"What's more, she colludes with Jonathan every day. As you can see, their affairs are everywhere on the Internet. Many people say that they are going to get married next."

## Remarriage? Never and Go Away! Chapter 74

### Chapter 74 What Do You Know?

With that, Olivia couldn't help but laugh again. "Maybe they'll get married before my son."

Bang!

Jordy suddenly put his knife and fork on the table, and his face was gloomy.

The others looked at him with puzzled expressions.

Olivia immediately came to her senses and quickly said, "Jordy, it's not worth getting angry at Gloria. You have Angela now, and you need to be responsible for her, right?"

Angela is a very good girl. She is smart, sensible and generous. She is very suitable to be the mistress of the Collins family."

Joseph nodded in agreement. "Yes, We need to cooperate with the White families in the future. It's just right for you to get married with Angela"

Jordy frowned. The limelight is light right now, and I have a lawsuit in two days. Let's talk about it later"

Karen couldn't help sighing and always felt regret, but the three of them were determined to break their marriage. What's the use of her stopping?

Even if it was forcibly suppressed, they were worried about her feelings and Jordy not divorce. Could Gloria live a good life in the future?

Joseph nodded, "I didn't ask you to get married in such a hurry. Otherwise, it would be bad news. You can get married in two or three months'

Jordy pursed his thin lips tightly into a line. "We will talk about this matter later. You eat first. I'm full."

As he spoke, he stood up. Seeing that everyone was looking at him, Jordy said in a deep voice, 'I'll go back to the company to deal with things first."

Olivia quickly stood up. "Jordy..."

Jordy walked out without looking back.

Joseph frowned. 'I really don't understand him. Since he has divorced, he can remarry! Besides, I think he has a lot of feelings for Angela.'

"What the hell do you know!"

Karen held back for a long time, but she really couldn't hold back her anger. She threw the fork in her hand and shouted angrily: "Money! In your eyes, there is only money! No one's feelings! I really regret marrying you'

'What are you crazy about!' Joseph's face darkened completely.

"Sooner or later, you will pay for your current arrogance and inhumanity' Karen angrily said this sentence and rose directly upstairs

"You..!" In front of his daughter, she said so harshly that Joseph was a little embarrassed

Olivia sighed helplessly 'Dad, you and mom are getting older. You'd better quarrel less in the future.

"Am I arguing with her? It's obviously your mother."

Joseph, also in no mood to eat, put down his chopsticks and got up. "I'm going out for a walk."

However, in a few minutes, Olivia was left alone, and the food on the table remained mostly untouched.

Olivia's face felt, in fact, she still looked young, even if she was nearly 50, she looked like a woman in her

early thirties, and she looked still attractive.

However, she had a strong personality, and her relationship with Jordy father was not too harmonious. Newell often had business trips and didn't care much about her. Their marriage was actually not love marriage, but completely for interest.

So Olivia, despite her status in the Collins family, didn't get any real warmth.

Only Karen was good to her.

Olivia pursed her lips, and in any case, she must let Jordy marry Angela She had been contacted with her many times, who was scheming, smart, and most importantly, she liked Jordy, so she would plan for him wholeheartedly

## Remarriage? Never and Go Away! Chapter 75

### Chapter 75 It's Not Your Fault

Now ones to find the hostess, they would look the other porly's family background and her ability

They couldn't find a pral like Gloria who only know how to be a full-time wise!

The next day. Gloria went to work at the law firm as usual, but Scorleil seemed to be more and more mean to

Gloria.

Gloria doesn't mind, after all, they were not in the same office.

After a short day of work, she suddenly received a phone call

Seeing the caller ID, Gloria's face darken

This number...

After hesitating for a moment, she picked it up and said politely. "Newell."

The other party paused and sighed helplessly, "Did you not call me dad?"

Gloria pursed her lips, and after a moment of silence, she said, "What can I do for you?"

Well, no matter what happened between the two of you, if you call me dad, I will always be your dad. It has

nothing to do with blood, okay?"

The other person's voice was soft and loving, and Gloria's eyelashes trembled slightly.

In the past few years of marriage, one was a grandmother and the other was a father

They were very good to her

"Thank you... Dad."

Gloria called him that.

"Well, Gloria, are you free now? Why don't we have afternoon tea together? Dad won't stay long after coming back from this business trip. I want to see you again

Gloria not quite understanding why he was in such a hurry to see her, would he persuade her to make up with Jordy

Gloria wanted to refuse, but when she thought of the care her father had taken of her in the past few years, she hesitated for a moment Gloria still answered, "Where can I find you?"

"What district are you in now?"

'Eastern District.'

"Well, I happen to be here, so you find a place and I'll ask the driver drive over."

Newell's attitude had always been very gentle and did not give people the slightest discomfort.

Gloria answered, sent him an address, put her phone in her bag, greeted Irene and went out.

After a ten-minute walk, Gloria arrived. Because of the traffic jam, Newell had not yet arrived, and Gloria went

to the cafe first

The cafe was very quiet Gloria booked a private box and texted Newell, then she waited quietly.

About ten minutes later, Newell arrived.

Newell didn't wear his formal clothes. It seemed that he got off the plane and came by car.

Although Newell was nearly fifty, there was no sign of age on him. He looked particularly mature and more masculine.

Jordy looked a lot like Newell

Gloria quickly got up and hesitantly called, "Dad.."

Newell nodded. He closed the door and sat down across from Gloria. "Don't be so formal. Take a seat."

Gloria nodded and said nothing.

The two of them were in a private room by the window on the second floor. The light was very good. If they turned around, they could see the traffic downstairs.

When they took their seats, Newell sighed. "I've heard about you and Jordy."

Gloria's eyes flickered. "Dad, I'm sorry..."

"It's not your fault" Newell interrupted gently before Gloria could finish her words.

Gloria pursed her lips and didn't know what to say.

Newell, on the other hand, said softly, "I know you have been through a lot in the past few years. I'm the one who really needs to say sorry. I didn't manage my unfaithful son."

## Remarriage? Never and Go Away! Chapter 76

### Chapter 76 Who Schemed Against Him?

Gloria quickly shook her head. "Dad, please don't say that. This has nothing to do with you. I may not have fate with him."

Newell shook his head. "Well, you two were meant to be."

Gloria was stunned. She thought,

'Dad...

Gloria didn't know what to say

Newell sighed helplessly. "Well, I know Jordy very well. In fact, Jordy still loves you."

Gloria heard and couldn't help but chuckle. "Dad, although I am very sad that I was with the wrong person in the past few years, you don't have to comfort me with such a white lie."

Newell shook his head gravely. "No, Dad didn't lie to you".

Gloria was speechless

Apparently, Gloria didn't believe what Newell said.

Newell did not force Gloria to believe, but continued to repeat it.

"You two have known each other for quite some time. If you two didn't have that incident, his attitude towards

you was actually quite good. You can feel it, right?"

Gloria thought with glazed eyes, < It was because he was very good to me, and I fell in love with him at first sight, so... I fell deeper and deeper >

But after that incident, Jordy's attitude towards Gloria completely changed, so that Gloria was completely awake. And all her thoughts that he liked her were wrong.

Newell knew what Gloria was thinking, and said slowly again, "Jordy used to observe your every move and even secretly protected you. He was afraid you would be hurt. But after that incident, he was very panicked and treated you coldly, but after returning home, he hadn't had any food for two days."

Gloria suddenly looked up in surprise. "How come?"

She never knew about it  
Newell smiled and said, that's because he was disappointed that someone he liked would do such a dirty trick."  
White's face suddenly turned pale. At the same time, she clenched her hands and gritted her teeth  
Newell said immediately, 'I know that you were framed  
Gloria looked up at Newell and asked, 'dad, do you really believe in me?"  
Newell said, "of course I do. I also know who framed you."  
Gloria became serious and asked, "Who did that?"  
In fact, she already had an answer in her mind. However, even after experiencing so many things, she still felt that the answer in her mind was impossible. She did not want to think in a bad way And she also felt that that person could not do anything that brings her and Jordy together  
"You already had an answer in your mind, didn't you?' Said Newell  
Gloria had a slightly different look on her face She looked at Newell unbelievably.  
"But...:  
Jordy was not in her plan. There's someone else who brought you and Jordy together."  
Newell said,  
Gloria was surprised. 'No wonder it turned out like this." She thought.  
If so, then it all makes sense. No wonder Angela's emotions were very complex in those days and even full of hatred. When Angela talked to her, Angela could not control herself  
Her aunt tried to mitigate the situation and said that it was all a misunderstanding.  
At that time, she was also simple and believed in them, so she didn't think too much.  
Now it seems that...  
Gloria White clenched her hands. What a girl, Angela White!  
Her uncle and aunt! What a couple!  
But then, she felt that something was wrong. "Then... who framed him?"

## **Remarriage? Never and Go Away! Chapter 77**

### **Chapter 77 Pity**

Gloria now has a big doubt that Jordy might not have verified the thing at all at that time. So he thought it was all her plan.  
Why didn't her father tell Jordy the truth if he knows everything?  
Or, it is that even though he told Jordy. Jordy still would not believe it.  
But if someone digs Jordy a pit, that person would definitely have bad luck. But why did nothing happen to that person?  
Or that person was dealt with privately?  
Gloria was so doubtful and looked at Newell. There seemed to be some changes in his eyes. But immediately he became calm again.  
You don't know him. He was the leader of a business and wanted to send her daughter to Jordy's bed. By accident, you and Jordy are together now And that business has now disappeared."  
Gloria pursed her lips.

If Jordy had shut that business down, he wouldn't have misunderstood her so much. Of course, it is possible that Jordy hated her. But her father said Jordy had her in mind. SO...

Her father was lying

Jordy never loved her.

Forget it.

It is meaningless to think about the past, let alone that it was not her that dug Jordy a pit.

If another man had done that to her that day, she would rather it was Jordy. Even if she was scolded and humiliated by him, she would be willing to it because he was the man she loved.

When Newell saw that Gloria's attitude had returned to the past, he added: "He didn't know about it. The group that hurt him was their own fault in the later stage. Before the Collins family could take action, they had already fallen

Gloria smiled and shook her head. "Dad, these things don't matter. After all, you don't know that I was never

the one who wanted to divorce Jordy Even if I made a big deal about it, he was the one who came up with this divorce agreement."

Now that her heart was dead, she didn't want to take any more advice.

Newell sighed helplessly. "I know that you may not believe anything you hear, but you just need to remember what I said today. After you carefully taste his character, you will know everything."

Gloria smiled. Thanks for the tip, Dad."

Knowing that she didn't believe it, Newell sighed helplessly again. 'I only learned about your divorce today I've been abroad recently. Gloria, tell me the truth. If he finds out that he really likes you and is willing to get back together with you, are you willing to give him a chance?"

Gloria's eyelashes fluttered and she smiled. "He can't love me. Dad, don't waste your 'What if he really cares about you?"

Newell looked determined, as if he was extraordinarily sure.

Gloria was a little surprised by his appearance, but she still shook her head with a wry smile. "Dad, after three years I still can't get him to really love me. I'm tired and hurt."

Her attitude was resolute, and even her soft voice was unquestionable.

Newell shook his head helplessly. "Well, he deserved it."

Gloria looked at Newell with some surprise. The man was gentle and never meddled in the affairs between his children, but this time, he actually came to talk to her. She laughed at herself. Perhaps this was just Newell's pity for her.

Just as she was thinking about how to get out of here, two people suddenly passed downstairs and looked straight in their direction.

## Remarriage? Never and Go Away! Chapter 78

### Chapter 78 How dare you talk nonsense like this?

Lillian opened her mouth wide and looked at the two people sitting opposite each other on the second floor in disbelief

'Oh my God! Aren't these two Gloria and the father of Jordy? How did they get together!'

Everyone is in the rich circle, so no one will not know Newell.

Angela's expression lightened, and Newell had always liked Gloria. He wouldn't have come to persuade her!

It was not easy for the two of them to divorce, and she could never let them get back together again!

With this in mind, Angela came up with an idea, and she immediately picked up her phone and photographed the two people

Lillian looked at her in surprise "Angela, what are you doing?"

Angela smiled and said, 'Newell likes Angie the most He must have asked her out this time to persuade the two to make up I want to show this photo to Jordy, so that he can know how much attention Newell was paying to their marriage and let him change his mind and marry Angie again.'

Lillian looked at Angela in surprise, 'Angela, are you crazy, how can you say such a thing?'

Angela shook her head helplessly, and she took a deep look at the two people who were still talking about something upstairs and hatched a sinister plan

Moments later, she smiled and pulled Lillian out "Well, I can't take my sister's man Technically, he will be my brother."

Lillian said, "You always care about your sister so much. When did she care about you? What did you get back?"

Angela chuckled. "Well, I know what to do between sisters. Lillian, you can't bully my sister anymore, okay? Otherwise, I won't be your friend.'

Her voice was soft and gentle, but Lillian could feel the protection of her sister from her words.

Lillian looked at her helplessly, and finally said nothing and walked forward depressed.

Angela clenched her phone, a sneer flashed across her eyes, and she quickly sent the photo with a line of text.

[You can do whatever you want with the headline. The more absurd the better.]

After sending this, she quickly deleted the message and caught up with Lillian, "Lillian, wait for me!"

At this moment, Gloria did not want to continue the topic She glanced at the gentle smile of Newell and sighed. "Dad, thank you for taking care of me, but... I shall fail to live up to your expectations."

Newell said helplessly. "Relationships are not something that can be decided quickly. You can go home and think about what I said If you have any difficulties in your future life, feel free to tell me."

Gloria nodded and said nothing else.

She got up and said respectfully to Newell, "Well... I don't want to waste your time."

Newell sighed helplessly and could only nod.

Gloria was relieved and turned to walk out.

However, when she returned to the law firm, there was another storm. As soon as she walked in, she heard Scarlett speak with great disdain. "She just got divorced, is she looking for a new husband? Jonathan was kind to her, but she did this."

"What's the matter?"

Others didn't know why, but Scarlett couldn't help but sneer. "I'm talking about Gloria! She actually asked Jordy's father to meet in a cafe. The two of them were chatting happily in the box. Could it be revenge on Jordy?"  
"Shh! How dare you talk nonsense about such a thing?"

## Remarriage? Never and Go Away! Chapter 79

### Chapter 79 Ruthless

I'm not talking nonsense. The media has already gone mad about it. Photos of her and Newell are spreading around. If you don't believe me, you can check it out yourself on Twitter. It has already become a hot topic online now. I think Miss White is really a powerful lawyer. She is not an online influencer, but she is still able to become a topic online. How clever she is to utilize people's attention...'

The sarcasm in the eyes of Scarlett was palpable when she looked at the man across her. But Sammy didn't listen to her at all. He was busy with his documents on the computer

Scarlett couldn't help but speak again. "Sammy, didn't you hear what I said? I said Gloria is a frivolous woman."

Sammy glanced up at her coldly, "are you finished?"

Scarlett was irritated. What? This Gloria..."

Just as Scarlett was to continue her curse, Kaylee suddenly grabbed her arm and whispered to her by her side, 'Scarlett, just stop it.'

Kaylee wanted to remind her that Gloria was looking at her at the door at that time.

But Scarlett didn't get this message. Instead, she threw away Kaylee's hand and rose directly from her seat. The chair made some noise as it was retreated with friction

Scarlett sneered, 'Why did you stop me from saying what I want, Sammy? I've been sitting opposite you for so many years in this office, but you've never cared about me.

You always go out and seek pleasure with those frivolous women. Don't you ever think about your own future?"

Sammy's face turned grim. Just as he was about to say something he found Gloria walking in.

He hurriedly smiled and said, 'Gloria, you're back! Don't listen to Scarlett. She is talking nonsense.'

Gloria shook her head, but before she could speak, Scarlett giggled, "Don't you try to fool me that Gloria is here! I know she is busy seducing her husband's father. She won't have time to come back now. Even if she did come back, what can she do? I bet she wouldn't dare call herself an honest girl in front of me."

The other live lawyers were trying to signal Kaylee that Gloria was right there in the office. But Scarlett seemed to be too dumb to notice that.

Gloria sneered, 'I do dare to tell you that I'm honest. We have lawyers here in this room. And I'm sure we all know what punishment one should bear for slandering others,'

Hearing this, Scarlett's face was grim and grave. She turned around and immediately found Gloria standing in front of her. She frowned and said, 'Forget about saying you're honest. Just stop standing behind one's back like that. It's so creepy

"Creepy?' Gloria smiled faintly. 'Two of the lawyers here have tried to remind you that I'm here. But you didn't seem to notice. Now you want to blame me for doing so?'"

Scarlett suppressed her anger and said, "Gloria, don't think you can do anything you want just because you have someone behind you to support you now. Let me tell you I bet you wouldn't dare to swear to God that you are an honest girl. Flirting with a married man is against morality and God will punish you for that."

Gloria laughed indifferently. She took a step forward. Scarlett looked panicked and subconsciously retreated.

Gloria didn't do anything. But she had a noble bearing like a queen, which daunted other people around her.

When Scarlett realized her own cowardice, she looked afflicted. Her face twisted with anger. But before she could speak, Gloria took the lead and looked at her coldly.

"I don't like to make trouble. But it doesn't mean that I wouldn't fight back if I'm put into it. If I hear you insulting me again, don't blame me for being ruthless."

## Remarriage? Never and Go Away! Chapter 80

### Chapter 80 The Only Woman Beside Him

She said it with a calm voice. But the six people in the room shivered at her words. They all looked at Gloria with surprise. So this is Mrs. Collins! She really has a distinct condescending bearing.

Scarlett frowned with agony. Although she was very scared at heart, she didn't want to submit to her, 'I'm not afraid of you. I'm saying I don't approve of what you did'

Gloria sneered and turned away, heading to her office

Scarlett and others stood where they were looking at her elegant, inviolable gesture when she was leaving.

Gloria seemed to attract all the attention wherever she went, and all the bad remarks about her seemed to

come from jealousy

Kaylee sighed. She nudged Scarlett and said, "Kaylee, just don't gossip about her any more. Although she is divorced now, she still has power. Besides, we are all lawyers. We know that most gossip about her is not true. So why do you even get serious about it?"

"Well... Scarlett felt bitter. She looked at Sammy and found that he had already sat down again and continued with his computer. He didn't even care about what happened to Scarlett. At all. Scarlett was immediately irritated. She said, "Sammy, tell me, am I just a stranger to you?"

Sammy frowned. He looked at Scarlett, who was pestering him for an answer. He couldn't help but respond, "Scarlett, I have made it clear to you from the beginning that we will only be friends. It is not going to work between us. Just forget it, could you?"

The other four colleagues seemed quite embarrassed. They had never seen the two of them being so estranged with each other like that.

Everyone could tell that Scarlett liked Sammy very much, though Sammy was a playboy and didn't like her. Somehow they used to believe that there was still a tiny chance for the two of them to be together.

But after that, it seemed impossible.

After making things clear, the two of them would only become more and more estranged. Sammy just kept a distance from her from then on.

Kaylee sighed and said to everyone, "We have been colleagues for years. So, I hope the

two of you won't end up like this. Even if it is impossible between the two of you, I don't want to see you disrupt the harmony in this office

Kaylee had a lovely face like a doll with tender and fair skin. Many men had fallen in love with this face. Although she was thirteen years old that year, no one would doubt it if she lied to others that she was a

high school girl.

Yet men also regretted it secretly that she had got married and had children.

Emma, the only other girl among them, couldn't help nodding and spoke, 'Scarlett, Kaylee is right Gloria has just arrived. I don't think it's nice to pick on her just because Sammy treats her differently

Scarlett felt the grievance, her eyes reddened. I'm the one who gets hurt! Bui look at all of you! You wouldn't even stand by me. You just picked on me We've been colleagues for years, and Gloria has just come here for several days. But now you all support her?' Emma sighed helplessly. "Sammy, say something!"

Two other male lawyers echoed.

"Yeah, say something. After all, you are the cause of this quarrel."

"Hurry up, and apologize to her. Didn't you see Scarlett is about to cry?"

Sammy said with impatience, 'Scarlett, don't make a scene about this. Even if I have some feelings about Gloria, I won't be with her, okay? I wouldn't be able to get involved in her life.'

Scarlett's eyes glittered, you didn't lie to me?'

She didn't care who he actually liked. She just wanted him to stay single so that she would still have a chance to be the only woman beside him.
