

When His Eyes Opened Chapter 2126

Chapter 2126

"I think this marriage is mostly impossible." The bodyguard saw that the Jones family was in a mess, and gloated, "I don't need to continue lurking here."

Chad immediately said: "Not necessarily. Travis must have sent people everywhere to look for Margaret now. He has more power in Bridgedale than us, so you keep lurking there and see when they find Margaret. It's faster than you go looking for someone alone."

"Mr. Chad, what you said makes sense." After the bodyguard finished speaking, he hung up the phone.

Chad glanced at the time, it was only 7:00 a.m.

Elliot was probably still sleeping.

He walked to the door of the master bedroom, opened the door a crack, and glanced inside.

Elliot was still sleeping.

He drank too much alcohol last night, and it is estimated that he will not wake up until noon.

Chad also drank a bottle of red wine last night. But he had no other reaction except for the occasional headache.

He could soberly feel that he was not drunk. He used to drink so much that he would definitely get drunk.

Maybe it's because his alcohol intake has increased, or maybe because Margaret hasn't been tied back, he's been thinking about this all the time, and he can't even faint.

He wanted to brag to Mike that he didn't get drunk after drinking a whole bottle of red wine, and Mike would definitely not believe it.

He stood at the door for a while, then closed the door gently and returned to the living room.

...

After Jamie Curtis had breakfast, she called Elliot but couldn't get through.

Yesterday, Elliot asked Jamie to have an operation today to take out the special device in his brain.

Jamie didn't sleep well all night. Because it amounts to indirect murder.

It was Elliot who was killed.

Although Elliot voluntarily, there is still pressure in his heart.

Especially after Jamie couldn't get in touch with Elliot, she couldn't help but think wildly.

What happened to Elliot?

Did Avery know about this?

Can today's surgery still be performed as scheduled?

The same moment.

Avery was sitting in the dining room eating breakfast, and received a call from Emilio, who told her on the phone that Margaret was left.

Avery was stunned. She thought about all the possibilities that would happen after Travis and Margaret got married, but she never thought that Margaret would disappear.

"Could Margaret have been kidnapped?" Avery guessed.

"It shouldn't be. I'll tell you secretly that her wedding dress is missing. She should have sneaked away by herself." Emilio whispered, "Margaret is really a magical woman. Yesterday, I showed my dad in public. What a conjugal love! As a result, she ran away from the marriage today, my dad was so angry that his blood pressure went up, and the doctor was giving him an infusion inside."

Yesterday, Margaret thanked Travis when she accepted the award on the stage.

She threw a handful of dog food in public. Unexpectedly, she never thought of marrying Travis at all.

Avery couldn't help recalling the last sentence and the last thing she said to Margaret yesterday.

When His Eyes Opened Chapter 2127

At that time, Margaret smiled very brightly. She felt that Margaret was laughing at herself, but combined with what happened today, she suddenly found that Margaret might not be laughing at her at that time.

“Avery, why don’t you talk?” Emilio asked, “This is a good thing for you, right! Margaret ran away, and she didn’t marry my father, so my father’s future plans were all in vain.”

Avery replied: “It’s really a good thing. But where did she go? Where do you think she will go? Has she lived with your father all these years?”

“Yes, she has lived with my father for a long time. At first, I said It was because they lived together to take care of my dad, and later they said they were going to get married.” Emilio replied, “She is not in her blue house either. My dad has sent a lot of people to look for her. No one knows where she is going.”

Why does Margaret do this? If she really doesn’t want to marry your father, she can absolutely refuse. Why did she say that she wanted to marry her? She had already had a wedding banquet, but suddenly disappeared. It’s like a child’s play.” Qin An Ananne spoke up.

“Margaret is quite a strange person. For example, her wedding dress was originally red. A few days ago, she suddenly said that she didn’t like red wedding dresses and wanted black. My dad hated black the most, but for the sake of convenience If you want her, let the designer make black wedding dresses.” Emilio explained this little detail, “Does anyone really like black wedding dresses? I think black is quite unlucky.”

Avery heard this After the remarks, an ominous premonition suddenly rose in her heart. “Shouldn’t she be...”

“Should it be?” Emilio saw her pause and recalled her tone, “Don’t you think she committed suicide?”

Avery did not have answer.

“She just won the March Medical Award and she has a bright future. However, why did she commit suicide?” Emilio didn’t think about it at all.

“Emilio, don’t use your thinking to think about her.” Avery still suspected Margaret of committing suicide, “She told people that her biggest dream in her life was to win the March Medical Award. She won this award yesterday, which is equivalent to She has no regrets in her life.”

“If she has no regrets, she commits suicide? What logic is this?”

“Margaret has never been married and has no biological children in her life. From the perspective of ordinary people, it is incomprehensible. Not everyone can Live according

to the secular track.” Avery said and stood up, “Emilio, if there is news about Margaret over there, notify me immediately.”

Avery couldn't stay at home any longer. She wanted to go out and look for it. Although she had no clue, but she felt too stuffy at home.

After hanging up, she put on her coat and came out of the house.

Ali took the initiative to open the car door for Avery and asked, “It's still a little early. Boss, are you going to the hotel where Travis got married?”

“Margaret is missing. I'm afraid today's wedding won't happen.” Avery said. His voice was cold, “I have a hunch, I suspect that she might commit suicide.”

Ali: “Ah!”

Avery: “Margaret ordered a black wedding dress, and she disappeared with her wedding dress.”

“Ah! It's scary!” Ali was horrified, “Boss, where are you planning to go?”

“I don't know either.” Avery panicked, “I don't want Margaret to die. What should Elliot do when she dies? I haven't figured out how her device works yet.

Ali: “Then let's find Elliot!”

“I don't know where he is.” Avery said, took out her mobile phone, and wanted to call Elliot.

At this time, she saw a new message on her phone.

The news was sent by Jamie: [Are you with Elliot?]

Jamie couldn't contact Elliot, so she sent this tentative message.

Avery misunderstood the meaning of Jamie's words.

She thought that what Jamie said 'together' was emotional, so she quickly replied: [Well, I will not be separated from him again.]

After she returned the news, Jamie called.

“Avery, you don't blame me, do you? Actually, I don't want to hide it from you. He asked me not to tell you, so I didn't tell you. I know you two have a good relationship. As your senior, I hope you Hello ...”

“Senior, what are you talking about?” Avery was at a loss, “Why can’t I understand?”

Chapter 2128

Jamie was stunned.

“What are you hiding from me?” Seeing that Jamie didn’t speak, Avery immediately asked, “You two know each other? How did you two know each other? Senior, tell me!”

Jamie was puzzled: “Didn’t you say that the two of you are here together? So I thought you already knew.”

“We didn’t break up, but Elliot’s not at home now. He went out last night. He said he would come back in two days.” Avery explained.

Jamie did not expect this.

If Elliot knew that he had accidentally told Avery their secret, he would definitely be very angry, and he would definitely not let her help with the operation again.

“Since I can’t hide it from you, then I’ll tell you straight! He asked me to perform an operation on him today to take out the device in his brain.” Jamie quickly adjusted her emotions and said word by word, “Avery, I didn’t come to Elliot. He came to me.”

Avery: “He wants to die?”

“How could he really want to die? He just doesn’t want to be controlled by others, and he doesn’t want to see you so tired of his business.” Jamie explained, “Since you know about this now, then go and have a good talk with him!”

The phone hung up, and Avery raised her hand to dry her tears. she found Chad’s number and dialed it.

“Avery, have you heard about Margaret’s disappearance?” Chad asked after answering the phone.

“Where’s Elliot? Where is he? Are you two together?” Avery couldn’t help but shouted at Chad, “Did you know that he was going to have surgery to remove the device?! Chad, I am so Trust you, but you hide it from me like this? If he hides it from me, how can you help him hide it from me? Do you also want to see him die?!”

Chad was shocked: “Avery, I don’t know that he’s going to take out the device! I really don’t know! He didn’t tell me about it!”

Avery got his answer and exhaled: “he didn’t even tell you...Where is he now? Tell me where he is?”

“We were in the hotel. He had a drink last night. He has not woken up yet.” Chad told the truth, “Avery, I really didn’t know he was going to take out the device in his head... I could feel his mood was rather pessimistic, so I-I’m also trying to reverse this passive situation. I don’t want him to die more than anyone else.” Chad defended himself.

Avery listened to his sincere tone and calmed down a lot: “Chad, take good care of him, and don’t let him go anywhere. Send me the location, and I’ll find you now.”

Chad: “Okay.”

After sending location to Avery, Chad immediately pushed open the master bedroom door, walked to the window and opened the curtains.

Avery is coming soon. It’s not hard to imagine that there will definitely be a big storm next.

On the big bed, Elliot was awakened by the light outside the window.

“Boss, you’re awake! Avery is coming soon, and she knows your plan. She is very angry.” Chad stood by the bed and reported to Elliot, “I don’t know where she learned that you are going to have surgery. Did you really plan to take out the device in your head?”

Elliot suddenly woke up.

“Where’s my phone?” Elliot sat up and started looking for his phone.

Chad immediately brought his cell phone to him: “Because you were sleeping, I turned it off for you.”

Elliot took the cell phone and turned it on.

Jamie’s missed calls and messages jumped out.

Jamie sent him two messages in total.

The first one is: [Why can’t I get through to your phone? Are you still having surgery today? Please reply.]

The second one came after a while: [I’m sorry, I accidentally leaked to Avery, she already knows it now.]

After Elliot read the news, there was a chill on his brows.

Chapter 2129

“Boss, wash your face, I’ll call you breakfast.” After Chad finished speaking, he quickly left the bedroom.

After calling for breakfast, Chad sent a message to Mike and told him about the situation here.

Mike: [I don’t think it’s surprising that Elliot did this, I was still shocked by his courage to die!]

Chad: [Avery was angry.]

Mike: [Can we not blow up? She guessed that she had been dreaming about trying to save his life for a while, but Elliot was going to die without telling her. If it were me, I’d blow up too.]

Chad: [But I can’t completely blame my boss. My boss is afraid of dragging Avery down.]

Mike: [I know! I don’t blame your boss. Your boss’s problem is that since he’s going to die, why don’t he die quickly and let her find out, won’t it pierce her heart?]

Chad: [Get out!]

Mike: [Get up! Watch Travis and Margaret’s wedding later.]

Chad: [Did you just wake up? Margaret disappeared. I didn’t get to see the wedding today.]

Mike: [D*mn it! How could she disappear?]

At this time, Chad’s cell phone came in and a call came from Elliot’s bodyguard.

Chad answered the phone immediately.

“F*ck! Mr. Chad, Margaret is dead. They have found Margaret’s body!” When the bodyguard called Chad, he had already left Jones’s house.

When Chad heard the news, the blood in his body became cold.

Margaret is dead... How can Margaret die?

Margaret is dead, what will the boss do?

If something suddenly goes wrong with the boss now, who will save the boss?

Thinking of this, Chad burst into tears.

“Mr. Chad, I’ve come out of Jones’s house now. Margaret’s body seems to be in the hospital. The hospital just called to say she was dead. Travis was probably dizzy, and now he’s taken to the hospital.” The bodyguard sighed, “I didn’t expect it would turn out like this. This Margaret didn’t know what to think, but she was looking for a short term!”

...

Avery received a second call from Emilio on the way to the hotel.

“Margaret is so scary! This woman is hiding so deeply!” Emilio sighed, “She was wearing a black wedding dress, holding the trophy she got yesterday, and died in front of Professor James Hough’s tombstone.”

Avery : “...”

“Her heart for Professor James Hough has never changed! She promised to marry my father, just to get my father to invest money for her. Now that she has gained fame and fortune, my father is very fond of her. Words have no value, so she can follow Professor James Hough with peace of mind.” Emilio said. He was shocked by Margaret’s behavior.

Avery’s brain was running at high speed.

Margaret was dead, so Elliot couldn’t rely on Margaret for everything in the future.

“Do you know where the various documents Margaret did during her lifetime?” Avery asked worriedly, “Are these things in Jones’s house?”

Emilio: “I don’t know. Let me tell you, maybe my father doesn’t know. Because Margaret said before she died that she wanted to marry my dad today. My dad was completely kept in the dark. Margaret didn’t love my dad at all, so how could she leave such an important thing in Jones’s house? “

“Her daughter! Yes! She also has a daughter! Her daughter must know!” Avery was full of energy, “Do you know where her daughter is? Is she still in that blue house?”

Emilio said with a headache: “Avery, Margaret must have made a detailed plan before she died. If she doesn’t want you to find it, you won’t be able to find it.”

When His Eyes Opened Chapter 2130

“Also, my dad should also look for Emmy. My dad won’t just let it go.” Emilio said, “I look back now and find that Margaret has already made plans! She has always been in the next game. Big chess! She has known my dad for so many years, but she has never brought Emmy to meet anyone in our family.”

Avery listened carefully, but she was thinking of a way.

“No one in our family has ever seen Emmy. Even if we find her now, it will be difficult. Because Emmy is Margaret’s adopted daughter, Emmy has never been taken seriously by my father. Now it seems that Margaret’s Everything will definitely be handed over to Emmy.” Emilio said and continued, “My dad thinks he’s smart, but he’s never been Margaret’s opponent.”

“Emilio, if your dad finds out Emmy’s whereabouts, please tell me in time.” Avery hesitated and said, “I didn’t think that Margaret would end her life in this way. She didn’t give anyone a chance to react.”

Emilio: “Are you panicking? Margaret is dead, and Elliot is also miserable.”

Avery: “I will think of a way.”

Emilio: ” Good luck.”

The car stopped outside the hotel, Avery glanced out the window and hung up.

When Avery pressed the doorbell of Elliot’s suite, Elliot was having breakfast but he had no appetite. He drank too much last night, and now his head is shattered, which is particularly painful.

After the doorbell rang, Chad immediately opened the door without thinking.

Avery stepped forward and said, “Chad, you go out first.”

“Oh...” Chad glanced at Elliot nervously, then walked out.

Avery locked the door and walked to Elliot.

She looked down at Elliot condescendingly.

Elliot blushed when he saw Avery, so he put down the spoon.

“Want to die?” Avery sat down on the chair opposite him and asked him softly.

“Don’t die watching you marry Emilio?” Elliot raised his eyes and looked at her coldly, “I told you that if someone threatens you with me, please tell me as soon as possible. Did you do it?”

Avery was speechless and looked at him silently.

After a while, she asked, "When did you know about it?"

"When Emilio sent you a message, I saw the news before you." Elliot picked up the milk cup and took a sip of milk, "I have been waiting until you confess to me, but you didn't want to tell me at all."

Avery: "Elliot, I..."

"No need to explain. Margaret is dead, no one can threaten you now." Elliot seemed to get Relief, "I don't have to rush to die."

Avery felt sad when she heard his words.

"Chad said you drank a bottle of wine last night, and I think you really don't want to live." Avery could smell the alcohol on him now, but it could also be from her own, "I drank yesterday, It's to gather the courage to tell you about me and Emilio."

"Don't mention it again." Elliot didn't want to hear anything related to Emilio.

"Well. Are you full?" Avery said, "come home with me!"

"Avery, I don't want to live like a puppet anymore. I can do whatever I want. Don't worry about me." Elliot looked at her gloomily, and his tone was cold, "Aren't you very busy? Go and do your business."

"What do you mean?" Avery felt as if Elliot was about to cut himself off.
