

When His Eyes Opened Chapter 2184 - 2186

Chapter 2184

Elliot is afraid that his determination will be shaken when he hears her voice.

“Let’s solve this matter as soon as possible!” Elliot looked at Wesley and said, “Also, don’t tell my two children about this.”

Wesley turned and walked out of the ward with a gloomy face. His head hurts so much!

Being caught between Elliot and Avery, no matter what Wesley does, it’s all wrong.

Why let him be this villain?

“Wesley, what did my brother say?” Shea walked up to him and asked.

“Elliot still thinks that way.” Wesley frowned, “Shea, do you know that if we obey his advice, Avery will definitely break up with us if she knows it.”

Shea’s face paled: “What should I do? If only I could suffer for my brother.”

“Shea, don’t talk nonsense!” Wesley was very distressed when he saw her depressed and unhappy appearance, “Even if Elliot dies, you must live well. You still have Maria and me. You know, Elliot doesn’t want to die either. He is in too much pain, and there is no solution...”

“Wesley, I know. He told me.” When Shea said this, she pushed Wesley’s arm away, “I’m going to accompany him.”

Shea wiped away her tears and entered the ward.

Wesley watched the ward door open and close, and his heart was in a mess.

Avery’s painful face after learning about this a few days later appeared in his mind.

“Mr. Brooks!” A voice came from the side.

Wesley looked towards the source of the sound, it was Elliot’s bodyguard.

“Do you have a cigarette?” Wesley asked. He was really distressed.

“Yes, you can smoke? Can’t tell.” The bodyguard took out a cigarette case, but didn’t hand him a cigarette, “No smoking in the hospital.”

“Go down.” Wesley took his cigarette case and said, “Where’s the lighter?”

The bodyguard took out a lighter from his pocket and handed it to Wesley, "I'll go down with you to smoke a cigarette! Looking at your face, it feels like the sky is falling."

The bodyguard has seen Wesley many times, and every time he sees Wesley, He was all calm and gentle, and it was the first time he saw him look so painful and tangled.

"You have been following Elliot, you should be able to guess what happened!" Wesley strode into the elevator.

The bodyguard followed: "My boss fell ill last night, it must not be an accident."

"Well. He is determined to take out the device in his brain." Wesley told the bodyguard, "He told me to keep Avery and her two children a secret till the device out from his head."

Although the bodyguard guessed it would be like this, it was still difficult to accept when Wesley said it.

The bodyguard: "Mr. Brooks, are you really going to hide from Avery?"

"Well." Wesley exhaled heavily, "Brother Elliot begged Shea and Shea begged me. If I tell Avery, I can't face Shea. Shea is different from Avery and she can't be stimulated."

The bodyguard: "Can Avery be stimulated? I will also be very embarrassed. No one else can change what my boss decides. Even if you don't help him, he will find another doctor."

Bridgedale.

Avery finally got Calvin Emond's phone number after several tossing and turning.

She dialed the phone, and after a few seconds, the other party answered the phone.

When His Eyes Opened Chapter 2185

Chapter 2185

"Hello, Mr. Emond, I'm Avery." Avery said straight to the point, "I don't know when it is convenient for you, but I want to ask you to meet."

Calvin was stunned for a moment: "Ms. Tate, how did you get my number? We don't seem to have mutual friends, do we?"

Avery: "We do have no mutual friends, but it is not difficult to get your contact information. This circle of my friend's friend is so big. Maybe I know you."

“Oh...Ms. Tate, do you have anything to do with me?” Calvin had guesses in his heart, but felt embarrassed, so let her speak.

“I have a very important matter with you. I think it would be better to meet and chat. Are you free at noon today?” Avery wanted to see him as soon as possible.

“I’m not free at noon. I’m not free at night...Ms. Tate, I’m not free on weekends either.” Calvin thought that Travis had sent bodyguards to follow him, clearly saying that it was to protect his safety, but it was actually monitoring.

If Calvin hadn’t been monitored by Travis’s bodyguards, he might have agreed to meet, but in this situation, he didn’t dare.

“Don’t you dare to see me?” Avery noticed, “Is Travis preventing you from seeing me?”

Calvin: “Ms. Tate, it seems that you know my current job. Indeed, I am working for Travis now. So don’t embarrass me.”

Avery: “Mr. Emond, how much did Travis give you? I’m willing to give you double! If double is not enough, I can give you ten!”

“This...” Calvin was startled by her tone.

Calvin’s work was not worth so much money.

Even if Avery insisted on giving him that much money, he wouldn’t want it.

Avery: “Mr. Emond, I know you signed a contract with Travis, but you can cancel the contract. I will pay the breach fee. As long as you can help me...”

“Ms. Tate, I’m sorry. If I rashly breach the contract, I’m afraid Travis will Take revenge on me. Please don’t embarrass me. I’m just a migrant worker. I just want to make some money and improve my family’s life. I don’t want to take advantage of anyone’s wealth. Thank you for looking down on me so much. But I really can’t help You.” Calvin said sincerely, and immediately hung up the phone without waiting for Avery to reply.

“Husband, who is it?” Maxine brought a glass of warm milk and put it in front of her husband.

Calvin: “It’s Avery.”

“Why did she call you?” Maxine was puzzled, “She doesn’t want to dig you, right?”

Calvin: “It’s a mess... I don’t know who told her that I’m working for Travis now.”

Maxine: “The circle is so big...”

Calvin: "She said the same thing. There are six of us and we've signed the contract together, why did she find me?"

"Husband, how do you know that she is only looking for you?" Maxine laughed, "It's possible that she also found someone else! "

"You're right. In this way, my heart is not so heavy. Do you know how much she will pay me? She said she will pay me ten times more than Travis."

"My God!" Maxine exclaimed in horror, "Avery is so rich?"

Calvin: "She is Elliot's wife, and she used to run a company. She must have more money than poor doctors like us."

Maxine: "Husband, ten times the reward, aren't you excited?"

Calvin shook his head: "she begged me to help her. If I took her money, I would be an enemy of Travis. Avery is a gentlewoman, and Travis is a sinister villain. I dare to refuse Avery, but I dare not offend Travis. Do you understand?"

Maxine: "If I knew earlier, I wouldn't let you sign a contract with Travis. The money can be doubled in one day! Hey!"

"You don't want money, I don't like listening to it!" Calvin put down the milk cup and got up, "I'm going to work. If Avery finds our home, you must not accept her money. Otherwise, I will be really embarrassed."

When His Eyes Opened Chapter 2186

Chapter 2186

After Calvin left, Maggie came out of the room.

Maggie: "Mom, what are you arguing with Dad!"

"Do you know Avery? Avery wanted to pay ten times the price to dig your dad. Now I feel that your dad will full of money!" Maxine sighed.

"I told you not to force my dad to sign with Travis! Now such a good opportunity can only be missed." Although Maggie had never met Avery, she searched for Avery's information on the Internet.

Avery was not only beautiful, but also had outstanding ability, and was recognized as a beautiful genius in the medical field.

If Maggie was allowed to choose, she would definitely hope that her dad would be on Avery's side.

"Aren't you an afterthought? Who could have predicted that Avery would find your father today? Besides, if your father hadn't signed a contract with Travis, maybe Avery would not have come to your father!" Maxine said stubbornly.

"By the way, your aunt called your father early this morning to tell you about your blind date." Maxine sat down at the dining table and looked at her daughter seriously, "Your aunt said that your blind date is rich."

Maggie looked surprised: "Why did my aunt say this all of a sudden?"

"Your aunt said that the other parent liked you very much. They were afraid that you would not go on a blind date with their son, so they said that the family is rich." Maxine couldn't see Maggie's blind date. After all, a small anchor with an unstable job, even if the occasional high income was not attractive.

But if the other person's family was rich, it's different.

"How rich are you?" Maggie pretended to be curious and asked casually.

Maxine: "It is said that if the two of you are married, you can choose the house in Aryadelle and Bridgedale. They will buy it."

Maggie was slightly shocked: "His family is so rich?"

"Listen to your aunt's tone, It should be very rich. The important thing is that the other party's parents like you. If you marry him in the future, there will be no problem with mother-in-law and daughter-in-law." Maxine can't wait to see her daughter get married now, "Have you met that person? What are you? How do you feel? Tell me."

Maggie: "Mom, I haven't graduated yet. The marriage is a big matter. I plan to talk about it after graduation. I will call my aunt and ask her to reject Eric's parents proposal."

"Oh, it looks like you've seen it, but didn't like it." Maxine regretted, "I'm not the same person, I can't talk about it!"

Maggie: "No. It's mainly because of his appearance..."

"Men can't just look at their faces. It depends on his ability." Maxine decided to see the blind date with her daughter for the sake of the other party's wealth.

"Mom, it's fine if you torture Dad, why do you care about me?" Of course Maggie wouldn't take her mother to see Eric Santos.

Because of this, the fact that Maggie asked her younger brother, Ian to replace her on a blind date was exposed.

“What is torture? Your father doesn’t think I’m torturing him! I’m all for the good of our family!” Maxine got angry, “It’s rare that your aunt introduced you such a rich person. I may never meet such a high-quality object again.”

Maggie: “Yesterday you said that my aunt was old and fainted...”

Maxine: “You little rascal, don’t talk about this kind of thing outside!”

“Mom, I have class today, so I don’t have time to take you to meet my blind date. And I had a showdown with him yesterday, so don’t worry about other people’s money anymore.” After Maggie finished speaking, she immediately took a piece of bread and quickly Leave the restaurant.

After Maggie left, Maxine felt a lump in her heart.

Maggie is so beautiful, as long as she has a better attitude towards Eric, Eric will definitely be fascinated by her daughter.

Thinking of this, Maxine called Maggie’s aunt and asked for Eric’s contact information.
