

“Eric, you should focus on your blind date tomorrow!” Avery said, “After all Your mother attaches so much importance to this matter. You will see that person tomorrow, so you should observe more.”

Eric: “Well. How many days has Foster returned to Aryadelle? How is he now?”

“He is in the hospital now. I feel at ease when he is in the hospital. If something happens, the doctor can observe it in time.” Avery said in a relaxed tone, “I must make an appointment with Margaret’s original team as soon as possible and find out what the mechanism is.”

“Am I delaying you?” Eric could feel that this matter was very important to her.

Avery: “It’s okay, I’ll accompany you to have breakfast and then go back to work.”

“Then go ahead and work! I’ll ask Frank to accompany me.” Eric said, “I’ll talk about it when you’re done with your work.”

“Alright. Thank you for giving me tickets!” Avery put the tickets in her bag, “If everything goes well tomorrow night, I’ll treat you to a big dinner.”

“Then I’ll wait for your good news.” Eric said sincerely and watched her leave.

After Avery came out of the restaurant, she drove to the community where Calvin lived.

At 10 o’clock in the morning, she came to Calvin’s residence with fruit.

After ringing the doorbell, the door opened shortly after.

Maxine stood indoors, looked at Avery’s face, and was stunned for a few seconds.

“You, are you Miss Tate?” Maxine saw Avery’s photo on the news.

It’s just that looking at Avery’s face in reality, it will be more vivid.

“Hello Mrs. Emond, I’m Avery Tate. I take the liberty to come to disturb you, and I hope it doesn’t cause you any trouble.” Avery said politely.

“Miss Tate, you’re too polite! I already knew your name. It’s too late to welcome you if you can come to our house! Come in.” Maxine opened the door and invited her in, “Miss Tate, you don’t need to change your shoes, just come in! I’m usually alone in our house, and it’s relatively cold.”

Avery: “Mrs. Emond, do you have shoe covers in your house? Your house is too clean, so I’m embarrassed to go in like this.”

“What’s so embarrassing! No one comes to our house usually, so no shoe covers are prepared at home.” Maxine said, she pulled Avery into the living room directly, “Come here as soon as you come, why do you still buy so many fruits. It’s quite heavy, right?”

Maxine took the fruit and put it on the coffee table.

Maxine: “Actually, I knew about your phone call to my husband two days ago. If you had called him earlier, I would have let him do things with you.”

Avery: “Mrs. Emond, why not now? Breach of contract I’ll pay the money.”

“My husband is a more cautious person. You must know what kind of person Travis is. Our family is just an ordinary family, and it doesn’t matter if we don’t have connections. If Travis takes revenge on us, we will have nothing to resist. Maxine explained, “so please also ask Miss Tate to understand our difficulties.”

“If you say so, I will understand. I can provide protection for your whole family.” Avery sat down on the sofa and spoke sincerely.

“Miss Tate, I can feel your sincerity. It’s just that my two children go to different schools, and my husband and my parents are still alive, and they are in our hometown. Our family is scattered everywhere. You have to protect our family but how many extra people to hire? This is too much trouble.” Maxine poured her a glass of warm water.

Avery took the water glass, finished the water, and put down the water glass.

“Mrs. Emond, if your husband has the opportunity to help me without being discovered by Travis, can you help me persuade him?” Avery took out a bank card from her bag and handed her over, “There are \$5 million, you accept it.”

Maxine was stunned. After a while, she immediately pushed the card back:

“Miss Tate, what are you doing? How dare I take so much money from you!”

WHEN HIS EYES OPENED

Chapter 2197

“Don’t rush to return it to me.” Avery took out a music festival ticket from her bag, “Tomorrow In the evening, I will go to this music festival. There will be a lot of people at the scene. If your husband can come too, the money will be the information fee for you.”

“This...” Maxine glanced at the tickets for the music festival and said truthfully, “Miss Tate, even if my husband can help you a little bit, it’s not worth so much money.”

“It’s worth it to me. As long as there is a little useful information may save Foster’s life. Foster is very, very important to me. He is the father of my child and also my husband. So the \$5 million is not expensive.”

Maxine was shocked by her words . She was moved by \$5 million, so Maxine no longer struggled and accepted the bank card and tickets.

“Miss Tate, don’t worry, wait for my husband to come back. I will persuade him well. If he can’t see you tomorrow, then I will return the card to you.”

Maxine promised, “But don’t worry, my husband listens to me very much. As long as I can guarantee that this matter will not be known by Travis’s people, it will be fine.”

Avery: “Don’t worry, I will bring bodyguards tomorrow night to squeeze Travis’s people away when there are many people.”

Maxine: “Okay.”

.....

In the evening.

When Calvin returned home, Maxine immediately pulled him into the bedroom.

“Husband, Avery came to my house to find me today.” Maxine told her husband what happened this morning, “Avery is a good person, we must help her. You tell her what you know! Tomorrow night at the music festival, she will find a way to find you. It won’t be discovered by Travis’s people.”

Calvin stared at his wife’s face and looked carefully: “Wife, did she benefit you?”

Maxine: “Uh...”

“How much?” Calvin asked.

Maxine stretched out five fingers.

“500,000?” Calvin was shocked by this number.

Maxine shook her head: “Husband, it’s not about money. Even if she doesn’t give us that much money, I think you should help her. It’s just that if she gives

money, I can let me not care about the risks of this matter. After all, she promised not to let Travis find out.”

“Isn’t it 500,000?” Calvin’s scalp was numb, and he guessed the number, “Wife, why do you dare to accept such a large amount of money? You give me the money, and I will take it tomorrow and will go and give it back to her.”

Maxine said angrily: “I don’t want to take so much. She insists on giving so much. What can I do? She said that the money is not expensive for her. She said so, there’s no reason to refuse.”

“Give me the money.” Calvin stretched out his hand with a firm attitude, “It’s not like making money. Since she said she can’t be discovered by Travis’s people, then I’ll go see her.”

Maxine: “Okay, I didn’t lose my money. I was really sad when my daughter said that to me yesterday. If you treat me like that, I’d feel very boring.”

“Wife, I know you’re doing it for our family. I don’t see you that way.” Calvin took the card from his wife, “You can earn what you should earn, but don’t take what you shouldn’t.”

.....

Aryadelle.

Hospital. Elliot’s surgery has ended.

After the operation, Elliot was immediately sent to the ICU.

He did not die immediately after the operation, which made the chief surgeon and Wesley relieved.

Next, just hoped for a miracle!

Otherwise, there was no way to explain this matter to Avery.

“Wesley, I don’t think we need to be too pessimistic.” The chief surgeon went back to sleep after the operation and woke up. Immediately came to the hospital and saw Wesley standing outside the intensive care unit, so he comforted him.

“Well. I’m not as pessimistic now. Before the operation, I really felt like the sky was falling.” Wesley hasn’t slept a lot for 24 hours.

Before Elliot started the operation, he had been insomnia and couldn’t sleep.

The chief surgeon: “Hahaha, although I fell asleep, I had a very long nightmare. I dreamed that Elliot died, and then Avery ran back to seek revenge for us. The two of us fled and fled all the way, embarrassed and nervous. Finally, we The two fell off the cliff together, and then I woke up.”

Wesley: “Your dream is indeed a little scary.”

The chief surgeon: “I have never had such a terrible dream in my life. It is not the first time to die in a dream, nor is it It’s the first time I’ve been chased by someone, but it feels especially scary to be chased by Avery.”

Wesley was about to speak when his cell phone rang.

He took out his mobile phone and saw Avery’s name.

“You pick it up! I’ll go check on Elliot’s condition.” After the chief surgeon said, he strode away.

Wesley answered the phone, and Avery’s voice came immediately.

“Brother Wesley, how is Elliot today? Can I make a video call with him?” Avery hadn’t contacted Elliot for a few days, and missed Elliot especially.

Wesley said that he kept his mobile phone at home and did not take it to the hospital.

Therefore, Avery could only learn about Elliot's situation through Wesley.

Avery trusted Wesley very much, so she never suspected that there was anything unusual about Elliot's current situation.

"Avery, I..." Wesley especially wanted to confess to Avery.

–Because now Elliot's surgery has been done.

–The device in his mind has been taken out, cleaned up, packed, and sent to Bridgedale by mail.

–Elliot said that after the device was taken out, Avery would do research.

–Because it is an international express, after the express has been sent, it has not yet arrived at Avery's side.

–However, after estimating the time, it is estimated that it is coming soon.

Thinking of this, Wesley held back his words.

"Brother Wesley, what's the matter with you?" Avery saw that Wesley was hesitating to speak, so she asked, "Is Elliot all right? He keeps his mobile phone at home, why don't the driver and bodyguard send the mobile to him? Can't he play with his mobile phone now? "

Wesley: "No. Of course he can play with his mobile phone, but he just wants to meditate. What happened last time actually hit him a lot. I hope you can understand. How is the research over there?"

"There is no progress. Because none of them have contacted this kind of device. But I have contacted the people in Margaret's previous team. I can see him tomorrow. Brother Wesley, please, please, Take good care of Elliot, I have a hunch that I will soon know the secret of this device."

Wesley's nose twitched.

The day after tomorrow at the latest, the device should be in Avery's hands.

Even if Avery doesn't find anyone, she will know the secret of the device at that time.

"Yeah." Wesley responded.

"Brother Wesley, is Shea okay?" Avery asked with concern.

Wesley: "She's okay. You don't have to worry about her."

"Okay." Avery breathed a sigh of relief, "Can't you really let me see Elliot?"

"I'll send you a picture of him later." Wesley said.

"Okay! It's good to have pictures." Avery was satisfied.

Wesley took some pictures of Elliot before Elliot's surgery.

WHEN HIS EYES OPENED

Chapter 2199

Wesley saved those pictures that time and sent all to Avery.

Not long after, Avery received photos of Elliot from Wesley.

Avery enlarged a photo to see Elliot's face.

He was lying on the hospital bed, holding a thick book in his hand, and was concentrating on reading.

Looking at the photo, Avery couldn't help but raise the corner of her mouth.

It's her being over-hearted.

Elliot is now in such a meditative state in the hospital, which is the most ideal state.

“Avery, I’m going to the music festival with Chad tomorrow, are you going?” Mike knocked on her door, holding the tickets for the music festival in his hand, “I bought tickets for you and Hayden. Do you want to take Hayden to relax? What about your mood?”

Mike wasn’t sure if Avery would go.

After Elliot’s accident, Avery gave up all rest time and entertainment, and spent all day studying how to rescue Elliot.

Mike wanted her to relax.

“What a coincidence? I’m going there tomorrow night. I already have tickets. But I can’t take Hayden there.” Avery was in a good mood, “I’ll take Hayden next time.”

“Oh... ..who are you dating? Eric?” Mike guessed.

“No. But Eric is going there tomorrow. Maybe we can all meet!” Avery said, She was afraid that Mike would make a fuss about himself tomorrow, so she told him in advance, “You will see me tomorrow night. If I didn’t say hello to you, don’t say hello to me either, I’m going to meet the people from Margaret’s original team tomorrow night.”

“Understood. Don’t worry, I won’t hurt your good deeds. If you need my help at that time, you just need to shout my name, and I will definitely save you immediately.” Mike said.

“I won’t call you. I’ll take the bodyguards tomorrow.” Avery thought about it and said, “Did you ask Hayden if he wants to go? If Hayden wants to go, you can take him with you tomorrow!”

“Isn’t he going to see you or not? If you want to go, he will accompany you, if you don’t go, he won’t go either.” Mike asked Hayden.

Hayden’s answer was this.

“Oh...then take him with you! If I go well, the chat should be over soon. I’ll go to you then.” Avery said after thinking for a while.

“Okay.”

The next day.

Avery woke up early because she was thinking about the music festival at night.

After waking up, she turned on her phone, looked at Elliot’s photo, and was instantly full of motivation.

At this point, Layla and Robert just finished school, so she dialed Layla’s number and wanted to make a video with her daughter.

The video dialed over, and soon, Layla took it.

“Mom!” Layla’s voice came clear, “Mom, did you call Dad? I haven’t seen Dad for a few days, and Uncle Wesley didn’t let us go to the hospital to see Dad. I’m so angry!”

“Layla, your father is resting in the hospital now. Don’t worry, it shouldn’t be long before your father will be fine.” Avery coaxed, “Will your mother go back to see you in a few days?”

“Okay! Mom, I miss you so much! If you don’t come back to see my brother and me, I can’t help but want to go to Bridgedale to find you! I know that Uncle Eric has also gone to Bridgedale.”

Avery: “Well, don’t worry, Mom wants you to go to school well. Mom will definitely go back to see you.”

After soothing her daughter, Avery put down her phone, picked up a rubber band from the bedside table, tied her long hair up, and got out of bed.

At 7:30 in the morning, she finished her breakfast and went out.

At 9 o’clock, a postman delivered a package to the door of the villa.

After the nanny signed for the package, she took the package back to the living room.
