

## WHEN HIS EYES OPENED

### Chapter 2221

Avery was full, clicked on her mobile phone when she was drinking water, and saw this message from Emilio.

She replied: [Do you have Norah's whereabouts?]

Emilio: [I only know that she is in Aryadelle, but I don't know where she is hiding. Do you have any news from her?]

Avery: [No. What if you find her?]

Emilio: [With my dad's temper, he would definitely kill her.]

Avery: [Your father is indeed such a person. Has his new project stopped?]

Emilio: [He is waiting for news from Elliot. He was still delusional, hoping that Elliot would die, so that he could continue his new project.]

Avery: [Can't your dad afford to lose?]

Emilio: [He has never lost in most of his life. But he can't afford to lose. I can't afford to lose either.]

Avery: [It's not that you can't lose if you can't afford to lose.]

Emilio: [I know. If I can't find Norah this time, my dad won't give me a penny of property. He said it himself.]

Avery: [If you are worried about your future livelihood, I can help you.]

Emilio: [No. I have hands and I can't starve.]

After Emilio sent this message to Avery, he took a deep breath and deleted the chat with her.

He found Norah's number and dialed it.

Not surprisingly, can't get through.

<https://novelebook.com/when-his-eyes-opened-bd2388.html?dev=tl>

He only has Norah's number, and has no friends on her other social accounts.

So he tried to send a message to Norah: [I'm coming to Aryadelle, if you want to survive, let's meet! If you don't trust me, we can call first.]

Norah blocked all calls except his parents, but her phone could still receive text messages.

After she saw Emilio's message, a hope rose in her heart, but this hope soon died out.

Like Travis, she was suspicious by nature, and she didn't trust Emilio.

She and Emilio were half-sisters and younger brothers. There was no family relationship between them, only competition.

After a while, Emilio sent another message.

The hotel and address where he stayed. Attachment: [The \$14 billion that my father was deceived by Elliot has long been taken back. He asked me to come to you, and if I said you were dead and didn't take you back to Bridgedale, he wouldn't blame me. Do you want to hide and hide like a mouse all your life, or do you want to solve this problem?]

After Norah read the text several times, she couldn't resist the temptation, and sent him a message: [I can't give you any benefit, why do you want to help me?]

Emilio: [Let's talk on the phone!]

Norah hesitated for a moment and agreed.

After a while, the two of them spoke on the phone.

Emilio: “Norah, I can let you fake death to escape this disaster. But you have to do one thing for me. If you think it’s worthwhile, you can agree. If you think it’s not worthwhile, you can refuse.”

“What’s the matter?” Norah realized. What Emilio asked himself to do was definitely not easy.

After being silent for a few seconds, Emilio replied, “Kill Travis.”

Norah: “...”

Emilio: “You can’t do this on your own. I will send someone to help you. Norah, think about it carefully. Only when Travis dies can you truly be relieved.”

Norah laughed and said sarcastically: “Don’t say it as if you are all for my own good. Only when Travis is dead can you inherit the Jones family’s property! Otherwise, you will always be Travis’s pawn!”

## WHEN HIS EYES OPENED

### Chapter 2222

Norah’s laughter, stinging Emilio’s heart.

Emilio didn’t know that he was just a pawn of Travis. And it’s still a useless pawn.

Travis never concealed his dislike for him.

Travis believed that everything he gave was given by himself.

If Travis wanted to take it back one day, he could take it back at any time.

It was like a rope was wrapped around his neck, and the other end of the rope was in Travis’s hands.

“Since you don’t agree, then forget it.” Emilio’s tone was calm, not angered by her.

“I didn’t refuse just now!” Norah stopped laughing, calmed down, and quickly thought about the feasibility of this matter, “If I miss, Travis will know that I am not dead. Not only will I be killed by then. If he kills me, he will also know that you are deceiving him.”

“You died and then came back to life, how can you blame me? Elliot died before and was not ‘resurrected’?” Emilio said,

<https://novelebook.com/when-his-eyes-opened-bd2388.html?dev=tl>

“Furthermore, no I’m 100% sure, I won’t let you do it. If I just want you to die, there’s no need to get on with me. Travis’s suspicion is terminally ill, and if he’s not careful, he’ll be suspicious.”

“Good. Travis is our common enemy, the enemy’s enemy, and our friend.” Norah needed someone to hold a group, Emilio was indeed a good candidate. Although Emilio couldn’t protect her. Emilio was the only person who could get close to Travis.

<https://novelebook.com/when-his-eyes-opened-bd2388.html?dev=tl>

“We are not friends, and we will never become friends in the future. After the matter is over, we will return to the bridge and return to the road.” Emilio said coldly.

Norah: “Okay! Don’t cross the river and demolish the bridge! I’ll make it clear to you in advance. I’m not interested in your Jones family’s property.”

“Under the surveillance. Otherwise, Travis will find out that you are still alive, which will be very detrimental to me.” Emilio told her his concerns.

Norah knew Emilio was right, but she instinctively didn’t trust Emilio. Or rather, not so trusting.

She could conspire with Emilio to find a way to kill Travis, but she didn't want to live under Emilio's surveillance until things were successful.

What if Emilio betrayed himself in order to please Travis?

"Let me think about it! You also think about how to murder Travis. If you can come up with a detailed plan, I will trust you more." Norah said.

"Norah, you need my help now, not me. I'll give you three days at most. If you haven't figured it out by then, then we don't need to talk about our cooperation." Emilio simply finished, hang up the phone.

Norah stared blankly ahead, completely lost.

She has moved out of her aunt's friend's house. Her aunt's friend suggested that she go to a remote mountain area to hide.

It happened that her aunt and friend had an abandoned old house on the mountain, so she spent a lot of money to have her aunt and friend take her to this old and dilapidated house.

There are only two families around the old house, and these two families have also moved away, leaving only the dilapidated wooden house on the mountain.

Her aunt's friend promised her to bring her food and daily necessities every few days.

She had no better way than to promise. She has been in pain since she came to this dilapidated bungalow.

But even so, she still did not dare to agree to Emilio's conditions easily.

She didn't believe anyone except herself and her parents.

She believed that Emilio hated Travis as much as she did, but Emilio had no courage at all. The words Emilio just said might just be bait.

It is entirely possible that Emilio lured her out, and then handed her over to Travis for meritorious service.

At this moment, a flash of lightning split the night in half, and Norah trembled in fright at the sudden white light.

When she was about to check whether the doors and windows were closed properly, a 'boom', a thunderstorm completely shattered her sanity.

## WHEN HIS EYES OPENED

### Chapter 2223

She stood stiffly on the spot, her hands clenched into fists, tears fell silently.

Today's downfall and embarrassment, she would never forget.

If there is still a chance in the future, she will never forget the shame she has endured now!

After a while, the rain fell, pulling Norah from hatred and pain to reality.

Rain was dripping down quickly from her head. Because the house was unoccupied all the year round, and the house was old, it leaked rain.

And there was more than one place where the rain leaked.

Using the dim light, she checked the house, and there were at least ten places leaking rain.

She hurriedly found a water basin and bucket, and hurriedly placed it in the leaky place to collect water.

At this moment, the screen of her mobile phone on the bed lit up, and a message came in.

<https://novelebook.com/when-his-eyes-opened-bd2388.html?dev=tl>

.....

At the same time, outside a store in the city center.

“Wow! It’s raining so hard! Brother, didn’t we bring umbrellas?” Layla looked at the continuous rain in front of her, and pulled her brother’s jacket with her little hand.

Bodyguard: “There is an umbrella in the car. But there is only one. I will carry Robert to the car first, and then I will pick you up.”

After the bodyguard finished speaking, he took off his jacket and wrapped Robert.

<https://novelebook.com/when-his-eyes-opened-bd2388.html?dev=tl>

Robert was tightly wrapped, only revealing a pair of big, dark and shiny eyes.

Before he could resist, the bodyguard gave him a ‘whoosh’ and ran towards the parking lot with him in his arms.

“Brother, let’s run over too!” Layla wanted to try the rain.

Mainly because her brother was by my side, she was happier, and she wanted to drag her brother crazy together.

When the time came to get wet, her mother would not just say her.

While Hayden was thinking, Layla had already taken his hand and rushed into the rain!

“Brother! I’m so happy! I’m so happy in the rain! It’s even more fun to be in the rain with my brother!” Layla exclaimed excitedly in the rain.

Hayden was angry and helpless: “Don’t cry if you have a cold tomorrow!”

“What’s the point of crying when I have a cold! Just take medicine when I have a cold! You thought I was a child! I’m all grown up!” Layla didn’t care.

Over in the parking lot, the bodyguard put Robert in the car, checked that he was not wet, and was relieved when he heard Layla's scream.

The bodyguard took the umbrella and turned his head, seeing Layla and Hayden running in the rain, the expression on his face suddenly turned to stone.

The brothers and sisters ran to the car, and Hayden immediately helped Layla into the car first.

"Didn't you two wait for me?" The bodyguard looked at them both soaked and their heads were big, "Hayden, Layla is ignorant, why are you letting her come around? If you two go back like this, I'll be scolded must."

Layla wiped the rain off her face with a tissue, then handed the tissue box to Hayden.

"My mom isn't at home. She won't be back tonight!" Layla still had a smile on her face, "I took my brother to the rain. If mom knows, don't say it was my brother who took me. It's raining."

The bodyguard was speechless and choked: "Let's go back first! If this happens next time, I'll understand who to take away first."

Layla pouted: "Occasionally it's okay to rain. I don't get the rain every day. I'm sure I won't catch a cold...Ah!"

Bodyguard: "..."

The bodyguard immediately turned on the heating in the car to the highest level.

Half an hour later, the car stopped in the front yard of Foster's house.

Before Layla opened the door, she saw her mother through the window.

## WHEN HIS EYES OPENED

## Chapter 2224

“It’s over! Mom is at home!” Layla screamed.

Seeing that Layla was afraid, the bodyguard couldn’t help laughing: “What are you afraid of, you throw the pot on your brother.”

“I don’t want it!” Layla frowned, “Besides, even if I say it was my brother who took me in the rain Yes, do you think my mother will believe me?”

“Then you can only be scolded.” The bodyguard gloated a little, but didn’t dare to be too obvious, “But don’t worry, I’ll be scolded with you.”

Layla took a deep breath, pushed open the door, and got out.

The rain was a little lighter now.

Avery and Mrs. Cooper came out to pick them up with an umbrella.

As soon as Robert saw his mother and Mrs. Cooper, he burst into tears.

<https://novelebook.com/when-his-eyes-opened-bd2388.html?dev=tl>

“Mom, I’m hot... I’m going to die from the heat woo woo woo!” Robert’s face flushed with heat and tears welled up.

Avery heard her son’s cry and immediately ran to the door of the car.

Hayden untied Robert from the child safety seat, took him out, and handed him to his mother.

The bodyguard slapped his head sharply!

<https://novelebook.com/when-his-eyes-opened-bd2388.html?dev=tl>

Just now, he was afraid that Hayden and Robert would freeze, so he turned the heating in the car to the highest level.

But he forgot to take off Robert’s coat!

Robert was wearing a thick down jacket and blowing the heat all the way, could he not be hot?

When Avery took Robert into her arms, she thought she was holding a ball of fire.

She didn't have time to see Layla and Hayden, and immediately went into the house with Robert in her arms.

"Baby, why are you so hot?" Avery didn't understand what happened, "could it be a fever?"

Avery took Robert into the house and immediately took off his coat and sweater.

The little guy's autumn clothes were soaking wet!

Avery's strings were tense, he took off his autumn clothes, and took a blanket on the sofa to wrap his son.

"It's hot in the car... It's dead hot! Woohoo!" Robert's eyes were hazy with tears, and he was very aggrieved.

At this time, the bodyguard, Hayden and Layla entered the house.

Avery saw that Layla and Hayden's coats were wet and guessed what happened.

"Miss Tate, this is what happened." The bodyguard was going to report the cause and effect to Avery.

Layla walked quickly to her mother's side, and touched Robert's head with her little hand: "Brother, don't cry. We didn't mean to heat you. Your sister apologize to you, okay?"

## WHEN HIS EYES OPENED

## Chapter 2225

Avery: "Layla, keep your voice down. Your father is fine for the time being. But he is still relatively weak. So I can't take you to the hospital to see him tonight. I'll take you to see him tomorrow."

"But I want to see him now!" Layla hurriedly pulled her mother and ran towards her room, "I'm going to take a shower soon..."

Avery: "Layla, your dad is sleeping now. We won't be going tonight."

"Then can I go see dad tomorrow morning?" Layla wanted to see dad too much.

"Yes. Then you have to go to bed earlier tonight." Avery took her daughter back to the room. "Also, you can't get wet like this in the future. Mom won't be so worried when it rains in summer. It's easy to catch cold in winter."

"Mom, I'm not cold. My clothes are dry." Layla was wearing a thin T-shirt that had been dried by the heater while she was in the car.

"You and your brother are not cold, but you made your brother cry." Avery sighed, "didn't your brother say it was hot in the car?"

<https://novelebook.com/when-his-eyes-opened-bd2388.html?dev=tl>

Layla: "I didn't hear him say it was hot! If he said it was hot, we certainly wouldn't. It doesn't matter to him."

"Maybe your brother felt sorry for you when you got wet, so he didn't say anything." Avery guessed.

<https://novelebook.com/when-his-eyes-opened-bd2388.html?dev=tl>

Layla thought differently, "I think my brother dozed off in the car and fell asleep. Then he was woken up by the heat when he got home."

Avery felt even more distressed for Robert after hearing what Layla said.

But Layla and Hayden didn't mean to make Robert hot cry, so she couldn't blame them either.

After washing Layla's hair and drying it with a hairdryer, Avery went to see Robert.

Robert had already taken a shower and put on refreshing pajamas, and his spirit had returned to normal.

It was the heat rash that could be seen on the skin of the neck.

"Mom, look!" Robert had forgotten the unpleasantness of being hotly crying.

He slept in the car for a while and was now in good spirits. In his hand he held the toy robot that his brother Hayden bought him and showed it to his mother.

"My brother bought it for me. This robot will transform! It's super cool!" Robert said, picked up the remote control and started to control the robot.

"Robert, wasn't your father sick before? But he's getting better soon. Will mom take you to the hospital tomorrow morning to see him?" Avery squatted in front of his son and discussed with him.

"Okay!" Robert raised his head immediately, his eyes were black and clear, "My brother bought me another gift, I'm going to give it to Dad!"

Robert said, and went to the shopping bag on the side of the coffee table, turned over a toy that resembled a flashlight.

"Look Mom!" Robert turned on the flashlight and shot it on the ground.

Suddenly, a cartoon picture appeared on the floor.

This was Robert's favorite cartoon character.
