

WHEN HIS EYES OPENED

Chapter 2226

Avery thinks in a trance that Hayden and Layla were not gregarious when they were young like Robert, and were unwilling to go to kindergarten and Play with other kids.

At that time, she was very worried about the physical and mental health of the child, especially Hayden, and was reluctant to say more.

Mrs. Cooper saw what Avery was worried about, so she smiled and comforted her: "Robert's age is very normal. It's not that he doesn't play with kindergarten children at all. He also has good friends in kindergarten, but he prefers to play at home. I sometimes take Robert to the community, meet other parents of children, chat with others, there are children who are less in love with school than Robert."

Avery: "It can be seen that it is more lively and healthy."

"Yeah!" Mrs. Cooper said, thinking of Elliot, "Is Mr. Foster completely out of danger? Will there be no more accidents in the future?"

"It should be no more." Avery was not too sure, "Wait for a few more days for him to recover, and then give him a detailed examination."

"I follow you all in fear, and I'm almost scared of having a heart attack." Mrs. Cooper sighed.

Avery: "We will definitely be more careful in the future. After all, we have experienced so many lessons, and it is time to have a good memory."

"Well. You go to take a bath and rest early. I will take Robert to sleep later." Mrs. Cooper said.

Avery: "Okay."

The next day, morning. Avery took three children to the hospital to visit Elliot.

Unexpectedly, Ben Schaffer and Chad were in the ward.

"Why are you here so early?" Avery greeted them both, "It's only after seven o'clock."

"Brother Ben came over last night and stayed in the ward all night." Chad said, "I just here."

"Oh." Avery glanced at the man on the hospital bed.

"That... Brother Ben, since Avery is here, let me take you back to rest!" Chad pulled Ben Schaffer and quickly exited the ward.

"Don't leave in a hurry!" Avery was a little embarrassed. She didn't come alone, she also brought three children, and they didn't need to evade.

"Uh...or else, Brother Ben, go first! You have dark circles under your eyes, you have not slept last night, right?" Chad felt that the ward was too crowded, "Let the bodyguard take you back. I'll come here again and I'll go to work in the company later."

"Okay! I'll come back at night." Ben Schaffer left the ward satisfied.

As soon as Ben Schaffer left, Layla and Robert immediately moved to the side of the hospital bed and stared at Elliot on the bed.

WHEN HIS EYES OPENED

“Don’t say this in front of your children. We will talk about the two of us in private later.” Avery plans to wait After I send the child to school, I will have a good chat with him.

Elliot thought that he could escape, but looking at her appearance, he would inevitably be educated later.

“Hayden, when you come back this time, let’s play for a few more days!” Elliot looked at his son with a peaceful expression.

Hayden looked at Elliot’s sick face, and it was really difficult to confront him.

“You don’t mind me. You mind yourself!” Hayden was not very good at talking to him. Although his words were unpleasant, his tone was not as cold and stern as before.

“Well. Dad really has to take care of himself in the future. It can’t be a burden on you anymore.” Elliot blamed himself.

“Hayden didn’t blame you.” Avery was afraid that he would misunderstand his son, “Since Hayden came back to see you, he naturally didn’t hate you like he did before.”

Avery’s words all fell into Robert’s ears.

Robert was very puzzled, raised his head and looked at his brother: “Brother, why do you hate my father?”

Hayden: “...”

Avery hugged Robert embarrassedly and explained: “Your brother doesn’t hate your Dad.”

“Mom, what you just said, you said that my brother hates Dad.” Robert blinked his big bright eyes, never doubting that he heard it wrong.

Avery: “Brother did hate Dad a little bit before, but that was the past.”

Robert didn’t understand Avery’s explanation.

Robert glared at his brother, staring fiercely.

“Okay, after seeing Dad, you can go to school! Your brother will send you to kindergarten.” Hayden took Robert from his mother’s arms and forcibly took him out of the ward.

Robert howled.

Avery was worried and wanted to go out.

“Mom, take care of dad! I’m going to coax my brother! When I coax my brother, I’ll go to school!” Layla said, looking at her father, “Dad, listen to my mother, I’ll here with you after school at night.”

“Okay.” Elliot watched his daughter walk out of the ward, feeling a little nervous.

Chapter 2228

Of course Elliot knew this. But he was not as nervous as Avery. Haze was also his flesh and blood, even if he lost his life because of looking for her, he will not regret it.

It’s just that he won’t say such things. Avery would definitely be angry if he did.

“Unfortunately,” his Adam’s apple moved up and down, regretting, “after so long, I still haven’t found any news about Haze.”

Avery: "I didn't believe it before, but now, we can't find her, we must accept the reality. "

Elliot listened quietly and didn't answer.

"Elliot, let go of this knot! Life must go on." Avery glanced at him and knew what he was thinking.

Elliot had always been able to do what he wanted and what he wanted to do. He had never been bent over by difficulties, so he would not give up easily about finding Haze.

"Hmm." He agreed. Because he didn't want Avery to worry. He didn't want Avery to continue to suffer because of Haze's incident.

"Want something to eat?" Avery brought breakfast.

Mrs. Cooper got up at three o'clock in the morning to make soup, so that Avery would bring it over in the morning and give Elliot a taste.

"Mrs. Cooper originally wanted to come and see you together, but she didn't sleep all night, just to make soup for you. It is said that the soup boiled on a slow fire is better. I think she is too hard, so let

her have a good rest first." When the insulation box was opened, a strong fragrance wafted out.

Elliot's appetite rose.

He raised the head of the hospital bed and let him sit against it.

About twenty minutes later, Gwen, Tammy, and Jun came to visit Elliot.

They were puzzled when they saw Chad standing outside the door of the ward.

“Avery is inside.” Chad scratched his head, “I’m embarrassed to disturb them.”

“But after my brother woke up, I haven’t seen him yet.” Gwen couldn’t help pushing the door of the ward open when he said this...

In the ward, Elliot was leaning on the bed, Avery was shaving Elliot with a razor in her hand.

“Don’t worry.” Elliot’s voice was very low.

“You don’t know how much Avery has to worry about in order to save your life.” Tammy scolded him, “You are more worry-free than your children. Layla is so good, Robert is so obedient! Not to mention Hayden, he has never made anyone worried.”

“Tammy, don’t talk about it.” Jun gave his wife a wink, “Brother Elliot is being tricked, it’s not Brother Elliot is willing. Don’t mention the past.”

Avery came over from the bathroom, opened the insulation box, and took out a bowl of soup with a spoon.

She sat down beside the hospital bed with a soup bowl, intending to feed Elliot.

“Actually, when I first heard that he took the device out of his head without telling me, I was really angry. I had already thought about how to scold him when I saw him. Besides, it would definitely be annoyed if I scold him. He must be beaten up.” Avery said cruel words in the calmest tone, “But the magic is, as soon as I saw him, I was not angry.”

A layer of cold sweat broke out on Elliot’s back.

He just thought she was going to scold him in front of them, and then beat him again.

“As long as he’s alive, everything else is trivial.” Avery scooped a spoonful of soup and fed it to Elliot’s mouth.

Elliot immediately opened his mouth and drank the soup she fed.

The soup was very fresh and not greasy at all.

“Avery, you’re right. If Brother Elliot dies, you can hate him and scold him, and I want to scold him with you. But Brother Elliot is not dead, not only is he not dead, but he is fine. Isn’t that a good thing? We don’t need to be angry.” Jun agreed.

“Sure, if he dies, who will I scold for.” Avery couldn’t help laughing.

“Avery, you are reluctant to scold him now, and you will be reluctant when he is discharged from the hospital.” Tammy added, “He looks too weak now. If it were me, I would be reluctant to teach him now.”

The corners of Jun’s mouth twitched when his wife spoke too openly!

“Tammy, aren’t you going to work today? I’ll take you to the company!” Jun took his wife and walked out the door of the ward.

Now that Jun saw Elliot, he felt relieved.

“I made an appointment with Gwen to go shopping today. You have to go to work and go there yourself!” Tammy pushed Jun away and walked to Gwen’s side.

“Avery, then we won’t disturb you.” Gwen was very happy to see the two of them loving each other so much.

“Well, let’s go play! By the way, for your wedding with Ben Schaffer, you can just notify us directly when you have set a time. Even if Elliot can’t attend, I will bring the children to participate.” Avery said.

Gwen: “Okay. Ben’s parents want us to hold the wedding on New Year’s Day, but I think we have more time to do it before the Spring Festival. And I have a lot of work on New Year’s Day.”

Chapter 2230

Gwen thought Tammy’s proposal was great. However, it might be more difficult to implement.

Now only the two of them knew about the plan, and they had to pull in the others to help.

Gwen: “I’ll go back in the evening and talk to Ben to see if he agrees.”

“Gwen, you have to look at his face? You two are not married yet! You must let him listen to you.” Tammy said With the attitude of the person who came over, she taught her the experience, “You must be ruthless with men. Avery and your second brother Elliot are the best examples. Your second brother used to be crazy, but now he is not firmly in the palm of Avery’s hand.”

Gwen said jokingly: “Was it held by Avery in the palm of her hand? Avery not only shaves him personally, but also feeds him soup. If Ben Schaffer was lying on the hospital bed, I would not have the patience! It’s not that my hand is broken and I can’t move.”

“Cough Cough! What if Ben Schaffer doesn’t help?” Tammy was afraid that the plan would be ruined.

<https://novelebook.com/when-his-eyes-opened-bd2388.html?dev=tl>

“He shouldn’t help? We were helping Avery and my second brother. After all, their previous wedding was indeed destroyed. If I were Avery, I would definitely feel very sorry. If I can make up for this regret and don’t worry about yourself, Avery should be very happy!” Gwen thought about it from Avery’s standpoint, and felt that it could be done.

Tammy: “If you do it well, you will be happy. If you do it badly, it will be another matter. So it’s definitely not good if it’s just the two of us. You go back to discuss with Ben at night, and I’ll discuss it with my husband.”

<https://novelebook.com/when-his-eyes-opened-bd2388.html?dev=tl>

Gwen teased: “Tammy, do you still need to discuss with your husband? Aren’t you in charge of your family?”

Tammy’s cheeks were hot, and she held her head high and said, “Of course my family is in charge of me. I’m Go back and arrange work for Jun.”

Gwen: “Hahaha! In fact, outsiders can tell at a glance that your husband listens to you very much. The main reason is that he doesn’t seem to have any opinions, while you seem to be very smart and very thoughtful.”

“Gwen, you’re really accurate. But my husband is not indifferent to anything.” Although Tammy liked to shout at Jun but her love for him had never changed.

When something bad happened, Jun’s parents objected to the two being together. If he hadn’t insisted on being with her, They would have long since separated.

Gwen: “There’s such a thing! Then I’ll have to look at Brother Jun in the future.
