

The Charismatic Charlie Wade Chapter 3886

Moreover, there is another key point. Zhan has been in China for many days.

She entered the country earlier than the time she let Liam take the Magical Pill to the United States, and even earlier than the time when Ji Qingtang announced the auction of Rejuvenating Pills.

In this way, Charlie could completely rule out the possibility that Zhan came for Magical Pill, because when she entered China, Magical Pill had not yet come out.

Roughly speaking, it seems that Rejuvenation Pill can also be excluded.

But the reason why Charlie did not immediately exclude the Rejuvenation Pill was that the Rejuvenation Pill had actually been out for a long time before the news of the auction was announced.

Mr. Moore, Travis Lane, Don Albert, Orion Exeor, Orrin and even the old queens of Northern Europe have all taken rejuvenating pills.

Maybe Zhan had heard of Rejuvenation Pill before this auction!

Therefore, after Stephen Thompson's feedback, Charlie's speculation on Zhan's true motives was narrowed to two possibilities.

The first one is because of the identity of Wade family Young Master;

The second is because of rejuvenation pills.

Of these two possibilities, Charlie preferred the latter.

Because, although the identity of the young master of the Wade family is deeply hidden, this identity does not have any practical benefits for many people.

Unless they are enemies with the Wade family, they will be interested in digging into their own Young Master Wade family. Otherwise, for the vast majority of people, knowing that they are Young Master Wade family has no real benefit to them. It is impossible to go all the way to Aurous Hill for gossip.

Therefore, Charlie began to focus on rejuvenating pills for reasons.

He discovered that the first stop for Zhan to China was not Aurous Hill, but Eastcliff.

This proves that if she came on the rejuvenation pill, then the source of her information on the rejuvenation pill must be inseparable from Eastcliff.

There are two people who have taken Huichun Dan in Eastcliff.

One is Orion Exeor and the other is Gu Yanzhong.

The possibility of Gu Yanzhong leaking the news is zero, while Orion Exeor...

When the deduction reached this point, Charlie's inspiration suddenly flashed!

He thought that a few days ago, he had asked Orion Exeor to help spread the news of Rejuvenation Pill among the wealthy circles in North America, so as to warm up the Rejuvenation Pill first.

As a result, he immediately found the record of his call with Orion Exeor. The time of the call was only twenty hours earlier than the time when Zhan entered Eastcliff.

It will take at least twelve or three hours for Zhan to fly from the United States to Eastcliff.

Adding the time to prepare the plane and the time to go to the airport to go through customs and board the plane, the whole journey will take at least 15 hours.

This means that as soon as Orion Exeor spread the news, Zhan immediately set off to China!

These two time nodes were so coincident, that Charlie completely eliminated all other possibilities one by one, and firmly believed that Zhan was close to his goal in order to rejuvenate!

Realizing this, Charlie was even more surprised. He couldn't figure out how Zhan gradually focused the clues of the rejuvenation pills on himself.

Because he knows very well that Orion Exeor cannot reveal his identity to the outside world.

Moreover, if Zhan had known that the Rejuvenation Pill was related to herself, then she would have been to Aurous Hill. The reason why she was delayed in Eastcliff for so long was precisely because she did not know whose Rejuvenation Pill was in. inside.

In addition, Zhan arrived in Aurous Hill just after Ji Qingtang announced the news of the Rejuvenation Pill auction.

This also means that before Zhan came to Aurous Hill, he didn't know that the Rejuvenation Pill was related to him!

Thinking of this, Charlie couldn't help sighing secretly: "This Zhan, what method did he use to find me in just a few days?!"
