

The Charismatic Charlie Wade Chapter 3896

As she said that, she couldn't help sighing, and said with emotion: "souna and I are wives. We are both the daughters-in-law of the Wilson family after suffering for eight lives, so we both feel sorry for the same illness..."

Speaking of this, Elaine said sadly: "Hey! Sister-in-law is worse than me! She is so old and she was pregnant and miscarried. It is really hurtful, so I want to ask her to come out and take our new car out to relax. , I can feel better this way!"

Christopher listened to Elaine pretending to say so much, especially when souna had a pregnancy miscarriage, suddenly became angry, pointed at Elaine, and cursed furiously: "Elaine, you...you...you bastard Egg... You know that souna ran away a long time ago, and he came here to humiliate in every way... smashed you to death!"

With that said, Christopher was about to smash the crutches under his armpit to smash Elaine's dog's head.

Seeing Christopher about to smash himself with a cane, Elaine suddenly broke into a cold sweat.

Leaving aside whether he could hit him by Christopher, the boss like Cullinan stopped here, and Christopher could easily smash his crutches on this car.

Elaine feels that this is a car worth more than ten million. If it really breaks down, how can his family have the money to repair it?

I also said that I can make do with it without repairing, but if the glass is broken, I can't wrap the window with plastic sheet, or use scotch tape to paste the window like a spider web, right?

I finally got a luxury car. If I get injured again, wouldn't it mean that I didn't cry without tears?

At this critical moment, Mrs. Wilson hurriedly took a step forward, grabbed his arm tightly, and blurted out and shouted: "Do it often, you can't do it! Never do it! You don't think about it for yourself, too. I have to think about it for me and Hailong! If you smash this, how will our family live..."

When Christopher heard this, tears of humiliation shed suddenly, and he choked up: "Mom...I don't have to fight against you, but Elaine is really deceiving people too much!"

Old Mrs. Wilson grabbed the crutches and said in grief: "Tolerate the wind and waves for a while and take a step back to broaden the sky!"

Christopher was silent for a moment, finally let out a long sigh, and threw the crutch to the ground.

Seeing Mrs. Wilson stepping in to stop Christopher, Elaine was relieved. Then she said to Mrs. Wilson: "Old lady, I have known you for almost 30 years, and you finally did something today!"

The old lady felt humiliated, but she could only say to Elaine: "Elaine, our family can't offend you. I beg you, my old lady, don't come back to make fun with our family..."

Elaine didn't expect that the old lady, who was always arrogant and even obliged to report, would take the initiative to bow her head to herself. This made her a little bit astonished at once, but she didn't know how to respond.

At this time, she saw two people walking towards each other under the street lamp, and she subconsciously glanced at it, and blurted out in surprise: "Mom, souna?! You... why are you back?!"

Christopher didn't see the two of them. Hearing Elaine mentioned souna again at this time, the anger that was finally persuaded by Mrs. Wilson just now broke out several times!

He scolded furiously: "Elaine! You are really a fucking dog that can't change eating shit! I did fight with you today!"

After speaking, she picked up another crutches and was about to throw it out. The old lady hurriedly hugged the crutches, and said loudly: "Do it often! Impulse is the devil!"

Elaine was anxious at this time, pointed at the evasive figure not far away, and said loudly: "Christopher, take a look! It's really souna's return!"

When Christopher saw it, he suddenly felt that his blood was like a pierced oil well, rushing to the sky with a thud.

He looked at the familiar figure and scolded angrily: "F*ck! souna! You really have the face to come back!"
