

# The Charismatic Charlie Wade Chapter 3996

And this guy didn't dare to run into his store, but first ran out of the mall in the opposite direction, and then made a big circle from the outside before returning to his store.

And the mother holding the baby couldn't chase him at all, so she could only let him run away.

Back in the store, Vivian was out of breath. Before she could catch her breath, she saw all her colleagues crying and crying, as if they had lost a million.

Especially the owner of the store, the red eyes are just crying.

So he hurried forward and asked, "Manager, what's the matter with you? What's wrong!"

The store manager looked at him, and angrily stepped forward and kicked him to the ground, angrily cursed: "Wang Dalong! You f\*cking bastard! I was hurt by you this time!"

When other colleagues saw him coming back, one by one immediately became angry. Several male colleagues rushed up like crazy and punched and kicked him.

Only a few people yelled: "Damn, Wang Dalong! You f\*cked the whole store! I'll kill you!"

"Grass, I want to get rid of all the fangs! Kill him!"

Several female colleagues were not to be outdone, and even grabbed two hands on his face when they saw stitches. One of the female colleagues hysterically shouted: "Wang Dalong, you ruined my wife's career! My wife is fighting with you!"

Wang Dalong is Vivian's real name.

Don't look at their stores, all of them have small English names, such as Tommy, Helen, Elizabeth, five people and six foreigners, but they really took out their ID cards, such as Lijuan, Jianguo, and Xueqin. , Riches and honors, countless.

At this time, Wang Dalong was punched and kicked by everyone, and he slapped his head and rolled on the ground while shouting: "God help! Why are you hitting me! Did I provoke you or provoke you?"

The assistant lowered his body, grabbed his collar, and hit his door with a fist, causing the nosebleeds from both of his nostrils to flow, and he cursed: "You have a f\*cking face to ask! The French headquarters just sent an email. Yes! Just because you f\*cking brazenly increased the distribution quota, the French headquarters informed the entire group of our store and all our real names, and fired us on the spot because of our lack of professional ethics and touching the red line of the group. !"

"Moreover, even the store is required to be closed immediately, ready to wait for the collectors to check the goods, check the accounts, and then officially withdraw the store!"

"Half of the world's luxury brands are in the hands of the group. Now we are notified by the whole group that no luxury store will hire us anymore! All of us are killed by you!"

Wang Dalong was completely dumbfounded, completely ignoring the pain, and blurted out: "The manager, I was wronged! I didn't let him match so many orders for today's order, but he himself wanted so many..."

The store manager smashed his face with a fist again, cursing: "You f\*cking have a hard-headed mouth! It's just that you f\*cking see the money! That bag has never been distributed in our store for more than 300,000! You! If his mother is really a bit hard to count, why don't you tell the customer clearly and tell him only 300,000 yuan is enough?!"

“I...” Wang Dalong was stunned for a moment, and then hesitated and said: “I...I didn’t think I could just make more money... and it was his own willingness, I wouldn’t say anything. Money can’t make ends meet...”

Speaking of this, he remembered about Porsche, and hurriedly asked nervously: “By the way, the store manager...The group fired us, what about my commission this month? It was sent to me directly when the resignation procedure was completed. , Or wait until next month and pay this month’s salary together?”
