

## Chapter 2195

"Will you be unhappy when I mentioned Song Rong?" Lin Fanyue suddenly turned his head to look at him.

"I don't know if you mentioned him or not. I still care if he has one. I haven't forgotten the harm he brought you." Song Qingrui bent over and kissed him on his forehead. Let's go to accompany Yueyue again."

Lin Fanyue found that there was a kind of magic in this man, and it would be very easy to be with him.

Obviously everyone is the same age, but she has always been tolerated.

Lin Fanyue visited his room while Song Qingrui was cooking.

At 12:30, there are two dishes and one soup. There is soup. The seafood soup has fresh shrimp, clams, shiitake mushrooms and vegetables, a steamed turbot and home-cooked vegetables. There are no vegetables. There are single varieties. Inside are lotus root, fungus, guardrail, carrots.

Lin Fanyue is used to eating chicken, duck and fish meat during these days. He comes to a bowl of sour and spicy seafood soup and has an appetizer. "This is a bit like Tom Yum Goong soup."

"Well, when I was studying abroad, I learned from a roommate from country T. I changed it a little bit to suit the taste of Chinese people."

Song Qingrui served her a bowl of soup.

Yue Yue in the cradle yelled when she smelled the scent, although she could not eat it.

"Don't rush to have you too."

Song Qingrui took a baby bowl from the kitchen with some orange-red rice paste in it.

"This, what?" Lin Fanyue didn't feel relieved that you Yueyue, even though she can eat a little rice cereal now, she can't eat it indiscriminately.

"Don't worry, I asked my friend to bring back rice cereal for me from abroad, which is suitable for her to eat this month, or I added some carrot juice in it."

Song Qingrui put on a small bib to Yueyue and hugged her to feed her skillfully.

After taking a sip, Yueyue seemed to like to have eyebrows open and smile, and every time she came over, she would take the initiative to open her mouth.

Lin Fanyue felt that she would not be so cooperative when she fed her water.

She was full of emotions when she watched this scene.

In the past, Song Qingrui would often visit Yueyue when he was not busy, and he would feed her milk, drink water and play with her.

But they hadn' t dated at the beginning. Now it' s different. With him, her boyfriend has him and treats her child as a daughter. She is very touched and a bit complicated at the same time.

"You eat first." Song Qingrui reminded.

After Yueyue was full, Song Qingrui didn't put her back into the cradle. She hugged her while eating.

After the meal, he put the bowl in the dishwasher, and then played with Yueyue for a while, and Yueyue fell asleep in his arms.

After he put Yueyue in the cradle, Lin Fanyue whispered, "You are so kind to Yueyue."

"Why are you jealous?" Song Qingrui hugged her from behind.

"It's not how I could eat my daughter's jealousy." Lin Fanyue looked down and said, "Yueyue is not, your biological daughter."

"She, my little niece has children, and the woman I love has children, so I will naturally like her too."

Song Qingrui turned her body around and looked at her intently with gentle eyes.

Lin Fanyue and him looked at each other for a few seconds, and her cheeks were unnaturally hot.

## Chapter 2196

I want to say something but I don' t know what to say.

The ambiguous atmosphere became stronger and stronger. Song Qingrui chuckled softly, helped her to kiss her, and kissed her into her mouth.

The kiss was slow and gentle.

At first, he carefully allowed her to adapt to the changes in the relationship between the two.

Later, I gradually became acquainted with him holding her and sitting on the sofa with his fingertips flying through her hair and kissing patiently for a long, long time.

Afterwards, two of them sat together and watched a movie. They didn't return to the presidential palace until dark.

Lin Fanyue was in a good state at a company meeting the next day.

Jiang Qingxin deployed his new year's strategic plan. "Everyone, before this, Olanheng was the largest makeup brand in China. However, with the series of crises encountered by Olanheng last year, all major, medium and small brands are now working hard to move up. For Yuexinyan, this is an opportunity. Therefore, our goal this year is to replace Oulanheng and become the largest cosmetic brand in China."

The senior officials had expected Jiang Qingxin's ambitions to be there, but they

were still in an uproar when they heard it in person.

, The manager asked, "Is Jiang always set this goal too high? Oulansheng has not only cosmetic brands, but also shampoo, skin care and other products, but our company's products are currently relatively single."

"Yes, although President Lin's team developed it very quickly, it took a year to do it."

"So we want to buy."

Jiang Qingxin stood up and asked Zeng Han to call up the information on the big screen. There is "I am the target of the acquisition. There are clouds in the country I want to have their company's natural plant toiletries. They are not bad, and they are also old brands. Something went wrong with the strategic plan in recent years."

The manager of the marketing department boldly questioned: "This brand was really good in the early years, but the sales volume in recent years has not been very good. Domestically, the company has considered it, but after making various budgets, it has found that it will lose money. give up."

Jiang Qingxin didn't say anything but just looked at Ruan Yan.

Ruan Yan is also a shareholder of the company. There are very few who usually appear, but she still has to attend the New Year's regular meeting.

Ruan Yandao, "We can make low-key acquisitions in the first half of the year, and then find some active platforms for young people to cooperate with a. Bloggers. This group of people will then drive the domestic purchasing agency. The reputation of

thinking is naturally spread. I am in the entertainment industry. Some people are familiar with these things, and if there are contacts in the second half of the year, we can announce the acquisition of Yunxiang in a high-profile manner and then find celebrities to endorse them."

"Then the cost of these platforms."

"Naturally, friends who have a network of people who can't spend much money and have endorsements can also get the friendship price."

" "

After a meeting, some high-level people left one after another. Lin Fanyue has already fallen in love with Jiang Qingxin and Ruan Yan. "When did you two discuss so many plans? It's too powerful."

"When your nanny is talking about love."  
Jiang Qingxin glanced at Ruan Yanyou with a low smile. "But I'm also quite surprised that I didn't expect the shopping malls, Ruan Yan, you know well."

"There are dozens of my endorsements who often have to contact those advertisers."

Ruan Yan looked down and took a sip of hot coffee.

She is actually better than what everyone knows, and even the first contact with the business world is there, but the fate is arranged. Now she can only be an entertainer. Once she shows her commercial talents, it is easy to doubt her identity. .

"Well, now there are only three of us left. We have negotiated about the company, and it's time to talk about our revenge plan."

Jiang Qingxin suddenly said with a smile as soon as the conversation turned.

Lin Fanyue and Ruan Yan looked at her at the same time.

## Chapter 2197

"You won't forget Ning Lexia." Jiang Qingxin blinked mischievously, "It's time to clean up her a little bit after making her jump for so long."

"I heard that she will have a wedding with Song Rong the day after tomorrow, and how do you want to clean up." Ruan Yan's hand holding the cup pressed slightly.

"Qing Qingyou said before that you should find a better man than Song Rongshi to hook up with Ning Lexia." Lin Fanyue said expectantly.

Ruan Yan frowned and said, "Ning Lexia is not afraid. A fool has her now disabled and disfigured. Suddenly it is a high-quality man who seduces her and she will doubt it."

"So I have to restore her self-confidence first."

Jiang Qingxin smiled and said, "After Ning Lexia's disfigurement, Song Rong went everywhere looking for someone abroad to heal her face, hands and feet. It takes time to have her face, and I specially arranged it a long time ago. A top cosmetic surgeon from abroad slowly approached Song Rongshi and Song Rongshi was so generous. It was so generous. It took a huge price to ask that master to repair Ning Lexia's face. Ning Lexia should be able to recover on the wedding day. There was even her. His face should be more beautiful than before."

"what."

Lin Fanyue was taken aback, "Qing Qing had you and she changed her beauty to Ruan Yanke, and she finally got her."

Ruan Yan squeezed her brows together tightly and said nothing.

Jiang Qingxin looked at her and said, "Ruan Yan has the right time to give a little sweetness and has the ability to truly put a person to death. Don't you worry? This time I will let Ning Lexia have nothing to do and we don't have to do it ourselves. It's enough to add fuel to the flames."

"I understand what you think." Ruan Yan lowered his head and let out a long sigh of relief. "If you want to get her into the set, you have to throw some bait first. You are better than me."

Unlike her own one, she wanted to kill Ning Lexia with her own hands in an extreme way.

She had a knife hidden in her heart, and she wanted to use that knife to make Ning Lexia a little bit worse than life.

But Jiang Qingxin used the knife to kill.

In fact, this is better. After all, it is not worth it to put your own life in for people like Ning Lexia.

Jiang Qingxin's red lips moved slightly. She is more powerful than Ruan Yan. It is not Ruan Yan's turbulent hatred. That's why she can rationally set the game.

In fact, she didn't understand why Ruan Yan hated Ning Lexia so much. Is it because of Ning Xiaoxiao?

"Is Qing Qing ready to seduce Ning Lexia?"  
Lin Fanyue asked suddenly.

Jiang Qingxin posted a photo with "The second master of Hamel Company from country x has the Chinese name Yu Gaoze."

Lin Fanyue and Ruan Yan picked up the photo and saw that the man in it was in his thirties, he had a nice suit, short blond hair, good facial features, and a silly look.

Ruan Yan's heart moved slightly, "As far as I know, Hamel is abroad. Although the world's top 100 companies have successors, the young master has but this second young man should also be very rich. It is rumored to be more than 300 billion. Net worth."

"Yes, although Yu Gaoze did not take over the Hamel Company, he has the property left to him by the family, which will last a few lifetimes. Anyway, it is much better than the current Song Rongshi. Ning Lexia has stayed abroad before. I must have heard of him."

## Chapter 2198

Jiang Qingxin smiled and said, "You said that such a man wants to show up next to Ning Lexia. What is a little bit interesting for her. Did you say that she wouldn't be ready to move?"

"Definitely." Lin Fanyue was excited when he thought about the plan. "Just like Ning Lexia's kind of personality, I guess she dislikes Song Rong very much now. When did she have Qingqing, where did you find this? Does a man have Yu Gaoze willing to cooperate with you?"

"Don't worry if you have him and Cang Yan. If you have a good friend, he is willing to help. As for the favor, let Cang Yan pay it back." Jiang Qingxin smiled and said yes. Yes, and I also found the top psychologist

and told him that preventing hypnotism is a trick."

"Qing Qing is very thoughtful with what you think." Ruan Yan was also full of praise.

"Ning Lexia might really be able to use hypnotism in order to make Gao Yu so desperate."

"No, it may be, but it will definitely be."  
Jiang Qingxin is full of certainty. "Now it is Ning Lexia's legs and hands are inconvenient. She has no confidence that the only way to make Yu Gaoze fall in love with her is to use hypnotism."

Lin Fanyue laughed and said, "I'm so looking forward to it. I look forward to it when Ning Lexia gave Song Rong a cuckold."

After the meeting, Lin Fanyue returned to his department.

Ruan Yan didn't rush to leave. She was rubbing in the elevator for a while until Jiang Qingxin came over and said, "You send a message and let me wait for you alone. If you can't take it seriously, I will say yes to you."

"I just told you that the plan has an imperfection that is actually returned is that there is a loophole that requires your help."

Jiang Qingxin looked into her eyes.

"You said that I will do it." Ruan Yan knew that the loophole might not be common, but it was still there, so he calmly said something.

Jiang Qingxin is beautiful because she pursed her lips for a while and she said, "I told you that next time you meet Song Rong, it's time to tell her that there is Ning Lexia. You can rest assured that the kidnapping is

over. You suddenly said it. When there is Song Rong, you can't record the sound. Even if he knows it, you can't do anything about it. And I believe Ji Ziyuan should clean up all the evidence for you."

Ruan Yan Yizhen's deep darkness is the complex and unnatural in his eyes, "So you know it all."

"Recently, when you stayed in Beijing, it's more time. It's harder to make an appointment than usual. It's time to have a meal with you occasionally. It's time to see people calling you. You always avoid us. But your eyes are I can see if I am impatient. Last time I accidentally saw a hickey on your body."

Jiang Qingxin lightly sighed, "Something is still happening. I guess it was the day when you kidnapped Ning Lexia. Ji Ziyuan went to

inform Fanyue that he knew that everything happened. Ji Ziyuan didn't. A kind man had him. Suddenly protecting you and even fighting against Song Rong is absolutely not the only thing. Seeing that Huo Xu and I are on the face of him, the only thing he can do is to threaten you."

"Qingqin is as smart as you."

Ruan Yan Qingli flashed across her face and was deeply embarrassed. She squeezed the bag tightly in her hand.

"I have never looked down upon you. I have always been with you. I am a good friend."

Jiang Qingxin hurriedly said, "I even thought about helping you. Ji Ziyuan's methods are too tough. With this kind of person, the more you threaten him, he will only bounce back, the more powerful he will not even listen to anyone. There are people like Ji

Ziyuan who are very cold-blooded. He is probably only interested in you. If you don't get it for a while, you may be bored with him after a while."

"I think so." Ruan Yan smiled and laughed at so many self-deprecations. "Qing Qing has anyway. I am very grateful that you didn't look down on me."
