

Let Me Go, Mr. Hill! by Shallow South Chapters 2233-2234

Chapter 2233

"I've lost weight." Song Qingrui smiled,
"Then I really have to make up for it, let's
make a promise."

"You think it's beautiful."

Lin Fanyue rudely pinched his thigh.

Song Qingrui took the opportunity to hold
that hand, "Look at you, you are about to go
abroad, but you are only concerned that
Yueyue will miss you, not at all worried that
my client will miss you too?"

"We can chat every day, but Yueyue can't do
it." Lin Fanyue felt a little guilty, and as a
girlfriend, she has really neglected him for
the past two days, "You won't even eat a
child's jealousy. "

"That won't happen, I just."

Taking advantage of the red light, Song Qingrui leaned into her ear and said in a low voice, "I will miss you very much."

" "

The man's breath blew on the tips of his ears, and Lin Fanyue's scalp was numb.

"Drive well."

Suddenly she didn't know what language to use to answer him, so she could only endure the shy warning.

"good."

After the car arrives at the airport parking lot.

The two of them unfastened their seat belts and did not rush out of the car.

Lin Fanyue's beautiful teeth bit her lip, and when she was plucking up the courage to

say something, the man in the driver's seat suddenly came over and kissed her lips without saying a word.

Different from the past, this kiss was warm and eager, with deep regret.

She froze for a moment, realizing that when she was going abroad, she really ignored this man.

Not long after the two met, she was about to leave for such a long time, and she suddenly became a little worried about gains and losses.

And the only thing she can do is to respond to him to make him feel at ease.

She wrapped around his neck and slowly responded to the airtight kiss.

In the airtight air, the heavy breathing of the two gradually fermented.

She could also feel his hand restless for the first time.

Everyone was an adult man and woman, her body stiffened for a moment, and soon her face blushed as if dripping water.

The temperature inside the car is also getting higher.

The last thing that broke the atmosphere was her mobile phone ringing.

She hurriedly took the opportunity to push him away, trying to find the phone, but her mind was like a mess, she searched for a long time and couldn't find it.

"Here." Song Qingrui picked up the phone from the footpad and handed it to her.

She looked at the phone, and at the same time she saw his dark and burning gaze. He had changed from his graceful and elegant

appearance in the past. At this moment, his handsome face was dyed with crimson, and his eyes were the eyes that an adult man should have. .

She was startled, suddenly didn't dare to look at him, and quickly answered the phone.

"Manager Lin, have you arrived? I've already arrived at the entrance." The caller was Zhao Sitian, another company colleague who went to country F for training with her. Zhao Sitian is four years older than her and used to be a biological Scientist, and later switched to the field of medical beauty. After Yue Xinyan was established, she was dug over with a lot of money.

Now in Yue Xinyan, she and Lin Fanyue are the two most potential and talented people.

"I'm in the parking lot, I'll be there soon."

After Lin Fanyue hung up the phone, she realized that Song Qingrui was tidying up the messed up clothes for her just now.

Thinking of his restless hand just now, her little face turned red again.

"They're all mothers. It stands to reason that you should have more experience than me, and you blush so easily." Song Qingrui jokingly.

"Who's blushing, is it because your car is hot?"

Lin Fanyue retorted subconsciously, "Besides, I don't think you have poor experience, you see how skilled you are."

Chapter 2234

After speaking, she suddenly felt sour.

He has had girlfriends abroad, and women abroad are very open, so he must have experienced it too.

Forget it, why bother with so much as a married person.

She got rid of the thought in her head, "I won't tell you, I have to go."

"Okay." Song Qingrui got out of the car first and took out her suitcase.

When the two walked side by side, he suddenly said, "It wasn't skillful just now, it was a man's instinct, and I've never eaten pork before, so I've seen pigs run."

Lin Fanyue blinked, and after a long time of reaction, her eyes widened, "Don't be joking, I don't believe it."

"Believe it or not, you'll know when the time comes, and I have to ask you for more

advice." Song Qingrui gave her a meaningful look with his smiling eyes.

" "

Lin Fanyue's mind went blank.

what does he mean.

Insinuate that the two of you will have a relationship in the future?

Or will she have to teach him that day?

When I came back to my senses, I could not wait to get straight into the cracks in the floor.

The rest of the way was silent, but the blush on her face never disappeared.

Until Song Qingrui sent her to the entrance and met Zhao Tiantian, she was still in a trance.

After entering, when she turned around, Song Qingrui's slender figure was still standing there and waving at her.

The dazed feeling about to leave, at this moment, my heart was suddenly filled to the brim.

That's what it's like to have a boyfriend who loves you.

When you leave, there will be someone behind you.

In fact, the capital is not her hometown. She encountered too many unhappy things here, but because of someone, she found that she gradually fell in love with it.

"Wow, your boyfriend's eyes are full of reluctance." Zhao Tiantian said jokingly.

Since Song Qingrui often brought things to the laboratory, and even came to pick her up

several times, colleagues in the laboratory gradually regarded Song Qingrui as her boyfriend.

It is not convenient for her to tell everyone Song Qingrui's identity, so everyone's misunderstanding is getting deeper and deeper.

To this day, Lin Fanyue suddenly doesn't want to explain anymore.

After getting on the plane, she received Song Qingrui's WeChat message: [Have the check-in procedures been completed, have you boarded the plane?]

Lin Fanyue: [Just got on the plane, I'm going to take off later, I have to shut down.]

Song Qingrui: [Remember to report safety to me when you get to country F. I have downloaded several TV shows, variety shows,

and novels for you on the tablet in your handbag. If you have been on the plane for more than ten hours, if you are bored, You can take it out and take a look. 】

Lin Fanyue was startled, but he didn't expect him to be so careful.

Song Qingrui: [And in your suitcase, I added a few more stacks of euros for you. It is more convenient to use banknotes in country F. You can pay for your usual living expenses. 】

Lin Fanyue: [Why didn't you tell me before. 】

Song Qingrui: [I'm afraid you won't want it, darling, it's only natural for my girlfriend to spend her boyfriend's money, and I'll take more cash with me when I go abroad. 】

Lin Fanyue sent an emoji, and finally replied:
[Love you, flight mode, 88.]

After shutting down, she fastened her seat belt and looked out the window with a very sweet heart.

It turns out that enjoying the taste of love is so good.

I usually live together and I don't think that when I have to travel far, I realize that the person around me is doing so well.

After the plane took off, she slept for a while, and after waking up, she chatted with Zhao Tiantian for a while, and it didn't take long before she felt bored.
