Chapter 2293

"Brother Rodney, I'm really busy here. I don't have time to argue with you. I'm hanging up."

After hanging up over there, Rodney clenched his phone tightly with an embarrassed expression.

He doesn't care what Ryan's thoughts are, no matter what, he will not let Freya have the opportunity to be with Ryan.

Besides, it's just a joke.

.....

In the midnight, when Rodney was about to fall asleep, he received a whatsapp message from Sarah: "Rodney, when are you coming back? I figured it out. I hope we can get a divorce.

Rodney was stunned for a moment and felt a little unbelievable.

Will Sarah take the initiative to file for divorce?

He was surprised, and briefly dazed.

Is this Sarah's sincerity, or is she advancing by retreating?

If it was before, he would not have thought complicated about Sarah, but since the video of her cruelty to animals, the image of Sarah in his heart has collapsed.

Rodney called back and asked sarah, "Is what you said true?"

"To you, I don't want to cheat on many things."

Sarah's sad voice came from over there. It seemed especially sad, "Rodney, we met when we were young but unfortunately a lot of things have changed later and things have become

different. I used to be in your mind. The beautiful first love in Australia but I don't know when it started. You don't even want to answer my phone also I remembered everything you said that day."

"These days, as soon as I close my eyes, all those words you have repeated in my mind are in my head. Really, I don't want to do this. But I understand that if the two of us insist on going on like this, you will only hate me more and more. Instead, it's better to get a divorce. I hope that when you think of me in the future, there will be more a little bit of beauty, not ugly and disgusting."

Rodney was speechless for a long time. He felt a sense of relief but also a little bit of remorse.

Was it too much for what he said that day?

Sarah didn't deliberately want to abuse animals, didn't she experience that kind of fatal injury before she acted extreme?

Rodney lived with her but didn't notice her emotions at all and he was also responsible.

What's more, if I want to replace myself, a good healthy person with destroyed of face and there are problems with both hands and feet. If I want him, I am afraid that my mood will change greatly.

"Sarah, I'm sorry... I was in a bad mood that day. What I said... was too impulsive. Don't worry too much about what I said."

"I know, Rodney, no one knows you better than me. you are a soft-hearted person. I have never blamed you, I just blamed myself for being useless and seeing you running around for the company these days, nothing at all. I can't help you, so I figured it out. I was wrong. I shouldn't have tripped you up for divorce. As long as you divorce me, your parents will forgive you and they are willing to help you a little bit. You will be like So hard now."

Sarah took a deep breath and continued to say sadly: "I let go, I hope my love rodney can be so relaxed and happy."

"Sarah, don't say that..."

At this moment, Rodney's anger towards her had vanished and felt guilty, "Then what do you think about after the divorce?"

"I want to go abroad for medical treatment, and I hope my legs can be cured. Besides, my psychological condition is really not suitable for staying and being picked out will actually affect you. Don't worry, if someone asks us about our divorce, I will definitely take the responsibility on myself and it has nothing to do with you."

Chapter 2294

Rodney pondered for a while and said, "Sarah, You don't need to answer these questions. If you go abroad, no one will know you. Alright, but you may spend a lot of money to go abroad for treatment. I will give you a lot of money to ensure that you will have a good life."

"No, aren't you short of money now?"

"It's okay, I owe you this."

After hanging up the phone, Rodney felt a lot more relaxed. Although he felt sorry for Sarah as he really didn't want to maintain this marriage.

After that Rodney wanted to go for Freya and Dani but he knew that he didn't have the qualifications at all as he was divorced.

It's just...he really doesn't have that much money in his hands now.

In the early morning of the next day.

Jessica and Carson went to work. Rodney approached Jason, "Dad, I want to borrow some money from you..."

"Impossible."

Jason waved his hand, turned around and thought go.

Rodney said hurriedly, "Dad, I need 50 million. I proposed to divorce Sarah. We have been discussing this for a while and she finally agreed but she said I would give 80 million. I just got divorced, the company's funds are tight, and I don't have that much money for the time being..."

"80 million?"

Jason laughed and said angrily, "She's worth 80 million just like she is. Also, when you got married, you gave her a lot of money."

"Dad, no the way,"

Rodney smiled bitterly, "she finally let go and I really regret it. I just want to divorce her and I don't want to have anything to do with her in the future."

"You.... you had to marry such a woman back then." Jason's teeth were itchy.

"Dad, please, I just want to get rid of her now. I promise, this is the only time I will borrow money from you and besides, if the real estate in my hands is not sold in a while, I don't need to ask You borrow money..."

Jason looked at the son in front of him with a cold face and hesitated for a long time, and finally let up, "I will ask my secretary for 50 million later and I will ask for it within two days. I saw your divorce certificate."

Although he hated seeing Rodney, he was his own after all. if Rodney could end his marriage with Sarah, Jason wouldn't have to see a woman like Sarah.

What's more, he always felt that the longer Rodney and Sarah got along, the more deeply influenced by Sarah.

"Thank you Dad."

Rodney laughed, "Don't worry, I won't give her the money if she gets divorced."

Rodney breathed a sigh of relief when he left the Snow House.

Of course, Sarah never threatened him but he did it voluntarily. He really didn't have that much money in his hand so he could only borrow it from Jason. If he didn't lie, he wouldn't be able to borrow it.

He admitted that he was sorry for his father but this was what she owed Sarah and hoped that she would have a good life after left him.

After returning to the office, Rodney called his personal lawyer over to explain his divorce.

"When you divorce, give the woman 100 million, and also compensate for a 2,000-square-meter villa and an apartment worth 10 million in country M?"

The lawyer was stunned when he heard his request.

He often helps Rodney and he knows how tight his funds are now, "No, Mr. Snow, Osher Corporation needing so many funds at this moment, you..."

"I've made up my mind, then the time will change. I can get some money back by selling a few Share that I invested in over the years." Rodney said with a frown, "I owe her this."

Chapter 2295

Lawyer was speechless. He didn't understand what Rodney owed Sarah.

Rodney had given so much money during the wedding and there was still a billion and one billion villas and mansions in the divorce. These properties that Rodney invested in were in the best locations and there was a lot of room for appreciation in the future.

He was very generous to Sarah and he was ruthless to his ex-wife and children.

When a lawyer has done things for too many scumbags, it is rare to be as confused as Rodney. But there are some things he can't say.

After all, lawyer and Rodney are not friends, just a cooperative relationship.

"By the way, let's transfer the villa and we live in to her." Rodney added.

" ... "

The lawyer was completely speechless.

Hill's family.

When Catherine saw the copy of the divorce agreement in her hand, she couldn't help laughing and the laughter was mixed with endless ridicule.

"Wife, just scold if you want to. I heard that Rodney borrowed 50 million from Uncle Snow." Shaun hugged her helplessly.

This agreement was copied from Rodney's personal lawyer. The lawyer circle is so large and not to mention his status in the legal world, it is easy to get this information.

To be honest, Shaun really didn't know what to say after seeing the content so he was speechless.

"What's there to be angry about?" Catherine laughed lightly, "I didn't realize that Rodney's brain was flooded today. The more guilty and generous he is towards Sarah, the more interesting it will be when the truth is revealed."

"When are you going to open it up?" Shaun asked curiously, "They plan to divorce tomorrow..."

"I originally planned to open it up on the eve of their divorce." Catherine smiled strangely, "But after seeing this agreement, I plan to wait until they divorce before opening it up."

Shaun frowned, "After the divorce, the money will go to Sarah."

"You still remember when you broke off the engagement with Sarah. Is it?" Catherine glanced at him with a half-smile, "Speaking of this, you and Rodney are worthy of being good friends and they did the same thing."

" ... "

Shaun rubbed his eyebrows embarrassingly and said, "That was his dark history"

Catherine said gloatingly, "Forget it, I don't want to tell you about the past but I remember that you and Sarah later fought a lawsuit over money for a long time. To be honest, two people who were going to get married ended up tearing their faces for money. The appearance is very wonderful."

Shaun: "..."

What can he say, who made his woman so black.

Seeing that he was silent, Catherine gently brushed the collar of his pajamas, "Shaun, do you think what I said is wrong?"

"Yes, especially right," Shaun cheekily agreed, "Sarah and I were at that time. During the lawsuit, Rodney was still helping Sarah and trying to persuade me over and over again. He was trying to get me to give up the money, so I'm looking forward to him getting a taste of my day."

He said so.

In cooperation, Catherine raised her red lips with satisfaction, "You are much happier than Rodney, he will taste a thousand times or ten thousand times more anger than you. As for Sarah, she wants this money, then It depends on whether she has the ability to take this money and leave Australia."

... the next day.

Chapter 2296

In the villa.

Rodney handed the agreement drawn up by the lawyer to Sarah, "Sarah, You said that you want to go to M country for medical treatment. I sent you a villa and an apartment. The location is very good especially the apartment, which is located in the city center. There is still 100 million..., this is the limit I can give you, I gave you all the cash in my hand and I also borrowed 50 million from my dad..."

Sarah said weakly with tears in her eyes, "How could you borrow this money from your father? "No, I can't ask for it, the company is the most important time and you gave me all the money that you have and then what should you do?"

" I have also invested in share market over the years, but I still have money if I sell some shares."

Rodney was secretly moved by her understanding and made up her mind even more. He was married and he at least had to be responsible for her future.

"Okay, don't say it anymore. I've made up my mind. Sarah, take this money and take good care of the disease."

Rodney said, "In addition, this villa is also handed over to you, you can sell it or keep it. I hope When you return to Australia in the future, you will have a place to stay."

"Rodney, you are so kind." Sarah covered her face and wept, "I will never forget you even if you don't love me anymore. I will always love you. In fact, I am really reluctant to divorce you but if I don't let go you will not be happy."

Rodney's thin lips parted slightly and felt very uncomfortable.

Faced with such a woman who loved him so much, he almost said goodbye. But thinking of Freya and Dani, he still gave up.

He was too tired and didn't want to waste it.

Both Rodney and Sarah signed on the agreement paper and hugged each other for the last time and said goodbye at the door.

"Sarah now you can rest at home. By the way, when you plan to go abroad, I'll arrange for someone to send you there..."

"No need."

Sarah quickly lowered her head and said, "I really don't want to bother you anymore. I still have one or two friends in country M. They will pick me up when I get there. I plan to leave when I get the divorce certificate."

"Anyway.If you need any help, you can contact me at any time."

Rodney touched her head, turned around and walked out of the villa. His whole body was relieved.

When he left, he saw a Lamborghini parked opposite of the house but he didn't care much. After all, this is a wealthy area with many villas.

He didn't know. After Sarah went upstairs, she smiled proudly with the check, "One hundred million, it's great. I didn't expect that Rodney would give me one hundred million after divorce."

After she received the check, she couldn't wait to call Garrett, "Darling, Rodney and I have already divorced and I will be able to return to Australia with you in two days, are you happy? "

Baby, Of course I'm happy. I can finally marry you justifiably." Garrett said gently.

"But I'm afraid your parents won't agree with me as I'm a divorced woman..."

"It doesn't matter, my parents always dote on me as long as I insist. they can't do anything about me. Anyway I have to marry you."

Sarah was elated, Garrett was already under her control anyway. if Garrett's parents did not agree, she would abduct Garrett and go to another country and Garrett would be in her pocket anyway. Some of it is money and when you get married, it is the joint property of the husband and wife.

She thinks everything is beautiful and at this moment, she can't wait to go abroad immediately.

...

In the Lamborghini at the gate of the villa, Garrett hung up the phone and threw the phone to the side with a disgusting expression.

He started the car and left here.

Halfway through the car, the phone rang again, it was an unknown call.
