Never Late, Never Away Chapter 1875

Chapter 1875 I Will Believe You This One Time

With that being said, should Larry insisted on acquiring the supermarket, it would be deemed as going a little overboard.

“All right, I’ll believe you this one time,” he said while walking up to Selena.

Selena felt a warm sensation in her heart when she looked at him.

Was he standing up for me?

“You silly girl... Make sure to tell me about these things next time, okay? I’ll make sure to keep you safe.” Larry gently ran his hands through her hair.

If I can’t remind her of the past, then I’ll just start over with her.

“Wow! Selena, is he your boyfriend?”

“You sure did a great job at keeping it a secret!”

A few of the employees asked Selena nosily while Freya glared at her from the side, her eyes filled with rage and hatred and her fists tightly clenched.

Damn you, Selena... What have you ever done to deserve a man this great?

“No, listen to me, I...”

“I’ll treat all of you to a meal someday, okay?” Larry placed an arm around Selena’s shoulder as he cut her off, sending the girls into another fit of excited screams.

Seeing how everyone was looking at them with envy and admiration, Selena hurriedly dragged Larry out of the supermarket.

“What are you doing here, Mr. Norton? Hurry up and go home!” she said anxiously.

Jeez, why is she trying to hide the fact that she's happy to see me? This isn't like Joan at all!

Larry held her by the hand and looked her in the eye as he said, "I won't let anyone bully you."

That was the sweetest and most touching thing Selena had heard so far.

"All right, I'll be heading back now. Just give me a call if anything happens." Larry gave her a pat on the head before walking off.

What is this... Why am I feeling so reluctant to part with him? D*mn it, what on earth has gotten into me?

Selena gave herself a smack on the head to snap herself out of it.

"Are you missing him already, Selena? You could just take the rest of the day off, you know?"

"Yeah! Going on dates is just as important, after all!"

"That's enough, you guys! Come on, back to work!" Selena turned around and waved at the few women who had followed her out.

"What do you girls think you're doing? Get back to work or you'll be getting a pay cut!" Freya shouted at them from inside.

The employees knew better than to make her mad, so they quickly returned to their posts upon hearing that.

"Freya, I know you're very young and hardworking, but... Sometimes you just have to ease up on your subordinates a little. This supermarket belongs to the village, and we can't let it fall into some outsider's hands..." The department leaders lectured her after summoning her to their office.

These department leaders are well-aware of how I bully Selena, but they've always turned a blind eye to my actions... I can't believe she would have a man like that stand up for her! Damn you, Selena... Just you wait, I'll definitely destroy you someday!

Freya thought to herself angrily when she spotted Selena upon stepping out of the office.

It was soon nightfall, and the family was gathered around at home once again. Selena couldn't help but wonder why Larry chose to stick around.

"Grandma, Mom, the school has a parent-teacher conference tomorrow!" Lucius said while looking at both Delilah and Selena.

He knew Delilah would be busy in the garden, and Selena had to go to work at the supermarket.

Both of them placed their cutlery down and exchanged helpless glances with each other.

The flowers in the garden couldn't be left unattended even for a day, and Selena would not be able to take the day off on such short notice either.

"I can go with you, Lucius!" Larry gave the boy an affectionate pinch on the cheek.

"Really, Dad? You'll attend it with me?" Lucius looked at him excitedly.

Selena's jaw dropped in shock when she heard that, much to Delilah's amusement as she watched from the side.
