Chapter 2311

The police stayed for a while.

As someone who works in the Canberra police station, I have deliberately paid attention to the characters of the Snow family on TV and on their mobile phones.

Rodney was looking handsome in the video and his peach-like appearance and figure could kill the other men in the entertainment industry.

Now who would dare to believe that the man full of violence in front of him was the most dazzling successor of the Snow family.

It's just... terrifying.

"Save...Save me."

Sarah desperately crawled to the policeman's side, tugged his trouser legs and then fainted.

The police woke up with a start while calling an ambulance. then took Rodney into the police car.

This is the second time Rodney has been to the police station today.

However, he was fully prepared. After getting in the car, he called his lawyer and arranged for compensation.

After arriving at the police station, the Director(chief of the police station) had a headache when he saw Rodney coming again.

Rodney seemed to be indifferent in the monitor screen as the Director was sitting in the monitoring room and silently sitting on the chair and was looking Rodney.

His mind was full of images of beating Sarah in the villa just now.

Rodney is not a violent man. Apart from the misunderstanding that Freya kidnapped Sarah before and he kicked Freya hard. After that, he never hit any woman.

But today, he is like crazy as all the brutal elements in his bones have been released or maybe it's been too repressed recently.

When his punch fell to Sarah, Sarah knelt on the ground and begged him for mercy and even kowtowed to him which ripped apart all the good things about her first love.

The most beautiful first love he once had in his heart, it turned out to be a fake.

She is greedy for money, bullies the weak and fears the hard and has no backbone.

Later, it was probably useless to beg. Sarah scolded him again and was calling him a waste, useless, stupid.

"Rodney, who made you so stupid, I believed everything what I said. Even I didn't lie to you and you would be lied to by others. There are many women in this world who are scheming and I'm not the only one."

"Rodney, you liked Freya very much. If you like her so much, why can I easily hook you up?"

"I just tempted you casually that night and you wanted me."

"Even if you cheat, you can't blame me. Who made you such a waste? You can't even meet my most basic needs. If I don't go out to find a man then I have to rely on my own hands for the rest of my life.

"Haha, Freya should thank me, it's me, it's me who let him escape from your devil's hand."

"Stop hitting, don't hit me..."

"Uuu... Rodney, I beg you to let me go. I'm dying and I'm so hurt..."

"I'm really going to die, let me go. I don't dare any more..."

"Rodney, I kneel down for you, I kowtow to you..."

Chapter 2312

...

In the evening.

Freya was busy with a work and as soon as she stepped into the dining room of the Presidential Palace, she heard Nathan throwing a tantrum, "I told you a long time ago that you should take care of it. Now it's alright, this day's day-to-day how many baskets have you stabbed for me?"

"Is it because the Snow family is not ashamed enough to be in the capital?"

"A man in the age of 30 is being played around by a woman. If I was him, I would just find a rope and hang it."

He only dared to be so arrogant because of the blood of the Snow family in his bones."

"If you can't control it, let me handle it."

"..."

Freya glanced at the Nathan who was on the phone, was extremely angry.

The last time Nathan was so angry was the rumor that Ryan had an affair with a woman.

She looked at Ryan next to her again, and found that he rarely came back for dinner without overtime today.

She moved over tremblingly and found a chair and sat down, then moved her lips to Ryan, "Who messed with your dad?"

Ryan's eyebrows flashed with surprise, "You don't know yet?"

"Nathan hung up the phone over there and put the phone heavily on the dining table and lost his temper, "I lost my appetite because of that beast."

"Would you like me to tell him, isn't it good? finally let him see clearly. It's over." Heidi said lightly, "He can't see things clearly that anyone with a discerning eye can see clearly. It's alright if he doesn't break his forehead. As long as Sarah makes a fool of himself, he will still believe it next time."

Sarah ...

Freya's eyes flashed and she remembered that Cathy had said a few days ago that the fish was hooked and she was about to start action. Could it be....

The fire of gossip in her heart was raging and she didn't care so much that she tugged Ryan's clothes under the table.

Ryan coughed silently, "I thought you knew."

"I've been in the lab all day, okay?"

Ryan glanced at her parents and a hint of distress flashed in Heidi's eyes, "Freya, are you sure? You know, I'm afraid you'll feel bad when you know it."

"Godmother, I've already thought about Sarah and Rodney." Freya said seriously, " I'm just listening to gossip now."

"Mom, forget it, she will know sooner or later anyway."

Ryan sighed, "Brother Rodney and Sarah successfully divorced this morning. It turns out that Sarah had already cheated during the marriage. In the past two months, Sarah often got together with Brother Rodney and the second young master Garrett of the Hamel Corporation. Today, Rodney happened to be caught in the hotel. Then, the three of them fought and the reporter also got wind of it."

Freya was stunned.

Of course, she knew that the second young master of Hamel's Corporation was arranged.

But she didn't know that she also arranged a scene of catching the r-a-p-e on the spot and even the reporter went.

That picture must be pretty awesome.

Why didn't she go to the scene to take a peek at it, why did she miss it?

"Cough, Rodney was taken away by the police. Later, the uncle took him out and he ran back to the villa, blocked Sarah and beat him. Sarah was knocked out and sent away. When I got to the hospital, fortunately, my dad had someone put things down in time, otherwise it would be a big mess and the consequences would be serious."

Ryan said with a very serious expression.

"B*stard?"

Freya gasped, "Sarah is his heart and he is willing to beat her?" Ryan pursed his thin lips.

Heidi said helplessly: "When the two were discussing divorce, Rodney also borrowed 50 million from his father and was saying that Sarah agreed to take 80 million and then divorced. In fact, Rodney lied to his father and he did it by himself. He advocated getting a 100 million dollars divorce from Sarah, and also compensated for the villas and mansions in the capital and country M. Rodney asked her money to return, but Sarah refused to pay."

"..."

Those voices, Repeatedly echoed in Rodney's ears like a magic sound.

Rodney's eyes finally turned red and tears slowly flowed down the corners of his eyes.
