

Let me go, Mr. Hill Chapter 2355 | Novel By Shallow South

Chapter 2355

Freya thought so much. Her pretty little face wrinkled irritably.

Ryan looked at her and became a little nervous when he remembered what Rodney said he loved her just now.

Freya was very good that she lived outside and her parents were by her side, and Dani had someone to take care of her. She would have a freer world after get off work in the future and there would inevitably be more excellent suitors.

Ryan didn't take Rodney seriously but he wasn't arrogant enough to think that there was no better man in the world than him.

Take Chase, who was at the same table just now, as an example. He and Freya were also fellow villagers, had a successful career, and they are now single....

"What's wrong with you?" Freya asked in confusion when she saw that Ryan suddenly stopped talking.

"It's okay." Ryan shook his head with a smile.

.....

After the banquet, Ryan left with the Pixiu jade in his arms.

Mr. Lynch invited the guests to play in the villa again. Shaun and Eliza had jobs, and finally Catherine and Chase went to play.

In the evening, Mr. Lynch asked Forrest to book a box and let the young people go out to play while Dani watched them.

Freya has not had much fun since she lived in the Ministerial Palace. Now that her parents were taking care of the children, she is relieved and agrees readily.

After dinner, when Freya went upstairs to change clothes, Mrs. Lynch came in with smiling and in a good mood, "I just heard that Mr. Chase broke up with his girlfriend a few days ago and now he is single..."

Freya almost got caught by the zipper, "Mom, what did you want to say?"

Mrs. Lynch said meaningfully: "Chase and our family were both from Melbourne, and the conditions of the Harrison family were also very good. Chase himself was also very self-motivated and looked good. What's even more rare was that this child had a good character and not the kind of young master Snow. I thought you guys could talk quite well, what did you think?"

"..."

what she felt.

She didn't have any ideas, okay?

"Mom, you were thinking too much. Could I treat Chase as a big brother? He just treated me as a friend. Besides, I didn't want to fall in love at all."

Mrs. Lynch said sternly, "Freya, You were still young and couldn't fail in a marriage and fell into a slump. When you get older in the future, you still have to have someone to accompany you..."

"Alright, alright, I understood but didn't think wildly. Chase and I had nothing to do."

Freya quickly slipped away.

.....

After arriving at the clubhouse, Shaun and Chester also came.

Forrest was a restrained and quiet person. Since he came in, he has not even touched the microphone.

Shaun came to accompany Catherine. As for Chester, he was also called by Chase.

At the stage, only Freya and Catherine took turns to be singing songs.

After singing a few times, Freya was a little annoyed, "Hey, you guys are sitting here motionless, come and sing, are you here for decoration?"

"That's right." Catherine said angrily, "What's the point of just the two of us singing?"

"Wife, I don't like singing." Shaun pinched the back of her hand helplessly.

"Forget it, let me sing with you." Chase approached generously and formed a group with the two of them.

After the wine was served, everyone drank, and the atmosphere was much better.

When Chase sang, Catherine praised: "He sings well."

Freya pouted, "You know what my mother said when I came out, she actually wanted to match me and Chase."

Chapter 2356

"Your mother has a good eye."

Catherine said with a tut, "Don't say, if you are not with Ryan, Chase is really a good choice. Among Shaun's friends, I actually admire the most Chase and don't look at his usual talkativeness. He's actually unassuming and approachable and what's even more rare is that when facing Sarah among the four of them, Chase was the only one who was very rational."

"I know that." Freya nodded.

After Shaun's memory was tampered with by hypnotism, only Chase helped to talk to Cathy, and they even seldom contacted Rodney later.

If it was another man, even they thought Rodney, Chester and the others were wrong, in order not to offend these connections, they would turn a blind eye.

But Chase didn't, As indicating that he had a sense of justice in his heart.

All of these were lacking in Rodney, Shaun, and Chester.

Freya sighed sincerely, "I still remember when we were bullied by Rebecca and Cindy, it was Chase who helped us. If there was no Ryan, I might really consider Chase."

Cathy gave her a polite glance, "Don't say it as if you will be with you as long as you think about Chase. He haven't any good feelings for you. Do you see the difference between him and you? "

Is it my good sister who hit me like that?"

Freya pinched her on purpose, and the two laughed together.

Freya didn't stop until Ryan called. She took her phone and went to the balcony.

"It took so long to answer the phone."

Ryan said resentfully, "What are you doing?"

"I was with Cathy and the others in the clubhouse." Freya just finished speaking, Chase's singing suddenly came from inside.

"There was a man who sang very nicely."

"You have a good relationship?" Ryan's tone subconsciously sank.

Freya didn't think so much, "It's okay, Chase helped us a few times when we were in Melbourne before."

She said "we", but Ryan only heard the word "me" in his ears.

"Ryan also chatted with Chase for a while at noon. He was quite a cheerful and humorous person and was looking good."

"Well, yes."

Freya thought he was really praising Chase and agreed.

"Freya, come and sing quickly, I can't sing this duet of men and women alone." Chase's voice suddenly came from inside.

"Oh, good."

Freya responded vaguely, clutching her phone and whispering, "I'll send you a message when I go back in the evening."

.....

A group of people made noise until after eleven o'clock at night.

Freya drank some wine and was still slightly drunk, so Forrest took her into the car.

When Forrest got in the car, Chase said, "Freya, let's sing next time.

You sing very well."

"Okay, no problem."

Freya waved her hand in a good mood.

Chase climbed into Chester's car and planned to go to Chester's place to squeeze and sleep.

"Chase, You have a good relationship with Freya." Chester also drank and sat in the back seat next to him and said coldly, "You don't have any interest in Freya, right? Today I see that the old couple of the Lynch family were also very supportive of you. Passionate."
