Mistaking the CEO for a Gigolo Chapter 1281

Chapter 1281 Dangerous Encounter

Nina felt as if someone had just poured salt onto her wounds. She was in so much pain that she couldn't muster her strength to speak.

She didn't want to go home, so instead, she rushed toward the bar.

The bar was filled with flickering lights and catchy music, but Nina couldn't hear anything. All she could hear was the sound of her heart shattering into million pieces.

After placing her order, she sat down at the dimly lit bar counter. The bartender gracefully prepared her drink and put the colorful cocktail she ordered in front of her.

"Enjoy your drink, miss."

Nina took the glass and downed it in one gulp.

"Get me another one."

The bartender frowned as he looked at her. He had seen countless women getting themselves drunk, but it was rare for a beautiful woman like Nina. "Miss, you should control yourself if you are alone. It would be bad if you get into trouble," he advised.

Trouble? What trouble?

She scoffed and responded, "It's all right. Get me a few more of these." After saying that, she slapped her card down on the bar counter.

The bartender couldn't stop her, so he made her two more drinks.

Just when Nina was about to drink her second cocktail, a few gangsters suddenly walked up to her.

“Miss, can we join you for some drinks?”

“Yeah, we are really good at drinking. We are also good at... fulfilling your other special needs. Why don't you join us in the private room?” said one of the gangsters as they took the opportunity to grope her.

D*mn it! Are they trying to take advantage of me?

Nina raised her head and glared at them furiously. “Beat it! Get away from me!”

“Oh my, we got one with an attitude over here!”

“She's a feisty one. The feisty ones taste the best.”

“That's right. If she doesn't want to cooperate, we could just be more... initiative.”

One of the gangsters grabbed Nina as she yelled, “I'm in a bad mood today! Don't mess with me!”

“Oh my, what an interesting girl. I'm starting to like you a lot—”

Before the gangster could finish talking, Nina grabbed a bottle of red wine behind her and struck the gangster's head. Blood immediately trickled down the man's head.

“D*mn it! How daring of you to hit me, b*tch? Do you have a death wish?”

The other men around her immediately tried to seize her. Nina quickly grabbed another bottle and swung at them. However, the men nimbly dodged her strikes and subdued her.

“Bring her to the room! It's time to teach her a lesson!”

“All right!”

“Let go of me! Let go of me...” Nina tried her best to break free, but she was just a dainty girl. Unable to overpower the men, she was dragged into the private room against her will.

Nina began to feel frightened when she saw the private room door closing.

“What are you trying to do?”

“What are we doing? What do you think could possibly happen between a man and a woman?”

Nina's heart skipped a beat when she saw the perverted looks of the men before her. She began to regret coming to the bar for a drink.

The man before her took off his clothes and grinned. Nina became terrified when the man tried to take off her clothes. "Please let me go! I can give you money!"

"Money? We don't want any money. We want you."

"That's right. Money means nothing. We want you."

Nina's heart was pounding savagely. "I can pay you all a lot of money!"

"How much is that?"

"Any amount you want!"

"Oh my, this is one boastful girl. I don't care even if you pay us one hundred million."

"That's right. No amount of money is enough to replace women. We want you!"

Seeing that money didn't make the men budge, Nina decided to try a more drastic approach. The most important thing right now is to prevent these perverted men from taking advantage of me.

Evan's name had entirely taken the men by surprise. This man is the devil Hades! We can't afford to offend such a big shot!

"Did it scare you? Let go of me now!"

After exchanging a few glances, one of the men said in disbelief, "What is Mr. Seet's daughter doing in such a place?"

"Right? A girl also said she was Mr. Seet's daughter last time, and it turned out that she was lying."

At that moment, Nina's brows drew together. Did someone dare to impersonate Maya or me? Such a daredevil! Nonetheless, I'm the real deal!

Before she could explain herself, the men had already concluded that she was an impostor.

"Quit playing tricks. Mr. Seet does not have a daughter like you. If you don't behave, we will..."

As they spoke, one of them grabbed her shirt collar.

"H-How dare you? I will make sure you suffer worse than death!" Nina shouted in fear.

"Worse than death? Sure, I'd like to see if it's you or us that would suffer."

Looking at the bunch of perverted men acting like starving predators, she felt as if her life was coming to an end.

A soldier can be killed but not humiliated!

Just as she was trying to think of a way out, the door slammed open with a loud bang. Following that, a tall, attractive man in a suit entered.

"Let her go!"

Everyone immediately got their guards up. "Who the hell are you? Why are you poking your nose in someone else's business?"

"It doesn't matter who I am; what matters is that the police will arrive soon. Get lost now if you don't want trouble!"

Upon hearing that, the men were rendered speechless.

They inspected the man who appeared unexpectedly, and they could tell he was a person of status by the way he dressed. Furthermore, he suggested the police, which frustrated them because they didn't want to get in trouble.

After exchanging glances, they said, "We'll remember you, b*stard! You better wish that you don't bump into us again!" Having said that, they left hurriedly.

"Are you okay?" the man asked Nina softly as he stared concernedly at her.

Nina rubbed her wrists that were tied and shook her head lightly. "I'm fine. Thank you."

"No problem. It's dangerous for you to be alone here. Please allow me to send you back."

At that moment, Nina was taken aback. "You came just to save me? How did you find out I'd been kidnapped?"

The man gave her a smile after a brief moment. "Someone told me to save you. Here's my name card."

Nina took the card, and her gaze fell upon his name. "Stephen? You're a translator?"

"Yes!"

"Who told you to save me?"

Stephen was stunned for a moment and replied, "I'm afraid I can't disclose that to you. If you trust me, I'll send you home."

Can't disclose? Saving me is a good deed, so why keep it a secret?

Nina carefully scrutinized Stephen as she couldn't wrap her mind around the man's sudden appearance. Who would tell him to save me? Why is it that he is unable to tell me? There must be something going on. Could he have had another motive for sending me back? I need to be cautious, or I'll fall into another trap.

"No, thank you. I'll request a chauffeur."

Seeing how suspicious she got, Stephen found her a chauffeur and sent her back to Imperial Garden.

Realizing Nina had returned, Maya approached her curiously and asked if her date was romantic today. "What did Chris treat you for the meal?"
