One Night Stand With The Uninvited Wolf President Chapter 11

Chapter 11 Twins

“The spit on this dress is yours, Miss Mary, and you threw it on the ground, right? You are also a frequent customer, so please do not make it difficult for us, do you?”

Mary was going crazy.

She had to take out her bank card to pay the bill. The shopping guide wanted to pack this dress for her.

But Mary angrily said, “This dress is stained with saliva, and that ugly monster has worn it. I don’t want it!” Then she left furiously.

She wasted her money on the dress, not to mention that ugly monster, Ceres bullied her. It was a great shame.

Ceres did not leave, but hid on the side and watched Mary leave in a rage. It was hard to tell how happy she was because of this.

While thinking of how much she bullied her in the Morris’ house, she finally got revenge.

The masked man kept looking at her.

When Mary left, Ceres took the masked man and prepared to return to the store again.

“Haven’t you had enough yet?” He asked.

“Enough. Of course, we will return these clothes! Anyway, I have enjoyed the feeling.”

Ceres pulled the masked man away, but he did not move. “Do not return them.”

“Do not return them? Are you crazy? These clothes are so expensive, leave them for the New Year present?”

The masked man simply ignored Ceres and went straight forward. Ceres quickly caught up with him. “Hey, I haven’t asked you yet. Where did you get so much money as a bodyguard? You did not steal it, did you?”

The masked man finally stopped, “Mr. Smith asked me to take you out to buy clothes.”

“Really?” Ceres looked at the masked man in some incredible way.

“Yes, you can ask him when you go back.”

Ceres just stopped and walked for a while. The masked man suddenly stopped, and Ceres suddenly hit him.

“Can you tell me first when you stop?”

“Who is that woman?” The masked man’s voice was still extremely cold.

Ceres was choked. The masked man was Johny's bodyguard and must have had contact with other people in the Winsor's house. She could never tell the truth.

"It's my twin sister..." Ceres hung her head down.

Under the black sunglasses, the masked man's eyes showed sharp cold light. Twin?

He did not look closely at the woman. In fact, in the course of his twenty-nine years of life, his eyes had hardly been fixed on any woman, with the exception of this one.

"She was born in poor health. My father always felt that she could not be raised alive, so she was raised in the countryside, where the environment was good. So, she hated me when she returned to the city, because I always enjoyed the love of my parents, and she had nothing. Until I married Johny, she felt better."

That was what Mike said to others.

He erased all traces of Ceres. And he created the identity of Mary's twin sister, Sawyer Morris. In this case, although "Mary" got married, Mary could still live with her parents with the identity of "Sawyer".

The masked man did not keep asking questions, but went straight forward.

"Bill, did you notice that my neck is empty? Is there anything missing?" The voice of a delicate woman was heard.

Not far away, a scantily clad woman stuck to a man as if she had no bones.

Bill was most familiar with such tricks, but he had always spent countless money, so he wouldn't care about such a small amount.

“Let’s buy it!” He said,

Bill turned around and saw a familiar figure.

“Johnny!” He exclaimed,

The masked man turned quickly.

Why did he meet this boy at this time?

Bill immediately chased him up. “Johnny! You came out? Why haven’t I heard any news? You are taking me as your friend! Shouldn’t I be the first one to know?”

The masked turned around, and Ceres looked at Bill and then looked at him. “Do you know each other?” She asked,

Bill noticed that Ceres was being followed by the masked man.

“Are you mistaken for someone else?”

Bill blinked. He did not admit his mistake. What was going on here?

Johny was covering so tightly, dressing like a bodyguard, taking his ugly wife, and buying so many clothes, was this role-playing?

“Sorry, I took Mrs. Winsor out to buy things today, and now it’s time to go back.” The masked man silently spoke again.

“Oh, I’m sorry, I mistook you for someone else. You look very similar to one of my buddies. So similar when looking from behind.” Bill hurriedly waved his hand and left quickly with his sexy girl.

The masked man also strode forward, Ceres looked at Bill and quickly caught up with the masked man.

Bill secretly turned around. “What the hell? Really? Role-playing?”

The sexy girl did not know what was going on, she asked Bill, “Bill, who was that man? Why his taste so bad, that woman is so ugly.”

“None of your business!”

Ceres also felt very strange. She looked at the man just now as if he was a little familiar. He seemed to have seen him somewhere, but she could not remember.

Back home, she hurriedly unpacked up a lot of shopping bags, so she put all these things behind her.

Mary returned home in a rage and kicked her high heels away angrily as soon as she entered the door. Even the servant gave her slippers, and she reprimanded them.

Mike was reading a newspaper on the sofa. Seeing her like that, he put it away. “What’s wrong with you, why do you lose temper?”

“Dad! I saw Ceres today! She was with a mysterious man saying that the man was her bodyguard, but I saw the two of them kissing and flirting with each other. Go and tell The Winsors that this slut woman has cuckolded Johny!”

Mary said viciously.

“Nonsense! Do you know what you are talking about? If I’m going to tell the Winsors now that Ceres has cuckolded Johny, isn’t that equivalent to you cuckolded Johny? When the time comes, our family will have a hard time!” Mike shouted at Mary.

Mary was so scared that she had never seen her father talk to her that way.

“Mary, do you know that someone has already investigated you? Fortunately, I made arrangements in advance, otherwise, the marriage will be exposed and our whole family will be finished!”

Mike looked at his beloved daughter. He really didn’t want to blame her, so he just sighed.

“Don’t go out, for the time being, wait until everything is over.”

“Dad...” Mary pursed her mouth and looked at her father with a grievance.

“It is for your own good!”

After that, Mike confiscated Mary’s car keys and bank cards. He even told the servants to look after Mary and not let her go out.

Mary went back to her room furiously.

“Ugly woman, wait for me! I won’t let you go like this!”

One Night Stand With The Uninvited Wolf President Chapter 13

Chapter 13 Depends on You!

The days are back to the past.

However, because Adam ordered that Ceres could go out at least once a week, Ceres felt that she finally had hope, because she purchased many ingredients, and she could do more things.

On that day, when Ceres was preparing to bake bread, Adam suddenly came into the kitchen.

“Mrs. Winsor, your mother has come to see you.”

Ceres still paused. It was her mother, Sally Nadine.

Sally was sitting gracefully on the sofa, sipping tea. She was in her forties, but she looked like she was still in her thirties, with elegant temperament and beauty.

“Mom,” Ceres called and sat on the sofa.

Sally smiled at Ceres. “Let me take a good look at you. Mom misses you so much.”

This sentence made Ceres feel warm.

Just one month after she was born, Sally left her and her father and married Mike for no reason. Before Ceres was twelve years old, her mother never showed herself.

Later, when she went to the Morris’s, Sally never gave her the warmth that a mother should give her. Instead, in order to please the Morrises, Sally asked her to act as a servant in their home. This was the first time that Ceres heard her mother say “I miss you “.

“Dear Mary, are you doing well here?”

Hearing this “Mary”, Ceres froze. She knew that her mother didn’t really miss her. It was a play.

“It is quite good.”

“Mary, I have not seen you for many days. Can I go to your room and talk to you?” Sally asked.

Ceres looked up at Adam, and he nodded towards her.

So, Ceres came to her room with Sally. As soon as she entered the door, when Ceres was just about to say something, Sally’s face instantly became ferocious.

“You restless thing!” Sally said, and she also raised her hand hard to slap her.

Fortunately, Ceres reacted quickly and suddenly dodged her slap with her hind legs.

“Why did you hit me?”

“You seduce men here! And you even went out to make a fool of yourself! Do you know that if this matter is known by the Winsors, our whole family will have to endure it?”

Although Sally was extremely angry, she had to lower her voice. After all, they were in the Winsors’ territory.

Ceres understood what her mother said. Mary went home to gossip about her and the bodyguard and Mike sent Sally to warn her.

Ceres sneered. “It’s your family.”

The Morris was never her family.”

“Your current identity is Mary, and you represent the Morrises! Ceres, you must remember why you want to marry here!”

This sentence suddenly reminded her.

Yes, why did she marry Johnny in the first place? Which little girl was willing to marry a living dead?

She did it for her father.

At the age of twelve, her father suddenly went to prison for murder and was sentenced to life imprisonment. He was still in prison.

She always felt that her father was wronged. If Mike had not promised her to help her father rehabilitate within one year, she would never marry instead of Mary.

Sally knew that her father was her weakness. When she saw Ceres's slightly melancholic eyes, she knew that what she said had played a role.

“Be careful here, do not let anyone catch you, or your father will never come out in his life!”

At night, when everything was silent, Ceres sat on the balcony drinking wine, which she took from the wine cabinet, the rooster made a “giggle” sound from time to time beside her.

A black figure appeared behind her.

Ceres looked up and met a man, “Come, drink with me!”

The masked man was puzzled when he saw Ceres. “Is your mother here today?”

“Don't let me talk about her, she is not my mother!”

Chapter 14 My Husband Is Jealous

Ceres roared.

“She is a...”

Ceres really did not want to describe Sally with some vicious words although Sally gave birth to her for ten months’ hard labor.

Ceres did not continue and swallowed a big mouthful of wine.

Just because she did not say something did not mean she did not know it. Sally had done a lot of bad things with her beauty,

When Ceres was a child, she occasionally listened to neighbors talking about her mother, saying that Sally behaved badly and only loved rich men.

Ceres’s father knew all these things, but he still loved her mother, so he tolerated everything.

Until she was born, Sally finally made up her mind to leave their poor family. After arriving at the Morris’, Ceres also heard servants talk about how Sally got Mike and became his wife.

Ceres asked herself more than once why she had such a mother.

“Drink! If I am truly your friend, you will get drunk with me!” Ceres picked up a bottle of wine from the side and handed it to the masked man.

The masked man did not ask Ceres about what she did not finish saying. After all, there seemed to be too many secrets about her.

Ceres took the bottle and directly drank on it one mouthful at a time. This was the wine collected by Johnny, many of which were foreign wines, which were very strong. Ceres never drank wine like this at all, and she did not know that the wine was so strong.

She drank too much without leaving anything.

She stood up and waddled on the balcony, singing softly.

“Cucurbits, seven flowers on a vine, hey! Black cat sheriff! I have a little donkey, and I never ride it. Today I will ride it to the market. I have horns on my head and a tail behind me. No one knows how many secrets I have. Goblin, give it back to my grandfather quickly!”

Ceres pointed at the masked man with a wine bottle in her hand. “Give my grandfather back...”

The masked man’s face was covered by the mask, and she could not see any emotion. He just said faintly, “You are drunk.”

“I’m not drunk! I’m a little green dragon, little green dragon, I have many little secrets, little secrets.” Ceres continued to sing the ballad while she suddenly sat down in the arms of the masked man.

She looked at the masked man with blurry eyes. “Can you show me what you look like?”

She stretched out her hand to prepare to lift the mask of the masked man, but the man opened pushed her hands away. “You drink too much. I will send you back to your room.”

“I did not drink too much! I mean it, not much.” Ceres pushed the masked man impatiently, but she could not even stand. She stumbled, but fortunately, the masked man held her.

Ceres pursed her lips and held onto the masked man. She smiled with curved eyes and blurry eyes, which seemed to be full of endless temptation.

The masked man suddenly kissed her lips without holding them. Only the next second, he suddenly felt something standing on his head.

The cock seemed to be declaring sovereignty.

The masked man quickly waved his hand to shake off the cocks, and the rooster flew down from his head again.

He could not wait to kill the rooster with one knife.

Ceres laughed. “My husband is jealous.”

She staggered and fell into the arms of the masked man once again. Ceres couldn’t stand up. “I can tell you a secret, you know? I...”

Ceres leaned closer to the masked man’s ear and whispered, “Am not... Mary.”

The masked man’s hands loosen their grip, and Ceres directly sat down on the ground, lethargic.

Chapter 15 I Am Not Her

Jazz bar.

This bar was founded by Bob, which was the secret base of three people. Before Johny declared his waking up, the three of them could only meet secretly there except communicating on mobile phones and computers.

Johny's face was extremely gloomy as if he had been splashed with ink.

Even Bill did not dare to show off, he did not dare to sing songs, and just sat quietly playing mobile games. At that time, he did not dare to provoke Johny.

Bob held a stack of documents in his hand, and his face was slightly dignified.

“According to the clues you provided, I did find out that Mike has only one biological daughter, and there are no twins at all. The so-called twins were no more than a story made up by Mike. Now, the real Mary is at home. What are you going to do?”

John’s dark eyes were fascinating and frightening.

“What the hell? Damn Mike cheated five hundred million with a counterfeit! Who gave him the courage to take five hundred million with an ugly monster?” Bill said while playing games.

Bob looked at Bill, and Bill immediately made a gesture to seal up his mouth and then continued to play games with his head down.

“I also investigated that Henry had been very close to Mike recently. The Morris Group has come back to life because of these five hundred million. Henry’s reputation in the Winsor Group is getting better and better. If he received the help of the Morrises again, it would be even more powerful. Hey, are you really not going to do something?”

Bob had begun to faintly worry about Johny. Henry Winsor was Johny’s brother

“Yes, yes! Johny, you should hurry to announce that you are awake, otherwise, that bastard will ride on your neck and shit again. The revenge of the car accident has not been taken on him!” Bill leaned again and said.

That time, Johny looked at him coldly. Bill suddenly closed his mouth tightly, then pointed to his mobile phone, lowered his head, and never dared to say a word anymore.

“Bill is right. It’s time for you to wake up. We must stop them from colluding, otherwise, it would get out of hand. We will be dormant for three years and can’t give up all our previous achievements.”

Johny breathed a deep breath as if everything was under his control.

“What’s the name of the girl who married me?”

Bob froze. Was that the point?

But he still patiently replied, “Her name is Ceres Taylor, the daughter of Mike’s wife to her ex-husband. She is not related to the Morrises. It is good for the Morrises to take her in. She is also a servant without money in the Morris’.”

Johny nodded slightly so that many things could be explained. No wonder she was so good at cooking, and no wonder she did not have a bad temper.

“Let’s leave this matter for the time being. No one should speak out. Pretend you don’t know anything.” Johny stood up directly and went out straight towards the door.

Bob was incredibly staring at his back when he left, he did not know what the hell this guy was doing.

Bill secretly leaned in. “So, you think Johny is being carried away by hatred, like that ugly? Let me tell you, I saw Johny went shopping with that ugly girl that day and played role-playing! He pretended not to know me. I did not even know he is so good at flirting with girls.”

Bob also fell into deep thought.

He did not object to Johny falling in love. After all, he was twenty-nine years old and looked like thirty years old, but the girl was a little.

Chapter 16 The Unique Gift in the World

Johny returned to the villa, and Ceres was asleep very heavily.

He leaned to the bedside and stroked her little face. It turned out that her real name was Ceres.

Ceres Taylor.

Well, it was a good name.

...

Ceres rubbed her eyes and felt that the sunshine outside was dazzling. She groped to pull up the quilt and covered her face.

When she thought of what happened last night, she suddenly removed the quilt.

She remembered as if she was drinking with a rooster on the balcony, then the bodyguard came, and then she did not remember anything.

There should be no drunken sex and bodyguards...

It was over! She was Johnny's wife!

Ceres carefully lifted the quilt and looked at her body. Fortunately, the clothes were complete, so she let out a sigh of relief.

She sat up and found that her head still hurt a little, and she was dizzy.

'What kind of wine was that? It was so strong!' Ceres thought to herself.

She was not very clear-headed all day and waited for the bodyguard to appear in the old place until the evening. After a while, the bodyguard finally arrived.

She immediately smiled and folded her hands. "Please, please, don't tell them anything about yesterday, okay? If you reveal it, then I am finished."

Last night, she stole several bottles of wine from the wine cabinet. The wine was very expensive at first sight. She was in a bad mood, so she stole the wine.

Afterward, she really regretted it. Although there was a lot of wine in the wine cabinet, she really could not afford it if someone checked on it.

The masked man frowned. "Why?"

"Why, you say? Why is this? If you tell them what happened, I am dead. Please, we are friends in need, aren't we? Just do me this favor, okay?"

Ceres pleaded with her hands folded and her eyes narrowed.

The masked man stared at Ceres tightly. If the Winsors knew that Ceres was married to him, they would definitely not spare the Morrises, and Ceres, a fake bride who was meant to bring good luck to her. They would naturally have no good end.

But Ceres did not know she was drunk and unconsciously told him the truth. What she wanted the masked man to keep secret was nothing more than that few bottles of wine.

“Okay.”

Ceres suddenly smiled. “I knew you were so kind!”

She patted the masked man on the shoulder with great pleasure.

The masked man looked at the place where she had photographed and looked up at her.

“What’s good for me?” He asked,

“Good? Hmm...” Ceres thought carefully, “I will give you a gift in a few days.”

“Gift?” The masked man frowned.

“Yes! Don’t you want something good? My gift is unique in the world!” Ceres was very proud when she said this.

After all, she was a brilliant student and a talented girl recognized by the professor!

The masked man snorted.

Ceres was provoked. “What was that? Are you looking down on people? I already told you, my gift will definitely surprise you, just wait.”

She rubbed her temples. “That... the wine is too strong. I won’t talk nonsense with you today. Go back to sleep. Good night!”

She told him to cut off the conversation. Ceres rubbed her head and went back to the room.

That night, a flash of lightning flashed across the sky, and after a while, it was thunder, which broke the silence of the whole night.

One Night Stand With The Uninvited Wolf President Chapter 17

Chapter 17 Same Bed

Ceres suddenly sat up, a flash of lightning just crossed the sky, as if to split the whole sky into two halves, followed by loud thunder.

She was frightened. She was never afraid of anything except thunder since she was a child.

She could still remember that when she was twelve years old, it was also a thunderous night. She knew that her father was taken away by the police because of murder. She spent the night alone, which was the longest night in her life. It rained heavily, thunder and lightning all night. She curled up in the corner and cried all night.

From then on, she became more and more afraid of thunder, especially the thunder of the long night.

“Bodyguard! Bodyguard!” Ceres whispered twice.

From then on, she seemed to be able to rely on only bodyguards, right?

But her voice was too low, and with the constant thunder outside, it was impossible for anyone to hear her voice.

She just shivered in the quilt, praying for the thunder to end quickly, but the thunder seemed to be against her, and it made a louder sound than the previous ones.

Finally, she bravely lifted the quilt and ran out barefoot, and went into Johny's room.

"Johny!"

Ceres got into Johny's bed with courage, and her heart finally fell to the ground until she felt Johny's warm body. She hugged Johny tightly.

"Sorry, Johny, I am really scared."

Johny was also awakened by the thunder. Before he recovered, he felt a cold body get into his quilt.

He did not dare to move.

Ceres hugged him tightly, and the warm gas she exhaled sprayed on his face, which was buried in his neck, her arms were on his chest, and her thighs were directly wrapped around his legs.

She was wrapped around him like a snake.

Johny only felt hot

Ceres's body was slippery and had a unique fragrance. He could even feel her eyelashes sweeping his face.

Damn it!

He wished he could fuck her now.

Of course, Ceres did not know that the man beside her had woken up long ago. She still held onto him and did not give up.

"You are my husband, let me hug you. It should be okay..."

Fortunately, it did not take long for the thunder and lightning outside to finally stop. Slowly, Ceres fell asleep.

Even when breathing came from his ears, Johnny knew that the girl fell asleep.

She slept well, and what about him?

There was another flash of lightning outside, and the light of lightning lit up Ceres's face.

Her eyelashes were really long, and the long eyelashes were slowly stirring like butterfly wings. Under her small nose, a pair of thin and voluminous lips gently pursed, curling into a charming shape.

In the dark, he could not see the spots on her face, but he also thought she was charming.

Johnny immediately covered Ceres's ears, and there was another thunder outside. When the thunder passed, Johnny slowly let go of his hand, gently raised her chin, and kissed her.

Her lips were as soft as last time, like the petals of a rose.

He had often dreamed of her since he accidentally touched her lips that time.

Ceres groaned in his arms and seemed to open her mouth instinctively. This made Johnny more and more available. He kissed and pecked gently.

He found his body getting hotter and his mouth getting thirsty.

The feeling made him feel as if he had lit a fire, which made him feel uncomfortable.

In Ceres's world, there were only two men of the same age, so the man could not be a stranger.

The dream was so real that Ceres still felt the crisp breath of the man.

When she looked up, she just hit Johnny's chin and realized that she was sleeping in Johnny's bed. She hugged him last night, otherwise, she did not know how to spend the night.

"Excuse me, did I hurt you?" Ceres quietly looked at Johnny.

The only answer to her was Johnny's even breathing.

Looking at Johnny at close range, Ceres found that he could not find any shortcomings from Johnny's facial features.

She held out her hand and slid her fingers along Johnny's outline. Over his full forehead, over his knife-shaped eyebrows, and then his eyes...

"A man's eyelashes can be so long..."

Ceres suddenly secretly smiled and pulled off one from her eyelashes and another from Johnny's eyelashes.

"My eyelashes are also very long, compare and see, whose eyelashes are longer..."

Hers was longer, which made Ceres a little complacent.

Her fingers slid over Johnny's nose and sexy lips and fixed on his chin. Suddenly, she felt a little strange. He did not have a beard.

Because the time was up, Ceres got up directly before she could think about it. The first thing to do when she got up was to help Johnny clean up first.

But she had been thinking about a problem all day. She also checked on the Internet.

People in a vegetative state grew beards. His beard should be the same as normal men, and he needed to shave every day. However, she ignored this problem before. Those days, she was the only one responsible for taking care of Johnny. But after those days, Johnny's chin was still clean.

Not only that, but his hair was also neat, without any messy broken hair, just like it was carefully taken care of.

That was so irrational!

Ceres thought of the dream she had last night. That dream was too real, and it was as real as it was.

Someone really kissed her.

It could not be Johnny, could it?

When Ceres thought of this, her hair stood up all over. Maybe Johnny was pretending all this time?

But why did he pretend to be in a vegetative state?

What was the point of this? He was abused by servants like that before. What did he want?

Ceres made a prone position on the railing of the balcony and pondered hard. The weather after thunderstorms was particularly refreshing, and the wind at night was thin and cool.

She suddenly sneezed and turned around to see the masked man coming.

"You surprised me!"

The bodyguard threw her a coat.

She smiled at him. “Thank you for remembering me.”

Ceres took the lunch box from the bodyguard. “It’s the eel rice I cooked for today.”

The bodyguard also habitually picked up the lunch box. “What were you thinking just now?”

“By the way, you work the night shift for Johnny every day. Have you found anything strange?”

“What’s strange?”

“Tell me, is it possible that Johnny is pretending? He may not be in a vegetative state.”

The masked man only felt nervous in his heart.

“Why do you say that?”

One Night Stand With The Uninvited Wolf President Chapter 19

Chapter 19 Have a Sex Dream

“I ran to his room to sleep last night. Don’t get me wrong. I am just afraid of the lighting, but I should blame you for what happened. I called you several times, but you didn’t answer me!”

Ceres hurriedly explained, “Well, to get down to business, I found that there is something wrong with Johnny’s beard this morning. A person’s beard in a vegetative state grows normally. Even if he is in that state, his beard may grow slower than an ordinary man, but he needs to shave. I am the only one who takes care of him these days, but he does not need to shave at all. His beard is completely shaved!”

Ceres paced back and forth while touching her chin. “He cannot pretend, can he? But why did he pretend?”

“It’s me.” The masked man answered.

Ceres suddenly stopped. “What, you?”

“I shaved his beard. This is the job that Mr. Smith gave me before.”

“So, it’s you!” Ceres said.

Ceres caressed her chest, and her heart finally settled down.

“Why did you not tell me? I was scared to death!”

The masked man chuckled. “Why, are you scared?”

“I slept with him all night yesterday, okay? And I made one...”

Having said those words, Ceres stopped immediately.

The masked man evoked his lips and smiled. “What did you do?”

Ceres’s face suddenly turned red. “Nothing!”

How could a girl say such a thing as having a sex dream? It was killing someone just to say it!

The masked man approached Ceres. “You did not dream about having someone kissing you, did you?”

“I did not!” Ceres immediately denied loudly. “Don not be silly!”

The masked man burst into laughter, and he guessed it right.

It seemed that although she fell asleep last night, she was not completely senseless. He wanted her last night. She was close to him and at his fingertips, but reason prevailed at the last step.

“What are you laughing at? I just don’t! Do not talk nonsense!”

The masked man laughed even more.

“Hello! Stop laughing! Do you hear me? Quit it!”

Ceres conveniently picked up the kettle for watering the flowers next to her and sprayed it towards the masked man. “Do not laugh! I did not have that kind of dream, absolutely not! And you cannot tell others about it!”

The masked man picked up another kettle and they simply came to a war of spraying water, until the two people were wet all over, they did not stop!

“Well, I will not make any trouble with you, just say what you like!” Ceres threw the kettle aside and went straight back to her room.

The masked man looked at the back of Ceres while she’s leaving, and his lips could not help but curl up again. The result of this play caused Ceres to catch a cold.

It was already early autumn. As the saying went, there was an autumn rain and the weather turned cold. The other night, the wind was still so cold, and two people were soaked wet. Ceres felt severe pain in her throat when she got up in the morning.

She thought she would be fine if she drank as much water as before. But she felt a headache in the afternoon? She picked up the thermometer and tested herself, and it was 39 degrees! Ceres could not find Adam, and she did not know where to get some medicine. And then she remembered there was a medicine box in Johny’s room.

Ceres was worried about spreading the cold to Johny, so she went to Johny’s room wearing a mask, but there was no medicine for treating the cold in the medicine cabinet. When she stood up, she suddenly felt her eyes were black and she fainted!

One Night Stand With The Uninvited Wolf President Chapter 20

Chapter 20 The Truth

When she woke up, Ceres found that her breath was full of disinfectant. She felt that she had no strength all over her body and her head was still groggy. When she turned her head, she saw the masked man sitting by the bed. He was wearing sunglasses and a mask as if he had gone shopping.

“Where am I?”

“We’re at the hospital.” The masked man replied softly, “You had a fever, and Uncle Jack sent me to stay here.”

The masked man still has not finished his words, “To take care of you”.

“Oh...” Ceres was too lazy to move, and she felt uncomfortable all over. She just turned her face and immediately turned back. “What about Johny? Is there someone taking care of him?”

“Yes.” The masked man replied.

“No, you’d better go back, those servants do not do well and they might abuse him. His injuries have just healed.”

Ceres struggled to sit up, so the masked man had to give her a hand.

“Do you care about him?”

It's the masked man's first time to see someone cared about Johny so much. She even had a fever of nearly 40 degrees and still thinking about him.

“He is very poor as a vegetable. You have to go back quickly. I don't trust the servant.”

“Do not worry, I arranged someone else.”

Ceres was relieved.

In the afternoon, Ceres's fever finally subsided. Although the person still had no strength, her mental state was finally better. Because she slept for too long, Ceres did not want to sleep anymore. She yawned and picked up the water next to her and took a sip.

Ceres was just about to talk when she found the masked man on the sofa next to her was asleep. Ceres's eyes rolled, then she crept out of the bed. She and the masked man usually met at night. The masked man wore a mask even at night, and he wore sunglasses and masks during the day. She was really curious about what this man looked like. So, she quietly came to the masked man.

A hand gently leaned past. Just as she was about to take off the glasses of the masked man, suddenly a powerful hand grabbed her wrist. He locked her arm behind her, and the masked man turned over and pressed her under him.

“It's broken, it's broken, and it hurts!” Ceres shouted.

The masked man let her go. “What are you doing, sneaking out of me like that?”

Ceres rubbed her arm with a grievance. “I am curious about what you look like. What is the matter with you?”

“Do not touch me when I’m sleeping in the future. Be careful not to hurt yourself.” The masked man’s voice was still cold and faint.

“Cut the crap!” Ceres rubbed her arm and returned to her bed.

She did not see his face, and she hurt herself.

The masked man squinted at her and walked to the bed. “Are you so curious?”

Ceres raised her eyes and glanced at him. “I am not curious at all! Anyway, you are not as handsome as Johnny! Why do I have to see your face?”

“Do you think Johnny is handsome?” The masked man asked.

“Of course, Johnny is the most handsome man I have ever seen. Although he has been closing his eyes, I can see that he is undoubtedly a beautiful man, the best beautiful man! So, I am not curious about you at all!”

The masked man snorted coldly. “Since you are not curious at all, forget it, and I still want to show you, my looks.”

Ceres immediately grabbed the masked man’s arm and nodded her head hard. “Curious! I’m especially curious!”
