

Rebirth of the Villainess: Young Master Lu's Wicked Wife - Chapter 8

Su Xiaofei remained calm and drank the glass of water Aunty Liu poured for her earlier. She heard Mo Yuchen walk towards her direction with confident strides. The man possessed a tall stature with a cold, indifferent aura around him. He was dressed in a black business suit that enhanced his domineering aura, but Su Xiaofei remained unperturbed by his presence.

She lifted her gaze and noticed the imposing aura that was hovering over her. As she glanced at his face, Su Xiaofei swore that she wouldn't be as foolish as she was before. Heaven had given her a chance to rectify her mistakes anyway.

Remembering the suffering she had endured in her past life because of this man standing before her, her eyes turned indifferent. She hadn't forgotten how Mo Yuchen sneered at her face in disgust while he held Ye Mingyu affectionately in public. She was his wife, and yet she was treated no better than the mistress.

"Aunty Liu, can I have another cup please?"

"Here, Miss." Aunty Liu hurriedly went and poured her cup another drink before she stepped back nervously.

Taking her newly refilled cup, Su Xiaofei drank it slowly and deliberately, aware that Mo Yuchen was staring at her at that moment.

In the past, this man had never treated her well. Especially when he forced her to abort her child, then he forced her to sign the divorce papers several times. One time, she acted so brash and recklessly she had taken a kitchen knife to threaten him that she would commit suicide if he insisted on divorce, but what he said next was enough to kill the remaining love she had for him.

"Sure, go ahead and stab yourself. You better make sure it is deep enough so you will die at once!!" He spat out in her face as he threw the divorce papers in her face.

As tears streamed down her face, she looked at her husband in disbelief. He was willing to kill their child and divorce her so he could go out publicly with Ye Mingyu? How foolish she had been to believe that he would change!

Everyone called her the heartless and ruthless villainess, but they had no idea that she was no match against him at all.

Once the memory ended in her mind, Su Xiaofei inwardly sneered. In this life, she would make sure to have the last laugh! There was no way in hell that she would love this bastard who tormented her in the past.

To be able to gain a chance to live her life again, if she still pursued and was forced to be with Mo Yuchen, then wouldn't this chance given by the heavens turn to waste?

Mo Yuchen hadn't met Ye Mingyu yet, and he was tolerating her because the Mo family had a great relationship with the Su family. They were betrothed to each other from a young age, but that didn't change the fact that Mo Yuchen had not treated her well.

Her very calm and sure movements, starting from the way she picked up her cup until she finished drinking it, Mo Yuchen noticed that she had done it gracefully. She had this noble bearing he'd never seen on her before and wondered what caused her sudden change.

"Young Master Mo, what are you doing here?" Su Xiaofei asked Mo Yuchen. Her voice was calm and gentle, in contrast to the rage of fury that filled her heart.

Mo Yuchen's brows furrowed. Just now, he could swear he'd seen her eyes turned frigid cold with a glint of disgust in them. Was he seeing things or did Su Xiaofei look different today?

"I came here to visit my fiancée. Why else would I be here?"

Su Xiaofei faced him directly, the corner of her lips curled devilishly.

"Ah, is that so?" She said with a mocking smile.

She knew fully well that the reason Mo Yuchen came here was because Elder Mo forced him to visit her. If it wasn't for that old man's persistence and support, Su Xiaofei wouldn't be able to make Mo Yuchen marry her in her past life.

Mo Yuchen watched Su Xiaofei intently, paying attention to her face. He had to admit that she was beautiful whenever she was smiling. It was mesmerizing to look at to be honest, but whenever she did it only meant trouble for everyone around her.

Her looks were beautiful to begin with. She had a pair of expressive eyes that glinted whenever she was amused or happy. She had a smooth pale complexion, delicate feminine features and a great figure. As a known villainess, there was no doubt that she was one of the most beautiful women in the city.

Too bad, her personality was rotten down the core. She was so overbearing and arrogant and most of the time acting spoiled in front of him, trying to get his attention. It only made her look repulsive in his eyes.

Whenever he met Su Xiaofei in the past, she would always look at him with adoration in her eyes, but today, she was looking at him as if she couldn't wait for him to leave. Her sudden cold indifference startled him.

"You know, you don't have to waste your time coming here. I'm pretty sure you have other more important business you need to attend to rather than seeing me." Su Xiaofei picked up her spoon and took a spoonful of her congee and ate it.

She lowered her eyes, trying to hide the viciousness that couldn't wait to be unleashed, but she reigned her anger. It's not the right time to burn the bridge between them. She was truly a foolish woman, because if she wasn't, she wouldn't fall in love with a heartless person like Mo Yuchen.

Just looking at his arrogant face and remembering the face of the twenty five year old Lu Qingfeng, Su Xiaofei suddenly felt that Mo Yuchen's face was a joke
