

One Night Stand With The Uninvited Wolf President Chapter 4

Chapter 4 I Will Protect You in the Future

Ceres saw the rolling pin discarded on the ground and grabbed it.

"Listen to me! Yes, I am a bride just for dispelling bad luck, but do you know who I am? My name is Mary, and my father is Mike Morris, the chairman of the famous Morris Group!"

The servants looked at each other. They worked in the Winsors' house and knew something about it.

In the rich and powerful families. The Winsor family ranked the first and the Morris family could be the second.

They never imagined that the Morrises would send their own darling daughter to get married to the vegetative wreck!

"If I'm calling my father now, he will go and find Jack. I will tell them everything about your act of abuse to Johny. When the time comes, Jack will know that you abused his son. What do you think will he do to all of you?"

She gritted her teeth and looked at the servants who thought no one would know they abused a vegetative person!

It was unscrupulous!

The servants were frightened. They did not expect that this bride was so fierce.

"Miss, we dare not, really dare not. You must not tell Mr. Johny." The first servant began to kneel down and beg.

"We know we are wrong. Why don't you let us go for the sake of our age?" The second servant began to kneel down and beg.

"Mrs. Winsor, mercy us!" All the other servants began to kneel for begging.

Ceres threw away the rolling pin in her hand. "Get out quickly!"

The servants all went out hurriedly.

She just wanted to scare them. After all, she was not the real Mary, Mike would never attach importance to her. And even if she was dead, Mike would not pay attention to her.

She finally breathed a sigh of relief.

Ceres looked at Johnny's face. He had such a handsome face. The lines of his face were sharp, and the edges and corners were as beautiful as precision work. Although his eyes were closed, he exuded an innate unruly and disdainful aura.

His sleeping face was like a work of art carefully carved by God.

It was just that he was too thin, and his face was purple with a wound. It did not look like a new injury. It seemed that he had been abused for a long time.

She stared for a long time and tidied up her messy hair a little.

If it weren't for the sudden car accident, he would be a handsome man. Handsome and rich, pizzazz and unrestrained. And it was estimated that everyone would love him. She heard that he was still the heir of the Winsors. It was a pity that everything had changed.

She sighed deeply. "Don't worry, I will protect you in the future."

She had always been a righteous person and suffered bullying in the Morrises, so what she did not like most was someone being bullied.

She found that Johnny's clothes were messy and his face looked dirty.

She was always a doer.

"I am your wife, and though you have never seen me, I will take good care of you from now on. Today is our wedding night. It is worth celebrating, so I will clean you up first.

She came out with a pot of warm water and a towel on her shoulder.

She put the water away first, then removed Johnny's quilt. His strong chest was exposed in front of her. She saw a man's body for the first time, and her face turned red. But she turned to think that he was in a vegetative state and could not feel anything.

Then she was bolder.

"I cannot believe that you are still in good shape." Her little face blushed and smiled.

She had lived for twenty-one years, but she never imagined that she had such good luck.

After wiping him with a piece of cloth, she could not smile anymore because there were too many scars on Johnny's body, and some scars might be left by the car accidents.

“Do not worry. I will not let anyone bully you in the future. I will definitely protect you well, my man. I will take care of you myself!” Ceres applied medicine for Johny.

After dealing with the injury on his upper body, she turned her eyes to Johny’s lower body. She was hesitating on whether she would take his trousers off or not.

She looked at Johny’s face. “I cannot give up doing things halfway... Oh, you cannot feel it anyway. I will pretend that I’m really dealing with a vegetable.”

She bit her lips and took off Johny’s pants, but she still did not dare to take off Johny’s underwear. Anyway, she just helped him wipe his body, so forget about his underwear. Then she continued to wipe his legs.

At that time, Johny was almost out of control. The warm towel went up and down on his legs plus the fact that Ceres’s soft delicate hand was touching his bare legs. ‘Damn woman, do you know what you are doing?’ He thought to himself.

Johny felt a burst of heat in his lower abdomen. Shit!

Ceres was wiping his legs when suddenly she felt something was wrong. When she looked between Johny’s legs, she let out a cry. “Ouch-”
