

### Chapter 83 A Vicious Guest has Arrived

After sending Bai Shan home, Lin Fan went to the Bai Family Group alone.

Although he had handed over the prescription and the preparation methods of the Elixir of Revival to Bai Yi, he still had to inspect the Elixir's manufacturing progress as the Bai Family Group's Chief Technical Adviser.

But as soon as he arrived at the Bai Family Group's building, he sensed that something was wrong.

Many security guards were rushing toward the elevator with their faces showing panic and anxiety.

*Huh?*

The scene made Lin Fan's eyelids twitch. He immediately grabbed a security guard and asked, "What's wrong?"

The security guard was startled upon seeing Lin Fan, but he recognized the latter and answered with an awkward expression, "The Young Master of the Shengda Group have brought some people here to sign the orders just now, but for some reason, he locked President Bai's office from the inside and sent a few bodyguards to guard the door."

He continued, "Elder Yang is worried that something might happen to the President, so he ordered us to go upstairs and take a look."

*What?* Lin Fan's expression changed instantly at the security guard's words.

*The Shengda Group!*

Lin Fan's face turned black as thunder. He immediately recalled what Bai Yi said to him over the past few days about a wealthy dandy with the surname Yang that had been pestering her, making her feel annoyed and disgusted.

Lin Fan knew at once without thinking—it must be that guy!

"Mr. Lin, would you like to take the elevator up and come along with us?" said the security guard as he crammed into the elevator along with the others.

Lin Fan shot a glance at the elevator and replied flatly, "Never mind about that."

With that, he dashed toward the stairway in the blink of an eye under the security guards' astonished gazes.

The security guards inside the elevator were all stupefied at the scene. *Is he going to climb the stairs? The President's office is on the 15th floor. Does this guy think*

Chapter 83 A Vicious Guest has Arrived

*he can climb the stairs faster than us taking the elevator? How could this be possible?*

"Is this man with the surname Lin out of his mind? The President would have been doomed by the time he reaches the 15th floor!"

Someone sighed and said, "No wonder everyone says that the President has married a useless husband. It seems they're telling the truth, since this guy's insane!"

"....."

Silence ensued.

At that moment, all the security guards couldn't help feeling that Lin Fan must be an idiot; they felt pity for Bai Yi to have such a guy as her husband.

Then, the elevator closed, sending all the security guards up to the 15th floor.

It only took less than 20 seconds for the elevator to reach the 15th floor.

As soon as these security guards surged out of the elevator, they saw from afar that a bunch of people were gathering outside a room at the end of the 15th floor's corridor while pointing at the room.

The room was, of course, the President's office.

But, the security guards couldn't believe their eyes when they saw a young man rushing ahead of them toward the crowd at lightning speed.

They recognized the man from his back—he was Lin Fan!

"T-That can't be possible! Is that Lin Fan? Did he climb all the way from the ground floor to the 15th floor?"

"D\*mn, am I seeing things? How could he climb the stairs faster than us taking the elevator? No... I must be hallucinating!"

"....."

No one had an answer for that.

The security guards exchanged looks with each other; all of them looked as if they had just met a ghost, especially when they saw that the door to the emergency staircase was still swinging open and close, an obvious sign that the door had just been roughly pushed open. They had no choice but to accept the truth even though they found it hard to believe—Lin Fan climbed the stairs much faster than them taking the elevator!

### Chapter 83 A Vicious Guest has Arrived

They were astounded. Lin Fan took less than 20 seconds to climb all the way from the ground floor to the 15th floor! The thought of it made their hairs stand on end.

However, Lin Fan couldn't care less about the security guards' astonishment. He rushed toward Bai Yi's office in a dash with a look in his eyes that was as chilling as a demon's.

At the same time, four brawny bodyguards in black suits and sunglasses were blocking the door to the President's office, barring all the Bai Family Group's employees from entry.

Yang Tianrui, the Bai Family Group's Chief Fashion Designer, was leading a group of the Bai Family Group's core members in an argument with these bodyguards.

"Get out of my way! I want to see the President! Did you hear me? This is the Bai Family Group!" Yang Tianrui's beard was shivering with his towering rage.

As a renowned fashion designer of the decade, he joined the Bai Family Group and saw this place as his home due to his admiration for Lin Fan.

He knew very well how important Bai Yi was to Lin Fan, so he did not even dare to imagine

what would happen if something wrong happened to Bai Yi.

At that moment, however, the four burly bodyguards treated Yang Tianrui with disdain as they said in turns with sarcastic expressions, "Scram, you old goat! Young Master Yang is inside. No one can enter the office without his permission!"

"That's right! Who do you guys from the Bai Family Group think you are? How dare you impose your rules on Young Master Yang? Are all of you looking for trouble?"

"....."

Yang Tianrui and the others were left speechless.

Their attitudes were so very arrogant and overbearing, as though they were used to behaving in such a rude and unreasonable manner. Yang Tianrui's body trembled with rage at their words. "You... How could you..."

*Slap!*

Just when he was about to argue with them, a fierce-looking bodyguard gave him a loud and heavy slap across his face.

### Chapter 83 A Vicious Guest has Arrived

The burning pain instantly spread throughout Yang Tianrui's cheek.

However, before he could come to his senses, another fierce-looking bodyguard raised his foot and kicked Yang Tianrui in the stomach, sending him toppling over onto the ground.

*What? They're hitting people!*

The Bai Family Group's core members surrounding them were shocked. Little did they expect Young Master Yang's bodyguards to be so barbaric; they hit Yang Tianrui directly simply because they disagreed with him!

"Old goat, try poking your nose again into things that you shouldn't and we'll cripple you today!"

The bodyguard looked malicious while the other three rubbed their hands, eager to fight. It seemed they would hit whoever dared to say another word without mercy, no matter if it was Yang Tianrui or the others.

"I will fight you to death..." said Yang Tianrui with mixed feelings of fury and indignation.

Never did he imagine himself suffering such humiliation at his old age.

### Chapter 83 A Vicious Guest has Arrived

In an instant, he forced his old and weary self up to charge at the four bodyguards with all his might.

He must get into the office to rescue Bai Yi no matter what!

“You’re just going to get yourself killed!”

The scene made the four bodyguards boil with rage, for they didn’t expect this old man to be so stubborn.

Traces of viciousness and violence appeared in their eyes. In an instant, each of them raised their iron fists and hurled their punches at Yang Tianrui’s head!

The four punches were so heavy that they seemed to have generated gusts of howling wind as they pounded toward Yang Tianrui’s head like four iron hammers!

If the punches hit their target, even if Yang Tianrui didn’t die from the impact, he would suffer a concussion or something even worse!

“Elder Yang!!!” The rest of the Bai Family Group’s core members were shocked; they wanted to stop Yang Tianrui, but it was too late!

*It’s over now...*

### Chapter 83 A Vicious Guest has Arrived

Yang Tianrui and the other core members of the Bai Family Group around him could only watch helplessly as the four iron fists pounded toward his head mercilessly.

“Die, you old goat!”

The four bodyguards had the edges of their lips curled into deeply terrifying and malicious sneers as they saw their fists reaching closer and closer to Yang Tianrui’s head.

One meter left!

Half a meter left!

One foot left!

However, the instant the four bodyguards’ punches were going to hit Yang Tianrui’s head, they were startled to see a dark figure dashing toward them at lightning speed from the far end of the corridor!

The next instant, the figure landed his kicks on their bodies as ferociously as a heavy downpour!

*Bang! Bang! Bang!*

The four bodyguards felt as if their bodies were being hit with full force by a rampaging train!

Chapter 84 You Aren't Worthy of Me Killing You!

*It's over...*

A smile full of anguish appeared on the corner of Yang Tianrui's lips.

Never in the world did he expect himself to spend all his life earning his reputation, only to lose all of it to the bodyguards' punches.

*My aged life is perhaps going to end with these four punches.*

For some reason, as the thought occurred to Yang Tianrui, a man's image suddenly flashed across his mind.

*Lin Fan! I'm so sorry, Mr. Lin. I, Yang Tianrui, can no longer work for you; nor can I help you rescue Mrs. Lin...*

With the thought in mind, Yang Tianrui closed his eyes while waiting for the four iron fists to reach him.

Just then, however, he heard some dull sounds right in front of him. *Bang! Bang! Bang!*

In addition, there were sounds of bones breaking in the midst of these dull sounds.

*Huh?*

## Chapter 84 You Aren't Worthy of Me Killing You!

Yang Tianrui was startled; he was surprised to realize he wasn't feeling any pain.

*What... What's going on?*

He immediately opened his eyes and looked in front of him. Then, he was stunned to see the four fierce and burly bodyguards being sent flying outward, as though they were hit forcefully by a speeding train!

The bodyguards fell hard onto the floor one after another with loud thuds.

There was only dead silence at the moment as the scene took away all the sounds from the 15th floor's corridor.

The Bai Family Group's core members, who were witnessing from aside, had their mouths so wide open that one could almost stuff an egg into each of their mouths.

Then, Yang Tianrui saw that a young man had appeared before him without him realizing it.

The young man was... Lin Fan!

*What?*

At the instant, all the core members of the Bai Family Group couldn't believe their eyes.

## Chapter 84 You Aren't Worthy of Me Killing You!

Lin Fan's attacks were so swift and ruthless; every blow from him hit its target precisely.

They didn't even manage to see how he made his moves before the four burly bodyguards were sent flying as if they were made of straw; the scene made them unable to believe their eyes.

They weren't the only ones in disbelief.

The four bodyguards' sturdy bodies hit the wall and rolled down onto the floor.

Their faces were filled with stupefaction and disbelief; every one of them could feel an excruciating pain in their chest bones, which felt like they had broken into pieces.

"B-Brat, who are you? Mind your own business. We're from the Shengda Group!"

The head of the bodyguards stared gravely at Lin Fan.

*He's dangerous!*

For some reason, he felt a strong sense of danger coming from Lin Fan, as if the young man standing before him was not a human but a vicious beast.

"Shengda?" Lin Fan's lips curled into a chilling sneer. "This name means nothing to me!"

Then, he made his steps toward the office without even bothering to cast another glance at these four bodyguards.

"D\*mn it! Stop him! We can't allow him to disturb Young Master!" shouted the head of the bodyguards at the other three bodyguards next to him.

At the command from the head of bodyguards, the front-most bodyguard immediately sprang to his feet, then dashed forward like a strung arrow being released and hurled his iron fist at Lin Fan, ready to strike his forceful blow!

"Die, you brat!"

It was apparent that this bodyguard was a skilled fighter; he looked intimidating with malice written all over his face and his punch was strong enough to break through a plank of wood!

But as soon as the bodyguard reached in front of Lin Fan before everyone's eyes, Lin Fan suddenly raised his arm and made a grab at an unbelievable speed!

Before the bodyguard knew what was

happening, Lin Fan grabbed him by his neck and lifted him mid-air!

The scene shocked everyone. Lin Fan's slender body was standing perfectly still; he simply stretched out his hand and grabbed the neck of the burly bodyguard, lifting the latter mid-air as if he was lifting a chick!

The bodyguard started sobbing and he even wetted himself out of fright; he found himself unable to exert the slightest bit of strength the instant Lin Fan grabbed hold of his neck!

He even felt that Lin Fan could break his neck by simply tightening his grip!

"Please... Please don't kill me..."

Only then did he become overwhelmed with terror.

He was so frightened that he wetted his pants. His face was full of terror and despair as he looked at Lin Fan like the latter was a demon.

"You aren't worthy of me killing you!" A chilling gaze flashed across Lin Fan's eyes. Then, he swung his hand that was holding the bodyguard's neck and smashed the bodyguard to the ground like he was wielding a club!

## Chapter 84 You Aren't Worthy of Me Killing You!

*Bam!*

As the bodyguard's body thumped onto the floor, everyone at the scene could feel the entire 15th floor shaking.

*Crack...*

A few cracking sounds were heard, followed by cobweb-like cracks that could be seen spreading out on the floor.

The bodyguard's burly body had made a hole in the floor!

With gurgling sounds, fresh blood was gushing out of the bodyguard's mouth continuously.

He could only feel his internal organs nearly shattering into pieces from the smash.

He wanted to scream, but all that came out of his mouth was blood; he couldn't make even the tiniest bit of sound.

The scene turned eerily quiet as the entire 15th floor fell completely silent at once.

The remaining three bodyguards had wanted to stop Lin Fan, but upon seeing their companion's fate, all of them slumped to the ground, their faces turned ghastly pale as if they had all their

strength drawn out of them.

"He... He's so terrifying..."

The head of the bodyguards felt chills running down his spine.

Only then did he truly feel afraid; he could no longer muster up the slightest bit of courage to stop Lin Fan.

They weren't the only ones affected by the scene; Yang Tianrui and the Bai Family Group's core members were also stupefied at the sight.

Never could they imagine how formidable was the strength behind Lin Fan's swing and smash for it to reach the extent that he was able to smash a strong bodyguard so heavily that blood gushed out of the latter's mouth and the floor cracked.

But Lin Fan cared nothing about everyone's dumbstruck expressions.

He fixed his eyes on the office while stepping toward it, looking like a demon that had come to wreak havoc on Earth.

.....

At the same time, the people inside the office

could also hear the fighting outside.

"Hahaha... Did you hear that, Bai Yi? My bodyguards have begun their attack. No one from the Bai Family Group will be able to get in here!"

A young man was staring at Bai Yi, who was standing in a corner, with a malicious smirk on his face.

Bai Yi was holding a fountain pen while defending herself cautiously.

Never would she have expected Yang Minghao, the Young Master of the Shengda Group, to dare to exploit the opportunity of negotiating for a collaboration by trying to force himself on her!

Fortunately, Bai Yi was quick to react; she took a fountain pen early on and held it in her hand, stopping Yang Minghao from having his way out of fear that she would hurt him.

"Hehe... Bai Yi, I've heard that your husband is a useless piece of trash, so why don't you get a divorce? Isn't it better to marry me, Yang Minghao, and become the Young Madam of the Shengda Group?"

Yang Minghao's lips curled into a smirk filled

with malice and lust.

*What a stunner!*

Bai Yi was definitely the prettiest among all the women he had ever met, for he fell in love with her at the first sight with her looks as well as her aura.

Unfortunately, he spent a whole month courting her only to be continuously rejected.

Therefore, he would force himself on Bai Yi—the prettiest woman in Jiang City—on this day, no matter what!

“You are a good-for-nothing, Yang Minghao! Everyone in your family is trash!” rebuked Bai Yi angrily while holding her fountain pen. “A useless young master like you is simply no comparison to Lin Fan, my husband. You... You aren't even worthy to be compared with him!”

Her words made Yang Minghao fume with jealousy in an instant.

“How dare you say that I'm inferior even when compared with trash! Alright then. I'll let you see how powerful I am today!”

With that, he immediately swung his foot out in a back kick when Bai Yi was unprepared!

Chapter 84 You Aren't Worthy of Me Killing You!

In an instant, his kick hit Bai Yi forcefully in her wrist!

Her hand lost its hold on the fountain pen and it fell to the floor.

*Oh no! I'm done for!* Bai Yi's pretty face went ghastly pale at once.

She could no longer fight Yang Minghao without her fountain pen; the only fate awaiting her would be extremely miserable!

"Hahaha... Bai Yi, you're now mine! Since it's only you and me here, I shall make you mine now!" said Yang Minghao sinisterly. His heart was full of delight as he pounced on Bai Yi like a pervert that was hungry for women!

Just then, both Yang Minghao and Bai Yi heard a loud bang; they gaped in stupefaction as they saw the door to the office being shattered into pieces as if it was being blasted open by an extremely horrifying strength!
