

## Chapter 264 What Really Happened

Bai Chuan and Bai Yan were not the only people who were stunned. Old Master Bai's hands trembled at the sight of the Mercedes-Benz as he could not believe his eyes.

When the car door was opened, Lin Fan and Bai Yi stepped out from the car. With that, the entire area that was crowded with people fell into a complete silence.

Following their steps, the doors of the Rolls-Royces were opened as soon as Bai Yi and Lin Fan left their car. Elder Fei, Elder Qi, Jin Gang and the others came out from their cars. At once, there stood tens of Yunhai City's most influential people.

In the astonishment of the crowd, Elder Fei and others bowed to Lin Fan and Bai Yi in a uniform manner. "Miss Bai Yi and Mr Lin Fan, we have successfully escorted both of you home safely. We shall take our leave now." said Elder Fei

and the others as they bid farewell.

*Gasp!* Looking at Elder Fei and others bowing to Lin Fan and Bai Yi, along with their respectful tone, every citizen of Jiang City at the scene was stunned, as if they had been struck by lightning.

*What happened? Where is the heavyweight that they mentioned earlier? Why would Elder Fei and others be escorting Lin Fan? It was an unbelievable moment.*

Another perplexing moment occurred as all Lin Fan did was nod his head and wave to Elder Fei and others. "You can go back now."

The crowd of Jiang City dispersed immediately when Lin Fan walked toward their way. They dared not get in the way of Lin Fan, nor did they greet him. Doubt and uncertainty were written all over their faces.

After a short while, Lin Fan and Bai Yi arrived in front of the members of Bai Family. "Dad, we're home!" said Lin Fan to Bai Shan, smiling widely.

At this moment, Bai Shan and Shen Yumei were as dumbfounded as the rest of the crowd, as they looked at them in astonishment. "Lin Fan, why are you here? Wasn't it meant to be for a heavyweight? Why were you escorted by respectable people such as Elder Fei?" Old Master Bai asked him in a shaky voice.

After all, the incident was totally inconceivable. Bai Hai said with absolute certainty that it was a heavyweight, but now the person turned out to be Lin Fan that they had been looking down on.

The difference between the two was too great and was too much for the members of Bai Family to accept.

## Chapter 264 What Really Happened

To make things worse, they had prepared a precious painting that was worth a million for the man they were expecting. At this moment, the members of Bai Family felt as if they were given a slap after another on each and every one of their faces.

Lin Fan was confused at Old Master Bai's query, but he quickly understood what was going on when he saw the gifts in the hands of the members of Bai Family. He put on an indifferent smile and said, "I'm sorry to disappoint you as we're the heavyweights that Elder Fei and others had been escorting. Also, we don't accept gifts."

His words were as though a resounding and vigorous slap that landed on Old Master Bai's aged face, causing him to turn red and shameful, to the point that he nearly passed out from pure anger and anxiety.

"Nobody said that the gift was for you!

## Chapter 264 What Really Happened

Who do you think you are to deserve such a gift?" Old Master Bai shouted in anger as he was about to reach his limits. He was ashamed to stay any longer so he quickly left in resentment along with the members of Bai Family.

The crowd was astounded as well. After the twenty Rolls-Royces had left, the remaining citizens of Jiang City surrounded Lin Fan and Bai Yi while asking all kinds of questions, with curiosity written all over their faces.

...

At the same time, the main road from Yunhai City to Jiang City was no longer blocked, and a BMW X5 sped across. Bai Yifan, who was in the driver's seat, was thrilled and said, "Dad, granddad and the others must have met the heavyweight by now. I can't wait to see how well the discussions went. It would be brilliant if they had already formed a relationship with him!"

## Chapter 264 What Really Happened

Bai Yifan's heart was filled with happiness as he considered the trip to Yunhai City to be perfect. Not only did they prevent Bai Yi from acquiring the Blue Ocean Building, they successfully formed a partnership with the Cai brothers as well. They also managed to have the Cai brothers break Lin Fan's legs. Moreover, they happened to come across a super heavyweight by chance. The trip was definitely worth it.

Upon hearing that, Bai Hai smiled. "Don't worry. This time, your granddad is generous enough to present him our most precious painting 'Over the Snow for Plum Blossoms' as a gift. He will definitely be impressed. Even if we can't form a relationship with him, it would be sufficient to make an acquaintance of him."

After he spoke, the father and son looked at each other with joy written all over their faces. But when they were at the heights of excitement, the ringtone

of an incoming call rang suddenly.

An expression of joy was seen on his face when Bai Hai saw that number on his phone. "It's your granddad. Seems like it's good news." Bai Hai picked up the phone as soon as he finished.

But what awaited him was a storm of curses and reprimands as soon as he picked up the phone. "What's wrong with you, Bai Hai?! How dare you make me prepare gifts for those two brats Bai Yi and Lin Fan?! I was utterly ashamed and disgraced today! You b\*\*tard!"

It was in hands-free mode when Bai Hai picked up the phone. At once, Bai Hai and Bai Yifan were flabbergasted at Old Master Bai's rage and fury. "Dad, what are you talking about? I never made you prepare gifts for Lin Fan and Bai Yi. What happened?"

He had a bad hunch in his mind. As soon as he finished, Old Master Bai

continued with his rage. “F\*ck the heavyweight. I’ll tell you right now; the ones who were being escorted by the moguls of Yunhai City, were Bai Yi and Lin Fan!”

The faces of Bai Hai and Bai Yifan turned pale immediately at Old Master Bai’s words.

*How is it possible?*

*It took twenty Rolls-Royces and all the moguls of Yunhai City like Elder Fei, Elder Qi and Jin Gang to escort Lin Fan and Bai Yi?*

It was nothing short of a fairy tale.

Bai Hai remained lost in thought long after Old Master Bai’s phone call ended in fury.

Depression and despondency filled the atmosphere within the car; Bai Hai and Bai Yifan felt as though they were

dreaming. “Dad, does this mean Cai Guofu didn’t manage to break Lin Fan’s legs? How is that possible?”

Bai Yifan’s face was filled with gloom, for they had spent a large sum of money to deal with Lin Fan. Seeing him appear in Jiang City all well and alive, escorted by the moguls of Yunhai City, made them feel disgusted to an extent they could no longer bear.

Bai Hai remained silent. He looked through his contacts and made a call to Cai Guofu, but was redirected to the automated voicemail. “F\*ck! We shall go to the Blue Ocean Building tomorrow and look for Cai Guofu. Whatever the case, we have achieved our goal by preventing Bai Yi from buying the building.”

Bai Hai’s expression turned gloomy and frightening. Little did he know that it was not Cai Guofu’s fault for not answering his call, but instead he was

already killed and sent to the deep depths of hell by Lin Fan. Moreover, the aforementioned Blue Ocean Building had already gone through a change of ownership.

## Chapter 265 Yes, It's Me!

The next morning, Lin Fan grabbed Bai Yi's hand and headed to the Blue Ocean Building as soon as they were done with breakfast. "Lin Fan, why are we heading to the Blue Ocean Building? It'll never be ours no matter how many times we go. Why don't we look for a new site for our company in our spare time?"

Bai Yi's delicate brows frowned. Confused, she wondered what had gotten into Lin Fan. The Blue Ocean Building belonged to Cai Guofu, and a grudge had been formed between them. Entering the building now was akin to asking for unnecessary trouble.

Lin Fan put on a subtle smile as he did not take her words seriously. "Dear, relax. I have a surprise for you." Lin Fan gave a wink to Bai Yi as he spoke, looking mysterious.

*A surprise?* Bai Yi could not help but shake her head and chuckle. Having been married to Lin Fan for three years, she had neve

r gotten any surprise from him. Thinking about it, Bai Yi spoke no further, for she wanted to know what was the surprise Lin Fan had prepared for her.

Soon after, Lin Fan arrived at the car park of Blue Ocean Building in his Mercedes-Benz. When they got out from the car park and were about to enter the building, they were stopped by two security guards. "May I ask who you're looking for?"

The security guards looked strong and tall as they examined Lin Fan and Bai Yi all over with their own eyes. Upon hearing that, Lin Fan smiled. "We're looking for Wu Xuepeng."

Wu Xuepeng?

Bai Yi froze at the mention of this name, for she knew that Wu Xuepeng was the general manager of Blue Ocean Building. Cai Guofu had entrusted the management of the building to him.

## Chapter 265 Yes, It's Me!

Not just anybody could request to meet with the general manager. But much to Bai Yi's surprise, Lin Fan called out the name Wu Xuepeng outright.

The security guards were surprised as well. Upon hearing the request, they asked in a serious manner, "Sir, did you make an appointment?"

The guards' attitude toward Lin Fan became more respectful, for Wu Xuepeng was their general manager. Anyone who dared to refer to their general manager by his name without honorifics must be a person from a strong background.

"Nope." Lin Fan smiled. He then said in a profound manner, "Just tell your manager that the man who's going to take over the Blue Ocean Building is here."

*Gasp!* Not only were the guards surprised, Bai Yi was shocked from his words

as well.

*Without an appointment? The man who's going to take over the Blue Ocean Building?! Is this guy out of his mind?*

The guards' gaze toward Lin Fan changed instantly, as though they were staring at a fool.

"Sir, are you messing around with us? You want to meet our general manager without an appointment, and you're saying that you'll take over the Blue Ocean Building?"

"That's right. Stop joking with us."

The guards' gaze toward Lin Fan gradually turned unpleasant. Before he could say anything, a huge laugh was heard bursting out behind him.

"Haha! Lin Fan, are you crazy? Taking over the Blue Ocean Building? Who do you think you are?"

Chapter 265 Yes, It's Me!

“That was hilarious! Have you resorted to lying after being rejected by Cai Guofu? What an idiot!”

Lin Fan and Bai Yi turned around as they heard the voices, and noticed a group of people heading toward them. The ones who spoke earlier were Bai Hai and Bai Yifan. Following behind them was Bai Chuan and the other leaders of Bai Family Group.

The members of Bai Family looked at Lin Fan as though they were looking at a fool, with ridicule and mockery written all over their faces.

Bai Yi's pretty face turned pale as they walked toward her, for she knew how much the members of Bai Family hated her own family.

“Uncle Bai Hai. Uncle Bai Chuan.” Bai Yi greeted her two uncles, but upon hearing that, Bai Hai sneered. “Bai Yi, I don't deserve to be your uncle. Now that

you have established the New Bai Family Group, I should call you President Bai instead!”

*President Bai!*

Only a fool would be not able to read between the lines in Bai Hai's words, for he was full of ridicule and contempt toward Bai Yi. With that, her pretty face turned even paler at his words.

But there was more to it as Bai Hai went on, “Bai Yi, truth be told, we have reached an agreement with Cai Guofu. We're here to sign the contract today.”

*Gasp!* Bai Yi's pretty face turned pale with his words. She finally realized that it was them who meddled with her business, causing her trip to Yunhai City to be unfruitful. Her already pale face became paler as sadness filled her heart.

“So, Bai Yi, what do you think? Are you

feeling angry? Your efforts are all but in vain, for your New Bai Group is screwed!”

“That’s right. There can only be one Bai Group in Jiang City, and that will be our group!”

Bai Yi was at a loss for words. The members of Bai Family, on the other hand, gazed toward Lin Fan and Bai Yi with ridicule.

As Bai Yi felt a chill engulfing her weak body and started shivering, a large, warm hand held her together, and that was Lin Fan.

Looking at the members of Bai Family, Lin Fan’s lips curled into a playful manner as he smirked. “Are you sure about that? Let me tell you something. Within an hour, one and a half billion from the Bai Family Group will be gone. Also, from today onward, you will never get a single contract from Blue Ocean

anymore.”

Upon hearing his arrogant speech, the members of Bai Family were stunned for a moment, before bursting out in laughter.

“Did you hear that? This guy spoke as though he was the owner of Blue Ocean!”

“What an idiot. Tell Wu Xuepeng to come down here right now. Someone is making a scene here!”

“That’s right. Wu Xuepeng will never forgive anyone who tries to impersonate the owner of the Blue Ocean Building.”

The members of Bai Family were eager to stir chaos; Bai Hai quickly took out his phone and dialed a number. “Hey General Manager Wu. It’s me, Bai Hai. We’re just outside the Blue Ocean Building now. Someone was declaring

Chapter 265 Yes, It's Me!

that he's going to take over the Blue Ocean Group!"

Bai Hai hung up his phone as soon as he finished.

Within a short time, a middle-aged man surrounded by a group of people came out from the building. The middle-aged man, who was thin on top, was the general manager of Blue Ocean Building —Wu Xuepeng. But at the moment, he had a dull and gloomy expression on his face.

"Who's the one declaring to take over the Blue Ocean? Is he sick of living?" Wu Xuepeng's loud, furious voice could be heard far from a distance.

Hearing that, the smiles on the faces of Bai Hai and his gang grew wider.

"General Manager Wu, he's the one!"

As he spoke, Bai Hai and his gang pointed their fingers toward Lin Fan.

## Chapter 265 Yes, It's Me!

Looking at the situation, Bai Yi's beautiful face grew pale once again. She pulled at Lin Fan's shirt to nudge him not to say anything stupid. However, what Lin Fan was about to say made her turn pale as a white sheet. "Yes, I'm the one."
