

Blood Buddha narrowed his eyes while staring after the group of Land Rovers.

“Wolf, I think these people are not just commoners! Thirteen Grandmasters, *tsk-tsk*... If I’m not mistaken, I think only the Four Greatest Hidden Prominent Families would have such capabilities!”

Upon hearing this, the Blood Wolf nodded subconsciously and walked forward to check on the headless body. Then, he turned around and told the Blood Buddha, “Master, they’re the White Angels of the Bai Clan of Jiangnan Province!”

*The White Angels?* Blood Buddha narrowed his eyes.

“Why are the White Angels going to Jiang City? Besides, they are the Bai Clan of Jiangnan Province?”

A cold expression gradually appeared

on Blood Buddha's face as though something had popped into his mind.

"Will their arrival be related to the Lord?"

*The Lord!*

Blood Wolf stiffened; his eyes were filled with disbelief.

"Master, although the Bai Clan of Jiangnan Province and the White Angels were the most powerful force in the Jiangnan Province, they mean nothing before the Lord! How dare they fight against the Lord?"

Blood Wolf found this unbelievable. After all, they were the only ones who really understood Lin Fan's terrifying strength.

Blood Buddha shook his head and the menacing smile on his face turned wider. "That's because the Lord has been keeping a low profile, and that's

why these underdogs have been looking for trouble!" Upon speaking, his face was flushed with excitement and he waved smilingly. "Let's return to Jiang City now! The Lord probably won't chase us away this time!"

*Hmm?* His words made Blood Wolf's eyes lit up at once.

When they met the Lord last time, the Lord had asked them to return to the Caribbean. However, they had postponed their plans due to Blood Wolf's injuries. Now that Blood Wolf had fully recovered, they had no choice but to leave.

If they did not need to leave, their dream would most definitely be following the Lord. Thinking about this, the master and his disciple looked at each other and smiled excitedly.

...

Meanwhile, Bai San—who was in the Land Rover's backseat—took a pack of cigarettes out from his pocket and lit up one with his trembling hands. It was obvious he still could not calm down until now.

"S-San! Shall we just let this off? He killed one of our brothers!" Another man was driving now, and his face was flushed with fury. After all these years, the White Angels had killed countless lives, but nobody dared to kill them; what happened today was their disgrace.

"What else can we do if we don't let them off?" A wry smile curved up Bai San's mouth.

"We're talking about two ultimate Grandmasters now! Particularly, I don't think anyone in the White Angels is a match for the Blood Buddha except Kui Shou! We were lucky to get off today. Otherwise, our whole team would've

been killed!”

Bai San was glad now because he only sacrificed one of his brothers and had managed to keep the others safe. Otherwise, his team would be wiped out if they really went into a fight!

After hearing Bai San’s words, the new driver could only let out a deep sigh no matter how unfair he felt. “I really don’t understand why Blood Buddha and his disciple has come all the way to Jiang City when they’ve already become ultimate Grandmasters?”

*Jiang City?* Bai San shook his head. “What they’ve done in Jiang City has nothing to do with us! The only thing we can be glad for now is that Lin Fan’s men are all good for nothing! Otherwise, our mission this time would be extremely difficult!”

Upon speaking about this, Bai San and the new driver let out a sigh of relief. If

they had learned that the terrifying Blood Buddha and his disciple were actually Lin Fan's men too, how would they have reacted?

Half an hour later, four Land Rovers stopped before the Bai Residence. Being led humbly by the Bai Clan senior members, Bai San and the other eleven men came to the hall. However, Bai Chen—who had been in the hall—was startled upon seeing them.

He finally said after giving the team a count again, "Bai San, aren't there thirteen people in your team? Why is there one missing? Besides, what happened to you guys? Why do you all look upset?" Bai Chen was confused. Beside him, Old Master Bai and the others became confused after hearing his words too.

Since there were more than ten of them and they were all Grandmasters, it could be said that they were able to beat every

opponent in Jiang City. However, Bai San and the others were now in low spirits as though they had been defeated. What had exactly happened?

Upon hearing Bai Chen's question, Bai San could only smile wryly and answer, "Young Master Bai Chen, something happened on our way here and we sacrificed one of our brothers!"

*What?!* His words shocked Bai Chen and the others. As the White Angels were all Grandmasters, they were invincible in any city they were sent to. Furthermore, they were highly regarded by the Bai Clan of Jiangnan Province too.

Hence, how was it possible that they had sacrificed one of their brothers before they even reached here?

"What happened? Who did this?" Bai Chen's face was extremely gloomy. This was because he could hardly shift the blame of the White Angels' death to

others. After all, the White Trio was here under his orders.

“Alas... Young Master, we met an elderly and a youth on our way here! As they didn’t give way to our cars, Bai Bin had been too impulsive and wanted to hit them! However, we’d never thought that they were actually... Blood Buddha and his disciple, Blood Wolf!”

Bai San looked terrible as he could still feel his heart fluttering with fear upon thinking about the scene just now.

When Bai Chen, Old Master Bai and the others heard the Blood Buddha and the Blood Wolf’s names, they felt a shiver running through their bodies.

“No wonder you sacrificed one man! Both Blood Buddha and his disciple are ultimate Grandmasters!” Old Master Bai sighed deeply and looked sorry.

*Ultimate Grandmasters?* Bai San paused for a second and then a

sked with a frown, "Old Master Bai, although it's widely known that Blood Buddha is an ultimate Grandmaster, how do you know that Blood Wolf is one too?" Bai San was very curious about it.

After all, he and his men only realized that Blood Wolf was actually an ultimate Grandmaster after their brother had been killed by him within seconds. Since Old Master Bai had just pointed it out frankly, it was clear that he had already known about this.

Even Bai Chen, who was beside him, turned his curious gaze toward him.

"I believe that everyone still hasn't heard about this news!"

Old Master Bai explained quickly, "Some time ago, there was a martial arts battle in Jiang City! Blood Buddha participated in it and had requested Grandmaster Lin from Jiang City to be his opponent!"
