

Chapter 28 Acquire this SPA shop

Sarah's yelling aroused discussion among the crowd watching,

"What? That loser Maximilian actually did commit such an indecent behavior?"

"He is surprisingly perverted, who usually seems to be honest. A scum like him should be fired!"

"He has such a good-looking wife, so I don't understand why he still does such a behavior?"

The chatter of the people around them soon turned to vocal criticism of Maximilian.

Just because he was too trash, everyone could humiliate him for no reason.

Sarah wrapped her arms around her

chest and looked at Maximilian with an arrogant face. Coldness flashing in the corners of her eyes.

"So you're so unpopular here, then it seems like you'll definitely be fired today!"

Maximilian also tried his best to explain at this moment,

"I didn't, I really didn't....."

Pow! Sarah slapped Maximilian's face again and scolded,

"Don't argue with me! Could it be that I framed you? "

As soon as she said that, a few women next to her echoed,

"You don't need to talk to him anymore. You can directly call the police to catch him!

I have been here before and he has violated me too! "

That would be complete nonsense.

Even some of the other employees in the massage parlor began to gloat, saying

"Let me tell you that he is Maximilian, the loser son-in-law of the Griffiths. He was able to work here because his wife begged our big boss. I didn't expect him to be so nasty!"

Maximilian looked at the outraged crowd as if he had actually done something intolerable.

"I didn't!"

Maximilian explained with his fists clenched tightly.

However, he suffered more accusations and reprimands as soon as he spoke.

"Where's the manager! Where's your manager?"

That would be complete nonsense.

Even some of the other employees in the massage parlor began to gloat, saying

"Let me tell you that he is Maximilian, the loser son-in-law of the Griffiths. He was able to work here because his wife begged our big boss. I didn't expect him to be so nasty!"

"I didn't!"

Maximilian explained with his fists clenched tightly.

However, he suffered more accusations and reprimands as soon as he spoke.

"Where's the manager! Where's your manager?"

Sarah yelled unreasonably and arrogantly, in order to make things worse.

"Hey, here I am, Miss Sarah. What's the matter? Who upset you?"

At this time, a middle-aged man with a blessed body and greasy face came over. The belt on his stomach was almost cut off.

Isaac Webb, the manager of this store. He was stingy and mean, so he treats employees extremely harshly.

However, he was now incomparably flattering to Sarah.

He knew Sarah because he had personally handled her membership two days ago, and she charged 100,000 dollars!

The one who accompanied her in the first place was a rich big boss with a

fortune over ten million dollars.

“Humph!”

Sarah snorted coldly, pointing to Maximilian, and shouted,

"This man just molested me while he was giving me a massage. It is up to you!"

Isaac immediately turned around and saw Maximilian. He frowned and asked contemptuously,

"Maximilian, how could it be you?"

Isaac was disgusted with Maximilian for three years. He didn't know why the big boss recruited such a loser.

Such an employee who had been sufficiently ashamed was now still ruining the reputation of Supreme Beauty SPA.

Isaac can't tolerate him anymore!

He immediately chided,

"Did you sexually harass our guest?

Do you know the rules of our shop?

How can you do such a thing!

Immediately apologize to Miss Sarah, and then get out! "

Isaac tidied up his suit with a sneer and triumph.

He finally got a chance to teach Maximilian a lesson!

He must be fired this time anyway!

Maximilian hurriedly explained,

"Manager, I did not do that. She framed me."

"Shut up ! How could Miss Sarah falsely frame a loser like you for no reason?"

Isaac chided, then turned to Sarah with smile,

"Miss Sarah, don't worry. I will definitely punish him severely."

Sarah nodded proudly with mockery as she looked at Maximilian, and said,

"Now do you know what happens when you offend me?"

What qualifications do you have to appear in front of me as a loser?"

Seeing Sarah being aggressive towards Maximilian, Isaac immediately agreed like a flattery, shouting,

"Maximilian, I don't care what you have to say in your defense. Immediately apologize to Miss Sarah now! And then, get the hell out of here!"

Isaac was furious at the moment, which made Maximilian crazy!

If the news of molesting customers in the shop spread out, the SPA massage shop would be closed down.

This loser always caused trouble!

"Son of bitch, don't be aggressive to me. I said I didn't do that kind of thing, then I just didn't do it! You can drive me away, but before I go, I must make it clear that I didn't do it! In addition, you are fired by me! "

Maximilian was also furious!

He was the noble young master of the Dragon Sect, how could they insult and slander him at will?

Before, he could endure grievances for Victoria. But now, since he had decided to inherit Dragon Sect, there was no need for him to endure it anymore!

Isaac immediately pissed off when heard this, angrily accusing Maximilian and yelling,

"What kind of attitude did you just

have? How dare you be aggressive to me? And you're firing me? Haha, everyone, just come to see if Maximilian is going to be delirious, and he dares to fire me. I'm the manager here, you're just a little employee! I'm warning you for the last time! Apologize to Miss Sarah, and keel down!"

Sarah stood to the side with a playful expression.

This stupid Maximilian dared to say anything, so he was indeed a foolish and thoughtless tloser!

Victoria was really trampling herself by marrying him.

Listening to Isaac's accusations and spewing curses, Maximilian directly took out his cell phone and dialed Wilfred's number, saying in a cold voice,

"Wilfred, buy the Supreme Beauty SPA in ten minutes."

Wilfred respond respectfully,

"My young master, No problem. I will deal with it immediately."

After hanging up the phone, Maximilian stood silently to the side.

However, this scene silenced everyone around! Everyone stared at Maximilian with dull and contemptuous eyes. What did he just say? Buy this Massage Parlor in ten minutes?

"Damn! Maximilian must be crazy to say this. "

"He is a fool, no wonder the Griffiths are not good to him. Such a person will be cast aside wherever he goes!"

The surrounding area was filled with the laughters and contempts of the onlookers.

Isaac immediately laughed, pointing at Maximilian, and said,

“Maximilian, I thought you were just a poor boy, but I don't expect you to be such a loser. It's so ridiculous, how could you possibly buy our shop? Do you know how much our store is worth? Thirty million!”

Isaac finished speaking, teasingly looking at Maximilian.

However, Maximilian just looked at the text message from Wilfred on his phone, “Everything is done.”

Seeing Maximilian ignoring himself, Isaac stared at Maximilian resentfully and shouted,

“Fine, you just keep pretending. I'll wait ten minutes for you!”

Saying that, he turned to Sarah with a smile and said,

“Miss Sarah, why don't we wait ten minutes to watch a joke?”

Sarah was surely happy to see Maximilian make a fool of himself, so she nodded slightly.

But only after three minutes later, a middle-aged man in a suit suddenly ran in the room.

Seeing this man, Isaac said obsequiously,

"Oh, boss, why don't you tell me you are coming, so I can pick you up personally."

Archer Atkinson was the big boss of Supreme Beauty SPA.

Archer glanced at him and said,

"What happened? There is so much noise!

The new boss is coming later, so hurry up and follow me to the front to greet him!"

Isaac was going to tell Archer about

Maximilian, but upon hearing this, he said suspiciously,

"New boss?" Archer nodded and said,

"Someone paid \$40 million for the store."

\$40 million! Archer has no reason to refuse!

As soon as Isaac heard this, he immediately glanced at Maximilian on the side.

It was not possible.

It must be a coincidence.

Not only him, but even Sarah and the others are froze.

It can't be so coincidental, can it?

Isaac asked cautiously,

"So who's the new boss, do we know him?"

Archer frowned and said,

"I'm not familiar with the new boss either, but I heard he is very young, so everyone should be careful. After all he is your new boss from now on."

After saying that, he took a few dozen employees and stood directly at the front door of the store.

Sarah's affairs were temporarily suspended. Of course, she also went to wait for the new boss with others, because as a gold worshiper, she really wanted to seduce this rich young man who bought this store for 40 million dollars!

Moreover, she deliberately added makeup to seduce him.

Isaac shouted with conquer,

"As you have heard, the new boss is coming. So you all have to cheer up,

perform well, and strive for promotion and pay rise."

After saying that, he deliberately glared at Maximilian and said,

"You get off to the side!"

Maximilian glanced at him with a sneer and stood silently on the side of the gate.

Archer looked at him but didn't say anything.

It was at this moment that a black Rolls Royce slowly pulled up to the front door.

Wilfred thought about it, and finally decided to come here by himself. Since the young master did this, it means that some bold people provokes the young master.

Isaac stood behind Archer expectantly, rubbing his hands together

in excitement.

This new boss who could drive a Rolls Royce must be extraordinary, so he must perform well.

At this moment, Isaac saw Maximilian standing in the doorway with an indifferent appearance and blocked the new boss's car.

"Maximilian, what are you doing? Get out of here, who told you to stand there!"

"

Chapter 19 She Cares for Me

Maximilian's face was calm as he looked at Ralphy and spoke indifferently,

"Ralphy, is it okay if I do this?"

How did Ralphy dare to say no now? Taking a look at his son who was stifling on the ground, he said,

"That was his deserved punishment and it was just what I wanted."

The son was injured, but the father actually said it was just what he wanted.

Connor sucked in a breath of cold air. Though he had long known Mr. Maximilian's identity was extraordinary, he was still stunned at the moment!

Ralphy, the chairman of Graham Group, his eldest uncle was Cooper Graham!

He had more connections and

status than Connor himself!

If such a person said even one word, he, Connor Davies would have to fall from the clouds to the mortal dust.

Bruno was standing respectfully behind him.

As for Zak, he was lying on the ground at the moment, covering his crotch, looking at his dad with a painful face, and muffled his voice,

"Dad... avenge me..."

Ralphy's face was shaken with anger and the corners of his eyes were cold, since Mr. Maximilian was already kind to leave him alive!

"Take the young master out." Ralphy spoke coldly.

"When you're done with him, send him back to the capital and he is not allowed to step out of there again. If he dares to take half a step outside, I will break his legs!"

The attendant behind Ralphy, bending down, said respectfully,

"Yes, Chairman."

Soon, Zak was carried out.

Bruno, who witnessed all this with his own eyes, was still a bit flustered, his eyes burning as he stared at Maximilian.

Yes, this young man was indeed the wimpy son-in-law of the Griffith family!

Before, when Bruno was invited to 100th-day birthday party for the youngest daughter by Samuel Griffith, he had seen Maximilian, who was regarded as a waste by all people at that time.

He hadn't put Maximilian in his eyes at first, only thinking that this young man was worthless.

Now it seemed that everyone had misunderstood him!

A moment later, Bruno greeted him

with his hands outstretched and a smile on his face, saying,

"Hello, Mr. Maximilian, I'm Bruno Riley."

This was a good opportunity!

Bruno was a person within the system, and naturally understood that the person who could even be respected by Ralphy must be a person with a supreme background.

Maximilian looked hesitantly at Bruno and blandly extended his hand, saying, "I'm Maximilian." Sure enough, it was him!

Then, Ralphy asked his attendant to take out a contract and respectfully handed it to Maximilian, saying,

"Mr. Maximilian, this is the contract, which just need to be signed by Miss Griffith."

Without even looking at it, Maximilian said,

"You can deliver it yourself to the Griffith family's mid-year party tomorrow night."

Ralphy was a clever man, and instantly understood what Maximilian meant.

After that night, he had asked someone to inquire deeply about the Griffith family and found out that Victoria was very unpopular in the family mainly because of Maximilian.

Maximilian was known in Griffith family, and even in H City, as a wimpy punk.

Ralphy was confused as to why Mr. Maximilian had to act in such a low profile when it was obvious that he was powerful and had a strong background.

But, not daring to ask more questions, he nodded in response and said,

"Yes, Mr. Maximilian. Don't worry. I'll

make the arrangements tomorrow night."

Maximilian just wanted Victoria to impress everyone at the mid-year party tomorrow night, so Samuel would pay attention to her.

That was easy.

Maximilian didn't say anything else and walked out of Belle Club, followed by Ralph and the others. Even Bruno was respectfully standing by the side.

After going out, Maximilian looked back at the Belle Club and said to Connor,

"I don't like this place. Bulldoze it."

"Yes!"

Connor immediately answered respectfully, and then with a phone call, five bulldozers and shovels went there imposingly!

Bah! One of H City's iconic buildings, the Belle Club, was instantly crashed

and razed to the ground!

This scene, too, caused an instant sensation in H City!

Someone recorded a video of the scene, and Maximilian's back was in it.

Just as the people of H City were talking about it, Bruno ordered the relevant TV stations to report that Benjamin had been arrested on suspicion of several charges.

The Belle Club was also found to be involved in improper trading and was closed down.

At the scene, Graham Group's young master, Zak, was also admitted to the hospital for emergency treatment because he was injured in an accident.

In short, all gossip was effectively contained.

Nothing leaked out about the identity of Maximilian.

In Yunsheng Pharmaceutical of

Griffith family,

Franklin and Iris were hiding in their offices at the moment, not daring to breathe heavily, watching the video on the internet, shuddering!

They couldn't believe the Belle Club was bulldozed!

Zak was hurt, too!

What a coincidence!

"Franklin, look. Does this look like Maximilian?"

Iris watched the video repeatedly, and one of the shadows made her suspicious.

Franklin looked at it for a few moments, and with a chilly brow, he said,

"Impossible. How could that trash Maximilian be there?"

"Then can you tell me why the Belle Club was suddenly torn down, and even

young Mr. Graham was injured?"

Iris was puzzled.

"What are you trying to say?

Maximilian did all of these? Absolutely not! It's probably just a coincidence since he's just a wimp!"

Franklin didn't believe it.

Iris stopped dwelling on it, and then asked,

"Tomorrow night is the mid-year party, and what are you going to do?"

Franklin sneered twice, looking untamed, and said,

"Of course I'll kick her out of the Griffith company in public!"

The two smiled at each other and forgot about the Belle Club.

Perhaps it was really like what the news said.

Maximilian rushed to the hospital and saw Victoria lying on the hospital

bed. She was a bit weak. Seeing Maximilian enter, she coldly turned her head away and secretly wiped the tears at the corner of her eyes,

"What are you doing here?"

Maximilian smiled and sat over. He took an apple to peel while saying,

"I'm taking care of my wife."

Victoria snorted a laugh before twisting her face and asked,

"Are you all right?"

I just saw on TV that the club was fixed and Mr. Graham was injured. What about you?"

Maximilian shook his head when he carefully cut the apple into small pieces and handed it to Victoria, saying,

"I'm fine, because when I reached there, they were just checking the club. So I took an opportunity to take you out."

Victoria's eyebrows knitted as she wondered if Maximilian was telling the truth.

"So, you didn't hurt that young Mr. Graham, did you?"

Victoria asked worriedly.

He was the young master of the Graham Group after all. If he was offended, the cooperation between Yun Sheng Pharmaceutical and Graham Group would be over.

Besides, she would lose her director position as well.

"I did." Maximilian replied honestly.

Victoria was shocked. Her eyes widened and she asked hurriedly,

"What have you done to him?"

Oops, why did you offend him? He's the young master of Graham Group.

What shall I do? I'm sure I won't be able to negotiate with them from now

on.

And you. As you beat him, the young Mr. Graham will definitely not let you go."

Victoria looked anxious, crystal fragrant sweat seeping out from the corners of her forehead.

Maximilian smiled gently and stuffed a piece of apple into Victoria's mouth, saying,

"Fine, I was joking. I didn't do it. I'm not that stupid, right? But I almost killed him then when he was bullying you."

When Victoria heard this, she was relieved. Then her pretty face flushed as she grabbed the bed sheet with shame, saying,

"I'm sorry. It's my fault. I shouldn't have..."

Maximilian interrupted Victoria and said, "Don't think about it. You should have a good rest, since tomorrow night

is the mid-year party."

At the mention of the mid-year party, Victoria was struck with melancholy and loss, and cooed,

"What should I do? I didn't succeed with the cooperation with the Graham Group. At tomorrow's party, Franklin and the others are definitely going to laugh at me."

"Don't worry, you have me."

Maximilian said solemnly at the moment.

Victoria twisted her head and looked at Maximilian with a burning gaze, reading an unprecedented sense of security in his eyes.

Was him the namby-pamby husband?

"What do you mean by that?"

Victoria's small mouth opened slightly, somewhat suspicious.

"I've got the contract with the
Graham Group for you."

Maximilian said.
