

Chapter 103 He's the richest man

The door opened. Maximilian was standing outside the door.

The expression on Laura's face froze. And she said with a puzzled expression, "Weren't you arrested, how come you were released?"

Maximilian laughed, "Mom, I didn't break any laws, so they naturally let me out."

At the same time, when Victoria heard Maximilian's voice, she rushed over and hugged Maximilian with tears.

Maximilian comforted her, "Alright, alright, I'm fine, I'm out now."

In the living room, the family sat together.

Laura and Marcus were sitting on the sofa. Their eyes were sharp with

anger, staring at Maximilian with the intention of questioning.

Beside Maximilian, an old man was sitting there, none other than Wilfred.

Laura kept staring at Wilfred and said unhappily, "Maximilian, who is this old man? Why do you casually bring someone we don't know into my house?"

Laura didn't like this old man's dress. He was still wearing a suit at such an age. And he was holding a black hat that she had never seen before. He kept smiling. At first glance, he was old and dishonest.

It was no wonder that Maximilian was arrested when he hung out with such a person.

Maximilian blandly explained, "Mom, he is a friend of mine... this time I can get out because of his help."

As for what kind of friend, Maximilian didn't point it out.

If he told them the old man sitting in front of them was the richest man in the Chuzhou Region and was his housekeeper, would they go crazy?

"I am Wilfred, nice to meet you."

Wilfred had done an investigation and knew that Maximilian's mother-in-law was a ruthless woman. She was notoriously aggressive and unreasonable. And when he saw her today, she was truly extraordinary.

"Wil ... Wilfred?"

Victoria suddenly realized. She looked seriously at the person beside Maximilian for a few moments and said in astonishment, "You are really Mr. Wilfred?"

"Victoria, you know this old man?"

Laura squeezed her mouth and sneered.

"Mom, Wilfred is the richest man in the Chuzhou Region. And it seems that he is also the chairman of New Hemp Group..." Victoria said excitedly.

Her husband knew Wilfred!

More importantly, wasn't this old man the one who Maximilian helped at the hospital door last time?

It seemed that he was also the boss of Lasdun. After all, it was because of Maximilian that Lasdun's matter was solved last time.

"The richest man in the Chuzhou Region? him?"

Laura looked at Wilfred up and down with contempt and said with a disgusted look, "Victoria, don't joke with Me! How can Maximilian know such a

rich man? Besides, not just anyone called Wilfred is the richest man."

It was understandable that Laura didn't know Wilfred. She didn't care about the business world, and she was only interested in trivial matters.

Moreover, in her eyes, Maximilian was a loser. Could he know such a rich man?

If he did, she could kowtow to him!

Faced with Laura's ridicule, Wilfred's face twitched, but he kept holding back his temper.

Victoria was even more anxious and kept winking at Laura, but she ignored her all and sneered even harder.

"Maximilian, from now on, don't bring cats and dogs to the house, or you won't enter my house either!"

Laura said discontentedly, and the

dark bags under her eyes revealed cynicism.

However, at that moment, a news item was suddenly inserted on the television.

"According to the latest news, Mr. Wilfred, the chairman of New Hemp Group, has personally funded one billion dollars to build the largest police academy in the city, as a contribution to the city's stable development."

As the news was broadcasting, the whole living room became dead silent!

Especially the picture of Wilfred and the video of the interview were also on the screen!

Laura's eyes were wide, staring at the richest man in that picture. And then her eyes kept moving back and forth over the old man in front of her.

"Oh my god!"

Laura was shivering with fear at that moment and pointed at the TV, "You, you, you ... you're really that Wilfred, that richest man, Mr. Wilfred?"

Oh my God!

Laura was devastated! What did she just do? What did she just say? She was stupid, so stupid!

Such a rich man would come to visit her house, and she kept satirizing him.

"Oh, ... Mr. Wilfred, please don't misunderstand me. Please don't mind my words. I'm just an old lady. All the things I said just now are farts. Please don't listen to it."

Laura was panic. She was excited and flattered to get up. She hurriedly made tea and prepared some fruits, and she just wanted to stuff them all into

Wilfred's mouth.

Wilfred smiled blandly and politely said, "Don't bother. I just send Maximilian home, and I'll be leaving soon."

"It does not bother at all. When Mr. Wilfred comes to our house, it is just honor to see you her. Please help yourself. These are the fruits I just bought today, and this is also the best Maojian tea. I am reluctant to serve my husband this tea at home."

Laura's attitude had changed suddenly, and she became very attentive.

Even Marcus wanted to utter a few words but was interrupted by her.

"Sit there and read your newspaper." Laura said to Marcus. And then she turned her head, and her eyes were lighted up, staring at Wilfred as if she

was looking at a national treasure.

Victoria was helpless, it was a shame that her mother behaved like this.

She wanted to kick people out one second ago, but now she wanted her eyes to be glued to him.

"Mom, Mr. Wilfred is busy with his day, and he needs to have a rest now." Victoria said.

Laura glared directly at Victoria and said, "What do you know? Don't talk nonsense."

After that, she got up again and smiled. And then she glared directly at Maximilian and said, "Get up and sit over there."

Maximilian had no choice but to get up.

Laura sat next to Wilfred with her big

buttocks. And her face was full of flattery and said, "Mr. Wilfred, how do you know Maximilian?"

Now she talked about Maximilian. How shameless she was!

Although Laura wanted to befriend Wilfred, she understood in her heart.

If a wimp like Maximilian could know such an entrepreneur, then the sun had come out of the west.

Wilfred smiled and said, "Maximilian and I met by chance, and he did me a favor. This time when something happened to him, I am returning the favor."

"Oh, a favor." Laura muttered smilingly, glancing at Maximilian with displeasure.

She thought that Maximilian was something great, but he turned out to be

a loser again.

He had to save him for this favor! If she had done it herself, she would have asked for a million dollars or so.

Maximilian was helpless and did not say anything.

At this time, Wilfred got up and shook hands with the crowd, "Sorry, since Maximilian is fine, I will go back first. I'm sorry for the inconvenience."

How could Laura see the money bag leaving just like this? She hurriedly took Wilfred's hand and said, "Mr. Wilfred, thank you for helping Maximilian out. Next time you must come to my house for dinner."

Wilfred smiled, said a few polite words, and left.

Laura personally escorted him out of the door. And after waiting for him to

get into the Rolls-Royce and left, she went back with an unfulfilled expression.

A Rolls-Royce! That was a luxury car!

As soon as she entered, she excitedly shouted, "Marcus, our family is going to be rich. He is Wilfred. He is rich!"

Marcus gave her a cold glance and said, "Then you were just about to kick him off."

Marcus was unhappy that such a rich and important person had come to his house, but he didn't have a chance to say anything to him, and his wife said something she should say in the first place.

Laura gave him a white glance. Her heart was full of joys, but others did not know what she was thinking. When she saw Maximilian was still in the house,

she changed her usual disgust and dislike for him and sat down in front of him with a smile.

"Maximilian, don't blame me for treating you that way before. If you had told Mum earlier that you knew Wilfred, I would have treated you like my son."

Laura was so shameless.

When Maximilian had no money and no power, she humiliated and scolded him in various ways. Now that Maximilian knew Mr. Wilfred, she said she should treat him like her son.

Victoria felt that Laura had gone too far. Her mother was too snobbish.

"Well, Maximilian, in the future, you should go and befriend with Mr. Wilfred more. It will definitely do no harm to you." Laura said, and then asked, "What did you help him last time?"

That was what Laura was most concerned about, and she was thinking about whether she could get some money from Wilfred.

Maximilian lied to him, "Last time I met Mr. Wilfred on the street. He didn't know the way, so I gave him directions. He should be in a hurry to go to the hospital at that time. It's not a big deal."

"He didn't give you any money?"
Laura's eyes stared straight at Maximilian when these words came out.

Last time he had given her \$50,000 and made a big joke of her because she found a balance of millions in the account.

Could it be that the \$50,000 was from Mr. Wilfred?

Mr. Wilfred must give him more than \$50,000!

This brat must have hidden the rest of the money!

She must get it from him!

"Mum, what are you thinking? You still don't know what kind of person Maximilian is? Can he ask others for money?" Victoria said at this time, and her face was cold.

What did her mother mean? Did she suspect Maximilian?

"What do you know? shut up!" Laura said to Victoria, and then examined Maximilian and said, "Maximilian, you call me Mom, my daughter married you and suffered for four years. Your father and I also lost face because of you, so you can't hide it from us, how much did you actually get?"

She was certain Maximilian must have received the money from Mr. Wilfred.

Maximilian looked at Victoria and sighed slightly, indicating that there was nothing he could do.

Being targeted by Laura, he would have to shed his skin.

"It is a total of about \$200,000. And the \$150,000 is for Sissi's medical treatment." That was all Maximilian could say.

Two hundred thousand dollars!

Once she heard this figure, Laura was in high spirits. She stared at Maximilian, took out her majesty as a mother-in-law, reached out her hand. "Give me the card, I'll keep it for you."

Chapter 104 How could it be Maximilian

She stretched out her hand and asked for money. This was Laura.

A brazen woman.

Maximilian was dumbfounded, not knowing what to say, and his gaze was shifted to Victoria.

Victoria came over and said coldly, "Mom, what are you doing? Even if this money is in Maximilian's hand, he can't give it to you. It's for Sissi's treatment."

Victoria knew Maximilian's personality well, as he must have said \$200,000 just to deal with Laura.

But he didn't expect her mother would ask for money directly.

When Laura heard this, her face immediately became ugly. She got up

and said unreasonably, "I didn't say I wouldn't treat Sissi. The money will go to my saving account first. If you want to use it, just tell me."

Victoria was furious, and she knew they could not give the money to her Mom no matter what.

There was no Sissi in Laura's heart.

Once the money was in her hands, it would not be easy to get it back.

Seeing Victoria's refusal, Laura turned her head to Maximilian and asked in an imperious manner, "Maximilian, I'm asking you, will you give me the money for safekeeping?"

She was forcing him to make a decision right now.

Maximilian was helpless and silently pulled out the long-prepared card.

Since the incident in the bank,

Maximilian prepared this card. And this card had a hundred thousand or two hundred thousand dollars in it.

Snap!

Before Victoria could make a move, Laura directly snatched the card from him, and said, "This is what you should do."

And then, she took the card happily in her hand, turned around, and twisted her fat ass into the bedroom.

When she came out again, Maximilian and Victoria had already left.

"Where are they?" Laura said with a cold and puzzled face.

Marcus sighed helplessly and said, "They went back to their room because of you."

Laura deflated her mouth and muttered, "I just took \$200,000 from

them. What? I can't take this money? I am keeping it for their goods. If this money is in Maximilian's hand, maybe he will loses it."

Laura despised Maximilian, and naturally she could not put the money on him.

"And you should find out for me where Wilfred's company is in H City. I will go there tomorrow. This is only \$200,000. He is so rich, and he should at least give me a million dollars." Laura said, as she already had an idea in mind.

Such a cash cow, absolutely she could not just let him go.

"If you want to investigate him, you do it by yourself. I don't have time to fool around with you." Marcus had a headache. He took off his reading glasses and went straight into the bedroom.

"Marcus, what do you mean? Is this nonsense? I do this for this family! If you take care of your daughter, you go and ask her to divorce Maximilian."

Laura was cursing and arguing.

Inside the bedroom, Victoria sat at the head of the bed, sulking. What her mother just did made her feel too humiliated.

"Maximilian, don't blame my mom, she's just that kind of person." Victoria said, "Did you really get that card from Mr. Wilfred?"

Maximilian nodded with a smile and said, "Well, don't worry, there's money in it."

Victoria held her mouth and looked at Maximilian with wet eyes. She suddenly rushed to him and hugged him, and said with tears, "I thought you were going to be arrested."

Maximilian was stunned, and then he gently patted Victoria's back and said, "Little fool, I'm out now. It's nothing, just a misunderstanding."

Victoria nodded her head.

Maximilian was happy now. He hadn't hugged his wife so intimately for a long time. Her body was warm, and he was reluctant to let her go.

The candlelight dinner was scheduled for tonight. But because of the incident, it had to be postponed.

The next day, Maximilian did not need to go to work in the store, as Steven took care of everything, and he believed in Steven.

For the first time, Iris took the initiative to ask Maximilian out.

The two met at the casino, and Iris brought several friends with her.

"Maximilian, what took you so long?"

When Iris saw Maximilian walking slowly, she looked slightly cold and stared at Maximilian with an unpleasant expression.

Maximilian twisted his eyebrows, looked around, and said suspiciously, "What do you want me for?"

Iris chuckled and said, "Hang out with you. Let me take you to meet my friends."

Was Iris's purpose as simple as hanging out with Maximilian?

Of course not.

When her friends saw Maximilian, they were disgusted and had sarcasm written all over their faces.

"Iris, this is the wimp son-in-law of your family? He really has a personality. Is beggar style popular now?"

"Iris, you're not fooling us, right? He looks like a poor loser. How can he invite us to play for a day?"

"Forget it, let's go back. What a bummer! I am too embarrassed to stay with this kind of guy."

A few people said, but they kept satirizing Maximilian.

Shitt, this man looked poor and broken!

His feet were wearing a pair of dirty sneakers. His blue sweatshirt was so white after too much washing. And he looked out of place with them.

Seeing everyone despise on Maximilian, the corners of Iris's mouth curled up. But she retorted hypocritically, "What do you know? Maximilian is great! Do you know Lasdun? Manager Thomas respects him like a VIP guest."

The purpose that Iris brought her friends out today was to satirize Maximilian. Iris had been very upset about the last incident in Lasdun.

By the way, she wanted to pit him for a day.

Thomas? Several people looked at each other. And then they laughed.

"Iris, you can't be brainwashed, right?"

"Do you know who Thomas is? He's such a fool, how can he know Thomas?"

"If he could know Thomas, I would kneel down and call him grandpa."

A few fashionably dressed youngsters had sneered.

Thomas! Those of them who usually hanged around naturally knew the prestige of Thomas. Thomas was one of the four underground heroes in H

City! And he had hundreds of venues and hundreds of brothers!

How could Thomas be respectful to this loser?

That's impossible. It's just a joke!

Iris pretended to be anxious and yelled, "Maximilian, tell them if this is true or not! Or you call Thomas right now and tell him to come over immediately!"

However, Maximilian shook his head and said, "Sorry, I don't know any Thomas."

"Hahahaha!"

With that, there was an outburst of loud laughter.

Iris laughed coldly, and then she went forward and patted Maximilian's face with her hand and said, "Oh, Maximilian, what kind of grandson are

you pretending to be now? Last time, because of Thomas, weren't you so arrogant? What, now that you've been exposed, you don't dare to recognize him?"

However, Iris's hand was caught by Maximilian in the mid-air.

"Iris, don't try to provoke me. If it weren't for the fact that you are Victoria's cousin, you wouldn't be able to stand and talk to me like this now, you know?"

Maximilian's attitude was instantly icy-cold, his tone was chilly, and faint anger jumped in his eyes.

Iris was stunned, and her hand was thrown down. She stared at Maximilian with fear and anger. She said, "Maximilian, you will regret it!"

How dare he threaten her! Damn! Iris was unhappy.

She was threatened by Maximilian today!

She had never been in such a mess.

However, Maximilian said indifferently, "Whatever you want! But I warn you, if you dare to do something out of the ordinary, you will be responsible for the consequences!"

After saying that, Maximilian turned around, put his hands in his trouser pockets, and walked away.

Looking at Maximilian's back, Victoria was so mad that she stomped her foot in place and said, "Maximilian, you dare to mess with me, I will make you regret it! I'm so angry!"

She wanted to fix Maximilian!

After that, Maximilian went to New Hemp Group and met with Wilfred.

"Young master, I have prepared the

birthday gift you want. Do I need to open it for you?"

Wilfred was full of respect. The blonde secretary behind him held a fist-sized brocade box in her hand. The brocade box was very delicate, and it could tell that the content in the box was valuable.

Maximilian took it over and said, "No necessary. It's just a gift. This box is too outstanding; change it to an ordinary one."

Immediately, the female secretary replaced it with an ordinary box. And Maximilian took it in his hand, and only then he nodded reassuringly.

"Okay, then I'll go back first."
Maximilian got up. And when he walked to the door, he suddenly stopped and asked slowly, "When will the Dragon Queen arrive in H City?"

"Not sure, no one knows the Dragon Queen's itinerary." Wilfred answered and a touch of worry surfaced on his face.

Maximilian didn't say anything and left.

Today, Laura went out early. She wore a flowery plaid shirt, carried the black-bone chicken soup that she had stewed in her hands, and took a taxi to New Hemp Group.

She was so happy and walked with high spirits.

Why would Laura come here? Naturally, she wanted to see Wilfred.

She thought clearly. She would befriend Wilfred, and then ask him for money!

Maximilian helped him, and no matter what, \$200,000 was too little.

Maximilian was embarrassed to ask

for money, but Laura could do it.

She would not ask too much, just a million dollars. If Wilfred did not give her the money, she would make trouble for him.

Wilfred had such a large company, and he was the richest man in the Chuzhou region. He was so rich, so he would not care about a million dollars at all.

In front of the group building, Laura got out of the car and saw the entrance, when a group of people came out.

It's Wilfred!

Laura's eyes shone brightly, and she immediately rushed over.

But, suddenly! Laura stopped in her tracks.

Wasn't that man beside Wilfred Maximilian? How could that loser come

here today?

Laura hurriedly hid aside, pouting her fat ass and looking out with her head. She found that Wilfred invited Maximilian into the Rolls Royce car!

That's right, he was invited!

She saw clearly that Wilfred treated Maximilian with respect. He bent down and personally opened the door for Maximilian.

How was this ... this possible?

Was he her waste son-in-law, Maximilian?

Chapter 105 Pretend To Be A Rich

Panicked!!

Laura was so panicked now. She hurriedly took out her mobile phone and took a photo.

She wanted to keep the evidence and went back to ask Maximilian seriously.

Of course, Laura was very confused about Maximilian's real identity.

How could he, the good-for-nothing, be able to get into a luxury car with the richest man in Chuzhou region.

Laura couldn't figure it out, so she hurriedly turned and left.

When she got home, she told Marcus about it, "Marcus, look at this. Is this Maximilian?"

Marcus was walking the birds. After

putting down the birdcage, he took a good look with his reading glasses and said, "Why did you shoot him? Are you still following Maximilian?"

Marcus was surprised at the absurd action of his wife.

Why did she use this kind of low and immoral method to track him?

Laura glared at him, slapped him on his arm, and said, "Take a good look at who was sitting next to him!"

Marcus was suspicious, took a closer look, and was surprised, "This...is this Wilfred?"

Laura nodded. She sat on the sofa, holding his arms, with a look of contemplation and dissatisfaction, and said, "Maximilian must hide something from us. Marcus, call Maximilian right now and ask him to come over. I wanted to ask him, what is his relationship with

Wilfred? Did he embezzle a lot of money?"

Yes, Laura could only see money in her eyes.

She believed Maximilian must have embezzled a lot of money from Mr. Wilfred.

Maybe, it should be more than two hundred thousand!

Marcus hesitated for a moment, then said suddenly, "Laura, don't you think Maximilian's performance recently is different from before?"

Laura didn't give a damn about that. She banged on the table and said, "What's the difference? He is still a good-for-nothing. If he is really different, I could kneel down and invite him in."

Marcus sighed helplessly, and said, "Why are you so angry? After all,

Maximilian is our son-in-law. Why you do you hate him like this?"

Although Marcus didn't want to admit Maximilian was totally a piece of trash, he was still their son-in-law and that was the skeleton in the cupboard after all.

Laura glared at him, and said, "Why do you have so many craps? Hurry up!"

Seeing that Marcus didn't move, she took out her mobile phone and said, "If you don't call, I will!"

After dialing the number, Laura waited for his answering. As soon as the call was connected, she said arrogantly, "Maximilian, where are you? Come back quickly, your dad and I have a word for you."

As soon as Maximilian was sent to the hospital by Wilfred, he received a call from Laura, with an unfriendly

attitude and an interrogatory tone.

He smiled and said, "Mom, I'm in the hospital now, and I'll be back later."

"No! Come back right now!" Laura said arrogantly. Snapped! The phone was hung up.

Maximilian sighed helplessly. He turned around, took a taxi and went back.

As soon as he walked in, Maximilian felt a faint chill in the room.

Laura sat on the sofa, looking at him in a disdainful way. She said to him coldly, "Ah, you are here, sit down." Maximilian nodded and greeted his parents-in-law. He sat awkwardly on the single sofa chair diagonally across from Laura and asked, "Mom, why are you so eager to get me back?"

Laura did not intend to hide her

purpose, and asked him straightforwardly, "Maximilian, what is your relationship with Wilfred? You were not just showing the way for him, right?"

Maximilian was startled, what did Laura find? Did she find out who he was? Probably not, he hid it pretty good.

"Mom, I have explained it before, or should I ask Wilfred to come over and explain for you again?" Maximilian said.

Laura sneered, opened the phone immediately, and placed it in front of Maximilian. He pointed to the man in the photo, "Is that you?" He was lying to her, how dare he?

Maximilian glanced at the photo, and his heart jolted. Laura was following him?

He raised his eye brows and his face sank. Maximilian was repelled by her, and said, "It was me, but that

doesn't mean anything. I thanked Wilfred for what happened yesterday. And Wilfred was very polite to me. He personally sent me out and sent me to the hospital."

"That's it?" Laura was suspicious, but she couldn't find any reason to prove Maximilian was lying.

Maximilian smiled and said, "If I said that the New Hemp Group was mine, and Wilfred was working for me. Will you believe me?"

Of course not! Laura didn't buy it in the least.

She knew clearly what kind of man her son-in-law was.

Like what he just said, why did he endure all the indifference and humiliation in the past few years if he was rich?

Maximilian knew they wouldn't believe it, so he said it deliberately.

Sometimes no one believed the truth.

Laura stopped talking, as if she was thinking something important. She said in a commanding tone, "Okay, I know, you can go to the hospital now. Ah, the day after tomorrow is your dad's birthday, but you don't have to come back here. You can stay at home by yourself."

Laura didn't want his trash son-in-law to lose face on Marcus's birthday.

After all, Marcus's friends and her friends would be there.

Maximilian smiled, nodded and said, "Ok."

After that, he turned and left. He stood at the doorway, and smoked a

cigarette when a myriad of thoughts crowded into his mind.

In front of him, the hostess of their next door neighbor drove back in her car, with a pair of lovingly children and her husband.

Maximilian was very envious of this picture. After a second thought, he decided it was time to buy a car for Victoria.

Buy a car for Victoria. She must be busy from now on. Without a car, it was not convenient for her to come and go. Thinking about it, he called Sasha.

Soon, Sasha drove Maximilian to the nearest 4S Auto City. This street was full of 4S automobile stores.

Maximilian got out of the car and went to the Mercedes-Benz store first, while Sasha went nearby to refuel the car.

As soon as he stepped into the door, he was caught by a sweet voice.

"Hello, sir, do you want to see the cars? I can introduce it for you."

The smiling sales assistance had a sexy figure and trembling chest in snow-white skin. She wore a pair of black-rimmed glasses, and approached Maximilian.

"Well, is there a Mercedes-Benz E-Class?" Maximilian asked.

"Yes, the price is now 100,000 dollars."

The sales assistance was smiling and bringing Maximilian to the Mercedes-Benz E-Class series.

After a few glances, Maximilian said directly, "Just this one, I will drive it away today." Driving it away today?

The sales assistance was obviously

shocked. She looked at Maximilian suspiciously, and confirmed, "Sir, are you sure you want to buy this? This is the fully equipped. The price is 120,000 dollars."

Maximilian nodded and said, " Just this one, I don't care how much it costs."

His words scared the sales assistance.

She had never seen such a generous guest, so she felt suspicious.

At this time, another female sales assistance came by. It seemed she have been paying attention to them for a long time. She sneered and said, "Linda, you are so naive. This kind of person is just joking. Why do you believe him? You don't understand those customers, since you just have been here for three days. You still have a lot to learn."

The other female sales assistance came by, glanced at Maximilian frivolously, and continued the talk to Linda, "Look, people like him who wears in rags, just come over to see the cars but not buy a car. Most of these people came here just to satisfy their vanity. You have so much to learn."

"Mandy, I see." The sales assistance named Linda said softly.

Maximilian frowned, looking at the sales assistance who suddenly appeared. He detested her a little. She dressed in a sexual way, quite like a prostitute with her short skirt and low neckline.

"Why people wear in rags can't afford a car?" Maximilian asked rhetorically.

Mandy put her hands around her chest, immediately sniffed and laughed,

"What, do you want to pretend to be a rich? Could people like you have 120 thousand dollars for a top Mercedes-Benz E? See clearly! This is a Mercedes-Benz, not Wuling or Volkswagen."

Maximilian's face went pale with anger, and he was extremely irritated. This woman was too snobbish.

How could people like her be a sales assistance?

At exactly this time, Sasha walked in from the door and asked, "Mr. Lee, what's the matter?"

Chapter 106 Send It Personally

Maximilian shook his head, glanced at the Mercedes-Benz in the store and said, "Let's go. We are unwelcome here."

"Unwelcome?" Sasha asked in surprise.

Looking at the arrogant sales assistance, she knew what happened.

"Hello, I made an appointment to see cars today, please tell your manager."

Sasha was unpleasant and tried to restrain her emotions.

"What's the appointment? There is no appointment today! Go away now. The two psychos are playing their drama, and Mr. Lee, are you fucking stupid?"

Mandy cursed like a crazy woman, mainly because she was stood up by a

VIP client today.

It was agreed that he would buy a car if she sleep with him for one night, but after that night, the client regretted it!

"You!" Sasha was about to lash out.

Maximilian grabbed her arm and said, "Forget it. Let's go next door."

Sasha stomped her feet angrily.

The two turned around and was about to leave. But Mandy was still not giving up, and said ironically, "Buy a car with no money? A poor loser."

"As soon as he came in, I knew the poor guy was only looking at the car. We have to put up a sign at the door outside our store. The poor and dogs are not allowed to enter."

In order to please Mandy, another male sales assistance came around and

followed up with a mocking sentence.

When Maximilian heard this, he paused and his face turned cold.

He said to Sasha, "Buy this store, and fire all these people here. In addition, inform all 4S stores in this city that no one will hire them again! I will transfer the money to Connor Davies."

Maximilian was angry. The consequences would be serious.

However, as soon as he uttered these words, Mandy and the male shopping guide immediately laughed out loud.

"Damn! Did you two come to stage a play? Psycho! You want to buy our 4S shop?"

Mandy wrapped her hands around her chest, exposing her great boobs. He looked at Maximilian sarcastically and

mocked, "People like you want to make all the 4S shops in the city ban us? Do you really think you are the child of the rich?"

Mandy really laughed! What a silly dog, how dear he said such bold thing!

The other male sales assistance also yelled at him, "You two fuck off! Who are you pretending to be?"

At last, Sasha couldn't help but point at the two sales assistances with a cold face, and scolded, "You are presumptuous! How can Mr. Lee be insulted by anyone like you?"

Maximilian shook his head helplessly. These two people really know how to look down upon people!

Who was he?

The young master of the dignified Dragon Sect!

Fabulously wealthy!

The entire Mercedes-Benz company could be bought by just one F-level authority Dragon Sect property!

When Mandy heard Sasha say this, she covered her mouth and laughed twice. Her eyebrows moved with contempt, and said, "Hey, how much did he give you? Why you are helping him act so hard? I can offer you twice, so you could unmask him?" The voice fell off.

Snapped! Sasha stepped forward, slapped her right in her face, and yelled, "Presumptuous! Damn you!"

Mandy was dumbfounded, clutching her reddened cheeks, and stared at the woman in front of her with disbelief.

After a while, she came to realize what happened and shouted hysterically, "You dare to hit me? Do you

know where you are? This is a 4S shop!"

Mandy almost burst with anger and was about to fight back.

There was a loud and deep rebuke, "What's the matter? How do we sell the car in such a noisy environment?"

The man who was coming was a bald middle-aged man, wearing small glasses on a greasy face. He looked like a middle-aged dirty uncle.

"Manager Billy, you are finally here,  look at my face, it was this bitch who hit me!" Mandy immediately twisted her waist and walked over, stomping her feet coquettishly.

Billy looked at Mandy's face, and it seemed very painful.

However, the occasion was different, so he immediately became serious again, and pointed at Sasha in a

cold voice and shouted, "Who are you? How dare you to beat people in my 4S shop. Where are the security?!"

Mandy was his dearest darling. The two of them went out secretly for sex many times. Seeing Mandy being beaten, Billy was naturally angry.

Mandy also pointed at Maximilian and yelled, "This loser can't afford a car, but come to our shop to make fun of Linda. Mr. Billy, you must give those bad guys a lesson!"

At the same time, many people who came to see cars become onlookers in the 4S store.

Everyone was also talking about it, pointing to Maximilian and said,

"A person who has no money dares to come to the Mercedes-Benz 4S store. He still keeps acting after being unmasked by others. What a shame!"

"It is so ridiculous, let's see how he buys this store."

"Hey, there are idiots every year. But there are way more this year."

For a while, everyone's attacks on Maximilian were filled with ears, and many of them were unbearable and unpleasant to hear.

Mandy and Billy naturally understood.

Mandy pointed at Maximilian and cursed, "Smelly loser, you are doomed!"

Really, how on earth could there be such a person in this world?

Mandy was almost mad.

Billy raised his eyebrows, folded his hands, posing as a manager, and scolded Maximilian and Sasha, "You two, quickly apologize to my employees, otherwise..."

"Otherwise?" Maximilian put his hands in his trouser pockets and looked at Billy indifferently.

"Otherwise, I'll call the police to arrest you!" Billy shouted.

Maximilian shook his head, looked at Sasha, and said lightly, "Notify the owner of this store and let him come to see me within fifteen minutes. After fifteen minutes, if I can't see him, I will smash the store!"

"Ok, Mr. Lee." Sasha nodded, took out her mobile phone and dialed a number.

Billy laughed directly when he saw this, "What? You still want our boss to come over and smash our shop? Are you a hypochondriac? Stupid!"

Mandy by his side sneered, cursing, "These two just won't stop."

Everyone shook their heads, thinking that Maximilian was really a jerk.

"Okay, then I'll wait for you for fifteen minutes. I'll see if our boss will come over."

Billy sneered.

Soon, more than ten minutes had passed. Billy glanced at his watch with a cold sneer, and said, "Twelve minutes have passed. Where is our boss?"

Maximilian didn't speak, his expression was still calm.

"Come here, blast these two people out!"

Billy didn't want to waste any time with them anymore, so he called the security guard directly.

A few security guards were walking towards Maximilian with unkind expressions.

Suddenly! There was a yelling from the door! Stop! "

Everyone followed the voice and saw a middle-aged man in a gray suit hurriedly running from the door.

"Boss, why are you here?"

Billy immediately ran to him.

The middle-aged man was the owner of this 4S shop, Marshall, with a wealth of 200 million dollars, who owned three 4S stores.

But, Marshall didn't even look at the Billy. He pushed him away, and ran to Maximilian with a smile and compliment, and asked, "Are you Mr. Maximilian Lee?"

Maximilian nodded.

"Hello, Mr. Lee, my name is Marshall, the owner of this 4S shop."

Marshall immediately stretched out

his hands and shook hands with Maximilian enthusiastically. His face was full of authentic flatteries!

This scene stunned Billy and Mandy, including those onlookers.

What happened on earth?

Wasn't Maximilian useless? How come the owner of this 4S shop showed him with such an obedient attitude!

Senseless!

They were all dumbfounded!

Billy also ran over in time and asked suspiciously, "Boss, did you recognize the wrong person? This guy just made a scene in our 4S shop. It's just a poor loser."

Snapped! Marshall turned around and slapped Billy angrily, and Billy staggered and almost fell onto the

ground.

After that, he pointed to Billy's nose and yelled, "Poor loser? Are you fucking blind! This is Mr. Lee!" Mr. Lee? Billy covered his face, dumbfounded, with a strange expression.

Damn it! What happened? This idiot can't be Mr. Lee!

Billy immediately argued, "Boss, you must have misunderstood something. He is an idiot. Everyone present can testify this!"

However, the response to Billy's remark was another slap and a kick!

Marshall exploded; Billy really has no discerning ability!

"You fucking shut up! How can you insult Mr. Lee?" Marshall roared.

With his roar, everyone in the 4S shop was startled!

Then, Marshall turned around, stood at attention, bent over, and respectfully said to Maximilian, "Mr. Lee, please forgive me for my terrible staff. I will definitely give Mr. Lee a satisfactory explanation."

At this moment, all of them understood.

This Maximilian was really not the Mr. useless!

Didn't you see Marshall's attitude?

God! What happened on earth!

A loser has transformed into a person that even 4S shop owners respect. Horrible! Maximilian looked indifferent, glanced at Billy, who was sitting on the ground and panicked, said coldly, "I don't want to see these two people in your store anymore."

Marshall wiped the cold sweat on

his forehead and nodded repeatedly, "Of course."

After that, he raised his head, straightened his body, and pointed directly at Billy and Mandy, shouting, "You two are fired. Get out of here now!"

Fired? Billy was panic. He knelt directly on the ground, climbed up to Maximilian's feet, and begged him, "Lee...Mr. Lee, I'm sorry, I was blind, I was wrong, please forgive me, I will never do such thing anymore."

Billy kept knocking his head on the floor as he said those words.

Mandy was terrified by the scene, her legs trembling.

She also went down on her knees, kneeling directly on the ground, begging for mercy in tears, "Mr. Lee, I was wrong, and I would never do it again."

As she said, she slapped herself in the face suddenly.

These two reaped what they had just sown.

However, Maximilian didn't even look at them. He turned and left the 4S shop with Sasha. Marshall sent them out personally.

Because of this episode, Maximilian couldn't buy a car, so he got into Sasha's car and left.

Marshall stood in front of the store and took a huge breath of relief after seeing Maximilian's car driving away.

Earlier, he had received a call from Connor Davies, the head of H City's underworld organization!

That's Connor Davies, his 4S shop could be shut down just by a word of his!

Then, Marshall turned around and went back to the store. He asked what happened previously, and addressed the sales assistant Linda, "Linda, send this car to Mr. Lee in person now."

Chapter 107 Maximilian not incompetent

At the same time, Maximilian went straight back to the hospital after leaving the 4S shop.

Suddenly, a gloomy male voice was heard from the front of Maximilian.

"Hey, is that Maximilian?"

Four or five big fellows with tattoos and vests walked towards him one by one. They were smoking cigarettes, and seemed extremely arrogant and domineering.

Maximilian was smoking too. He glanced at these big fellows coming, nodding and said, "Yes, what's the matter?"

The leader of the team wore a green vest. He threw half of the cigarette in

his mouth directly on the ground, stomped with his feet, and sneered, "Someone wants to buy your legs. It just so happens that we are in a hospital. It is so convenient when your legs are broken."

The speaker was Tiger Evans, aka Boss Tiger. Boss Tiger, who was fairly capable, knew many people and had a lot of friends.

He was ruthless and did a lot of illegal deeds.

Maximilian frowned when he heard the words. He made a defensive gesture, and asked, "Who is going to disable me?"

Tiger Evans sneered and said, "Fuck, don't ask who it is. You provoke someone who shouldn't be provoked, so you should learn a lesson!"

After that, he directly took out the

long dagger hidden in his arms and pierced into Maximilian's thigh!

Maximilian punched Tiger Evans in the face, and kicked him again. He kicked Tiger Evans' waist and directly kicked him upside down. Tiger Evans fell to the ground with a "BANG".

"Boss Tiger, are you okay?"

Several subordinates quickly got up and gathered around Tiger Evans to help him up.

I came all of a sudden!

Tiger Evans' two front teeth had been blown away with just one punch. His mouth was full of blood, and his nose was also covered with blood.

"Damn! What are you doing in a daze? Kill him!"

Tiger Evans, covering his face, was so painful that he couldn't straighten his

waist.

He, Tiger Evans, had never been so ashamed in front of his man.

He was beaten down by such an ordinary young man. Damn it!

At the moment, with a gloomy face, Maximilian's chill was drifting ruthlessly in the hospital

"If you fight, it's your fault!"

He shouted violently!

Maximilian, who rushed out quickly, picked up the old man's bench next to him and smashed someone in the head!

Boom!

The bench broke, and the man screamed. Suddenly his head was injured and fell on his back in a pool of blood. This scene was horrible.

Then Maximilian rushed up quickly,

put on a fighting posture, and instantly hit Tiger Evans with a fierce punch in the face.

Tiger Evans didn't even see Maximilian's movements before feeling a shock in front of him. Tiger Evans was hit by a big fist in his face, and instantly felt that his nasal cavity was crashed again!

Blood splattered!

Tiger Evans screamed and fell heavily onto the floor!

The remaining men lost their minds for a moment, and was completely stunned.

Who was I, where was I, what was I doing?

That was the questions.

BANG, BANG, BANG!

In less than five minutes, all his men

were hit onto the ground by Maximilian, and couldn't get up.

Wow! Seeing this scene, many family members and patients who were onlookers were shocked at the moment!

Awesome!!

Simply too awesome!

Was he superman?

"Damn! This... That man is so cruel!"

"That person is the famous Tiger Evans. Now he is in big trouble."

"Who is Tiger Evans? Fuck! I remember! That man was Tiger Evans who was recently released from prison for committing murder!"

When many people were shocked, one of his subordinates ran out in a hurry.

Tiger Evans got a heavy below, which was a terrible event.

At this time, several people in the crowd were staring at Maximilian.

That person was naturally Iris.

Today, Iris made an appointment with her besties to get hyaluronic acid and micro plastic surgery, but she saw Maximilian fighting, which made her really frightened.

"Is he really a wimp? Why is he so powerful?"

Iris looked puzzled and panicked.

Could a wimp really accomplish something?

He was always making trouble!

"Miss Iris, is he really the wimp Maximilian you were talking about?"

"This man is really powerful, he is so

man and strong!"

"He is powerful, so what? He hit Tiger Evans, the younger brother of Zeus Evans! He is dead meat!"

At this moment, several besties of Iris looked at Maximilian with disdains.

"Zeus Evans? Holy cow! That wimp Maximilian is over! The cruel reputation of these brothers is well known!"

Iris secretly took a picture of Maximilian with her phone at this moment.

Maximilian shook his hand with a cold face.

Maximilian was not incompetent at all.

Even if a hundred more people come, Maximilian would not be close!

Maximilian didn't want to expose his skills, but now he just wanted to vent

his anger!

What kind of rubbish was Tiger Evans, how dare he come to claim his legs?

Maximilian ran up to Tiger Evans without saying a word and kicked him in the lower abdomen. Then Maximilian punched him in the jaw!

Boom!

More teeth were knocked out, and blood sprayed out.

"Asshole...bastard! How dare you hit me? You're risking your neck."

Tiger Evans looked at Maximilian with horror at the moment, and said viciously, "My brother is Zeus Evans, the security manager of Moon Bay Nightclub! He is also the security manager of more than a dozen clubs on several streets in this area!"

BOOM!

Maximilian kicked his waist viciously again. This caused Tiger Evans to scream in pain, curling up his body and his face flushed.

This kick almost broke Tiger Evans's kidney!

"I don't care who the fuck your big brother is. I'll just ask you once, who sent you here?"

Maximilian grabbed Tiger Evans by the hair with a sullen face and asked loudly.

The bloody Tiger Evans, who was unwilling to give in, smiled miserably, "Ah, fuck you! You are dead! My brother will be here soon!"

Snapped! Maximilian slapped him fiercely on the face, making Tiger Evans's head dizzy.

"Who sent you?!"

Maximilian asked fiercely again, with murderous intent in his eyes.

Tiger Evans was still unwilling to give in, and smiled with his head on, "You are dead! I know you have a wife. I must find someone to rape your wife!"

BOOM!

Maximilian's face became cold, and then he punched him in the face.

"Stop!"

At this moment, a violent shout came from the entrance of the hall.

A fat middle-aged man led more than a dozen people rushing in from the outside.

All men with Tiger Evans quickly got up from the ground, bend over respectfully, "Boss Zeus!"

Zeus Evans was coming!

Zeus Evans, who rushed in with so many people, immediately became angry when he saw his younger brother was beaten up.

"Who are you? Why do you beat my brother?"

Zeus Evans had a sullen face and a trembling mouth. The dozen or so guys immediately surrounded this place, and all irrelevant people were stopped outside.

Maximilian put down Tiger Evans, who was drowsy. He straightened up, put his hands in his trouser pockets, looked at Zeus Evans and indifferently sneered, "Are you his brother?"

Zeus Evans looked angry and shouted, "Yes, I am Zeus Evans! People call me Boss Zeus! You made trouble in my territory and injured my brother. How

are you going to die?"

The tone was cold, and there was no room for discussion.

Zeus Evans had decided that he must teach this guy a severe lesson!

Otherwise, He Zeus Evans would be ashamed in this place.

More than a dozen nightclubs in this area were protected by Zeus Evans!

If this incident spread out, it would damage the reputation of Zeus Evans!

Maximilian lit a cigarette, took a sip, and said with disdain, "Your territory? Ah, I don't believe you can do anything to me."

Everyone was surprised. Unexpectedly, the young man in front of him was so reckless, and he really wanted it the hard way.

Zeus Evans was an arrogant man in

these streets.

He had men, money, and power.

There was also a lot of discussion among the crowd at this moment.

"As I said, he was dead. He has annoyed Zeus Evans, and even ten lives were not enough to make him survive."

"He is so arrogant. How dare he imagine that he will fight against a dozen people alone?"

"It's just a stunned boy. There is no doubt that he must be crippled. What an idiot!"

Iris, who had been taking pictures, frowned helplessly.

Maximilian was too naive. Challenging Zeus Evans was simply looking for death.

But it was also good for him to suffer and know the gap between him

and others.

Thinking of this, Iris showed deep disdains, contempt, but her eyes were gloating.

Zeus Evans was startled when he heard Maximilian's words. Then he sneered, "Well, you bastard is crazy. I do expect to see if you have more bones than ordinary people!"
