Chapter 928 Look Down On You

The old president of Golden Sea Corporation politely came and greeted Nicole.

KWhat an honor to have you here, Ms.

Stanton!”

Nicole smiled and handed the gift in her hand to the person behind him. “You’re too polite. Thank you for your invitation.”

The man glanced at the gift box and knew that the lady’s watch inside was very valuable. He was shocked by Nicole’s generosity. It really was extraordinary!

“There are many people coming today. Please forgive me if I’m not able to entertain you well...

There were also several bigwigs coming up from behind, and the man smiled somewhat apologetically.

Nicole was just about to nod when she heard a warm and familiar female voice from behind

“Let me take care of Ms. Stanton...”

Nicole turned slightly and saw Ava York

ole turned slightly and saw Ava York dressed in a red dress, walking over with a smile.

Her dress today was really seductive and revealing, making her look mature and sexy. The red dress split open at the sides of her legs, and every step revealed her long snow-white legs. Her chest was also exposed to reveal her deep cleavage. The two orbs on her bottom were only faintly concealed by the two pieces of cloth.

Nicole frowned. The President of Golden Sea Corporation quickly smiled and introduced Ava.

“Ms. Stanton, this is our company’s newly appointed executive manager, Ava York. She has a beautiful resume and outstanding ability, and she previously served as a regional president abroad. I scouted her over. Let her take care of you in my stead...”

Then, he went to shake hands and exchange pleasantries with the next guest.

Nicole looked at Ava with a meaningful smile.

didn't expect your identity to change so quickly."

Ava's smile stiffened for a moment, and she bowed her head with a smile. "I left Cyndro International thanks to you, Ms. Stanton."

She picked up a wine glass and motioned to toast Nicole

Now, she did not have to be afraid of Nicole in order to please Eric. She had nothing to do with Stanton Corporation,

Today, Ava and Nicole were equals, so she did not need to cater to Nicole's wishes

Nicole snorted, unmoved. The disdainful expression on her face pierced Ava's eyes.

Was Nicole looking down on her?

What gave her the right?

Nicole did not want to talk to her. She naturally would not feel guilty for Ava leaving Cyndro International. Ava reaped what she sowed.

She turned to leave, and Ava gnashed her teeth and suddenly revealed a sinister smile,

"Ms. Stanton, isn't your line of suitors enough to circumnavigate the world? Why are you here alone today? Do you need me to introduce you to some successful dates?"

Hearing Ava's words, Nicole tilted her head and glanced at Ava, her eyes sinking slightly.

Before she could answer, Ava gave a fearless sneer.

"What? Are you trying to intimidate me again? All the prominent people in the business world are here. You won't dare do anything, right? You're dressed like a fairy today. If you do anything, you won't be able to preserve your image..."

Ava's nonchalant provocation was to try and make Nicole lose her temper in public so she could tear up Nicole's cold and noble appearance.

Ava wanted to let everyone know that the perfect goddess in everyone's mind was actually a cold and crazy madwoman!

Nicole looked into Ava's eyes and her expression darkened.

expression darkened.

She did not plan to make a move on this woman. The corners of her lips simply curled faintly, and her eyes filled with coldness.

"Make a move on you? Do I need to do that myself? Aren't you underestimating me?"

Ava's face changed a few times as her heart suddenly panicked.

Nicole casually turned around and was just about to leave when Ava gnashed her teeth and walked over to stop Nicole.

"Ms. Stanton, don't you want to know who my date is?"

Chapter 929 Your Fake Classmate

Nicole could not be bothered to look at her. She would not have come if she had known that a piece of garbage would keep pestering her like this.

It was just disgusting!

"I'm not interested."

Ava brushed her hair. Her eyes were smug.

"Mr. Clayton Sloan will be coming today. Did you know that?"

Hearing the words "Mr. Clayton Sloan" made Nicole's footsteps lurch.

Nicole's eyes held a bit of coldness when she looked at Ava. "You mean, your date is Clayton Sloan?"

Ava squeezed her wine glass when she saw Nicole's cold gaze.

"Yes, sorry to disappoint you. He'll be here soon. You didn't expect that, did you?"

Even if there was a large disparity in strength between her and Nicole, Ava felt that it was worth it as long as she could

Obe strong, which was how I got the determination to start over...!

Ava's started a self-absorbed story about her relationship with Clayton. She thought that Nicole would get angry or disappointed.

However, strangely, Nicole was smiling instead.

Just as Ava was about to ask what Nicole was smiling about, Nicole waved behind her.

Ava turned around.

Clayton walked over with a smile, his figure was tall, and his face was warm. He really did not have the appearance of a typical businessman.

Ava was stunned, but she immediately changed her expression. She put on a charming smile and went over to greet him, but he completely ignored her.

Clayton walked over to Nicole and smiled gently as he apologized in a low voice.

"I'm really sorry for making you wait so long. I rushed over as fast as I could."

Nicole raised her brows and saw that

ole raised her brows and saw that Ava's face had become unsightly.

Ava gritted her teeth and walked over. "Mr. Sloan, missing you one day is like being separated for three years..."

She deliberately pushed out the two lumps of meat on her chest. It was also a weapon in the workplace.

If a man's eyes lingered on it for more than three seconds, that meant she could sleep with them to win them over.

Clayton tilted his head and gave her an indifferent glance. He frowned in confusion. "Have we met?"

Ava froze.

Nicole could not help but laugh. "You don't remember? Ms. York used to be a capable employee of Cyndro International. She even treated us to lunch!"

Clayton nodded in realization. "Oh, your fake classmate!"

Nicole raised her brows. Clayton really hit the nail on the head.

He did not leave any dignity for others.

He did not leave any dignity for others.

Ava looked at the two people laughing at her and was suddenly confused.

Their relationship did not feel right. It was completely different from their last meeting!

“Ms. Ava said that she often contacts you on WhatsApp. How could you not recognize her?”

Nicole looked at Clayton meaningfully.

Clayton smiled and immediately took out his phone, handing it over to Nicole

“You know the password. How could I contact others?”

Ava’s heart sank slightly.

“Mr. Sloan...

Chapter 930 Ugly People Trying to Get Attention

Ava was just about to say something vague According to Clayton’s character, he would not embarrass a woman so much.

However, Nicole took Clayton’s phone, entered the password, and opened his WhatsApp

She searched for Ava’s name but could not find anything

Nicole looked at him sideways. Clayton smiled gently. “Adding her was out of politeness, so the least I could do is delete her after.

Ava’s face went white. She did not expect Clayton to speak so bluntly.

Ava already knew that Clayton deleted her contact, and her multiple friend requests had been ignored, but she did not expect a full-on confrontation today.

In this case, she had really put herself in a n awkward situation.

Nicole returned the phone to Clayton and glanced at Ava coldly

.

Her lips curled in a sheer. "Ms. York, I can introduce you to a professional psychiatric hospital that specializes in treating delusions."

Ava sucked in a breath and was just about to open her mouth to refute when Nicole simply turned away. Nicole did not want t o bother with garbage anymore.

With an ugly face, Ava caught up to Clayton, who was just about to leave. Ava blinked with an aggrieved expression. She was clearly trying to seduce him.

"Mr. Sloan, I don't know what I did. Why i S Ms. Stanton so angry? I just wanted to apologize to her and explain what happened before..."

Clayton interrupted her words in a cold voice.

"Stop acting. Ugly people will really do all kinds of things just to get attention."

Every word he said was like a slap to her face

Clayton could figure out how this woman angered Nicole.

Due to today's occasion, Nicole would not

Pe to today's occasion, Nicole would not snap on the spot. She was leaving some dignity for Ava.

However, Clayton refused to watch his woman suffer such grievances silently.

Thus, Clayton simply revealed Ava's true colors and let her die a painful death.

His gentlemanly manners were used to entertain friends and partners, not to salvage respect for insignificant cannon fodder.

After Clayton finished speaking, he did not bother to look at Ava anymore and turned around to find Nicole.

Ava stood here with a burning face.

No matter how smooth and slick she was, it still hurt her self-esteem when a man said that to her.

She secretly cursed Clayton out in her heart. His two-faced behavior was just like Nicole!

The men on the side saw that she was alone and coveted her hot body, so they came forward to strike up a conversation.

Ava had no choice but to buck up and deal

had no choice but to buck up and deal with it.

Seeing Nicole standing not far away, many people took the initiative to go up and greet her. The people who went all had great statuses and mingled without the slightest contempt or malevolent thoughts.

Nicole's beauty was to be admired. Ava wore so little just to attract the eyes of others and whet their imagination.

Ava instantly felt that it was unfair

The waiter on the side came over. "Ms. York, the dresses for the Young Lady have been sent over. Do you want to see it?"

Ava paused and her eyes lowered. "I'll help her choose."

EBBE

Nicole finished exchanging pleasantries with the others and looked back. Ava was already gone.

She did not take it to heart.

Clayton looked down at her. "Are you still unhappy about what happened just now?"

unhappy about what happened just now!

Nicole raised her brows. "I'm not very happy, but... The more unhappy she is, the happier I am."

Clayton was amused by her logic. His eyes were indulgent.

"Should I talk to Golden Sea Corporation's boss and make her leave?"

Nicole looked at Clayton. "You're using your position for a personal vendetta. I didn't expect that you're the type to do such a thing."

She thought that an open and honest gentleman like Clayton was above playing small tricks like that.

Chapter 931 Low-Level Game

Clayton laughed in a low voice and reached out to brush the hair behind her ears.

“I’ll do anything as long as it makes you happy.”

Nicole’s face heated up. Why was he saying words of love in public?

It was embarrassing!

However, she was unwilling to let him see how embarrassed she was. She looked up, a faint smile on her exquisite features.

“Even arson and murder are fine?”

Clayton’s smile deepened at those words. “Sure. You’ll be the mastermind and I’ll be your accomplice.”

He followed her.

Nicole rolled her eyes. The gloom in her heart cleared away and she suddenly felt much more relaxed.

She put down the glass in her hand. “I’m going to the ladies.”

Clayton said, “Shall I accompany you?”

Nicole was speechless. “No, What am I, three?”

Clayton pouted. “I am.”

He did not want to leave her for a moment.

Fortunately, their previous relationship had always been good, so no one would suspect their relationship now.

Nicole did not want to be lovey-dovey with him here now. Many people were watching, and it was not time to go public yet.

She warned him not to follow and turned around to find the washroom.

When she came out, she suddenly bumped into a person,

What she saw was a light purple muslin dress.

It turned out to be a teenage girl.

The girl fell to the ground with the skirt and cursed indignantly

Nicole pursed her lips and went over to help her up. "Are you alright?"

help her up. Are you aingn

The girl was the one who bumped into Nicole, so Nicole did not need to apologize.

Of course, Nicole would not argue with her.

The girl looked at Nicole in a daze and appraised the dress she was wearing Then, her face suddenly turned unpleasant.

Both of them wore the same color, but the girl's dress was short and cute. It was form-fitting and even exposed her legs, revealing all the shortcomings of her body.

However, Nicole's dress was elegant and long. At a glance, Nicole's body looked slender, overwhelmingly better than the girl's slightly chubby figure

The girl angrily pushed Nicole away and stood up. Nicole smiled and walked away.

You're Nicole Stanton from Stanton Corporation?"

The girl suddenly spoke.

Nicole paused and looked back at her."

role paused and looked back at her." Yes."

The girl did not say anything else and turned to leave

Was she not going to the washroom?

Why did she run back again?

Nicole did not understand but did not ask either. In the long corridor, she watched the girl run into a room.

Then, the girl's shrill voice started shrieking

“You b*tch! Did you do it on purpose? Nicole is wearing the same color dress! Are you trying to embarrass me in front of so many people when I go out later?”

The next second, Nicole heard the sound of things breaking inside.

Nicole paused and suddenly realized that the girl was most likely the daughter of Golden Sea Corporation’s president. She was the birthday girl and star of today’s banquet.

What a coincidence.

“What? You saw her? How could I

do that? You saw her? How could I intentionally embarrass you? I didn’t know what color dress Nicole wore I just felt that this dress is very suitable for you

Nicole’s eyes dimmed.

Oh, it was Ava’s voice.

You’re still acting? The stylist said that you chose the dress for me. I was wondering why you were suddenly acting so kind. You’re trying to embarrass me to deal with Nicole, aren’t you? You can pretend to be an innocent and pure flower in front of my dad, but that doesn’t work on me! You b*tch! Get the hell outta here!

The girl shouted hysterically. She was really not afraid of being heard at all.

However, the amount of information in those words was too much.

It seemed like Ava was having an affair with the President of Golden Sea Corporation...
