### Chapter 31

“This can’t be, it can’t be!”

The fatty was full of shock and pointed at Lin Ran.

“It’s impossible, how old is he and he looks like a bumpkin, how could he have a Supreme Diamond Card, it’s most likely a fake.”

The fatty’s words made even the beautiful manager waver, she turned to look at Lin Ran and said with a smile.

“Sir, for the sake of your innocence, I wonder if you can let me examine the card?”

“Yes.”

Lin Ran nodded, he was too lazy to bother with the fatty’s query, it was better to settle it as soon as possible.

The beautiful manager took the card and quickly took out a card inserter and inserted it in, immediately the card inserter spat out the words.

“Luo’s Enterprise, Supreme Diamond Card, number: no.000,  
Chairman’s special card.”

The voice was not loud, but it was exceptionally clear, so much so that the beautiful manager’s whole body could not help but tremble, and the fat man on one side was even more pale, sitting on his buttocks.

The beautiful manager hurriedly returned the card and said with a smile.

“Which, excuse me, a few of you feel free to shout at me if you need anything.”

After saying that, tugging the fatty to flee as if he had also left.

On the first floor of the bar, inside the office, the manager Jiao Jiao looked at the fatty in front of her and chided in a cold voice.

“I told you to collect the money, where so much nonsense, now well, to mess with such a big wealthy master, I see what you do!”

“Manager, I ..... I didn’t know either, he was dressed in such rags, who would have thought there would be such a supreme diamond card.”

The fat man was full of aggression, he was used to being arrogant in his daily life, how would he have thought that a random college student would actually have a Supreme Diamond Card, the odds of which were not much higher than the lottery.

“Cut the crap, pack your things and report to the branch tomorrow, you can’t stay here.”

“Branch?”

The fatty was dumbfounded, when he heard that it was a branch, it was actually a wandering, the business of the branch was simply miserable, often laying off staff, sooner or later when he went there, he was going to be laid off.

.....

For the fat man’s result, Lin Ran is not interested, people in the sky, dog eyes, naturally have to pay the price.

At this moment, he was being surrounded by Liu Chen and others, each looking at him with cloudy eyes.

A moment later, Liu Chen was the first to speak.

“Old Six, are you really Old Six?”

Liu Chen said and pinched Lin Ran’s face, seeing that there was no human skin mask which made him sure.

“Don’t be ridiculous, I got this card from a patient’s family.”

Lin Ran explained, if he didn’t explain clearly, I was afraid that tonight’s party would have to turn into a personal deconstruction study.

“I told you, but with this card you’ve made a complete turnaround, from now on the brothers will follow you!”

Liu Chen laughed.

“Yes, Luo’s enterprise spending free, I go, this is simply a credit card without an overdraft limit ah!”

Zhang Xu couldn’t help but say.

Lin Ran looked at the two helplessly, then got up and went to the bathroom.

Song Nuan didn’t say a word, but also followed.

“Can’t you see, it’s only been a day since we’ve seen each other, but you’ve actually become a guest of the Luo family, you’re really something.”

At the bathroom door, Song Nuan said in a gloomy voice.

Lin Ran shook his head helplessly.

“You’re looking for me for something?”

“Nothing, just wanted to thank you.”

Song Nuan said, and Lin Ran was stunned at his words.

“Thank you, for curing my father’s leg today.”

Song Nuan said.

After what happened last time, she hadn’t even planned to pay attention to Lin Ran, but her father’s leg had been cured by this guy, so she had to come and say thanks herself anyways.

“No need, this is my job.”

Lin Ran said.

“Hmph, whatever!”

Song Nuan gave him a blank look, turned around and left.

“This nee-san.”

Lin Ran was helpless and followed him.

.....

Chapter 32

The bar buzz continued as Liu Wenlong sat in his seat drinking a mulled wine, but at this moment there was an additional person opposite him, if Lin Ran was here, he would have been able to recognise that this person was none other than Fu Hao.

“Brother Long, Brother Bai and I are friends, this time I’m looking for your help to teach a kid a lesson.”

Fu Hao said in a low voice, as the former director of Temperance Hospital, asking a gangster for help was simply a disgrace, but he had no other choice, it was unbearable for him to hold his anger in his heart if he didn’t get this out.

“Brother Long, Dr. Fu has treated me before, that’s why I introduced him here to see you.”

The youth wearing a white body-shirt behind him said.

Liu Wenlong nodded his head and asked as he sipped his wine.

“Who is it?”

When Fu Hao saw that there was a play, his face showed joy and he was just about to open his mouth to say his name, but his afterimage was that he saw Lin Ran coming out of the washroom, and he was overjoyed.

There is a way to heaven, but there is no way to hell, so you have to come.

Fu Hao immediately pointed at Lin Ran.

“Brother Long is this kid, that’s him!”

The white t-shirt youth wanted to stop but it was already too late, at this moment a face was so black that water was dripping out.

He had introduced Blackie to him earlier, and he had introduced Fu Hao this time, and he had targeted Lin Ran twice in a row within a day.

“Brother Long, I really don’t know.”

The white t-shirt youth hurriedly explained, while running towards Fu Hao.

“Lin Ran, stop right there!”

Fu Hao stopped Lin Ran, his face showing wild joy, he really didn’t expect it to actually be him.

“Director Fu, what a coincidence, you’re here to play in the bar too? You should take care of your health.”

Lin Ran laughed.

“Play? You’re playing, kid, you’ve caused me to lose my job, I’ll kill you today!”

Fu Hao said, turning around and going to ask Brother Long.

However, what was waiting for him was a slap.

The young man in white t-shirt, slapped him directly on the face, directly sending him flying backwards.

“Brother Ran, misunderstanding misunderstanding!”

The white-clothed youth compensated with a smile.

Lin Ran didn't say a word, watching in silence.

Fu Hao climbed up from the ground, looked at the white-clothed youth in disbelief and said.

“Brother Bai, you hit the wrong person, it was him, not me!”

“Hitting the wrong person? I hit you, Brother Ran, you dare to count too.”

Said the young man in white rushed up and gave him a violent beating, beating Fu Hao and screaming like hell.

Liu Wenlong walked over at this moment and looked at Lin Ran, saying helplessly.

“Twice a day, even I can't look at myself anymore, Brother Lin, I'm sorry.”

Liu Wenlong said and actually bowed, and the crowd of people around him who were watching, all looked dumbfounded.

“It's alright, it's not your fault.”

Lin Ran laughed, in the end, these people all had conflicts with themselves, and were only looking for Liu Wenlong because they wanted to use the latter to take out their anger.

“Brother!”

Suddenly a voice came over, Lin Ran looked and it was actually Liu Wenjuan.

“Huh, Director Lin, why are you here too?”

Liu Wenjuan was a little surprised to see Lin Ran, but soon when she saw Fu Hao on the ground, she instantly understood.

“Brother, this person is called Fu Hao, he is my former leader, this person is not right-minded and he even tried to bag me, if Lin Ran hadn’t saved me today, I’m afraid ..... If it wasn’t for Lin Ran saving me today, I’m afraid I’d have to take my anger out for me!”

Liu Wenjuan said aggrievedly.

In the past, Fu Hao was his leader and she did not dare to offend the latter, but now that the latter has been fired, she naturally wants to repay her grudges and avenge her grievances.

She had long been displeased with Fu Hao, so she had to seize this rare opportunity.

Liu Wenlong’s face was suddenly gloomy as he heard this, and looked at Lin Ran and said.

“Brother Lin, thank you very much, in future, if there is something to greet my brother, I will not hesitate to go through fire and soup.”

After saying that, he pulled away the white-clothed youth and personally walked towards Fu Hao before slapping the latter on the face.

While hitting, he scolded.

“Slap!”

“And you want to! Adopt my sister!”

“Slap!”

“Old thing!”
