## Chapter 5026

Paula continued: “For the older ones, Stephen and I don’t have to live in an apartment in the city.”

“We can come and live with you. In this case, you can also help us take care of our children,”

“And if there are more children, we may have to invite nannies,”

“There is still a lot of money needed to purchase all kinds of hardware...”

Duncan looked at the woman and asked her, “Paula, how do you mean to arrange ten million?”

Paula thought for a while, opened her mouth, and said,

“Dad, that’s what I think, let’s take a million dollars to exchange for a house,”

“We can change to a villa that is closer to the city, bigger, newer, better,”

“And then we can change the rest of the house. Upgrade the hardware,”

“Such as food and clothing expenses, cars, and home appliances,”

“And the rest will be put into more flexible financial management first,”

“And if necessary, you can withdraw at any time.”

Stephen couldn’t help but agree: “Yes, Dad, I think this is more flexible.”

“With this money to support, we can choose a better private hospital for Paula to give birth,”

“So that her prenatal check-up during pregnancy can be more comfortable and convenient.”

Duncan hesitated for a moment, sighed, and said, “Well, as you said,”

“\$1 million to buy a house, \$500,000 to upgrade the family expenses, and another \$500,000 as a reserve for flexible withdrawals.”

“As for the remaining 8 million, all of them will be handed over to your mother.”

“How to arrange the specific arrangements is not counted by the three of us, your mother has the final say.”

Paula couldn't help but ask: “Dad, we only get the total amount.”

“Two million is it a little less... Why don't you take three million first...”

Duncan waved his hand: “I have made up my mind, what should I do first?”

“If you both feel there is another place to use the money next, go and apply for it with your mother.”

After speaking, he looked at his wife and asked her,

“Julie, do you think this is okay?” Julie was stunned for a moment before returning.

When she came to her senses, she smiled and said,

“Duncan, if you want my opinion, you don’t give me this money,”

“Isn’t it a total of 8 million? Just put it in the trust, just get a short-term trust,”

“From now on, in the future For 18 years, take out 1/18 of it every year,”

“Until it is fully taken out after 18 years. As for how to use the money, we have the final say.”

Duncan couldn’t help but be a little confused, but he soon understood,

The wife also found that the child took money a little too seriously,

And didn’t want to be the money manager directly.

So, he sighed softly and said, “Okay, just do it like this.”

After speaking, he said, “Oh, by the way, if we want to buy a house,”

“Let’s do it as soon as possible. I will go to another place in a few days,”

“I want to do something for the old man and Miss Fei.”

Julie hurriedly asked: “What’s the matter? Is it dangerous?”

Duncan smiled and said, “Don’t worry, it’s just to investigate something,”

“There is nothing dangerous, you know that the old man has a grandson who they have been unable to find,”

“He wants me to help him find the grandson, it’s just looking for someone, there’s no risk.”

Julie breathed a sigh of relief, looking at her daughter and son-in-law,

Who were so excited that they couldn't control it and kept winking at each other,

She sighed silently. With a sigh, she stood up and said,

“Okay, Duncan, it's getting late, let the children go back first, and we both have an early rest.”

The daughter and son-in-law didn't think much about it,

And the two of them still had a lot to talk about in private,

So they agreed without thinking. After saying goodbye, they quickly drove back to their apartment in the city.

Seeing that Duncan was a little absent-minded and lonely,

Julie couldn't help asking softly, “What's wrong? Are you disappointed?”

Duncan smiled bitterly: “A little bit... a little bit.”

“I'm disappointed, but I think it's understandable, so I'm more entangled.”

Julie nodded and said seriously: “Duncan, never test human nature, human nature is like this real world.”

Speaking of this, she changed the subject and said seriously: “But even the universe has boundaries!”
