**Chapter 3151** Harvey York then calmly strutted away with Aiden Bauer and Xynthia Zimmer.

Dylan Bowie, whose face was completely swollen, was showing a wretched look on his face at this moment.

When Harvey and the others were gone, he furiously

jumped up and screamed, "That b\*stard!

"That goddamn b\*stard!

"How dare he go against me in Flutwell?!

"Call for reinforcements!

"Right now!

"I'll make him understand!"

"I'll let him realize that he has no right to go against a man of my status!

"Remember! Get my uncle here as well!

"Not only am I going to make him remember..,

"I want him behind bars for the rest of his life!

"Surely he'll regret offending me after that!" Dylan was gritting his teeth with a vile look on his face.

1

He was not the greatest young master, but he had been

ruling Flutwell's entertainment industry for many years.

At least eighty starlets had shared the same bed with him by then.

A few years ago, an arrogant young master tried to fight him for a woman when he went to Wolsing to participate in business activities on behalf of the Bauer family. That man was crushed without any remorse.

A pretentious man such as Dylan had never been scared of anyone in his entire life!

As a relative of the Bauer family, one of Country H's top ten families, his status was already immense enough for him to do whatever he pleased within the country's borders.

That was why Harvey's ignorance and disrespect had completely enraged Dylan.

He swore that he would never stop until he ended Harvey's life.

The followers around him swiftly dialed their phones after hearing the command.

All of them were gritting their teeth at this time.

Other than Dylan's second uncle, people who the followers thought were prominent figures were also invited over.

Outside the room, Harvey told Rachel Hardy to send

Xynthia back for the time being since there was going to be quite a shocking sight afterward.

On the other hand, he and Aiden calmly sipped their soda bottles in the car's rear seat:

"Sir York, Dylan has the title of the Bowie family's Mad Young Master in Flutwell. Not only does he have people from the government supporting him, but he's also a relative of the Bauer family. He's a powerful man."

OTT

Aiden was fanning Harvey while showing a coddling look on his face.

"Should I get Kayden Balmer to send some of his men?"

Naturally, even though Aiden considered himself impressive, he was a bit scared that he would bump into someone stronger than him.

It was nothing if he was the only one who would suffer... But, he would rather slap himself to death than drag Harvey down with him.

That was why he hoped that Harvey would say yes and send some of the men from the Hatchet Gang as support.

Harvey calmly glanced at Aiden and replied, "Why should we call for reinforcements against some nobody?"

"Dylan alone can't do anything."

Aiden scrolled through his phone and said, "According to my latest information, even though Dylan's just a rich

playboy, he also has quite the immense status.

"His sister married a backbone of the Bauer family, making him the brother-in-law of the family!"

"If it weren't for this, he would've been slapped to death by now with his capabilities!"

"The most important thing is that Film City, the business he's running, is actually owned by Joseph Bauer himself. "Considering this perspective, he is quite troublesome to deal with..."

**Chapter 3152** Aiden Bauer knew that Harvey York would not even bother for a nobody like Dylan Bowie.

But, he knew that Joseph Bauer would be hard to deal with. That was why he decided to warn Harvey.

In reality, Joseph alone would not mean anything either way.

But the Bauer family, Longmen, and the Golden Palace that supported him were the most troublesome bunch. "It's okay. If Joseph doesn't show up here, we'll just disregard it.

"But, if he does turn up, I'll just beat him up anyway.

Then, Harvey patted Aiden's shoulder.

"You've been with me for a long while now, Aiden. You've made a lot of achievements.

"But bear in mind, there's only one rule you should follow when you're with me.

"As long as we're being reasonable, we shouldn't be scared of anyone!"

Aiden nodded passionately. As expected of Sir York himself.

Only he could make such arrogant remarks sound so sensible!

Vroom!

In just thirty minutes, dozens of top luxury cars were parked right in front of the mall's parking lot.

The license plates of the cars were quite extraordinary, and the revving sounds were also deafening. It was quite the fierce sight to behold under the skies of Flutwell.

Porsche, Maserati, Ferrari, Lamborghini, Bentley, and other luxury cars surrounded the entire place. Either those people were acquainted with Dylan or here to offer him a favor and cling to him.

His friends and family also came along...

In just a short time, many young masters from Flutwell's upper social circle were here.

Even though those so-called young masters were considered second-rate, in ordinary people's eyes, they still belonged in the upper social circle.

Many of them brought their female companions wearing extravagant clothing. Some of the flashier ones even brought two or three to accompany them.

After all, this was their moment to shine. Without a beautiful companion by their side, how would people even witness their triumphant victory?

The waters of Flutwell were too deep. That was why nobody would usually dare to go against the locals.

But surprisingly, an outsider did just that... With the Bowie family and the Bauer family's support, so what if they trampled on whoever they wanted?

Those people even brought their favorite weapons with them.

They had it all, baseball bats, golf clubs, and steel pipes!

In just a moment, a domineering and imposing spectacle was in sight.

Those people came out of their cars before fiercely parading toward Harvey and Aiden. A few seemed a little familiar, but Harvey and Aiden did not give much thought about it.

Dylan was a pretty capable man. After simply bandaging his wounds, he walked out with his followers and bodyguards soon after.

Seeing that so many people were there to support him and that most of them were young masters from Flutwell

Dylan felt extremely prideful, as if he was extremely magnificent.

A terrifying aura was exuding from his body...

Dylan lit a cigar and took a big puff before waving his hand. "Hello, everyone!" "Young Master Bowie!" exclaimed everyone in unison. Dylan burst out laughing. "Thank you all for coming today! "Beat them up for Young Master Bowie!"

Chapter 3153 Dylan Bowie felt like he was at his peak after hearing those words.

–

Even when there were a few palm prints on his face, the proud look on his face was still showing while he stood up straight.

At this very moment, he felt that he was the true lord of the world.

He thought he was the only person who called the shots in Flutwell!

A lot of women were utterly charmed when they looked at Dylan.

'What a handsome man!!

Even when palm prints are on his face, even if he looks completely messed up...'

'Only a man like this can be considered domineering!

The women wished to be dominated by a man like this!

At this very moment, they just wanted to kneel in front of Dylan.

After feeling the women's fiery passion, Dylan felt a lot more arrogant.

He blew a huff of smoke with a proud look on his face as if he had forgotten just how miserable he was a few moments ago. Then, he walked toward Harvey before he looked down on him with a cold gaze.

"I'm giving you one last chance, Harvey!

"Grovel and apologize! Break your legs and send Xynthia Zimmer right to my bed! "While you're at it, give me fifteen million dollars! I'll let you off the hook after you do all that! I'll kill you if you don't!"

"Since you're being this arrogant, I guess I also have no choice but to crush your groin," replied Harvey calmly.

"You have a death wish or something?!"

Dylan was completely infuriated.

"Let me tell you something! Don't think you can show off in front of me just because you're just a little talented!

"So what if you're good at fighting?!

"I have the strength in numbers!

"Can you even fight a hundred people at once?! What about a thousand?!

"Your slaps are fast, but are they faster than my bullets?!"

Aiden Bauer instinctively pulled out a thin and long cigar and lit it up while looking at Dylan, as if he was an idiot.

'He's still making threats against Sir York? Is he insane or something?' Harvey glanced at the crowd and calmly replied, "If this is where your courage comes from... "Then I can only tell you one thing... "You have no chance but only to be crippled."

"You b\*stard!"

Dylan chuckled angrily after hearing Harvey's arrogant retorts.

"You'll know the consequences of crossing me soon enough!" "The consequences?"

Harvey merely let out a cold chuckle.

"Do you mean slapping and kicking you down a couple of times?"

"You b\*stard! How dare you?!"

One of Dylan's followers held his phone high, screaming excitedly, "Young Master Bowie's second uncle is about to be here!

"He's a prominent figure of the Flutwell Police Station!

"You'll kneel as soon as you see him!

"You better stay this arrogant when he gets here!"

The followers were all enraged.

How dare an outsider act this high and mighty?

What a lawless man!

"Is that so?"

Harvey smiled. "He's also from the Flutwell Police Station?"

"I'm so scared!"

"That said, I'm afraid Dylan's second uncle will disappoint you."

A convoy of ten Audi A6s steadily drove over at this moment. It was quite the fierce sight.

Typically speaking, Audi A6s represented the government.

After seeing the cars, the young masters cleared the way instantly.

Soon, the cars drove toward Dylan and the others before they stopped.

Soon after, eighteen strong men in suits walked out of the cars with fierce looks.

At first glance, those men were obviously experienced fighters.

With only eighteen men, their aura alone had completely

overpowered Dylan's group of scoundrels.

## **Chapter 3154**

In the next moment, a man in his fifties with well-kempt hair walked out.

He was wearing a black suit with two fidget walnuts in his hand. An aura of an upperclassman could be felt coming from him at this moment.

That man was none other than Flutwell Police Station's second-in-command, Logan Bowie himself.

After all, he was a government official. As soon as he walked out, he had everyone completely astonished.

He ignored every single person who gave way while they were all caught by surprise.

"You're here, Uncle!"

Before Logan could even see Harvey York's face, Dylan Bowie's eyes lit up instantly.

He stumbled his way toward Logan and exclaimed, "Perfect timing!"

"An arrogant fool came all the way here to challenge us!"

"He even had the gall to hurt me!"

"I don't understand where this outsider got all his courage from! How dare he go against the Bowie family like this?!"

"He's completely insane!"

"I even told him my uncle's the second-in-command of the Flutwell Police Station!"

"But, he called you a coward and said he's not scared of you one bit!"

Dylan kept fanning the flames so he could drag Harvey under the bus.

Naturally, he asked his uncle to come so he could use his authority as a government official and completely eliminate the outsider.

When the beautiful women saw Logan's face, their eyes were filled with a burning passion.

'That's Logan!

'He's Flutwell Police Station's second-in-command!'

'His status is immense!'

'Not many people can even compare themselves to him!'

The women wanted to pounce right into Logan's arms so they could be pampered.

Then, they glared at Harvey with prideful looks in their eyes.

'He's dead!

'This goddamn country bumpkin's done for!'

'His life will be a living Hell after this!'

As expected from a loser like him! He has no chance against such a prominent character!'

After hearing Dylan's words, Logan showed a cold gaze. After being disrespected just recently, he was filled with unbridled rage.

He could not believe that some nobody was trampling on the family's name like this.

Logan took a step forward with an expression as cold as ice as he held his walnuts.

"Is that so?" he said while coldly chuckling.

"Which one of you b\*stards did this?"

"You're disrespecting me of all people?!"

"Do you have a death wish or something?!"

Logan spoke in a dignified manner of an upperclassman.

"I did!"

Harvey crossed his arms and calmly stepped forward.

"What? Do you have anything to say about it?"

"An opinion?"

After seeing Harvey acting so high and mighty even then...

Dylan and the others were utterly stunned when they

locked their gazes at Harvey.

'Who is this guy? Where did he get all this courage from?'

'How dare he challenge Logan along with so many people here?!'

'He must have a death wish!'

'He's insane! 'Why is he still showing off right now?!'

'He thinks he can deal with the situation just by putting up a brave front?!'

The crowd was ruthlessly insulting Harvey at that point.

Only one of Dylan's long-haired followers frowned slightly. He was a cautious man. He knew that someone who still dared to act this arrogant under such circumstances was clearly a powerful man with immense authority.

Without a second thought, the man sent a few text messages as soon as possible.

The beautiful women were all disdainfully glaring at Harvey, as if he was just some ignorant fool with a death wish.

Chapter 3155 "B\*stard!"

"Which one of you dares go against me?!"

"Do you have a death wish?!"

Logan Bowie was filled with violent rage.

He lit a cigar and stepped forward before he locked eyes with Harvey York, who just came out of his car.

The two stared at each other...

Logan, who had his arms crossed while showing an extremely arrogant look...

Trembled uncontrollably when he recognized Harvey's face. His soul instantly left his body.

Everything that happened in the Hatchet Gang's base camp flashed through his mind.

He never thought that Harvey was the one he was going against.

"Harvey..."

1

Logan gritted his teeth when he uttered the name. His knees were wobbling endlessly to the point where he was about to kneel.

Logan was deeply traumatized because of what had

happened before. He did not release Lilian Yates and Mandy Zimmer in time

That was why he planned to avoid Harvey at all costs. "That's right, Uncle! That's him! "Harvey!

"This goddamn country bumpkin thinks he's a hotshot!

Dylan Bowie coldly glared at Harvey while completely ignoring Logan's sentiments.

"He completely disrespected you! He hurt me too!

"Look! He was the one who put these palm prints on my

face!"

Dylan gritted his teeth while he glared at Harvey, as if he wanted to rip his bones out and burn him to a crisp.

"That's right. I did all that. You got a problem with that?" replied Harvey without any hesitation.

'He's arrogant!

"Just too arrogant!

'He doesn't know when to quit!

Dylan's heart was filled with glee. He thought that Harvey was the world's biggest idiot!

'He must have a death wish or something if he still

doesn't know when to quit! "Kneel and apologize already!" Dylan was showing a smug look. "You still don't get it?!"

"When my second uncle gets mad, there will be dire consequences!

"Can you even bear it when that happens?!"

The young masters were coldly chuckling after hearing Dylan's words.

Who was Logan anyway?

The second-in-command of the Flutwell Police Station!

Whoever that dared to cross him...

Would just perish!

The beautiful women laughed at Harvey's misery while patiently waiting for Logan to teach him a lesson. At this point, they were sick of Harvey acting all high and mighty.

"Shut your mouth!"

Logan returned to his senses before he swung the back of his palm across Dylan's face.

A resounding slap echoed throughout the place...

Dylan's head slammed right onto the ground. His face was utterly swollen, and it was a miserable sight.

Everyone was shocked when they saw what had just happened.

They were at a complete loss when they stared intently at Logan.

Nobody knew what was going through the mind of such a prominent figure in Flutwell...

Dylan was especially surprised by the slap.

His second uncle would usually treat him well. Whoever dared to go against Dylan would be met with Logan's gun barrel.

But then, why did Logan slap Dylan in the face?

Logan did not even glance toward Dylan's face.

He wanted to slap his brother-in-law to death so badly!

It was fine going against anyone else...

But he had to cross Harvey of all people!

A

After being utterly disrespected by Harvey, Logan was invited to deal with him again!

At this point, he was just going to suffer the same fate!

Chapter 3156 Logan Bowie felt dejected. As Harvey York mentioned, Logan has not yet released Lilian Yates and Mandy Zimmer.

He's completely screwed!

"Are you deaf, Logan?"

"Or are you going to show off your status in front of me again?"

Harvey crossed his arms while glaring playfully at Logan when he walked forward.

"I'm talking to you here.

"Do you have a problem or not?"

Logan trembled.

"No! Of course not!"

He knew exactly just how ruthless Harvey was.

Even though Logan was the second-in-command of the Flutwell Police Station...

After what he went through just recently, he managed to find out Harvey's identity the hard way.

Unless someone from the Bauer family were with him, he would not dare cross him again.

Besides, Harvey could not even be bothered about Joseph Bauer.

What else could Logan use to challenge him?

'No?'

Many people were shocked after hearing Logan's words.

Their jaws instantly dropped while they were still in a daze.

Logan was such a prominent figure...

But he would not even dare to speak up against someone like Harvey!

Was this really happening? The high and mighty second-in-command curled up into a ball in just a moment!

1

This was insane!

Nobody could even wrap their heads around the situation!

The women were all secretly stomping their legs. They were in utter disbelief.

"I told you to release Lilian and Mandy within the hour, and yet you're here showing off for some reason," said Harvey.

"Looks like you never took me seriously in the first place.

"Since that's the case, then I'll just turn the contract into reality.

"Kneel!"

Harvey showed no emotion when he spoke.

He did not even give Logan a single ounce of respect.

Not only did Logan turn a deaf ear to Harvey's demand, he even tried standing up for someone else who went against Harvey.

Then, why should Harvey even show his respect?

Everyone froze after hearing Harvey's words. When they were about to speak up against him after hearing such insane demands...

Logan's eyes twitched before he bent his knees.

It was a little late, but he still slammed his knees to the ground a little while after.

A buzzing sound could be heard...

Not just Dylan...

Everyone's heads imploded instantly. They could not believe what they were seeing!

'He kneeled?!'

"The second-in-command of the Flutwell Police Station, a true local powerhouse, kneeled before Harvey?!" 'How is this possible?!'

About two hundred people were at a complete loss. They were in utter disbelief.

Aiden Bauer, on the other hand, was filled with glee.

'As expected from Sir York himself.'

'Logan must've been trampled by him previously.'

—

'He must be traumatized right now!'

'He kneeled in a flash!'

'He didn't even hesitate!'

"Get your back straight," said Harvey calmly.

Logan straightened his back while trembling uncontrollably.

Slap!

Logan's body swayed to the side after taking a slap across his face.

"I told you to let Lilian and Mandy go, and you decided just to ignore me?"

Logan tilted his head down. He would not dare to utter a single reply.

Slap!

Harvey repeatedly swung the back of his palm across Logan's face.

"You're trying to stand up for your dear brother-in-law?!"

Slap! "There's no changing your nature to take advantage of people, is there?! Logan kept his head low without even moving a single inch. Slap! Harvey slapped Logan across the face once again. "Was the lesson this morning not enough for you?! Or are you saying you can still rely on your support to go against me?!"
