When His Eyes Opened by Simple Silence Chapter 2397

Afternoon.

The news of Elliot's recruitment of assistants had become a hot search.

Generally, people of such worth as Elliot would not recruit externally.

He needed assistants, he could be promoted from the inside, or he could dig his favorite talents in the circle. But he didn't.

The reason why the news of his recruitment of assistants was on the hot search was related to the treatment he offered to the assistants.

It is written on the recruitment notice that once hired, the annual salary starts at one million, and there is no ceiling. If you perform well, you will have the opportunity to acquire Sterling Group shares.

With such favorable conditions, who could not be moved by seeing it?

Although the hard requirements for Elliot's assistant were not low, there were still many qualified people.

As Avery said, the salary was good, and there were naturally countless talents to submit resumes.

“Elliot is hiring an assistant.” After seeing the news, Norah raised a smile on the corner of her mouth.

“Didn’t we know about this two days ago?” Sasha responded flatly, “Have you found the right person?”

“Well, I’ve talked a few times in the past two days, and there is one person who is quite suitable. I’ll contact him now.” Norah opened the address book and said to Sasha, “Elliot is recruiting assistants, and they must only be men. I’ll see him. The male priority written on the request is the same as I thought. Just look for it according to the appearance and ability of his former assistant, which is right.”

Sasha stood at the door of the kitchen because soup was being stewed inside.

Sasha: “If only all went well.”

“Even if it doesn’t go well, it’s fine. His company has other positions to recruit. With my connections, it’s not difficult to put someone in. It’s just that it’s more convenient if someone can be installed by his side.” Norah said calmly. .

“Norah, you said you are such a smart person, even if you do something else, you will definitely make a lot of money. Why do you have to lick Elliot and Avery?”
Sasha was a little puzzled.

The reason why Sasha looked for Haze was because there was no other way for Sasha to be a new person.

But Norah was different.

"Sasha, before I contacted Elliot, I did a good job. But no matter how good I do my job, I just make money for the boss, and I can only get a fixed income. That is absolutely not proportional to my efforts. What's so good about part-time work, I don't want to work anymore at all." Norah saw it through, "Being a good person, in the end, it's just a servant. It's better to take the risk and give it a shot."

Sasha: "Okay! Let's be more cautious this time. Even if we can't make money, we must not risk our lives. It's better to die than live!"

Norah: "Well. I'm measured."

The other side.

The Miss also saw the news that Elliot was recruiting assistants.

After seeing the news, she immediately clicked on the recruitment APP, found the recruitment information of Sterling Group's recruitment of assistant president, and carefully checked the recruitment requirements listed by the other party.

The first rule directly rejected her from the door.

A layer of sweat broke out on her palms, if she submitted her resume, she would definitely be in vain, right?

If she didn't try it, how did she know it won't work?

Thinking of this, she bravely clicked on her resume, intending to optimize her resume.

An hour later, she checked the revised resume several times. After confirming that there was no way to change it, she took a deep breath and delivered the resume.

"Miss, Siena woke up. Did you take her to the kindergarten, or should I take her?"
The mother-in-law pushed open the study door and asked from the door.

"I'll take her there!" The Miss closed the computer and walked out of the study.

"Miss, if the school accepts her, why don't you let her go to school! She promised me that she would never tear the scar off her face, and she can definitely do it."

The mother-in-law pleaded softly, "In this state, no one will doubt that Siena is Elliot's daughter."

Miss nodded: "I know. The question now is whether Siena will be bullied by other children when she goes to school."

"If other children dare to bully Siena, she will definitely fight back. I have told her all about it." The mother-in-law said.

The Miss shook her head: "Fights are not allowed in school. I'll take Siena to school later and communicate with the teacher."

"Anyway, kindergarten doesn't learn much." Mother-in-law mainly focused on crispy, "She is used to playing with the children in the mountains, but now she is locked at home every day, which is really depressing. She used to sleep well. Yes, she goes to bed when she touches the bed. Now she can't sleep at night, and she always wakes up when she falls asleep. I'm really afraid she'll be suffocated."

"I know she's not happy. But before everything is clear, I can only feel wronged first." The Miss said helplessly, "There is absolutely no way for people to live as they please, not only her, but many people in this society."

"Well. Be careful on the road." The mother-in-law said.

After the Miss came out of the room, she walked in front of Siena, took her hand, and led her out.

The weather was not very good today, the clouds were dense, and the sky looked like it was about to collapse. And there was a cold fog all around.

The mother-in-law surrounded her face with a scarf, revealing only a pair of big, crystal clear eyes.

The kindergarten was near the community where they lived, and they could walk there.

Since the last time Elliot sent someone over, they have changed to a more remote and older community.

The kindergartens near the community were naturally not very good. But for them, safety came first and quality of life came second now.

“Miss, I heard what you said to my mother-in-law just now.” Siena raised her head and glanced at the Miss, “Miss, you are a good person.”

The corner of the Miss’s mouth rose, but she couldn’t laugh: “Siena, you’re also a good girl. Bad people are not so easy to distinguish. You are still young, you just need to take care of yourself, eat when you should eat, sleep when you should sleep, and if you can go to school, go to school well. Don’t think too much about the rest.”

“Mother-in-law told me When I grow up, help my mother to avenge.” Siena will not dare to tell her mother-in-law what she said to the Miss, “But I have never seen my mother. Who am I going to seek revenge for? I can’t win against anyone!”

“Yeah. Now I don’t even know who the enemy is, how to take revenge.” The Miss sighed, “I am also looking for the murderer of your mother.”

Siena: “Miss, why are you helping my mother?”

“I am not helping your mother. Also I won’t help your mother. I have nothing to do with your mother, and I even hate her a little bit.” The Miss made no secret of her emotions, “Your mother stole the person I liked. Although your mother didn’t do it on purpose, if she didn’t Your mother, the person I like will definitely not reject me.”

“Oh... miss, who is the person you like? Where is he?” Siena asked curiously.

The Miss gritted her teeth, took a deep breath, and opened her lips with trembling: “The night your mother died, he was also killed.”

Siena’s face was covered with a chill.

Other children at this age would not come into contact with the word ‘death’ so frequently.

But Siena not only knew death early, but also knew the cruelty of life.

The Miss brought Siena to the kindergarten and met the principal.

After seeing the scar on Siena’s face, the principal of kindergarten was stunned for a moment, and then asked, “Does she have any other problems besides the scar on her face?”

The Miss: “No other problem. She is very healthy and has a good personality. Rather quiet.”
