#### Chapter 332 Nina Is Heartbroken

Melissa went to Mr. Marc's ward and knocked on the door "Ms. Eugen' Jose opened the door and said respectfully "Mr. Marc, how are you feeling today?" Melissa walked to the bed "Much better," he replied with a smile Melissa checked Mr. Marc's situation. It seemed that he was getting better indeed and she was thrilled to see that "Mr. Marc, you will be discharged in a few days." Melissa said smiling back "That's great!" The grandfather raised the corners of his lips. "Right, what are you and Murray up to? Why are there so many reports about you on the Iritemet? What exactly is going on?" he asked. "Mr. Marc, don't worry. It's just a small matter." She replied lightly The old man nodded. Since Melissa had said so, he did not want to ask anymore After all, Marc believed Murray's feelings for her.

As for Ryleigh...

He didn't have the same impression toward her. Marc believed that Murray would be able to handle this matter well. "Mr. Marc, I'll come to see you tomorrow." Melissa stood up and was about to leave when her phone suddenly rang. It was a call from Nina. "Nina, is anything wrong?" Melissa picked up the phone. "Melissa, I broke up with my boyfriend," Nina said in a disappointed tone. "What?" She was shocked. When Nina went to Star Entertainment in the afternoon to find Melissa, she was still fine. Melissa didn't know why Nina suddenly broke up with her boyfriend. "Tom broke up with me. Melissa, I am heartbroken." she sobbed. "Nina, where are you?" Melissa was nervous and asked. "I'm in the bar," Nina answered

"I'm going to find you. Wait for me." She instructed and hung up the phone to rush to the bar, At Charm Bar, Nina was sitting at the counter, drinking a strong liquor Chapter 332 Nina Is Heartbroken Earlier, she had received a call from Tom "Nina, let's break up!" He said composedly A breakup? She couldn't believe what she heard. After a moment of silence, Nina asked, "What did you say?" "Let's break up," Tom repeated. "Why?" She was nervous. "We are not suitable," Tom said emotionless, "Not suitable? Why not?" Nina asked, "No reason." Tom's voice became colder and colder, "Where are you? I'll go find you. If you have anything to say, let's talk about it in person" She couldn't believe that Tom was going to break up with her. There must be some reason "Don't come to me, I won't see you! I've fallen in love with another girl," Tom answered solemnly and hung up the phone.

Hearing the beeping sound, Nina felt heartbroken. Nina could not believe that, after five years of relationship. Tom actually broke up with her over the phone Tom said he fell in love with other girls. How was this possible? Tom had once said, in this life, the only love was Nina, The past surged into her mind like a tide, Tom was her senior. He was tall and handsome. He had good grades and talent, They had known each other during a debate. Even though Nina had lost to Tom, she had been tempted by this talented senior from then on She took the initiative to pursue him. In the beginning, Tom was always indifferent to Nina and even ignored her goodwill, However, Nina did not give up and persistently “encountered” Tom on various occasions Nina never thought that she, who had always been a good girl, would like this man so crazily and pursue him.

Finally, one day, Tom said to Nina seriously, “Nina, I accept your pursuit Be my girlfriend!” Happiness came so suddenly that she felt she was in a dream. From then on, Nina and Tom started their love story Until the eve of graduation, when she brought Tom home, Nina’s parents didn’t like him. Because he was from a poor family and he was not worthy of her. Tom was sad. He applied to be a teacher in rural areas. And she went to Wyvernholz to continue her studies. Nina wanted to look for Tom a few times after returning to the country, but Tom refused to tell her where he was, unwilling to see her. Until today. Tom proposed a breakup to Nina. “Give me a few more bottles of wine!” She shouted at the waiter. Soon, Nina felt dizzy and her vision began to blur. Sitting next to her was a man with dyed blond hair. Seeing that Nina was drunk, he put his hand on her waist and said with a perverted look, “Beautiful girl, why are you drinking alone? Let me be your company!”

“Go away!” Nina pushed him with remnant consciousness. The man smiled lewdly, “Why are you pretending when you come out to have fun? Come with me, I promise to make you happy tonight.” He stood up and pulled Nina up. She was so drunk that she swayed and fell on him. “It seems I am lucky tonight.” The man’s lustful eyes fell on Nina’s chest, and he swallowed his saliva greedily He supported her and walked towards the bar entrance. Harley and a few friends came to the bar to have fun. As soon as they entered the door, they bumped into them “Brat, don’t you have eyes when you walk?” The man cursed. Harley frowned and suddenly saw that the woman in the man’s arms looked familiar. She took a closer look and said in surprise, “Nina?” However, the woman did not respond.

Harley immediately understood that she was drunk. This man had bad intentions and wanted to take her away “Let her go! Harley said in a deep voice “Mind your own business! The man glared at her and supported Nina to leave “I told you to let go of her Do you hear me?” Harley stopped him \*If you don’t let her go, we’ll call the police! Harley’s friends also came over Chapter 32 Months Heartbroken The man saw that she had the advantage in numbers. So, he cursed and pushed Nina into her arms, “Here you go!” “Nina, are you alright?” Harley hugged her. Nina was in a daze when she heard someone call her name. She struggled to open her eyes and saw a white face that looked familiar. Nina opened her mouth. However, her throat was extremely dry and she didn’t say a word. “Nina, are you alright?” Harley asked with concern, “Why are you so drunk?”

Nina felt uncomfortable all over. She leaned against Harley's chest and cried, "I feel so bad."

"Nina, you are drunk. I will send you back. Where do you live now?" Looking at the drunken and crying woman in his arms, Harley felt inexplicably distressed and patted her shoulder to comfort her.

"I don't want to go back. I want to drink." Nina's eyes were red as she staggered towards the bar counter.

"Don't drink anymore. You're already drunk." Harley quickly grabbed her.

"Don't worry about me." Nina wanted to push her away, but she couldn't.

When Melissa rushed to the bar, she saw Harley and Nina pulling each other.

"Meli, it's good that you are here." As soon as he saw Melissa, he signed with relief,

"Nina is drunk, come and take a look."

"Are you alright? Why are you so drunk?" Melissa hurriedly walked forward and supported Nina.

When the drunk woman saw her friend, she cried even more sadly, "Melissa, I am in pain. Tell me, why did Tom break up with me?"

"Nina, don't be like this. I'll send you back first." She supported Nina and walked out of the bar.

"Meli, I'll send you off." Harley followed them.

"Hey, Harley, you called us to the bar and ran away first?" One of his friend stopped him.

"Can't you see that I'm busy? You guys play by yourselves. I'll be back when I'm done." Harley glared at him.

\*Alright. You value women more than friends!" his friends looked at Melissa. "Isn't this Mr. Gibson's fiancée?"

She's been very popular recently. The Internet is full of news about them. Harley, don't tell me you want to take advantage of this opportunity to get Mr. Gibson's fiancée?"

"What nonsense are you talking about? I admire and respect Meli, okay?" He was speechless but ignored him and followed the girls. "Meli, wait for me. My car is over there. I'll drive over."

Melissa smiled and thanked him.

It doesn't take long for Harley to pull over in front of them and open the door, "Meli, get in."

She supported Nina and sat in Harley's car.

Along the way. Nina kept crying, "Tom said that he fell in love with someone else and wanted to break up with me we have been in love for five years. Why could he break up with me when he wanted to do so?"

“Alright, Nina, don’t think about this anymore. We can talk about it tomorrow.” Melissa sighed helplessly

“Meli, what happened to Nina?” Harley, who was driving, vaguely heard Nina say that they had broken up. So, he could not help but ask curiously

Melissa sighed again and replied, “I don’t know the details. It seems that her boyfriend broke up with her.”

He nodded. No wonder Nina was so sad.

Harley had never seen a woman who would be so sad for a man, In showbiz, it was a common thing, and no one would treat feelings so seriously. Harley suddenly had a strange feeling.

Just then, there was a retching sound, it was Nina.

“Nina, what’s wrong?” Melissa worried.

The drunken girl shook her head while she vomited in Harley’s car.

“I’m sorry, Harley. We dirtied your car.” She repeatedly apologized on Nina’s behalf. Through the rearview mirror, Harley saw Nina’s pale face. He inexplicably felt distressed. “Meli, it doesn’t matter. She seems to be very uncomfortable. Should we send her to the hospital?”

“No need. She’s just drunk.” Melissa looked down at her and it was obvious that she was drunk.

#### **Chapter 334 I Can’t-Wait Any Longer**

Melissa was startled.

She thought, didn’t he just get angry with me and think that I was with Jaylin the whole night?

Murray suddenly came to the hotel, and he had a deeply affectionate look that surprised her.” brought you dinner and your favorite tart. Eat quickly. No matter how busy you are, you have to eat dinner.” Murray placed the lunch box on the table.

Hearing his fiancée say she hadn’t had dinner because she was busy all night made him distressed.

Originally, Murray wanted to personally make dinner for her. But, he was afraid that Melissa would be hungry.

So, he went to buy Melissa’s favorite dinner and tart.

When Melissa heard this, she felt warm.

Murray always surprised her.

Melissa reached out and picked up a piece of tart. It was still so soft and delicious.

“What’s wrong with Nina?” Murray looked at the girl sleeping soundly.

“Her boyfriend broke up with her and she was in a bad mood,” Melissa replied softly.

“What?” Murray was shocked. In his impression, Nina was a tough girl.

Melissa told him about Nina and Tom.

In the end, she sighed, "Sometimes, love is fragile. Take Nina for example. For this relationship, she persevered for five years, but in the end, she was hurt so deeply."  
"Melissa." Seeing how worried she was, Murray reached out his big hand and held hers. He said very seriously, "Don't worry, I will make you the happiest woman in the world. I will never let you down in this life!"

As soon as he finished speaking, Murray lowered his head and kissed Melissa's alluring her sweet red lips before him.

It was as soft as jelly and was incomparably seductive.

When their lips touched, the feeling of being electrocuted made Melissa tremble.

"Don't be like this. Nina would see it." She blushed and tried to push him away.

"What's there to be afraid of? She's asleep anyway," Murray said.

"No, what if she wakes up?" Melissa took a deep breath. Although she knew that Nina couldn't wake up at this time, she still felt awkward.

Melissa was not used to doing such intimate things with Murray in front of others.

Melissa was not used to doing such intimate things with Murray in front of others.

"Melissa, I miss you I don't want to be separated from you for a moment" Murray rested his chin on her forehead. "Let's get engaged as soon as possible!" Chapter 3341 Can't War Any Longer

"Well," Melissa muttered, "It should be about time after we settle Ryleigh's matter."

"But I can't wait a moment," Murray said.

She smiled. "You don't seem like such an impatient person.

"Alright, it's time for you to go back to the hospital to see your Lily. Thank you for your dinner."

Murray's eyes dimmed.

"How could Melissa be so eager to push me to another woman?" He thought.

Even if it was acting, was she not jealous at all?

Seeing that he was silent, Melissa pushed Murray out of the door.

That night, Melissa sat at the head of Nina's bed and stayed with her the entire night.

The next morning, when her friend woke up, she had a headache.

The moment Nina opened her eyes, she saw Melissa.

"Melissa, why are you here?" Nina rubbed her temples, and her face was full of doubt.

"You're awake? You were drunk last night. I was the one who sent you back to the hotel." Melissa said with concern

At the thought of what happened yesterday, Nina's face darkened.

She pursed her lips and said sadly, "Tom called me yesterday and said that he wanted to break up with me."

, "Why?" Melissa asked.

"He said he fell in love with another woman." Nina couldn't help but cry.

She sniffed. "But I don't believe it! Tom said he would love me for a lifetime. How could he suddenly fall in love with another woman? There must be other reasons. I want to find him. I must ask him face to face."

“But do you know where he is?” Melissa asked, frowning  
Nina shook her head in disappointment,  
Til ask Anthony to investigate his location. Seeing that her best friend was so sad,  
Melissa felt  
awful

Melissa originally didn't understand why Nina was so stubborn in terms of her  
relationship with Tom However, ever since she fell in love with Murray, Melissa realized  
that if one loved someone, he or she would be willing to give everything to his or her  
lover

Perhaps love was like this. One would be happy because the person he or she loved  
was happy One would be sad because the loved one was sad

“Thank you, Melissa ” Nina was still sad

“Don't worry too much. When you see Tom, you can have a good talk. You have been  
in love for so many years. If Tom falls in love with someone else and betrays you, it is  
not a bad thing to break up early. It is better than regret in the future.” She comforted  
Nina, who nodded thoughtfully.

At the Yale's villa.

Adela looked at all the scandals about Melissa on the Internet, smiling,

“Adela, Melissa has become notorious, and Murray will no longer like her,” Julie said.

“So what? Even without Melissa, there is still Ryleigh,” She put down her phone heavily.

Whether it was Melissa or Ryleigh, they were great threats to Adela.

Two women, one was Murray's first love, and the other was Murray's fiancée. Even  
though the two of them were fighting now, Julie couldn't take advantage of the situation  
and Adela couldn't wait for a moment. She couldn't wait to get Murray, that outstanding  
man.

However, he was so cold and kept distant from Julie that he refused to even glance at  
her.

Originally, Adela had planned to win Sarah's favor and get closer to him.

But now, the relationship between Murray and Sarah was terrible. It was said that Sarah  
was imprisoned by her son.

“Adela, be patient. Right now, Mr. Gibson and Melissa are in a deadlock because of  
Ryleigh. She only has a few days to live. When that time comes...”

Before Julie could finish her sentence, Adela interrupted impatiently, “How long do you  
want me to wait! If wait any longer, Murray will be engaged to someone else!

“Don't forget how manipulative that bitch, Melissa, was. Even if she gets into a conflict  
with Murray for a while, it's hard to guarantee that she won't come to seduce him again  
in a few days! And that Ryleigh, who knows if she has terminal cancer? What if she  
doesn't die?”

Seeing that Adela was angry. Julie asked carefully, “Adela, then you mean....

### Chapter 335 Adela Is Determined to Get Murray

"Can you come up with a perfect idea for me? I must get Murray.\* Adela's face became gloomy, and her eyes flashed with determination.

"This..." Julie hesitated for a moment, then she said cautiously, "I've got an idea, but it might affect your reputation..."

Adela urged, "What is it?"

"Sleep with him," Julie whispered into Adela's ear.

"You mean..." Adela frowned slightly.

"Adela, as long as you have sex with Mr. Gibson, you won't be afraid of Melissa and Ryleigh." Julie nodded.

"But... Murray is so cold to me. How can that happen between him and me?" When she heard this, her face became gloomier.

"Of course, you have to use some tricks," Julie curled her lips, Adela narrowed her eyes in thought.

In fact, she had thought of this method before, but she disdained using it.

Adela always thought Murray has been fascinated by Melissa's beauty for a while. He is only interested in her for fun.

I am the eldest daughter of the Yale family, high in rank, powerful, and beautiful. What's not comparable to Melissa?

One day, Murray will find out my good and fall in love with me.

However, that day did not come, and the current situation became more and more disadvantageous to Adela.

She had incited Susie, Alayna, Anaya, and others to attack Melissa several times, but all failed.

Adela could not wait any longer.

"Any advice on what I should do?" She seemed to ask casually when she lowered her head to play with the ring on her finger.

Julie was silent for a while and then replied, "The anniversary celebration of the Yale Corporation is coming in a few days, and Mr. Gibson should come to attend. Adela, this is a good opportunity for you."

"You are right," She agreed.

"Let's do it cleanly by then and ensure not let Mr. Gibson notice it." Seeing that Adela agreed with her idea, Julie breathed a sigh of relief and continued to plan

"We will inform the reporters, and all the media will report about you and Mr Gibson by then Once you have sex with him, he surely will marry you."

What if he doesn't agree Adela was still a little worried,

How come! Julie rolled her eyes. "Once you two have that kind of intimate relationship, he will have no choice but to agree. After all, the Gibson family is noble. How can they afford to lose their face?"

"Yeah.' She nodded gently if he doesn't agree, my grandfather will not spare him Even if our family is not comparable to the Gibson family, we are still one of the top families in Aldness If he dares to be irresponsible to me, then we will fight no matter what it takes."

"Dont worry, Adela I am sure that you will succeed,' Julie kept bragging and flattering. Congratulations to you, Adela, the future Mrs. Gibson."

Hearing that, she was elated, Adela patted Julie's hand. "Rest assured. When my wish comes true, I will treat you right

Thank you, Adela,' Julie said with a smile.

At the thought of the anniversary celebration a few days later, the woman curled up her lips into a determined smile and decided to go all out.

Anyway, she must become Murray's woman, the young mistress of the Gibson family

Murray, this high and mighty man, could only belong to her.

No matter how despicable the trick was, Adela would not hesitate

What was more, she had already thought of a perfect plan to drug herself too by then.

Even if Murray got angry later, she could say that she was also a victim and both of them were tricked

Adela had even found the scapegoat,

Everything was ready. She was just waiting for the anniversary celebration

Murray's office, the Gibson Corporation

Alex held a document and knocked on the door,

"Come in, Murray said coldly

He entered the office 'Mr Gibson, this document is for your review and sign

Orsy Murray responded faintly He took the file, flipped through it, and put his domineering signature on it

\*This is an intation from the Yale family Alex look out a red, gold immed invitation card and handed it to him in the 50th anniversary of the Yale family the night after tomorrow

"Leave it here Help me prepare a gift, Murray asked

No matter what he would give the Yale family a face

"Yes Mr Gibson,' Alex replied respectfully. If there's nothing else. Ill leave first Chapter 335 Adelais Determined to Get M

When he turned around and was about to leave, Murray's magnetic voice was heard,

"Has Melissa resumed work?"

The man stopped in his tracks and replied, "Ms. Eugen? She took a leave of absence."

"Got it. You can leave now." Murray frowned slightly.

Was Melissa still staying with Nina?

He thought for a moment, took out his phone, and dialed her number.

Melissa and Nina were having breakfast in a restaurant near the hotel when her phone rang with a pleasant ringtone.

She took out her phone to see it was Murray.

"Is there anything?" Melissa answered in a light tone.

Why did he call her so early in the morning?

"Can't I call you if there's nothing?" Murray asked in an unhappy tone, "Melissa, don't you miss me?"

It seemed that Melissa was not willing to answer his call. Did she not miss him at all? "I'm busy," She said holding her forehead.

Nina was crossed in love as if she had lost her soul. Melissa had persuaded Nina for the whole morning, but it was useless.

Murray called at this time to show his love to Melissa. Didn't he add fuel to the fire? His eyes fell on the invitation on the desk when he heard Melissa's perfunctory reply. He asked in a deep voice, "Would you please come with me to the anniversary celebration of the Yale Corporation the night after tomorrow?"

"It's not good for me to go." She refused without hesitation.

Melissa was not interested in that..

At the thought of Adela, Melissa subconsciously twitched her lips. She did not want to give her another chance to frame her.

"Don't you like to stay here with me?" Murray's tone became colder and deeper.

Melissa sensed Murray was displeased, and she quickly explained, "Do you forget that we are in quarrel now? If I go with you to the banquet, all my previous efforts will be wasted."

After a pause, Melissa remembered something. "By the way. I will go to the hospital to check on Mr. Marc again this afternoon. If everything is fine, he can leave the hospital. Remember to pick up him by then and play a good drama by the way."

Murray frowned. "A good drama?"

You know what it is." Melissa smiled.

#### **Chapter 336 I Don't Believe It**

After hanging up the phone, Melissa looked up and saw Nina clutching her phone tightly with tears flashing in her beautiful eyes.

"What's wrong?" She asked, concerned.

Nina tried to hold back her tears and bit her lips. "Tom ... blocked me."

Melissa was speechless.

What was Tom doing?

Even though they had broken up, he didn't need to be so ruthless to Nina.

What was more, he just blocked her without explaining anything.

It was simply ridiculous!

“I don’t believe that he will fall in love with someone else.” Nina’s eyes were red.

Sadness, despair, unwillingness.. All kinds of emotions were intertwined in her heart.

“I don’t believe it either.” Seeing her best friend like this, Melissa sighed softly It was not that Melissa had confidence in Tom, but Nina was really a good girl.

He was lucky to obtain her love.

Falling in love with other girls?

Which girl could be better than Nina?

Melissa didn’t believe it.

“Nina, don’t be like this. Anthony is already investigating it. He should know where he is soon.” Melissa held Nina’s hand and comforted her, “Don’t worry, I’ll go with you. Let’s ask him about it together!”

Melissa could not wait to see Tom.

She wanted to ask him some questions in person. Nina was so good and loved him so much. How could he treat her so heartlessly?

if Tom could not give her a reasonable explanation, she would kill him!

“OK” Nina nodded, but the pain in her heart did not lessen in the slightest.

Melissa drove to the hospital in the afternoon

Over the past few days, she often went to the hospital to check on Marc and contacted Zane every day to inquire about his recovery

This morning, when she was free, she contacted Luca and told him about Marc’s situation in detail Melissa heaved a sigh of relief.

Although Marc’s illness was mainly due to Sarah and Claire, she was also responsible.

He could be discharged from the hospital, and her big wish would be fulfilled.

When Melissa arrived at the hospital, she headed straight for his ward.

Zane was already waiting for her in the ward.

“Ms. Eugen, how are you?” Seeing Melissa, Zane quickly stood up.

“Good. Mr. Marc, how do you feel?” She smiled politely and walked to his bed.

“Refreshing and extremely good!” Marc stretched smiling.

He had been waiting to be discharged for a long time

– “Mr. Marc, I’ll give you a check. If everything is good, you can go,” Melissa said, reaching out to check him.

“Good, good.” Marc smiled even wider.

Meanwhile, Murray also came to the hospital.

He went to Ryleigh’s ward and knocked on the door.

“Come in.” The nurse was taking a drip for Ryleigh. When she saw Murray, she quickly stood up respectfully. “Mr. Gibson.”

“Murray, you come to see me?” The woman was lying on the bed and her eyes lit up when she saw him.

“Yes. Lily, how do you feel?” Murray asked calmly.

“Much better.” Ryleigh smiled weakly. “Just now, I felt pain, but when I see you it faded. us that so?” Murray’s deep eyes fell on her face with a bit of inquiry.

This woman was so different from the girl in the depths of his memories.

But if she wasn’t Lily, how would she know about those things that only he and Lily knew?

Being stared at by him like this. Ryleigh was nervous and hurriedly said, “Murray, please sit down

“No, Grandpa will be discharged today. I will pick him up.” Murray’s voice was low as he turned to leave

“Murray, I’ll go with you.” She lifted the quilt

“There’s no need. You should rest well.” He stopped.

However, Ryleigh had already removed the drip and put on her shoes She walked to Murray and pulled his arm. “Murray, I’m fine. I’ll go with you. I haven’t seen Mr. Marc for a few days. I miss him a lot

Thinking of Melissa’s warning, Murray tilted his head and glanced at her “Then let’s go!” He agreed. Ryleigh’s eyes lashed a trace of pride.

Earlier, she saw Melissa go to Marc's ward. If she guessed it right, Melissa must still be there.

Then, if she and Murray went to pick up Marc together. Melissa would definitely be angry.

At that time, if she added some trimmings. Murray would definitely hate Melissa even more!

As long as he completely hated Melissa and broke up with her then Murray, this outstanding man, would eventually belong to Ryleigh!

They went to Marc's ward and pushing the door open they saw Melissa checking him.

"Grandpa." Murray stepped into the room.

Melissa heard the sound and subconsciously looked up.

What came into her sight was Murray's tall figure, and Ryleigh who was holding his arm tightly

Melissa was furious. She stood up and said angrily. "Murray, what do you mean?"

I'm here to pick up Grandpa and get him discharged. Weren't you the one who informed me that he could leave the hospital and asked me to pick him up?" Murray frowned.

"Why did you bring her here? Did I ask you to bring her?" Melissa pointed at Ryleigh angrily.

Seeing her angry, Ryleigh was secretly delighted.

vas SE

She pursed her pale lips and apologized in a weak voice, "Ms. Eugen, I'm sorry. Don't blame Murray. I was the one who wanted to come over. I heard that Mr. Marc is going to be discharged, so I wanted to come over and pick him up too."

As Ryleigh said this, she deliberately leaned her head on Murray's shoulder, looking at Melissa with a provocative gaze.

"Murray, what exactly do you mean?" Her face turned ugly. "You brought your mistress here to embarrass

"Unreasonable! Murray's expression was cold, his thin lips slightly lifted.

"Ms. Eugen, if you want to blame someone, blame me Don't be angry with Murray. I'm just concerned about Mr. Marc." Ryleigh looked pitiful, which was a sharp contrast to Melissa's angry look

"Do you think you are qualified to be concerned about Mr. Marc? Shameless!" Melissa sneered

'Enough, Melissa Grandpa will be discharged today. I don't want to quarrel with you. You can leave!" Murray's handsome face was tense as he directly asked her to leave.

### Chapter 337 Don't Let Melissa Suffer

"What? Are you chasing me away?" Melissa widened her eyes in disbelief "Murray, are you kicking down the ladder? Don't forget who cured Mr. Marc. If it hadn't been for me, could Mr. Marc have recovered so quickly? Could he be discharged today?"

"Is that so? If it hadn't been for you. Grandpa wouldn't have been ill at all," Murray said coldly his handsome face full of impatience. Why aren't you leaving?"

"So, you have to protect your mistress Ryleigh today?" Melissa's beautiful eyes were full of anger.

Marc being discharged from the hospital was a major event. There were already many reporters waiting at the entrance of the hospital. At this moment, they broke through the tight encirclement and rushed toward the hospital bed.

Seeing that it was almost time, the reporters came over. Ryleigh slightly smiled and stepped forward, pretending to be righteous. "Ms. Eugen, that's not right. How can I be a mistress? I knew Murray much earlier than you."

"We already knew each other and fell in love eight years ago. Murray said that he would marry me. Strictly speaking, you are the other girl."

"Ryleigh, you're about to die, and you still want to snatch Murray from me?" Melissa crossed her arms and glared at Ryleigh.

"Enough! Melissa, you disappointed me too much!" Murray said to the bodyguard beside him his face ashen, "Chase her away!"

"I don't need you to chase me away. I'll go by myself." Melissa replied angrily and turned to leave.

The reporters surrounded them. "Ms. Eugen, Ms. Sofia accused you of being a mistress. What do you think?"

"Mr. Gibson is driving you away. Does it mean that he chose Ms. Sofia?"

"Ms. Eugen, will your engagement with Mr. Gibson be canceled again?"

"No comment!" She said emotionless in the face of the reporters. In the ward, Ryleigh saw that Melissa left in a huff and showed a faint smile like the winner.

But she pretended to be worried. "Murray, Ms. Eugen seems to be angry. What should I do? I didn't mean to contradict her just now, but she scolded me like that, so I couldn't hold back..."

Murray tilted his head and glanced at her indifferently. "Don't mention her. Lily, you must be tired. Go back to your room and have some rest. I will take Grandpa home."

"OK. Mr. Marc. I wish you a healthy and long life." Ryleigh looked at him with a smile. Marc smiled back.

Murray asked someone to take the woman back to her ward,

There were already reporters waiting for her at the door.

As soon as they saw Ryleigh, the reporters came forward excitedly and began to interview her.

"Ms. Sofia, may I ask what your relationship with Mr. Gibson is?"

"As you can see. Murray and I are lovers. Ryleigh smiled shyly.

"But Ms. Eugen just accused you of being a mistress. What do you think?" A reporter pointed it out

Ryleigh raised the corners of her lips. "A mistress? That was completely her slandering. I am Murray's first love. This is something everyone knows. How can I be a mistress?"

"Ms. Sofia, what you said makes sense but it is also a fact that Ms. Eugen is Mr. Gibson's fiancée. The reporter asked, "I heard that you come from an ordinary family which isn't a match for the Gibson family. Ms. Eugen on the other hand, has a prominent status as the CEO of Star Entertainment. Ms. Sofia, do you feel pressured?"

"Murray likes me, and it has nothing to do with family background. How can love be so impure?" Ryleigh pursed her lips hiding the jealousy in her heart.

Her family background was ordinary, so what? As long as she married Murray and became the hostess of the Gibson family, she would be the richest woman in the world, and Melissa wouldn't be qualified to be her enemy

The reporters kept gossiping. By the way, Ms. Sofia, I heard that you have cancer. With your physical condition, how long can you stay by Mr. Gibson's side?"

"Now that medicine is so advanced, I believe that I will recover. As for being by Murray's side, of course, I will be there for him for a lifetime. Ryleigh said with a happy smile.

Now, she pretended to be in the advanced stage of stomach cancer and successfully made Murray hate Melissa. As long as she put in more effort, when he completely broke off with her she could stop pretending to be sick.

In any case, with the current medical development it was not surprising that her stomach cancer could be cured

The final winner would be her!

In the car, Murray and Marc sat in the back seat

"Grandpa, we'll arrive at the old house soon. Murray turned his head to look at Marc, who was in good spirits, and felt happy.

When he was ill in the past few days. Murray could not sleep well every night worried that Marc would leave him.

Now that the old man had finally recovered, he was finally relieved

"Finally back" Marc looked at the familiar scenery outside the window and sighed

"Thanks to Meli this time without her, I'm afraid I wouldn't be able to return."

"Grandpa, what are you talking about? You are a lucky star" Murray hurriedly said.

"By the way, what are you and Meli doing?" Marc thought about what had happened in the ward just now and could not help but ask, "Were you deliberately acting in front of the reporters?"

Marc could tell at a glance that Murray and Melissa had pretended a fight in front of everyone.

They had their reasons for doing so.

If he guessed correctly, it should be related to Ryleigh.

"Grandpa, I really can't hide anything from you." Murray nodded.

Marc stroked his beard and laughed. "Well, elders have experienced more. I know more tricks

than you do."

After a pause, he warned, "I will not interfere too much with your things. However, there is one thing you must remember. No matter what you do, don't let Meli suffer."

"Grandpa, I know." Murray agreed.

Soon, the driver stopped the car at the entrance of the old house and said respectfully. "Mr. Marc Mr. Gibson we've arrived."

Jose had already brought all the servants to stand at the entrance to welcome Marc back.

"Mr. Marc, you are finally discharged from the hospital." When Jose saw the old man, he couldn't help but smile. He went forward to support him.

Marc patted him on the shoulder. Jose, thank you for everything you did when I was sick."

"This is what I should do. Back then, if you hadn't taken me in, I would have. Jose answered immediately

"Alright, don't bring up the old story." Marc frowned slightly and interrupted him. He turned to look at Murray. Murray, your company is busy. You can go!"

"I will stay with you for a while," Murray said with a deep tone. Ever since Marc had fallen ill, he had always regretted that he didn't take enough care of his grandfather due to busy work. Luckily, the old man was fine. Murray was determined to spend more time with him. Seeing that his grandson was so concerned about him, Marc was in a good mood. He held Murray's hand and smiled. In the Gibson place. "Sarah, look, I think Murray had broken up with that witch Melissa." Claire took out her phone and checked the news. It showed that she had a fight with Ryleigh when Murray went to the hospital to pick up Marc. And she was chased away by Murray. "Really? Doesn't Murray like this bitch a lot? Why did they suddenly break up?" Sarah was stunned for a moment. "It's true!" Claire handed the phone to Sarah excitedly, "Sarah, look, Grandpa was discharged today. Murray even chased her away."

Sarah's eyes fell on the screen. The first photo she saw was that Melissa was chased away by the bodyguards "So it was because of Ryleigh." Sarah narrowed her eyes. She liked neither of them. The ideal daughter-in-law in Sarah's mind was a well-bred young lady like Adela, who was well-educated and born into a prominent family. "Sarah, since Murray and Melissa broke up, will he let us out?" At the thought of Murray, Claire's heart felt pain. She loved Murray so much, but he refused to even give her a look. Murray had been so indifferent to her. If not for this, how could she possibly take the risk to poison Marc to frame Melissa? Unfortunately, she failed in the end. Claire was set up by Melissa and locked up by Murray "Murray grounded us because of his grandfather," Sarah shook her head reluctantly.

“How about we go and beg Grandpa? Anyway, Grandpa is fine now. Maybe he will let Murray release us.” Claire pursed her lips and suggested Chapter 330 The Secrets Over the past few days, Claire wasn’t even allowed to go to the gates. She was bored to death and she didn’t want to be locked up like this for the rest of her life. “Beg him?” Sarah sneered. “Even if we kneel on the ground and beg him, he won’t let us out.” “Then what should we do?” Claire was a little desperate. She thought that Murray would only lock them up for a few days due to fury. No matter what, they were his family and he would release them when he calmed down. After all, Sarah was his biological mother. However, Murray had no intention of letting them out. Claire could not see any hope. “I have an idea.” Sarah’s face turned cold. “Sarah, do you have any good ideas?” Claire’s eyes brightened. “Let me think about it,” Sarah said as she patted her shoulder “Sarah, ask Murray to let us out as soon as possible,” Claire said, “If this goes on, I will go crazy.” “Claire, don’t worry. We will be able to get out soon.” Sarah’s eyes flashed with determination,

“Grandpa, I still have some work at the company. I’ll excuse myself,” Murray stood up after having dinner with Marc. The old man nodded and said, “Murray, don’t work too hard. Take care of yourself.” “Okay.” He nodded back and walked out of the Gibson’s place. Marc smiled as he watched Murray’s car drive away. He was very pleased that his workaholic grandson would often spend time with him. “Mr. Marc, please rest early.” Jose helped Marc back to his room. His phone rang the moment he entered the room. Marc frowned when he saw it was a call from Sarah. For her selfish interests, Sarah poisoned him with Claire. Their mistake disappointed him. Marc hung up the phone, but it soon rang again. After some hesitation, he picked up the phone. “Father, it’s me.” Sarah said, “I heard that you were discharged from the hospital today.” “It’s none of your business, Marc said unfriendly

“Father, what are you talking about? I care about you all the time,” Sarah said, “Claire and I wanted to pick you Chapter 338 The Secrets up from the hospital, but Murray won’t let us.” “Then you should know why Murray won’t let you go out.” Marc snorted. “I’m so disappointed that you did such a thing!” “Father, we didn’t want to hurt you!” Sarah’s tone carried a bit of grievance, “Claire and I were forced by Jim. It was him who bore a grudge against you. He was angry that you chased him away and wanted to take revenge on you Jim threatened me and Claire and even pointed a knife at us. If we didn’t follow his orders, he would kill us. What else could we do? Marc laughed sarcastically. He didn’t believe a single word of what Sarah said. What I said is true. The poison that Claire used was also given to her by Jim. I regret what I did now. No matter what, father, I apologize to you. We know we were wrong. Please ask Murray to let us out!” Sarah finally went to her point. “I’m old. I won’t interfere in his decision.” Marc’s voice was as cold as ice.

“Really? Father, you should know that Murray has always been brooding over his father’s death, right?” Sarah said with a cold glint in her eyes, “All these years, he has never given up searching for the reason why his father fell into the sea.” “That’s good. I

hope that he can find out the truth. His father can't die in vain." When he thought of how his son had been buried in the sea, Marc's tone became deeper, 'Father, do you think so?' Sarah's voice got colder, "If Murray knows why his father went out to sea back then, and if he knows those secrets, what do you think he will do?" "What do you know?" Marc's heart skipped a beat when he heard this. "I know everything. The night before Kean set out to sea, I heard what you said to him in the home office" Sarah said proudly, "Father, have you forgotten what you said? "It doesn't matter. If you forget, I can repeat your words. If I tell Murray that his respected grandfather was the reason why his father died, what do you think will happen?"

'Well, I have been widowed for so many years because of you Do you think I don't know about the secrets of the Gibson family? I know why you adopted Jim." Sarah's words brought the past events to his mind, What do you want me to do?" The old man asked, his hand trembling "Father, I don't want anything." Sarah noticed Marc's nervousness from his words. "Claire and I don't want to be locked up anymore. Tell Murray to let us out. As you know, people locked up for a long time can easily lose their temper and say something they are not supposed to. If I accidentally leak some secrets to Murray, it won't be good." "Are you threatening me?" Marc replied coldly. "Father, why do you have to make it sound so bad? Murray is my son. I don't want him to know about these dark secrets,' Sarah said with a smug smile, "Father, think about it. But don't wait for too long. I don't have much patience." "Alright, I promise you that I will let Murray release you. I can also forget you once poisoned me, Marc thought for a moment and added, "But, if you say something wrong or have any ill intentions, you understand my methods "Don't worry. As long as you ask Murray to release us and let bygones be bygones, I won't say anything.

Then Sarah hung up \*Sarah, did Grandpa agree?" Claire could not wait to ask, waiting aside. "Your grandpa has promised to let Murray release us," said Sarah confidently That's great! Her eyes flashed with excitement. She could finally go out again "By the way, Sarah, is there anything that Murray doesn't know about his father's death? Claire blinked and asked She had heard the conversation between Sarah and Marc Although she did not hear it very clearly, she could tell that Sarah got some good news from him Moreover, it was related to Kean's death Te been years You don't need to know Clatte was a little disappointed, but then she nodded obediently Sarah, can we go out soon! Yes 'Sarah gave her a definite answer Ciste sees alged Melissa was the reason for her miserable lite When she went out, she would not let her off

At the Gibson Group Melissa was focusing on her work when she suddenly received a call from Anthony She stood up and walked to an empty place to pick up the phone. "Anthony, is there something you need me for?" "Ada, I have good news for you." Anthony lowered his voice. "Did you find something about Ryleigh?" Melissa's expression got sullen. "It's about the BPL Group. I believe you are also interested in it." Anthony smiled. "Alright, stop beating around the bush. Just tell me what it is!" She pursed her lips. "Didn't the BPL Group use despicable means to win the bid for North Bay Project?" Anthony sounded sarcastic. "The government's plan has been officially announced. Sebastian is secretly selling the land of North Bay." "It is indeed good news," Melissa said with a smile. "Thank you!" "Ada, it's my pleasure. I'd be willing to do you any favor." Anthony smiled. After hanging up, Melissa went straight to Murray's office. The door of his office was ajar. Alex was discussing something with Murray when she knocked. When Alex heard it. He hurriedly said respectfully, "Ms. Eugen."

"Come in," Murray said clearly, curling his lips into a smile. "Mr. Gibson, I'll excuse myself now," Alex said wisely as Melissa walked in. Murray nodded slightly and replied indifferently, "Alright." The man quickly walked out of the office and closed the door, He didn't want to stay here as the third wheel and be disliked by his boss. Although to outsiders, Murray and Melissa seemed to have broken up. Alex knew that they were just acting. They were in a good relationship! Melissa had just walked over to Murray's seat when he suddenly stretched out his hand and wrapped it around Melissa's slender waist, pulling her to his side. Melissa directly sat on his leg. "What are you doing?" Their posture was so intimate that Melissa's face turned red. Murray lowered his head and whispered in Melissa's ear, "Did you come to me because you miss me?" What? "I have something important to discuss with you." Melissa glared at him, struggling to stand up

"What's up?" Murray's face sank. "I received news that Sebastian is secretly selling the land of North Bay" Melissa cleared her throat and said, "We can buy this land and lower the buying price to the minimum." Murray raised his eyebrows and said indifferently. "Seems like our hearts are connected." Melissa felt subtle excitement. "You mean..." Murray held Melissa's hand and pecked it with his lips, "Just now, Alex and I were talking about the land. I've asked him to buy it." if he wanted to purchase the land, he could not do it in the name of the Gibson Corporation. Sebastian would never sell it to the them, Murray asked Alex to find an unrelated company for the purchase. "We're indeed alike each other." Melissa smiled. Her smile was so charming that he wanted to kiss her. Murray did what he thought. He suddenly lowered his head and kissed her seductive red lips. Melissa did not reject him this time.

She let out a soft moan and wrapped her arms around his neck, cooperating with his movements. Encouraged, Murray prolonged the gentle kiss. The atmosphere in his office was unusually ambiguous at this moment. Murray's phone suddenly rang. Melissa gently pushed him away "Your phone is ringing. Answer it' The man cursed in his heart. Who was calling him at this time? He took out his phone and checked the number

the phone call was from the Gibson's house Murray's heart skipped a beat. Marc called him at an unusual time. Did something happen?

#### **Chapter 340 Look Forward to Tonight**

"Grandpa, are you looking for me?" Murray answered hurriedly. "Murray, did I disturb you?" Marc's deep voice sounded through the phone. "No, Grandpa. What can I do for you?" He asked with concern. "Oh, it's nothing." The old man said, "I want to ask you, how do you plan to deal with your mother and Claire?" "Grandpa, they hurt you. I won't let it go easily. Don't worry, they won't have the chance to torment you again." Murray's handsome face turned cold at the thought of what Sarah and Claire had done. "Are you planning to lock them up for the rest of their lives?" He frowned. "What else can I do?" Murray curled his lips, not quite understanding what was going on with Marc. "No matter what happens, she is your mother. Let them out in a few days," Marc narrowed his eyes, his tone emotionless. When Murray heard this, he couldn't help but be startled. "Did I hear it wrong?" He thought.

"Grandpa asked me to release Mother and Claire. Did he forget how these two poisoned him?" "Grandpa, why?" Murray's eyes were deep and dark, and his tone was a cold and puzzled. Marc sighed lightly. "I'm getting old. I want our family to be together and live a peaceful life. Since your mother and Claire both know that they have done wrong, you should give them a chance to repent." Murray was silent for a few seconds before he said, "Alright, I understand." "That's it then." Marc hung up the phone with an ugly expression on his face. He did not know if what he did was right or wrong. However, no matter what he did not want Murray to know about the past of the Gibson family. After hanging up the phone, Murray still could not understand why his grandfather had suddenly asked him to release his mother and Claire. Marc had always been decisive when doing things, and he would never be soft-hearted. Why was he acting so abnormal this time? Seeing that her fiancée was silent after answering the call, Melissa asked, "What's wrong?" "Grandpa asked me to release my mother and Claire." Murray answered coldly.

"Why?" Melissa was also puzzled. Murray shook his head helplessly. "I don't know why Grandpa suddenly changed his mind. He said to give my mother and Claire a chance to repent." Repent? The corners of Melissa's mouth twitched. The faces of Sarah and Claire immediately appeared in her mind. If they still had a conscience and knew how to repent, they would not have done such a disgraceful thing as to poison Marc. Did he

think that they would change? “Do you believe that they will change?” Melissa’s lips curled into a cynical smile as she asked. “It doesn’t matter whether I believe it or not. Since Grandpa has spoken, I can’t go against his wishes.” “Aren’t you afraid that they will try something again?” Melissa’s heart tightened. “I won’t give them another chance. I’ll get someone to keep an eye on them,” Murray said deeply. Melissa nodded as if she was deep in thought. She still didn’t understand why Marc had suddenly asked Murray to release them.

This wasn’t like him at all. Could it be that the older one was, the softer one’s heart became? But since Murray had already said so, Melissa couldn’t say anything more. After all, this was their family matter. In the Yale Corporation building. Adela was dressed up. She took the elevator to the top floor and went straight to the president’s office. The woman knocked on the door and heard Declan’s cold voice. “Come in..” She pushed open the door and entered. “Adela? Why are you here?” Declan asked, She turned around in front of Declan. “Declan, how do I look today?” “Very beautiful.” A doting look flashed across Declan’s eyes. Adela proudly raised her chin, Today was the 50th anniversary of the Yale Corporation, and there would be a grand banquet tonight

As the eldest daughter of the Yale family, she had to dress up and attend. Adela would be the most dazzling woman in the entire banquet. Moreover, she had more important things to do tonight, alter all it was the night she would get Murray! Chantera La Corward to Telak Adela was specially dressed in a V-necked short dress She looked charming and pure. Murray would like it Tonight’s plan would not fail! When she thought of this, she happily walked forward and hugged Declan by the neck. “Declan, he will come to the banquet tonight, right?” The man lowered his head to look at his younger sister, who had a face full of infatuation, and helplessly replied, “Yesterday, he said he was coming to participate.” “Then he won’t change his mind, right?” Adela said with a hint of nervousness in her voice. If he changed his mind at the last minute and did not come to the banquet tonight, then her efforts would be in vain. “I don’t know,” Declan said with a slight frown, “But I don’t think so.” “Declan, give him a call and remind him.” She pulled his arm and kept acting like a spoiled child,

“Adela, haven’t you given up on Murray?” The lines on Declan’s face tightened a little. “You also saw that on the Internet recently. Murray has a fiancée and a childhood sweetheart. He is constantly entangled between the two. Adela, there are many good men in the world. I will introduce you to a few better ones.” “Declan, I only like him. You should know. Besides, I just want to see him, and I won’t do anything. Declan, you will call him, right?” Adela looked a little unhappy. Declan shook his head. He took out his phone, dialed his number, and pressed the speaker. “Mr. Yale, what can I do for you?” Murray’s magnetic voice came from the other side of the line. Under Adela’s eager and expectant eyes, Declan cleared his throat and said, “It’s nothing serious. I just want to remind you not to forget to attend the Yale Corporation’s banquet tonight.” \*Alright, I will be there on time.” Murray was somewhat surprised. Did Declan call him just to remind him to attend? Didn’t he have anything better to do? After getting Murray’s confirmation, Declan said “thank you” and hung up the phone. ‘Adela, are you relieved now?” He raised his eyebrows.
