Chapter 451 I Promise Everything Will Be Fine

Melissa said thoughtfully, "The design has already been completed and has been revised a few times. There are basically no flaws. However, I came back this time to see if there are any good materials and other blueprints in the studio for me to find something good about the details. As for the clothes, I can make them in the next few days, but I might have to disturb you more."

Melissa giggled, and she was so polite. Only when facing these friends and Murray could she completely relax

"It's our pleasure! What's more, you and Nina own the studio. You are the boss."

"That's right! Loe, it's our pleasure! We even wished that you would come over every day. You'd better not return to America and continue to work with us."

Everyone comforted Melissa in unison.

They couldn't help teasing each other. Seeing this scene, Melissa laughed from the bottom of her heart.

Only true friends would always be good to her.

"By the way, Camil." The pen on the table was put down with a snap. Melissa turned around and said to the girl, "When I finish making the clothes, remember to help me take them to the competition. I will tell you the time tomorrow. Otherwise, I am afraid you will forget it."

Camil smiled and snapped her fingers as she said, "Rest assured! Leave it to me. I used to bring clothes to participate in various competitions. I won't forget this."

Melissa nodded. She smiled and said to her colleagues, "Alright! Go back to work. I have to go back soon."

Half an hour later, Melissa specially told Camil that she wanted to go back Unexpectedly, just as Melissa walked out of the office, she inadvertently saw a familiar figure by the door.

It was Anaya

Melissa thought, "Why did she appear here?"

Melissa frowned, but the moment the woman looked over, Melissa calmed down. Anaya deliberately waited here until Melissa came out. It was not until Melissa came out that Anaya pretended to be calm, and her eyes were full of surprise.

Melissa thought, her acting is good enough to get an award.

"What a coincidence! We met again." When Anaya saw Melissa, she naturally came over to greet Melissa.

Melissa also smiled. This was not the first time she had performed like this. Of course, she could do it easily.

Melissa asked, "What a coincidence! Why are you here?"

"Oh, I felt bored staying alone, so I quit my previous job. I was not happy anyway, so I wanted to go abroad. I heard that the clothes designed by this studio were very good, so I came here. I want the designers here to design a dress for me. The clothes are beautiful. Who doesn't want those beautiful clothes?"

"By the way, what are you doing here?" Anaya tilted her head and asked curiously.

Melissa let out a soft breath. She did not know what Anaya wanted to do. However, Melissa could not alert Anaya and let Anaya know she had known Anaya's identity.

Melissa replied, "Oh, I'm here to look for a friend of mine. She's an intern here. I'm also here to visit. I have nothing better to do, so I came to see her."

Chapter 151 | Promises Everything Will Be Fine

"I see." Anaya nodded thoughtfully, but she quickly regained her spirit and smiled at Melissa. She said, "Coincidentally, we've met a few times. Why don't we have lunch together later? My treat."

If one was naturally enthusiastic, then this was understandable, but the enthusiasm for a friend who was not very

familiar was not very normal.

In particular, this person was Anaya. It was even more strange

After thinking for a while, Melissa wanted to know what Anaya wanted.

"No, thanks." Melissa shook her head and acknowledged politely, "I just dropped by to see my friends. I have something else to do, I'm in a hurry. How about we make an appointment next time?"

"Okay." Anaya nodded regretfully. When she saw Melissa turn around and leave, a smile appeared on her face. Then she walked into Loe Studio.

Melissa did not go far either. When she heard that there was no sound behind her, she slowly turned around and happened to see Anaya walk into the studio. She took out her phone and walked a little further away, sending a message to Camil.

"If someone is looking for you to customize a gown, you must help me keep an eye on her. I know that person very well, but you can't alert her, understand?"

The phone tinkled twice. Camil picked it up and saw Melissa's text message. At that moment, Anaya said to Camil, "I want to order a haute couture dress. Can you give me some advice?!"

"Sure!" Camil quickly replied to Melissa.

Camil looked up and saw Anaya's smiling face. She immediately had an idea. She stood up and walked around as she said politely, "Hello, Miss, I am the person in charge of this studio. If there is anything I can help you with, just tell me."

"Hello, I am Lillian." Anaya politely shook hands with Camil as she added, "I want an haute couture dress. It's better not to be too sexy because it's a more orthodox banquet. I want a red one. It's better to have some unique little designs. I wonder if you can order me such a dress!"

"Yes, but since it's handmade, the working period will be a little longer. Moreover, you have to pay a deposit of fifty percent first. If you are OK with it, I can accept this order."

Camil nodded. It seemed she was a little hesitant.

Anaya immediately said, "Okay, no problem. I heard that your studio designed a lot of beautiful dresses, so I came here to take a look."

"If you agree, then it's a deal." Camil smiled and nodded.

Anaya said, "Alright."

After coming out of Loe studio, Anaya looked around and walked out of the building with satisfaction she had just hung up the phone with Susan. Twenty minutes later, the two of them met in a cafe downstairs from Susan's studio.

"Ms. Knowles, do you have any progress?" Susan asked.

“Yes.” Anaya smiled confidently, she added, “I went to Lo studio today and also saw Melissa. However, I told her that I was there to customize a gown. As for the designer who took my order, she is the current head of the studio Melissa trusts her very much.”

Anaya told Susan what had happened. Then she smiled and added, “Don’t worry, I will find a way to get Melissa’s design draft for the competition from her. I promise everything will be fine.”

Chapter 452 Don’t Let Me Down

“Assistant?” Susan repeated softly, her lips curling up slightly, her eyes filled with satisfaction. “Since you’re so confident, I will wait for your good news. Don’t let me down, Ms. Knowles.”

“Of course.”

Anaya revealed a confident smile. They looked at each other and tacitly stopped this topic. They picked up their coffee cups and took a small sip. Some dirty things could only be done in the dark.

Since the disturbance on the day when Harley was discharged from the hospital, Nina had enjoyed a peaceful life. Even some of Harley’s fans followed her social account. But there were always two different voices in the comments. In the beginning, Nina was still very upset, but slowly, she learned to ignore them and keep them from annoying her.

Now, her daily life was all about taking care of her health and building a good relationship with

Harley. Nina had thought it through. Since she had said that she would marry Harley, they couldn’t only maintain the current relationship. If this continued, sooner or later, there would be problems.

After a two-

week rest at home, Harley finally gradually became better and more energetic. Although he was still not good enough to complete a large number of major scenes, he had rehearsed some soft parts countless times at home. When some parts were related to the female lead, Nina would take the role.

Harley had been brewing a plan all this time.

“Nina, I’ve run out of pills. Can you get me some in the pharmacy?” He had to take some pills to stabilize his internal organs after being discharged from the hospital.

“Alright, I’ll go now.” Nina didn’t doubt anything.

It was four in the afternoon, and the staff of the pharmacy got off work at five.

Harley ran into the cloakroom in high spirits when he was sure that Nina had left and wouldn’t suddenly come back. Then he started to decorate with the things he had prepared.

After half an hour, when Harley was setting up the wall, he called Nina again. “Nina, can you get me two boxes of mango pudding and some dessert in the cake shop when you come back? I want sweets.”

“Okay. But now I am taking pills in the pharmacy. The cake shop is in the west of the city. Maybe I will go back at seven o’clock in the evening. Is it okay?”

“Yes, yes, take your time. I’m not in a hurry!” When Harley heard this, he was even more delighted and repeatedly said yes. What he wanted was Nina could come back later, and the later, the better.

Nina took the phone down and frowned as she looked at the screen. She thought, why is Harley so strange today? Forget it, I’ll get the pills and buy the dessert first.

By the time she returned home, it was already eight o’clock in the evening, Reid managed to persuade Carlee to stay in their hometown so that Nina and Harley could have space to develop feelings for each other.

“I’m back,” Nina opened the door and said. She turned around and saw that the room was dark. She subconsciously turned her head left, only to find that there were two candles on the table. Beside the candles were two glasses of red wine and at the corner of the table a bunch of gardenias in a glass vase.

Harley was busy in the kitchen when he heard the sound. He quickly turned out the fire and put the fried steak on the table. He said to Nina, “Nina, you’re back. Wash your hands and have dinner.”

Nina was a little confused. She subconsciously slowed down. When she saw the flowers and candles on the table, she

was surprised. She raised her head and asked, “What ... are you doing? Is it a special day today?”

Harley smiled and pulled a chair for her. After Nina sat down, he went around and sat down on the other side. He said to Nina, "You have been taking care of me since I was discharged from the hospital. You did the same even when I was in the hospital. You are too tired. Moreover, you're pregnant. So I wanted to cook dinner for you today. Try the steak and see how it is!"

As he spoke, he passed the plate of steak that he had just cut to Nina and took the untouched one from her.

Nina felt a warmth in her heart. She knew that Harley was a very careful man, and she seemed to have some feelings for him,

"Yummy. You must have worked hard to make so many things, right?" Nina took a bite of the steak and chewed it carefully. There was a surprise in her eyes. She nodded to show that she liked very much the food Harley made. Of course, there were also chips, ham, and two bowls of cream mushroom soup on the table.

Harley shook his head. "I don't feel hard at all as long as I'm cooking for you. Nina, I know that you have suffered a lot during this period of time... But don't worry, as long as I am beside you, I won't let you suffer."

"You..." Nina hesitated for a moment. She put down her fork and faced Harley. She was just about to say something when she saw Harley stand up and smile at her. "Nina, wait for me for a moment. I'll be back soon!"

Nina looked at him in confusion as he ran into the study. Unexpectedly, a few minutes later, Harley came out with a large bunch of red roses. In the middle of the roses was a ring box.

Nina was stunned. She didn't know why, but her heart suddenly drummed. It sounded like a real drum to her.

With the flowers in his arms, Harley solemnly walked in front of her. He knelt on one knee and opened the ring box with one hand. He faced Nina and said to her with a faint smile.

"Nina, I know that you may not be able to completely accept me for a while. But I really want to take care of you for a lifetime. I hope you can marry me. I can wait for you to fall for me. Can you give me a chance to take good care of you and the baby?"

"Would you marry me?"

Perhaps because there was candlelight, Harley's eyes were shining, and his expression was extremely serious.

Nina stood where she was. Her gaze fell on the large bunch of red roses and the ring box in the middle. Finally, she raised her eyes slightly and fixed them on Harley's face. She knew that he really loved her.

She made up her mind to marry him!

As soon as this thought came to her mind, Nina nodded and replied with a serious smile, "Alright, I'll marry you."

Hearing this, Harley was immediately overjoyed. He wasn't sure that she would say yes today. So it was a surprise for him.

He couldn't wait to take out the ring and put it on Nina's ring finger, as happy as a silly boy. He gave her the roses, opened his arms, and took two steps forward. He wanted to hug Nina, but he was suddenly stunned when he walked up to her. Obviously, he didn't know how he could hug her. Nina couldn't help but laugh. She put the roses aside and gave him a hug.

Chapter 453 Trending Topics

Since Nina had agreed to marry Harley, Harley did not want to let her go. So he asked his agent to announce the news of the successful proposal on Twitter and even mentioned Nina's account the next day.

Nina acquiesced to this.

However, as soon as this news was announced, it quickly became the first trending topic in just three hours and attracted a lot of attention.

For a moment, Harley's and Nina's Twitter were full of comments from fans. Despite the fact that some of them showed disagreement and dislike for Nina, most of them were about congratulations. After all, everyone knew that Harley liked Nina.

Even the TV media began to wantonly report the news of their wedding. After all, as a well-

known star, Harley would definitely occupy the front page of the entertainment industry when it came to such a big thing.

Tom returned to the remote area to be a teacher. However, the newly built classroom enjoyed much better conditions than the old ones did. But everyone could see that Tom did not like to talk or laugh as he did before and often stayed – alone. No one knew what he was thinking,

In the teachers' dormitory, on the TV was a piece of news. The host was talking about entertainment news. Harley's and Nina's faces appeared on the screen. It was their wedding news.

Tom was staring at the TV without moving. Looking at Nina's photo on the screen, he suddenly felt extremely sour.

He still couldn't marry the woman he liked.

The more Tom watched the news on TV, the more upset he became. He simply picked up a can of beer next to him and took a big gulp of it. After leaving Nina, he liked to drink. Only alcohol could numb him so that he could not remember anything and would not be sad.

"Tom." A female voice came from outside the door. She was Luna Blower, also a volunteer teacher here, Tom's colleague.

Luna knocked on the door a few times and found that the door was not closed. There was a faint sound coming from inside. She felt a little confused. She gently pushed the door open and saw

Tom sitting on the bed, drinking his beer. The news of Harley and Nina was still on the TV.

"Tom, what happened to you?" Luna was a little worried when she saw Tom like this. She walked to Tom and tried to put her hand on his shoulder.

But when she saw the news on TV, she understood everything. She instinctively lowered her eyes to hide the sudden

sadness in her eyes.

Luna came here after Tom. After she met Tom, she liked this man who was a few years older than her. At first, she was just relying on him, but gradually, she developed feelings for him. But at that time, all her colleagues knew that Tom had a girlfriend in the urban. So she only hid her feelings in her heart.

But after Tom came back, Luna heard that he broke up with his girlfriend.

Luna felt uncomfortable to see Tom being like this. He was now different from his loner self, who was polite and gentle to her

She pursed her lips and sat down next to Tom. She patted him on the back and said, "Tom, don't be sad. I... I think she must be thinking about you too. Maybe she is also very sad..."

Luna tried to say something, but the more she said, the more incoherent she became. She did not know whether Tom was

still sober or not. His ears were red. He shook his head and laughed at himself, "Forget it... Anyway, I was the one who gave up on her. Now, it's good that she has a good home. But... but..."

He slowly tightened his grip on the corner of the table. "Luna is uncomfortable..."

Tom was a tall man. But now his voice sounded like he was crying. Even his eyes were red. Perhaps it was because he was too drunk, or too sad.

The voice on the IV continued. Tom was probably too emotional. He threw the beer can on the ground. However, after a while, he suddenly frowned and growled. His right leg, which had already recovered, was now red. It seemed that the old injury had relapsed.

When his right leg was cured, Luca had told him that it might relapse. So he was told to avoid alcohol and spicy food. Otherwise, it would relapse. But now, he made an exception

Luna was surprised to see Tom in pain, but she was more worried. She quickly bent down and asked, "Tom, Tom, what's wrong?"

When she saw the red part on Tom's right leg, Luna was shocked. She wanted to call someone over, but Tom obviously needed someone to be there. The villagers had always slept early. So she simply supported Tom up and put one of his arms on her shoulder. Tom was taller than her, and most of his body was on Luna. They moved out of the teacher's dormitory.

When they finally arrived at the infirmary in this remote place, Luna's footsteps echoed in the empty corridor. She patted the door of the duty room.

**Doctor! Doctor!"

The lights in the duty room lit up. A doctor who looked to be in his forties opened the door in a white gown. He looked at Luna and Tom in confusion. Lu

na quickly squeezed into the room and said to the doctor, "Doctor, quickly take a look at his legs."

The doctor quickly helped Tom to sit down on the seat with Luna. He tried to press the red and swollen part of Tom's leg, Tom frowned and suppressed his shouts.

"His right leg was injured before?"

Hearing the doctor's question, Luna nodded tentatively. Her voice was a little hesitant. "Yes... His right leg was injured in the previous earthquake. It took a lot of effort to cure it. Doctor, how is his leg? Is there any way to treat it?"

The doctor pondered for a while and shook his head, "He must have suffered a relapse from his old injury. However, with the conditions here, I can't treat his leg injury. If you have time, you should take him to the hospital in the city to receive complete treatment. I can apply some ointment to him today and fix it."

Luna inter at Tom worriedly. However, he also know how limited the conditions here were she had no choice but to nod. "Ok Thank you, doctor"

Elliot clinked Mason's glass and said, "Thank you."

Upon hearing that, Katrina quickly chimed in, "President Presgrave, here's to you and Anastasia."

And so, Elliot raised his glass and drank up.

Finally, after they had greeted all the guests, it was already 12.20PM. They went back to their seats as lunch was served. The atmosphere was great, with lively music being played in the background. Since his parents are finally seated, Jared went over and sat next

ext to them. The photographer managed to take photographs of the family. After lunch, Anastasia and some of the juniors of the Presgrave Family walked out to take some pictures together since the venue had been beautifully decorated.

As soon as she stepped out of the hall, she saw a woman in front of her. "Ms. Goodwin!" she called

"Anastasia." Sophia walked toward her, feeling flustered.

"Let's take a picture together!"

"Really? Sure!" Sophia walked over and stood next to Anastasia excitedly.

ex

After the brief photo session ended, Sophia was really happy that she was invited to take a picture, and it made her like Anastasia even more.

"If you're not in a hurry to leave, you can stay on the island with Young Master Weiss for a few more days." Anastasia told her.

"Sure!" Sophia nodded.

After lunch, all of the guests had gone back to rest in their rooms as there would be another banquet and a ball at night. Anastasia immediately removed her high heels to check her toes when she reached the mansion, since she had been wearing them the whole day.

"What's wrong? Let me have a look." Elliot kneeled down to get a closer look.

He could see that her pinky toe had a visible red mark on it. His heart ached as he rubbed her feet. "You shouldn't wear high heels tonight."

"No way. I will have to wear high heels since I'm wearing a gown."

"In that case, I'll prepare some hot water for you to soak your feet in and to relieve the tension."

"It's okay. You must be tired." Anastasia knew how tired he must be, since he had been busy the whole day.

"No worries." Elliot walked out and requested a foot basin from the room attendant, thereafter filling it with hot water for her foot bath.

His actions made Anastasia shy, but it warmed her heart at the same time. Elliot's love for her

could be seen and felt from his eyes, heart and through his actions.

While Anastasia was soaking her feet, she felt sleepy and yawned.

wa

"You should take a nap after your foot bath since tonight's gonna be hectic."

"Yeah. What about you?" Anastasia stared at him. His attractive face was flushed red since he had had a lot to drink earlier on.

"I'm not tired."

"Then accompany me as I nap?"

"Alright."

After she changed into a set of comfortable pajamas, Anastasia got into bed while Elliot lay next to her until she fell asleep. She dozed off in no time. After that, he tucked her in and went downstairs to get some work done.

Chapter 554 Save My Daughter

"Mom, I'm still a little wonieć..." Nina put her right hand on her belly and said to her mother with *worried* at the had been uncasy since this morning she was not afraid of the prenatal examination, but she just felt that something would happen

She lived a good life in the Timothy residence, and she had become plumper. Though Carlee had *some* opinions about Nina, the two families had now settled the marriage. Moreover, Harley was still obsessed with Nina, so Carlee had to try to accept this daughter-in-law of hers.

Ariana thought that Nina was nervous because it was the first time she went for such an examination when she saw Nina's expression. She comforted Nina and said with a smile, "It's fine. It's no big deal but just a check-up. We'll be back in a while."

Nina nodded and suppressed the uneasiness in her heart by force.

Not far away, a girl walked toward them with a cap, but neither Nina nor Ariana noticed this.

The girl's eyes were fixed on Nina. Her eyes were full of jealousy and unwillingness. It was all because of Nina that Harley's shooting was suspended and he had a car accident!

What a bitch!

When Nina and Ariana walked over, the girl observed the distance between them. They were getting closer...

Now!

"It was you!" The girl suddenly raised her head and shouted at Nina. Under the cap, a young and tender face was revealed. She looked to be about 20 years old. Her eyes were wide open. Outsiders may think that Nina had a strong hatred for her.

"Lady, look how old you are! How can you think of robbing the cradle? Do you think you can hook up with anyone you like? Get dressed decently!"

Nina and Ariana were both shocked by the girl who suddenly spoke. Nina was stunned. She anxiously took a step back and was at a loss. After a while, she asked, "Who are you? Have we met before?"

Ariana frowned and pointed at the girl in confusion. "Hey, how can such a young girl be so mean? You have to respect others. What did my daughter do to you? Why are you insulting here?"

The girl spat on the ground, "Bali, you shameless woman. Look at yourself in the mirror! How can you have the confidence to seduce Harley? I have been wondering how you made him obsessed with you. If it weren't for you, Harley wouldn't have had a car accident and wouldn't have his shooting suspended. Do you know how unpopular he has become?"

The more the girl spoke, the angrier she became, and she even reached out to push Nina, "Go to hell, bitch!"

The more Nina listened, the paler her face became. She could not imagine that a girl could say such vicious words. The girl had mentioned Harley, so it seemed that she was his fan. Nina was pushed by the girl and took a few steps back. She sprained her ankle, fell to the ground, and hurt her abdomen.

There was a sharp pain in her abdomen. When Nina fell to the ground, her first reaction was to cover her abdomen. However, the pain was too strong, Her face turned pale, and beads of sweat appeared on her forehead. She let out a groan of pain.

“Baby, my baby...”

Ariana was also shocked by the accident. She anxiously ran over to help Nina up, but when she took a glance, she saw

blood oozing out. Ariana was astounded and called a doctor who passed by.

“Doctor! Please save my daughter! She is pregnant!”

When the doctor saw this situation, he was anxious and panicked. A doctor and a few nurses carried a stretcher over, put Nina on it, and took her to the delivery room.

The girl was dumbfounded. She did not expect that an accident would happen to Nina. Her face was pale and she was flustered. She subconsciously wanted to run, but she was stopped by Ariana. Ariana gritted her teeth and said, “Do you have any manners, little girl?”

My daughter has been pregnant for more than five months. If anything happens to her, I will call the police! You are a murderer!”

When the girl heard this, she was

so scared that she was about to cry. Her eyes turned red. The commotion was quite big.

Soon, the security guards of the hospital heard the news and rushed over. They took the girl away, and people in the hall of the hospital gradually calmed down.

Ariana was angry and anxious, but the top priority was to wait for Nina outside the delivery room. She was so restless on the chair in

the corridor that her heart was in her throat. She was worried about the baby and Nina.

Ariana was overwhelmed by anxiety. When she thought of Harley, she called him. “Hello, Harley, are you available now? Come to the hospital now. Nina was insulted by a girl just now. That girl even pushed her. I don’t know if Nina’s baby can be saved. Hurry up and come over...”

Harley had just returned to work, and he did not expect to receive such a call. When he heard that something had happened to Nina, he immediately became anxious and could not care about

anything else. He just said a few words to the director and rushed to the hospital. When he saw Ariana outside the delivery room, he ran over.

“Ariana, how is Nina now?”

“Harley, Harley...” Ariana was so nervous that her hands were shaking. When she saw Harley coming, she stood up.

TE

There were tears in her eyes, and she looked nervously at the closed operating room.

WO

“You are finally here. Nina has been in the operating room for more than two hours. I, I don’t know how she is now. The doctor has never come out. Do you think the baby...”

The more Ariana spoke, the more incoherent she became. Although Harley was anxious, he had to first appease Ariana. When Ariana calmed down, Harley asked, “Ariana, what’s going on? Weren’t you fine when you came to the hospital with Nina? I even asked her.”

Ariana took a deep breath and calmed herself down. Only then did she explain the ins and outs of the situation to Harley. Harley couldn’t help frowning and exhaled deeply. He felt a little depressed. He didn’t expect his fan to act like this.

Harley clenched his fists and said after a long time, “Ariana, don’t worry. Leave this matter to me. Let’s wait for the doctor to come out and ask about Nina.”

Ariana nodded. The two sat outside the operating room and waited. After about ten minutes, the doctor came out.

Ariana hurriedly went up to him and asked worriedly, “Doctor, how is my daughter? Is she alright?”
