Chapter 495

Chapter 495 You Know Nothing About Actresses

"Who would do that? A bouquet a day?"

"Beats me. And the sender never left a name." As Vivian spoke, she took out a few pretty ones from the bouquet and placed them in a vase.

She looked down and saw the card tucked in the bouquet. She took it out and placed it on a nearby bookshelf, where there were many gifts from her fans. She hadn't gotten time to take them home.

When Melissa came to Star Entertainment, she saw Vivian holding roses in her hand.

"Vivian, who gave you the roses?" Melissa asked with a smile.

"I don't know either." When Vivian saw Melissa, she was stunned and put down the flowers in her hand.

The agent joked, "Maybe the person you love wants to pursue you."

Vivian's hand that was holding the flower petals paused. She seemed to have thought of something, and the corners of her mouth curled into a bitter smile.

But the smile vanished when she turned around. She took out the script in her purse and sat on the side, starting to memorize her lines.

"It must be a gift from a film fan. And didn't you say that I shouldn't date anyone as a public figure?"

"Girl, dating will..."

"Drive my fans away." Before the agent could finish her sentence, Vivian had already skillfully continued her sentence for her.

The agent smiled and said, "By the way, you got the part for the shampoo commercial."

Upon seeing the company's information, Vivian was stunned for a moment. "Diamond Corporation? They always invite the big stars. Why me?"

"Fan base is the most important when hiring a spokesperson, and you happen to be so popular. Plus, you are a big star. You'll go straight to the scene tomorrow," the agent said.

"Vivian, the commercial suits you very well. Bring out your best." Melissa patted Vivian on the shoulder and turned to walk into her office.

"Tomorrow? So soon?"

Vivian muttered and reached out to touch her hair. "Can we negotiate with them and let them photoshop the commercial? It's easy to change my hair color, right?"

"Why don't you just let them put you in the commercial? You don't have to show up at all."

"I'm about to lose my beautiful hair color. Can't you feel sorry for me?" Vivian looked at her agent pitifully, but her agent had long been immune to this.

"But I also didn't expect that this time, Diamond Corporation named you directly. Moreover, you won't just be the regional agent. You will be representing the whole company."

"What?"

Vivian was a little surprised. Diamond Corporation was a brand with a history. The product quality of this brand had been good for years, so, it had established a good reputation and could be regarded as the bellwether in this field.

The previous spokespersons were big stars who had won all kinds of awards. Being chosen made Vivian somewhat flattered.
