Mrs. Gibson Your identity is Exposed Chapter 499

Chapter 499 Sylvia?

Early in the morning, Harley had the kitchen prepare breakfast for Nina and gently left a kiss on her forehead. "I'll go to work now. Have a good rest at home."

Nina's morning sickness was better compared with a few days ago, but she was still very uncomfortable.

She slowly got up. "I'll send you downstairs."

Harley stopped Nina repeatedly. He didn't want her to be uncomfortable.

"Nina, you should rest well in bed. I will go downstairs myself. You don't have to go down."

"It's fine. I want to watch you go out." Nina chuckled, slowly got up, put on a coat, put her arm around Harley's, and sent Harley downstairs.

"Be careful on the road." Nina sent Harley to the door.

Nina pursed her lips as she watched Harley leave.

Unconsciously, she seemed to be dependent on him more and more. She didn't think of Tom as frequently as before.

Nina was somehow at a loss.

Was this love?

Nina had no idea.

Compared to the vigorous relationship she had with Tom before, things between Nina and Harley were much more prosaic.

Harley had just walked into the company when his agent immediately followed him. "Harley, I got you a part in an MV! It's for the publicity of the new song, 'Love You Again'. The production team and the director are good."

Harley took the tablet and looked at the basic information of the MV. The

"Who is the actress?" Harley raised his eyebrows and asked.

"She's new. She just came back from abroad. You might have to spend some time guiding her during the shooting," the agent said slowly.

Harley had always been an actor with a good reputation in showbiz. He did not have any resistance toward newcomers.

"She has never filmed before?" Harley asked.

"Yes. She just returned from abroad last week. She is a young and beautiful girl, and she will come here later. I'll introduce you, and it'd be best if you two could get acquainted in advance," the agent said slowly.

Harley nodded slightly. He thought that it would be just another normal job task, so, he did not think too much about it.

A few minutes later, the agent received a call from the actress. "Harley, she's here. I'll go over and pick her up."

Harley sat in the office and waited quietly, watching the plots of the MV to kill time.

"Harley has a good temper and a good reputation in the industry. You can learn a lot from working with him." Harley could clearly hear the agent at the door.

A female voice came from outside the door. She said, "OK. I'm sure I will learn a lot from him and improve my acting skills."

Harley felt that her voice was familiar, but he could not remember where he had heard it.

"Come in, please," Harley said as his agent knocked on the door.

"Harley, she is here. Meet Sylvia, the female lead of the MV this time," the agent introduced.

When he saw her, Harley was shocked. He frowned slightly and looked at the woman in front of him. "Why are you here?"

Sylvia already knew that Harley was the actor, which she arranged on purpose. But she still pretended to be surprised and said, "Harley, you are the male lead of this MV?"

Listening to their conversation, the agent realized that Sylvia and Harley might know each other.

He looked at Sylvia and Harley in confusion and said, "Harley, Sylvia, you know each other before this?"

Sylvia beat Harley to it. "Harley and I used to be neighbors. We grew up together. I didn't expect to meet him here! What a coincidence. I guess it's fate."

Harley nodded and did not say anything more.

"I see." Hearing this, the agent was relieved. "If so, I guess the shooting this time would go smoothly."

At first, the agent was worried that Harley and the actress would lack tacit understanding, and Harley wouldn't immerse himself in the shooting.

"Why are you in showbiz?" Harley was so surprised to see Sylvia that he could not help but ask.

Sylvia stared at Harley with admiration and said softly, "It's all because of you, Harley. I heard abroad that you became an excellent actor. I was very envious and I wanted to be like you."

In fact, she became an actress to get closer to Harley.

"Sylvia, showbiz isn't what you think. Being in showbiz isn't easy, especially for actresses," Harley advised kindly. It was very difficult for an actress to have a foothold.

Sylvia smiled sweetly, indicating that she was not afraid at all. "Harley, I know that. But you are so outstanding. I don't want to fall behind. I also want to shine in showbiz."

Hearing that, Harley did not know what else to say. He nodded slightly.

"The company got me the part in the MV this time. I was worried that I would come across other actors who were not to be trifled with. I'm so glad it's you. Harley, I'm sure I will learn a lot from you," Sylvia said innocently.

Harley smiled. "You don't have to worry too much. Just act based on your logic and thoughts. I will remind you when I play opposite you."

Harley still regarded Sylvia as a younger sister, kindly reminding her and helping her.

Seeing that Harley was so nice to her, Sylvia thought that he had feelings for her and immediately stood beside him intimately. "That would be great. Harley, now that I have the chance to work with you, I will make the most of it."

Sylvia was always standing next to Harley, and when she spoke, she kept staring at Harley. When the agent saw this, he sensed that something was wrong. But on second thought, Sylvia and Harley grew up together and were childhood sweethearts. The agent figured that maybe Sylvia and Harley were just close. There was nothing else going on.

To break the ice, the agent handed the scripts to Sylvia and Harley. "Harley, Sylvia, this is the script this time. Take a look. The plot is very simple. It is a song about love. The most important thing is to show the strong affection between the two people."

Harley flipped through the script seriously and had a basic understanding of the characters' psychology.
