Chapter 611 I Am Too Into the Food

Because Marvin changed the subject to the dishes and didn't talk about work anymore, Vivian had a very relaxing meal.

Marvin still did not mention anything about the movie or the part when they paid the bill.

"The food here is good. I can bring my friends over next time," Marvin said with a smile.

"Actually, there is a good restaurant across the street. It's small, but there is a lot of delicious food."

Hearing that, Vivian became interested. She even excitedly shared her experience with Marvin. Marvin didn't reject it. They discussed it really seriously.

They weren't as ginger as they were when they first met.

Standing aside and watching that, Melissa shook her head amusedly.

They finally said goodbye. Vivian got into the van but was still a little excited.

"Mr. Lynn isn't as serious as people say. I feel that he is quite easy to get along with."

Hearing Vivian's words, Melissa did not say anything. She looked at Vivian with her arms crossed.

Noticing Melissa's gaze, Vivian paused for a second. Suddenly, she slapped her thigh and suddenly remembered a much more important matter, which was the purpose of their meeting with Marvin today.

"Oh no. Melissa, I'm so screwed up." Vivian blinked and looked at Melissa.

However, Melissa looked very calm. "Why? Wasn't the food good?"

Vivian was so depressed. She looked at Melissa with a sad expression. Vivian reached out to gently pinch the corner of Melissa's clothes and shook it.

"Melissa, I'm such a fool. I was too into the food."

Vivian was so remorseful. It was such an important opportunity for her, but she lost it because of some dishes.

Vivian almost wanted to give herself a punch. She swore to herself that she would be on a diet to lose weight in the next few days.

Looking at Vivian's complicated expression, Melissa let out a sigh. She reached out and poked Vivian's forehead.

"Do you finally remember what came for? I thought that you only cared which restaurant was better."

Vivian looked up at Melissa. "Melissa, what should I do now? Can I get the part now?"

"You seemed to be quite smart. Why are you so silly now? If Mr. Lynn didn't like you and didn't want to give you the job, would he chat with you happily?"

"What?" Vivian was stunned for a moment. "I thought he chatted with me because of the food."

"Is that all you think about? The food?" Melissa looked at Vivian as if Vivian was such a fool

Vivian pouted and looked confused. She did not understand what Melissa was saying at all. "Melissa, don't keep me in suspense. What on earth is Mr. Lynn thinking?"

"You have been in the entertainment industry for so long. You should be able to read people's unspoken words. Why are you still so simple?" Melissa shook her head.

"You know why Mr. Lynn chose to meet us at the food stall, don't you?" Hearing the question, Vivian nodded

repeatedly.

"Of course. He wanted to test me. If I can't put up with having a meal at a food stall, how will I be able to endure the harsh environment when I go to shoot the film in the mountains with him?"

"That's it. Now, do you know whether Mr. Lynn wants to give you the part or not?"

During this meal, Melissa had been observing Marvin's expression. Perhaps Vivian had a lot of qualities that Marvin had always wanted. That might be why Marvin kept discussing the topic he liked with Vivian.

Marvin and Vivian got along very well. Melissa thought, if he hadn't been satisfied with Vivian, a man like Marvin would have directly and quickly ended the meal.

Besides, I'm able to help Vivian get the job anyway.

“Melissa, are you saying that Mr. Lynn will definitely give me the part?” Vivian couldn’t help but grin.

Seeing Melissa nod her head, Vivian suddenly became excited. She almost forgot that she was in a car now and almost jumped up.

“Calm down. Are you still a child?” Melissa was startled and quickly reminded Vivian. “I’m just too happy. Sorry.” Vivian touched her face, a little embarrassed.

Honestly, Vivian really liked Marvin. Marvin wasn’t as arrogant as other directors. He was very approachable. Vivian would be happy to invite Marvin to dinner again if she had the chance. “They may get in touch with you in a few days. Pay attention to your calls,” Melissa urged Vivian.

“Okay.” Vivian nodded hurriedly.

Melissa sent Vivian back to her apartment on the way. It was already very late when Melissa returned to the villa.

Melissa had already informed Murray in advance of what she would do tonight. As soon as she returned to the villa, Melissa saw Murray, who was working on the sofa. She threw her handbag to the side and weakly fell into Murray’s

arms.

“My stomach is so full.” Melissa leaned against Murray’s chest and looked up at him.

Murray put the computer aside and looked down at Melissa. He reached out to help her rub her stomach. Murray was a little surprised. After all, people usually didn’t eat a lot during business negotiations.

“What did you eat?” Murray asked.

Melissa closed her eyes leisurely in Murray’s arms. Murray slowly rubbed Melissa’s stomach with his warm palm. It made Melissa feel less uncomfortable.

“We ate at a food stall,” Melissa said lightly.

Murray did not expect to hear that answer. His movements paused for a moment.

Sensing that, Melissa opened her eyes and told Murray everything that had happened today.

Hearing that, Murray could not help but laugh, “I have heard of Marvin. He is indeed a strange man.”

It seemed that Melissa came up with something. She sat up from Murray's arms and wrapped her arms around his neck. "Murray, what will you do if I go to the mountains for a movie and don't contact you for three months?"

Hearing that, Murray furrowed his long eyebrows slightly. He glanced at Melissa and continued to rub her stomach. "That's not going to happen."

Murray sounded very resolute.

"Why?" Melissa replied in confusion. She didn't immediately understand what Murray meant.

"I will not agree," Murray said seriously. He would not let Melissa cut off contact with him for three months.

"I thought it was tiring to be the boss of the company. But now, acting seems to be a much more tiring job." Melissa supported her face. Stars seemed to live fancy lives. But people didn't know what their real lives were.

Chapter 612 Forced Apology

"What? You want to be an actress?"

Murray gently landed a kiss between Melissa's eyebrows. When Melissa heard this, she immediately cast a crafty gaze on Murray

She held Murray's jaw and sized him up from head to toe. "Compared to me being an actress, I would like to sign you into our company. You have such a handsome face that it will be a waste if you don't be an actor."

Murray was indeed handsome enough. He was even more handsome than some actors and idols in showbiz. Otherwise, girls in Aldness wouldn't want to marry him so much.

Murray did not say anything. He saw the exhaustion on Melissa's face. He reached out and gently picked her up, taking her back to the bedroom to rest.

Another romantic night passed.

In the Timothy's place.

The gossip between Sylvia and Harley was getting widespread. Nina was angry and sad. She secretly mocked herself and returned to the Paul's place.

Standing at the door, she reached out and was about to press the doorbell. Then she froze.

Nina thought, mother may be worried since I came back home in a blue mood.

She shook her head, told herself not to think too much, and pressed the doorbell.

The door was quickly opened, and as soon as she entered, Nina saw the butler at first glance.

“Ms...” The butler was a little distracted, and then he shouted into the room, “Mrs. Paul, Ms. Paul is back.”

Nina smiled bitterly. As soon as she entered, she saw her mother hurrying toward her.

“Why are you back?”

Ariana said with happiness filling her face and eyes. The next second, her face sank “What happened? Why did you lose so much weight?”

She looked very distressed. She went up to hold Nina’s hand and let Nina turn for a few rounds. “It’s only a short while after we parted last time. And you lost so much weight!”

“Mom, I’m fine.”

Nina had long guessed that Ariana would be like this, and she said in a weak voice.

“How can you be fine?” Ariana exclaimed in surprise, “You look so haggard. Tell me, are you having a bad time with the Timothy family? How did they treat you?”

Speaking of the Timothy family, Nina was agitated again. She waved her hand and said, “Don’t ask I’m fine.”

Seeing Nina like this, Ariana knew that something had happened. She sighed softly, “Good to have you back home. Really good.”

Ariana knew that Nina wouldn’t live an easy life with the Timothy family. When she found that Nina had lost so much weight, she was more distressed.

“Is the dinner ready?”

She turned to look at the butler, who had been waiting at the side. Since Nina had returned home, Ariana had to prepare Nina some delicious food.

“Don’t worry, Mrs. Paul. I’ve already instructed the servants the moment Ms. Paul returned.”

Ariana nodded in satisfaction, then held Nina's hand and began to nag Nina.

"No, Mom. I can't eat anything."

Nina knew Ariana's intentions, but now that something like this had happened, she really didn't have any appetite.

"Good girl, I know that you are in a bad mood now. But you should eat some more or less."

Ariana's tone was very gentle. Seeing that Nina's face was very pale, she felt heartbroken. "Even if you don't eat, you should eat for the child in your belly. He can't be hungry now."

Nina slowly let out a breath. Looking at the table full of delicious food, she did not have the slightest interest.

On the other side, Harley was busy with the company. When he finished his work, he came out but couldn't find Nina anywhere.

Harley's angular face was covered with a few drops of sweat. He was slightly gasping while looking around. But he couldn't find Nina everywhere.

He was a little anxious. He hurriedly took out his phone and called Nina.

But as soon as he called, the phone was hung up.

Harley looked at the darkened screen. His face was a little sad, and his heart seemed to be also hung up. He only wanted to know where Nina was.

He called Nina several times in a row. Every time the call was hung up after two seconds of ringing.

Harley had a headache. As a last resort, he had to call Ariana.

"Hello."

A cold voice came from the other side of the line. Harley swallowed. "Mrs. Paul, it's me."

When Ariana heard Harley's voice, Nina's pale and thin face appeared in her mind.

"Why did you call?"

Her tone was slightly higher. Obviously, she was unhappy.

Harley had sharp insight, and he immediately sensed something was wrong with Ariana's tone. "Mrs. Paul, is Nina with you?"

"No, no. If there's nothing else, I'll hang up."

Nina sat opposite her mother. Looking at Nina's disheartened face, Ariana just couldn't treat Harley nicely.

Hearing Ariana's tone, Harley relaxed a little. At least he knew where Nina was.

"Is Nina angry?"

Harley asked carefully. His future mother-in-law only cared about her daughter. If anything happened, she would

"You don't even know whether Nina is angry or not?"

Ariana was angry when she heard this. Nina suffered in the Timothy's house. Even Harley did not care about Nina. "If she was in a good mood, would she run back to her mother's home alone?"

Unexpectedly, Ariana was so excited that she exposed Nina's whereabouts.

"I know. I was wrong."

The volume of Harley's voice gradually became smaller, and it seemed that he was about to cry.

"Since you know that you did something wrong, why did you only call me so late? You are really a bad husband."

Ariana began to criticize Harley, and her tone became a little excited. "I didn't force you to marry my daughter anyway. Now, she's pregnant. And you made her go back to me sadly alone."

"Sorry... I was wrong."

Harley could only apologize to Ariana while arranging a private plane, and now he could only put down the work here.

Ariana received Nina's gaze, sighed slightly, and hung up the phone.

At this time, Nina had a complicated feeling in her heart. She didn't know how to face Harley for a while.

Soon, Harley took a private plane back to Pailbury City and postponed the work he had to do.

He immediately had his man park the private jet in the Paul's courtyard. A strong wind blew, and then the plane occupied the whole grassland.

When the butler saw this, he did not dare to give Harley a bad attitude like Ariana. He could only give in to open the door for Harley.

Harley heaved a sigh of relief. For a moment, he did not know how to explain it to Nina.

But when he was getting mentally prepared, he saw a pair of familiar and clear eyes.

Nina was stunned. The moment she saw Harley, her heart was still pounding.

Harley noticed her haggard face at a glance. His heart could not help but ache. He walked forward, wanting to hold Nina's slender and fair-skinned hands. But Nina dodged.

Chapter 613 Ariana Faints

Harley opened his mouth. He knew that the recent gossip was unacceptable to Nina.

"Sorry."

Harley lowered his head and said sincerely.

This was the second time he apologized today.

Nina lowered her head, her eyes still filled with exhaustion. "You don't have to apologize."

"I know that I was wrong. I shouldn't have let the reporters write nonsense and made you sad."

He knew that Nina was still angry, so he could only coax her nicely, "Mrs. Timothy, can you forgive

your husband this time?"

Nina swallowed. When she heard this, her heart was already moved.

However, her rationality told her that she could not forgive him so quickly.

Otherwise, there would always be a next time. Endless things would wait for her.

She couldn't bear so much.

She glared at Harley. "Who is Mrs. Timothy?"

"Isn't it you?" Harley wanted to hug Nina.

"Don't touch me, I feel disgusted," Nina said as she moved away.

Looking at Nina's cold and distant appearance, Harley let out a long sigh in his heart.

He tried to explain. "Nina, listen to me. There is nothing between me and Sylvia. You are the only one in my heart."

"Nothing?" When Nina thought of those photos, she felt bitter in her heart and raised her voice. "Are you going to tell me that those photos are all fake?"

"L." Harley was speechless.

Those photos were indeed not fake, but that night he was drunk, and he did not know what he had done with Sylvia.

They looked intimate in the photos, but Harley really couldn't remember anything about that night at all.

On the other side, Sylvia was really happy to see the news and gossip about her and Harley.

"Sylvia Cowan and Harley Timothy. The new actress and the award-winning actor. The film they

participated in is a great success."

"Sylvia Cowan and Harley Timothy become a real couple behind the scenes."

"Harley is about to break up with Nina. Sylvia will be the new Mrs. Timothy."

Sylvia smiled as she looked at the flow of topics.

So what if Nina was pregnant?

Harley would only be hers.

She didn't believe that Nina would be able to endure it after seeing these reports!

One day, Harley would dump Nina and be with her.

Sylvia was sure that she would be the only Mrs. Timothy.

However, on this day, Sylvia couldn't see Harley anywhere. In the blink of an eye, she saw his assistant, who had always been by Harley's side. "Where did Harley go?"

"Miss Cowan, I don't know either..." The assistant stammered, unable to say anything for a long time.

Sylvia was annoyed. "If you don't say it, I'll get the higher-ups to fire you."

The assistant felt helpless. When Harley left today, Harley told him not to tell anyone. He could only

answer, "Mr. Timothy took a leave and went back."

"Went back?" Sylvia raised her eyebrows and continued asking, "Where did he go?"

"I heard it was Pailbury City. I'm not too sure." The assistant thought about it and said.

"What? Pailbury City?" When hearing Pailbury City, Sylvia suddenly realized something. "Are you sure?"

"That's right." The assistant was very sure.

Sylvia was angry. The Paul family lived in Pailbury City.

Sylvia never expected that Harley would ask for leave to go back to find Nina. He had so many important things to do, yet he postponed them.

Nina was so important to Harley that he could go back to find her at this critical moment!

Sylvia was so angry that she almost fainted. What was so good about Nina that Harley was so fascinated with her?

Sylvia was furious. She went to her office and called several famous reporters in the industry.

"Send out the photos I sent you."

Sylvia's tone was cold, but the reporter's reluctant voice came from the other side. "The person in this photo is Mr. Timothy. No one dares to accept such kinds of missions."

“80 thousand dollars.”

“This...” The reporter was still hesitant on the other side of the line.

“160 thousand dollars!” Sylvia gritted her teeth.

Sylvia directly doubled the price, which made the reporters immediately accept the mission happily.

“After this is done, I will give you another 160 thousand dollars. You only need to do as I said.” A sinister glint flashed across Sylvia’s eyes.

She would not let Nina off easy!

She wanted to release these intimate photos. And she would be really happy if Nina was angry.

The reporters did everything very quickly, and in just a short while, the photos were posted online.

All of a sudden, all kinds of headlines appeared in people’s sight.

In the Paul’s home, Nina still refused to forgive Harley.

Suddenly, Nina’s phone rang. She turned on her phone. And the moment she clicked on the screen, she saw a notification from Twitter.

In the next second, a trending topic instantly attracted her attention.

“Shocking: Mr. Timothy is suspected to have abandoned his pregnant wife and had an extramarital affair. The intimate photo is leaking out!”

Nina’s hand trembled slightly, and in the next second, she clicked in.

Harley noticed that there was something wrong with Nina’s expression. “What’s the matter?”

Unexpectedly, Nina ignored him and her eyes never moved away from the phone screen.

Ariana realized that something was wrong and followed him to take a look. Unexpectedly, the intimate photo between Sylvia and Harley appeared.

If they had not known that Harley had a wife, they would have thought that the two people in the pictures were a couple.

Nina's face instantly turned red. She did not expect Harley to really do such a thing.

"What do you mean?"

Ariana's temper instantly flared up. She pointed at Harley with trembling hands, "My daughter is still pregnant, but you betrayed her, At this time, how dare you betray her and have an affair with another woman!"

Harley was confused, but he knew who this "another woman" was at a glance,

"You misunderstood. I didn't."

Harley was in a heavy mood and tried to explain, but unexpectedly, Ariana directly interrupted him.

"I can't believe you are such a person. You, you..."

Ariana was so angry that she couldn't speak clearly. She held her head and felt out of breath. Under a burst of rapid breathing, she closed her eyes and fainted.

"Mom!" Nina watched as Ariana fainted on the ground. She ran over in a hurry and crouched down "Mom, what happened to you? Don't scare me!"

Harley was also stunned by the scene in front of him. "What happened to Mrs. Paul?"

"It's all your fault!" Nina's heart felt like it was being cut by a knife as she roared.

"Mrs. Paul! Mrs. Paul!" A few of the servants in the house rushed forward in a flurry.

Nina quickly shouted, "Hurry up! Send my mother to the hospital!"

Chapter 614 She May Become a Vegetable

They hurried to the hospital while Ariana was pushed into the emergency room by several nurses.

"Doctor, how's my mother doing?"

Nina was very anxious and held the doctor's hand, refusing to let go.

"Madam, please let go. Time is ticking. If you keep dragging me like this, I can't save your mother's life in time."

The doctor was a bit helpless. He couldn't push Nina away after he saw her big belly. He could only

say to her nicely.

"Sorry, doctor. She's just too worried."

Harley hurriedly loosened Nina's grip and kept apologizing to the doctor.

Seeing the doctor enter the operating room and the red light go on, Nina fell silent

At the thought of Ariana fainting, Nina was heartbroken.

Nina thought, I pissed Ariana off. Otherwise, she wouldn't have fainted. It's all my fault.

Nina gawked at the red light in front of her. She opened her mouth and sat there without a word, as if she had gone blank completely.

Seeing Nina like this, Harley felt a little distressed. He walked forward and patted Nina on the shoulder. "Nina, don't be sad. The doctor is operating on Mrs. Paul right now. She will be fine."

Nina held her head and cried.

She was utterly anxious. The next second, she looked like she was in great pain. She held her

stomach and closed her eyes.

"It hurts..."

Nina held her stomach and muttered, making Harley even more nervous.

Harley walked forward, wanting to help Nina up. "Calm down. You're pregnant. You can't get too worked up."

But Nina couldn't calm down at all. She still held her stomach, motionless.

"Come on. Just go back and get some rest. I've got this. I'll tell you the moment Mrs. Paul gets out."

Harley looked at Nina, but he could do nothing but be anxious. He accidentally used too much force

and caused Nina pain.

“What the hell?”

Nina was furious and began to shout at Harley, “I am not that fragile. My mother is still inside. How can I go back? Am I a monster to you?”

After she finished speaking, she held her stomach again with an expression of pain.

“I’m... I’m just looking out for you...”

Harley was helpless. Seeing Nina struggling, he felt heartbroken. “You should head back for now. You are having a baby. You don’t want it to kick you again, do you?”

“I know my body better than you. Mind your own business!”

Nina used all her strength to push Harley away from her side. She staggered and almost fell to the

ground.

“Watch out!”

Harley went over to help Nina up again. “See? If you still refuse to listen to me, what if something happens?”

Harley made Nina upset. She grabbed his hand and bit it. It hurt so much that Harley had to let go

“Don’t come near me. Your hands that were on another woman’s body made me sick.”

She looked coldly at Harley, who was in front of her. Her eyes were cold, as if he were a stranger.

WA

Her words made Harley’s heart ache. He shook his head. “I said that I didn’t do it. What can I do to make you believe me?”

“Stop lying to me!”

Nina said nothing more. Her fair skin was covered with sweat. She held her stomach and clenched her teeth. Her face was very pale.

VE

Nina only felt an intense pain in her stomach, so painful that she was about to faint. Her vision

became more and more blurred. She reached out to grab the railing in front of her, yet in the next second, she fainted.

“Nina!”

Harley widened his eyes and hurriedly went up to hold Nina. Nina had already passed out. Harley kept calling her, but she wasn't responding at all.

“Doctor! Doctor!”

Harley was anxious and shouted for the doctor to come. Several nurses and doctors passing by heard his cry and sent Nina to the operating room nearby.

Seeing the lights of the two operating rooms lit up together, Harley felt he was suffering greatly.

He sat quietly on the bench in front of the operating rooms with his hands clasped together, praying for Nina and Ariana.

It seemed ages. Finally, the light of Nina's room dimmed.

Harley instantly stood up from the chair. The door of the operating room opened, and he saw Nina quietly lying on the bed while gawking at the ceiling. He didn't know what she was thinking.

She seemed to have calmed down.

“How is she, doctor?”

The doctor took off his surgical mask and slowly replied to Harley, “The patient is stable now. But since she is pregnant, you have to calm her down. She cannot go through another stimulation. Otherwise, it will cause bad symptoms, and her baby may suffer as well.”

Harley nodded repeatedly. “I see. Thank you, doctor.”

Nina was transferred to a ward. She was still worried about Ariana and insisted on getting out of bed and waiting at the door of Ariana's operating room.

Harley knew he could not play hardball with her. He had to give in. He supported Nina and slowly walked to the operating room.

To prevent her from catching a cold on the way, Harley especially brought her a few blankets.

On the way, Nina did not say a word. Harley didn't want to stimulate her. Therefore, he simply told her to stay put. Instead of staying with her, he just stood afar and looked at her.

He didn't know what Nina was thinking. She sat in the chair in a daze. Her face was pale, and she looked weak. She seemed like a stranger to him.

Harley somehow sensed a trace of loneliness from her back.

Why did things end up like this?

Finally, the light of the operating room dimmed.

Nina's eyes instantly lit up, and she stood up from the chair.

Harley quickly went up to support her, afraid that something would happen to her again.

Ariana was lying on the hospital bed, being pushed out by a few nurses. Her face was pale, and she didn't open her eyes.

"Doctor, how is my mother?"

Nina was supported by Harley as she walked forward. She was already nervous and worried.

The doctor looked very serious, which made Ni

"Madam, don't worry. Your mother is alive, but her condition is still critical."

The doctor's words hit Nina hard.

"What?"

She stood in situ, unable to believe what she had heard. "So, what will happen if she doesn't get better?"

"She might become a vegetable."

Nina was stunned by the doctor's words. She looked at the woman lying on the bed in disbelief. Earlier today, Ariana was still comforting Nina.

Suddenly, Nina's eyes were wet, and a tear trickled down her face.

"We did the best we could."

The doctor bowed his head and left after saying this,

“Don’t be sad. Mrs. Paul will be fine.”

Harley was also very surprised. Looking at Nina like this, he was utterly upset.

“How could this be? How could this be?”

A stream of tears ran down Nina’s sad face. She cried hard in silence.

Mrs. Gibson Your identity is Exposed Chapter 615

Chapter 615 What’s Going On?

Harley gently stroked Nina’s shoulder and comforted her, “Now, now, don’t cry. You are pregnant. The doctor just said that you shouldn’t be too emotional. Try to calm down for the sake of your baby, OK?”

Nina nodded. She tried hard not to cry, but she failed.

Ariana was pushed into the ICU, and Nina returned to her ward.

She gawked at the ceiling while thinking about what had happened in the Paul’s home today. If she had known this would happen, she should not have thrown a tantrum at Ariana at that time.

But it was too late. Ariana was already lying on the bed.

Nina didn’t know when Ariana would wake up...

Maybe Ariana would never wake up again...

Thinking of this, Nina felt almost desperate. She picked up her phone and rummaged through the address book for a long time. In the end, she called Melissa.

“Hello.”

Nina heard a familiar voice coming from the other end of the line. Nina lost control again. She trembled and cried sadly.

“Nina, what’s wrong? Why are you crying?”

ANTO

Melissa was anxious. “Did Harley bully you?”

was

Nina sniffed and said while sobbing, "No... Ariana is sick. The doctor said that she might become a vegetable."

Nina's bedding was already wet.

"How could it be?"

Melissa raised her voice. She could hardly believe it.

"It's all my fault. I shouldn't have made her worry."

Melissa stood up and looked at her watch. "Don't be upset. Wait for me. I'll be right there."

In a hurry, Melissa hung up the phone and immediately booked a flight back to Pailbury City.

Melissa hurried to the hospital and saw Nina, who was still sobbing, as soon as she entered the

ward.

Melissa was heartbroken. She walked over and patted Nina on the shoulder. She comforted Nina,

"Don't worry. Maybe the doctor made a mistake. Mrs. Paul is a lucky woman. She will be fine."

Nina nodded. After a while, she started crying again while trying to bury her face in her hands.

"If you want to cry, just cry. You'll feel better."

Melissa hugged Nina and said gently, "Don't worry. It's going to work out."

"How?"

Hearing this, Nina raised her head and looked at Melissa.

"Have you forgotten who I am?"

Melissa smiled confidently, which made Nina feel much more at ease.

How could she forget that Melissa's medical skill was excellent?

And there was still Luca!

Thinking of this, Nina felt better. She stopped crying and went to Ariana's ward with Melissa.

The ward was so quiet that only the sound of the infusion could be heard, which somehow made people feel fear of death.

"Are you sure about this?"

Nina looked at Melissa, who was the only person she could rely on.

"Trust me."

Melissa walked to Ariana's side and sat down. She pulled up Ariana's eyelid and stroked Ariana's hand. Melissa's face was serious, and she frowned.

Nina was anxious, yet she didn't dare to interrupt Melissa.

After a long while, Melissa put Ariana's arm down.

"Don't worry. I know what to do."

Seeing how confident Melissa was, Nina felt relieved gradually.

"Mrs. Paul's situation is a bit tricky, but I think we still stand a chance. I can use my special

treatment. Don't worry. Mrs. Paul will be fine."

Hearing this, Nina was finally relieved.

Then Melissa went to the nurses to borrow a few tools for her treatment. Though she didn't have a lot, the ones she had were more than enough.

Melissa first took a look at Ariana's face, and then used her thumb to press Ariana's upper lip. After

that, she rubbed Ariana's upper lip with the tools.

Seeing that Ariana was still motionless, Melissa rubbed Ariana's toes. Suddenly, one of Ariana's

fingers moved slightly.

"Her finger!"

Nina exclaimed and then quickly shut her mouth. She was afraid that she would interfere with Melissa's treatment.

Melissa had told Nina to keep quiet. Otherwise, Melissa would be disturbed.

Seeing that her treatment was working, Melissa also revealed a rare smile. She continued to treat Ariana.

After a while, Ariana's hand twitched.

Melissa nodded in satisfaction and started to rub Ariana's temple.

Ariana's hand moved again. Apparently, the treatment was working.

Nina looked at the scene and grinned. It was probably the best thing that had happened to her in the

past few days.

However, Ariana still did not wake up.

"Special treatment can make her better, but it still takes some time to kick in. Don't worry. Mrs.

Paul will wake up."

Melissa patted Nina on the shoulder, telling Nina to relax.

Knowing that Ariana might be cured, Nina felt much better. She hugged Melissa. "Thanks. I am so glad that I have a friend like you."

Melissa blushed at Nina's words and coughed. "Well, the doctor just said that you shouldn't get emotional. Take care of your baby."

"OK. Whatever you say."

Nina nodded. Now she would have no objections to whatever Melissa said.

Then, Melissa turned around and saw Harley, who had been waiting by the side.

Harley knew that Nina would get upset at the sight of him, so he had been waiting outside the door.

Seeing that Nina was smiling, he eased up.

"Come here."

Melissa was amused. She hooked her finger, and Harley lowered his head and walked to the two

women as if he were a kid who made a mistake.

Melissa cleared her throat and said in a serious tone, "I blame you. You don't appreciate having such a great fiancée like Nina, and you even have a scandal with Sylvia. No wonder you pissed Mrs. Paul off."

Harley was scolded by Melissa the moment he came over. He kept his head down and listened carefully.

"Besides, Nina is pregnant. Mrs. Paul's life is at risk. What if something happens to Nina? How do you want to settle this?"

Hearing this, Harley hurriedly shook his head. "I know it was my fault. I shouldn't have been so agitated and let Mrs. Paul faint. I'm the one to be blamed for all of this."

Harley lowered his voice, and he was filled with guilt.

"I saw the pictures on Twitter. What's going on?"
