

Bride of Mr. Billion Chapter 421

Chapter 421

Bella's POV: Herbert stroked my shoulder and said, "Can this prove that I'm not lying?" I looked at him and asked, "Why didn't you tell me that something happened to your father? Why did you hide it from me?"

Although there was no ambiguous relationship between him and Eva Green, I was still very sad. Because every time he was in trouble, he would not tell me. He always kept it from me.

Hearing these words, Herbert frowned. His fingers slid across my hair, and he replied, "What happened to my father this time was too troublesome. The other party wanted to destroy our family. If my father couldn't clear his name this time, my mother and I would also

time, my mother and I would also be implicated, so I didn't immediately go through the wedding formalities with you. This way, I can protect you and the children. No matter what happens to the Wharton Family, it won't implicate you and our two children."

I could see his love for me from his eyes, but I didn't agree with what he said.

"So you didn't mention the wedding because you were afraid of getting me into trouble?" I continued to ask.

Herbert held my hand and apologized to me. "It's all my fault. I'm sorry!"

At this time, I was a little excited. I pushed his hand away, turned my back, and said, "Herbert, you act like this every time. You say that you don't want to get me into trouble, but two people who love each other must stand together at any time. We should enjoy happy things together and face difficulties together. This is the real love."

"You said that it's for my good. Have you asked for my permission? Every time when you're in trouble, you would ignore me. You don't treat me as the most important person in your life!" Hearing this, Herbert immediately held my shoulder so that I could face him. He explained eagerly. "It's because you are the most important person in my life that I can't bear to let you suffer with me. You can doubt anything, but you can't doubt my love for you!"

Herbert's eyes were staring at me. His eyes were dark and deep. At this moment, he was a little anxious. It could be seen that there was only me in his eyes.

This had something to do with our personalities.

I had a problem too. I was not confident enough, nor did I trust him.

At this time, I looked out of the window and said, "Betty and Hank are divorced because Hank has a new lover outside."

"Betty and Hank are different from us. Maybe you've been thinking too much recently. Even if all the men in the world cheat on their partners, I won't, because I can't fall in love with anyone else *anymore*." Herbert comforted me.

I went on to say, "Actually, I'm very envious of Hank and Elsamara."

"Elsarnara is like *me* in the past. She is bold and she believes in love. Betty beat and scolded her in public, but she didn't take it seriously at all. When Betty kept making trouble, she and Hank hugged each other tightly because she *wanted* to face it with Hank. They are like comrades."

10081

Herbert looked at me, and there *were* many doubts on his face. "Bella, I don't understand what

exactly you want to say."

I did not respond to him but continued to say, "Although Hank and Elsamara are not glorious, they can face problems together no matter what happens. It's really touching that they can encourage each other." At this time, Herbert held my shoulder and nodded. "I understand. I won't hide anything from you in the future. Let's face everything together and encourage each other, okay?"

"No!"

Herbert was stunned.

I complained, "You didn't let me know about Lucas's illness last time. Do you know how guilty I am when I face Lucas now? This time, something has happened to your father and you still chose not to let me know."

"You're blocking me out of the door and leaving me behind when you're in trouble. You're just treating me as an accessory and don't treat me as your partner. Your other half? Or perhaps, you don't trust me at all?" "I already know I was wrong. Why don't you punish me? I'm at your disposal." Herbert grabbed my hand.

This time, I did not go soft on him and glanced at him with tears in my eyes. Then, I withdrew my hand and said, "I don't have time to punish you. I'll go first." After that, I took my bag, turned around, and left. "Bella!" Herbert wanted to stop me. However, I had already opened the door of the office. There was not only the secretary standing outside, but also several men and women with documents in their hands. It seemed that they were here to report

to Herbert. At this time, I turned my head and said, "John is innocent. Stop all your actions immediately." After that, I turned and walked away quickly. When I walked into the elevator, I saw that he was about to come over. I quickly pressed the close button. In fact, I was not very angry anymore. But he was like this every time. He didn't tell me or discuss anything with me. This time, I wouldn't forgive him easily, unless he really realized the seriousness of the problem.

Ding! The elevator reached the first floor, and I stepped out of the elevator. Just as I stepped out of the lobby of the building and walked down the stairs, a familiar voice suddenly came from behind me.

"Bella!"

Bride of Mr.Billion Chapter 422

Chapter 422

Bella's POV:

I looked back and saw a man in a black suit running over.

When Herbert came to me, he was gasping for breath.

Seeing him like this, I frowned and thought, "Why is he panting like this? Did he run down the stairs?" His office was on the tenth floor. If he ran down the stairs with his feet, he would indeed look like this. Moreover, he was very fast. I remembered that the elevator had only stopped a few times on the middle floors.

At this time, I felt a little uncomfortable.

The next moment, Herbert stepped forward and pulled me into his arms. "You left so fast, I thought I couldn't catch you!"

After being pulled into his arms, my hands pressed against his chest, and I could clearly feel his strong beating heart.

"You... came down from the stairs?" I couldn't help but ask.

Herbert gasped for breath, and then replied grumpily, "There were passengers in the two lifts. I wouldn't be able to catch up with you if I waited for the lift. I can't let you go anymore!"

Hearing this, I opened my mouth and wanted to say something, but he kissed me.

We were on the staircase of the entrance of the building, and there were a lot of people.

In addition, many of them were employees of the Wharton Group. This was a bit too crazy!

I struggled a few times and tried to push him away. Herbert finally stopped the kiss, but he did not let go of his hands. "Herbert, let me go!" I took a breath of fresh air and said angrily.

However, Herbert was in a good mood. He smiled and said to me, "You shouted so loudly. Maybe someone would think that I was forcing you!"

"You're so annoying. It was you who forced me." I immediately retorted.

He pursed his lips and smiled. He reached out to pinch my chin and asked, "Were you really unwilling?"

"This is a public place," I said in a low voice, and we were in front of the Wharton Group.

I pushed his hand and said, "Go to work quickly. I have something to do!"

Herbert, who had been pushed away a little, reached out to hold my arm again and pulled me into his arms

I was afraid that he would kiss me again in front of so many people, so I tried to remove my hands

However, Herbert grabbed my hand and refused to let go.

At this time I saw him taking out a dark red velvet box from the inner pocket of his suit. Then the *box* was opened Under the sunshine, I saw a dazzling sapphire ring lying inside

My eyes lit up when I saw the ring

This ring was a group design Countless diamonds were inlaid around a dark blue gemstone It was

a classic model, and the color of the gem was *very blue*, making it hard for people to *look away*

While I was in a daze, he took out the ring in the velvet box and suddenly put it on the *ring finger of my left hand!*

I quickly withdrew my hand and asked, "What are you doing?"

Herbert looked at the ring on my finger and said, "I've reserved this ring for a long time but thought that I should give it to you after dealing with my father's affairs. Today is finally the day. *Why don't we choose a time to get our marriage certificate?*"

Hearing that, I stared at the ring in my hand and asked, "Are you proposing to me?"

"Of course." Herbert nodded as if it was a matter of course,

At this moment, I glanced at him, took off the ring from my hand, and stuffed it into my palm. "Aren't you being too insincere? How can you propose so casually?"

From the moment he chased me downstairs, all the grievances I had held in my heart for the past few days had disappeared.

Sometimes I hated myself very much. As long as he coaxed me, I would quickly compromise and couldn't refuse him.

Even before this, I had repeatedly warned myself not to easily forgive him.

"Well, I'll get 10,000 red roses for you now."

After that, he picked up his cell phone and made a call.

Seeing this, I quickly stopped him, "How much would that be?"

Hearing these words, Herbert grinned and said, "You know how to save *money* for me. It seems that you are willing to be my wife."

"You're so annoying!" I couldn't help but grin.

At this time, the phone was connected.

Herbert said to his mobile phone, "Connor, drive the car here."

After that, he hung up the phone.

At this moment, I stared at Herbert for a moment and then understood. "I thought you called to buy the flowers? Did you call Connor to prepare a car?"

Without looking at me, Herbert put his arm around my shoulder and walked to the parking lot. "It's

still early. Let's go to pick Lucas up."

"Hey, why don't you answer me?" I asked.

Herbert didn't answer me but continued to change the subject. Should we go out to eat today or should we ask Miranda to prepare food?"

"You're so hateful. You're always fooling me!" I was still thinking about what happened just now

However, Herbert did not answer my question

"Do you think he will be happy to see us pick him up together?"

"Herbert, do you have ears or not?" I was so angry that I could only reach out and grab his car Herbert grimaced in pain and made a bow to beg for mercy "Dear, be gentle!"

"Now you know to beg for mercy?" I held my waist with one hand and grabbed his car with the other I looked like an evil woman, but I was very happy in my heart

10.091 "My dear wife, your husband is a president. If you pinch my ear at the gate of my company, I will be laughed at by the employees in the future!" Herbert looked like he was begging for mercy. Hearing this, I had some scruples. I looked around. Although there were not many people around, there were still some people walking around. So the next moment, I loosened my hand and whispered, "Who is your wife?"

Bride of Mr.Billion Chapter 423

Chapter 423

Bella's POV:

At this time, Connor drove the black Bentley and slowly stopped in front of Herbert and me.

The next moment, Connor got out of the car, turned to the back seat, and opened the door for Herbert and me

Herbert and I looked at each other, and then he got in the car first.

I was still standing there and didn't move. I glanced at Herbert, who was in the car.

Herbert's face was always full of happiness. When he looked into my eyes, I saw his affectionate eyes, and my heart beat faster.

The next moment, he suddenly stretched out a hand and grabbed my wrist!

"You..." I didn't finish my sentence.

With a tug of his big hand, he dragged me into the car.

When Connor saw this, he hurriedly reached out his hand and closed the car door.

I was pulled into his arms. Before I could get up, the car had already started slowly.

I wanted to push him away and sit down, but he didn't let me. He put his hands on my waist and let me sit on his legs.

At this moment, our movements were very intimate.

"What are you doing? Connor is still in front. Let go of me!"

However, Herbert stared at me with a pair of burning eyes, not listening to my protest at all.

"Did you hear that?" I patted him on the shoulder in a hurry. There was a smile on Herbert's lips, and then he reached out and pressed a button. Then, a black barrier slowly fell in front of us, separating the front and rear parts into two spaces. Seeing that he was playing this kind of trick again, I immediately pushed him shyly. "What are you doing? Connor will laugh at us."

My waist was held by Herbert, and he kissed me on the cheek. I heard him say, "If he dares to laugh

at us, I will fire him!"

I shot him a glance and warned him, "You're not allowed to act recklessly."

"I can do anything to my wife." Herbert's hand reached into my clothes. "What are you doing? Let me go." I tried to push him away. Although I said no, my body was extremely honest, I *yearned* for his touch,

Then, he kissed my lips.

This kiss was aggressive and wild,

I fell into his arms, and his flexible tongue easily aroused my desire.

All the missing became this kiss, and we kissed with great enthusiasm.

Herbert pressed me down on the wide seat, and his hands began to reach into my skirt.

At this time, my hands were pressed against his beating chest. I knew what he wanted to do.

But we were in the car.

Moreover, Connor was in the front seat.

I gasped for breath and said, "Herbert, not here!"

Herbert smiled and reached out to hold my hand. Then he lowered his head and continued to kiss me on the neck.

"We will reach... the kindergarten soon. Hurry up and get up!" I was afraid that he would act as he pleased in the car, so I quickly pushed him away.

This time, he was very obedient and let go of me.

We were arriving at Lucas's kindergarten. I quickly tidied up my clothes and hair.

Just as my hands were tidying up my long hair, I suddenly saw something shining on my left hand.

I immediately put my hand in front of me and saw a sapphire ring on my finger.

I looked at the sapphire ring on my finger with my eyes wide open. I didn't know when he put it on me. It must have been put on when he kissed me just now when I was not paying attention. The next moment, I looked at Herbert. He was looking at the scenery outside the window seriously, with a proud smile on his face. "You launched a sneak attack on me?" I stared at Herbert and asked.

Herbert lowered his head to look at the ring on my finger and said with a smile, "It was because you were so into it just now that I had the chance to help you put it on."

Hearing this, my face turned red, and I was annoyed that I didn't feel anything just now. He took advantage of me, and now he even ridiculed me.

"You're so annoying!" I reached out and tried to take the ring off my finger.

However, Herbert quickly grabbed my hand and said, "You've already put on my ring. You promised

to marry me. You can't refuse!"

Hearing this, I lowered my head with a smile. But I said, "Who agreed to marry you? It was as you who put the ring on my finger."

Herbert reached out and pulled me into his arms.

I took the opportunity to lie on his shoulder and felt really happy at this moment.

“Are you not angry anymore?” Herbert whispered in my ear.

“How can it be so easy? I haven’t cooled down yet.” I reached out and touched my chest.

There was an evil smile in Herbert’s eyes, and then he stretched out his hand and said, “Let me touch it to see if you’re still angry.”

“Rogue!” Seeing his hand coming at my chest, I reached out and hit the back of his hand,

At this time, when I saw the car slowly stopping at the entrance of the kindergarten, I quickly said, “Well, Lucas is about to come out. Get out of the car quickly.”

I opened the car door and was about to get out.

However, Herbert stepped forward and held me back.

“What’s wrong?” I turned to look at him in confusion.

Chapter 423

At this time, Herbert reached out and carefully combed the hair around my ear and whispered, “Your hair is messy” Seeing the tenderness in his eyes, my heart melted at once, but now was not the time for us to be intimate.

I lowered my head and said, “Lucas is coming out Get out of the car

Then we came to the gate of the kindergarten hand in hand

In front of the kindergarten gate, many people stood there to pick up the children,

At this moment, standing side by side with him. I felt that my heart was full

In fact, happiness was so simple I felt happy by just standing beside the person I loved and waiting for our child together

Bride of Mr.Billion Chapter 424

Chapter 424

Bella’s POV:

Soon, a little boy in a white shirt and a black school uniform walked to the gate with a schoolbag on his back.

“Lucas!”

“Lucas!” Herbert and I waved our hands at Lucas.

Lucas saw us, so he ran quickly to us. “Daddy, mommy, why did you come to pick me up from school together?” Lucas was very happy as he held Herbert and my hands.

“Daddy and mommy are both free today, so we came to pick you up from school. Are you happy?” Herbert looked down at our son and asked.

“I’m happy! It’ll be great if daddy and mommy can pick me up every day in the future.” Lucas immediately replied.

Hearing this, Herbert and I looked at each other. He lowered his head and touched Lucas’s head, saying, “You are really greedy to ask us to pick you up every day. Well, as long as daddy and mommy are free, we will pick you up, okay?” “Okay!” Lucas nodded obediently. At this time, Herbert suddenly asked, “Lucas, how about daddy and mommy take you and your sister out for a big meal today?”

“Okay, okay, I want to eat steak and ice cream!” Lucas clapped his little hands happily.

“Alright, let’s eat steak and ice cream.” Herbert nodded in agreement.

Lucas jumped with joy. Seeing that my son was so happy, I kept smiling. Following that, Connor brought us to pick Lucky up. Then, our family of four sat in a well-known restaurant. Lucky sat on the children’s chair, and there were already chopped steak and vegetables on the plate in front of her.

She grabbed it and stuffed it into her mouth.

She had already put the food into her mouth very accurately.

At this moment, I suddenly remembered something. I glanced at Herbert and didn’t know what to say. “What do *you* want to say?” Herbert saw that I had something to say.

Hearing this, I quickly said, “Herbert, don’t make things difficult for John, okay? It’s not easy for him to start a company, and he has to support his mother and child. He can’t suffer such a blow!”

Hearing this, Herbert looked up at me,

His gaze made me feel a little uncomfortable. Then, I curled my lips and said, “Why are you looking at me like that? I think you look down on me at times. If I wanted to find another man, I will find a young and handsome man. I won’t fall in love with an old man!”

Chapter 424

10101 Hearing these words, Herbert pursed his lips into a smile. "What are you laughing at?" Seeing him suddenly laugh, I frowned. Herbert held back his smile and said, "That's just like you. The way you talked to me just now was obviously very hypocritical."

He saw through me. I smiled and stuck out my tongue.

To be honest, I really felt that Mr. Hall was very innocent. Because I had an argument with Herbert, he was the one who got implicated in the end. I couldn't watch his company close down and do nothing.

But I also knew that Herbert seemed to have a bad relationship with John and had a special prejudice against this man.

In my opinion, I couldn't be too aggressive toward him, which was why I wanted to speak in a gentle manner.

I didn't expect to be teased for being hypocritical.

"I... I'm not a hypocrite." I pouted.

The next moment, Herbert warned me in a very serious tone, "In the future, no matter old man or young man, you can't meet them alone at night, especially drinking so much with them. You are absolutely not allowed to."

"You're too overbearing, aren't you? Even if I don't have any male friends, I'm a businesswoman. I'll meet men at work." I complained, but I didn't dare to provoke him at this time.

Herbert then said, "Then you can talk about business and work in the company. You can't go out alone."

At this time, I almost lost my temper, but when I thought about the things that had not been solved. I suppressed the anger in my heart and tried to argue in a calm tone, "Can you not be so overbearing? It's normal to have social activities in business."

"If there is dinner that you need to attend, I can go with you!" Herbert's attitude was very firm and there was no room for compromise.

I knew that I couldn't fight with him now, so I'd better compromise for the time being and let him agree to the deal first. Then, I nodded and said, "Well, I'll listen to you. Can you stop targeting John?"

At this time, he nodded and said, "Okay, I will let it slide this time."

I picked up his phone and put it in front of him. Then I said with a flattering smile, "Then please make a phone call and tell your subordinates now."

Herbert took the phone and dialed a number.

"Connor, let's stop going against John. You should immediately inform those merchants not to make things difficult for him. We can also help to take care of his business. After the phone was connected, he said a few words to the phone and hung up.

Then, he handed the phone to me and said with a smile, "Are you satisfied?"

I pursed my lips and smiled. "I'm satisfied."

Finally, I was relieved. Otherwise, I really didn't know how to deal with it if John complained to me again tomorrow

At this time, Lucas with sharp eyes suddenly said, 'Mommy, the new *ring* you bought is so beautiful

Hearing this, I looked down at the sapphire ring on my finger and said with a smile, 'It was bought by your daddy for me

"In the future, I also want to buy a bigger gem ring for my child's mother, Lucas suddenly said

Hearing this, I couldn't help laughing.

Herbert patted the back of Lucas's head and said with a smile. "Why did you say that? "Daddy, you like to spend money on mommy, don't you? A boy must spend money on a girl. Otherwise, what's the point of a boy earning money? Lucas said matter of factly. Although I

felt funny, I still said with a serious face, "You have to learn how to make money before you can spend money on girls, do you understand? And money is not everything. It's not like a girl will fall in love with you after you spend money on her, do you understand? "All girls like beautiful clothes, beautiful shoes, and bags, don't they? Lucas tilted his little head and looked confused

Herbert smiled and touched his head, "When he grows up, he will naturally understand."

Bride of Mr. Billion Chapter 425

Chapter 425

Bella's POV:

The four of us enjoyed dinner together. The whole process was very warm and happy.

On the big bed in the main bedroom of the villa at night.

I was leaning against the bed, and both Lucas and Lucky were leaning in my arms, listening to my story

As I told them the story, Lucky fell asleep, but Lucas was still staring at me with his big round eyes.

“Lucky is asleep.” I finished a story and lowered my head to kiss her little face.

After taking a shower, Herbert, who had changed into home clothes, came forward and said, “I’ll carry her down to look for Gary.”

“Okay.” I nodded.

Then, Herbert walked up to us and gently picked Lucky up. He then went downstairs.

“Mommy, I want to listen to another story.” Lucas tugged at my pajamas. “Okay, mommy will tell you another story.” I continued to tell the story.

I told the story for a long time. Herbert was waiting for me for a long time. I yawned, but Lucas still didn’t feel sleepy and pestered me to tell him one more story.

In the end, I couldn’t stand it anymore. I put down the storybook in my hand, looked at Lucas, and said with a frown, “Lucas, when are you going to sleep?”

“Mommy, I’m going to sleep here today.” After that, Lucas got into my bed. Before I could say anything, Herbert immediately protested. “Lucas, you’re already a man. You have to sleep alone!”

Lucas pulled the quilt with his hands, revealing only his little face. He argued, “Daddy, you’re also a man. Why can you sleep with mommy?”

Hearing this, I covered my mouth and laughed. I heard Herbert say, “Because... Mommy is my wife. When you have a wife in the future, you can sleep with your wife!” “I don’t... Mommy is mine. I want to sleep with mommy!” Lucas couldn’t win his father, so he reached out to hold my neck and refused to let go.

Herbert refused to give up. “No, go to bed quickly or you won’t be able to get up tomorrow, You have to go to kindergarten!”

“I won’t. I’m going to sleep with mommy!” Seeing the seriousness on Herbert’s face, Lucas began to shed tears.

Herbert stepped *forward* and was about to take Lucas away. Seeing this, I quickly hugged Lucas and said, "Be a good boy. Mommy will tell you another story. You have to go downstairs and sleep after that, okay?" "Okay." Lucas nodded quickly, Lucas was happy, but when I looked back at Herbert, he looked unhappy.

Chapter 425

I quickly reached out and patted Herbert on the back, comforting him. "It's just a story. It will be over soon.

Herbert was very helpless, but he could only nod. "Just one more story."

"Yes." I nodded, and then quickly picked up the story to tell a story to Lucas. Seeing Lucas in my arms pouting, I told him the longest story. Perhaps it was really too late, or maybe Lucas was tired. As I talked, Lucas closed his eyes and fell asleep this time. Seeing that Lucas was asleep, I gently put down the book in my hand and reached out to caress his little face.

At this time, Herbert also came over, put his arms around my waist, and kissed me on the neck. Then we happily looked at Lucas, who was already asleep.

I nestled in his arms and looked at my lovely sleeping son. My heart was filled with happiness. When his hand covered my hand, I felt his hot skin.

ID

Then he hugged me tightly, and our bodies were pressed together. I could vaguely feel that there was a hard object pressing against my body. I looked up at him and saw his burning eyes. Of course, I understood what he meant. We had been in conflict and had slept separately for so long. We hadn't had sex for a long time. There would definitely be a fierce battle tonight. In fact, I was also very eager for Herbert. I missed his body. And my body also had some uncontrollable reactions. Just as my clothes were about to be taken off by Herbert... I gave him a quick push and pointed to Lucas beside me. "Lucas is still here." Hearing this, Herbert grinned. "I'll take him to his own room right away." Then, he picked up Lucas and quickly went downstairs. Looking at his eager back, I held my head with one hand and pursed my lips into a smile. It seemed that in less than a minute, a figure flashed in, quickly closed the door, and locked it. Herbert stood at the door, looking at me as he untied his tie. I got off the bed and walked toward him.

Herbert quickly took off his shirt, ran to me, and hugged me.

His skin was burning hot, and I didn't resist at all. Instead, I hugged him even tighter...

Bride of Mr. Billion Chapter 426

Chapter 426

Bella's POV:

The moment our skin touched, the desire in my body was completely awakened,

I couldn't help but touch him with my hands.

My hand touched his eyebrows, cheeks, Adam's apple, collarbone, and strong chest muscles...

He grabbed my hand and led it to his lower body.

When my fingers touched the hot and hard little fellow, my body trembled,

I heard him whispering into my ear, "Dear, my body and my soul are all missing you."

After that, he kissed me on the neck.

When his flexible tongue slid across my neck, I couldn't help groaning and grabbing his hair with my fingers.

His tongue brushed past my collarbone and sensitive chest from my neck.

And his hands were also busy.

His hands were fiddling with the sensitive spot of my body.

I had to say that he really knew my body very well.

His strength and position were just right, and my groaning was getting louder and louder.

When his fingers entered my body and sped up, I almost screamed.

Just then, he whispered into my ear, "Baby, you're wet." After that, his fingers pulled away from my body.

At this moment, my body felt empty.

I yearn for something to fill my body.

The lower half of Herbert's body was deliberately pressed against the outside, but he refused to enter.

"Do you want it? Baby, if you want it, just beg me and I'll satisfy you."

The tone of Herbert's voice was a little proud.

I refused to show weakness. I bit my lip and refused to say yes.

The next second, the sensitive spot on my chest was caught by him.

This stimulated *me even* more.

Under his touch, *my body was wrapped* in desire as I was not satisfied

This feeling was too uncomfortable,

My stubbornness was gradually defeated in the face of desire

"Ah, well Herbert, I want it

There was a smug smile on Herbert's face "Who wants ?

While he was talking, his flexible fingers were still Oddling with my sensitive body

"Ah

I want it... Bella wants it."

"What do you want?"

"Ah... Mmm, I want you to satisfy me... hubby..."

This sentence seemed to work. I heard him say, "All right, baby, I will satisfy you."

After he finished speaking, the emptiness in my body was filled.

The next morning, I appeared in the accounting firm in a black professional suit.

Sitting in front of the desk, I still felt a little sore in my body.

He was too excited last night. We did it three times in total.

If I hadn't set an alarm today, I really wouldn't be able to get up.

The direct consequence of last night's madness was that my mind was not clear today.

I felt very tired and sleepy. I must go back and sleep early tonight. At this moment, Joey pushed the door open and walked in. She placed a cup of coffee in front of me.

“Drink a cup of coffee to refresh yourself!” Joey put her hand on my face and said with a smile. “Do I look bad?” I asked, touching my face inexplicably.

Joey walked to me and snickered. “It’s obvious that you had a crazy night. You’re in low spirits today, but your face is ruddy. I’m sure your desire has been satisfied.”

I coughed twice and didn’t answer.

Joey rubbed her chin and looked me up and down. “Hey, what I said is right, isn’t it?”

“No!” I resolutely denied, and then reached out to pick up the coffee and took a sip.

“Humph, you can’t fool me. Did you take the initiative to sacrifice yourself last night, and then you reconciled with Herbert? That’s why he gave you such a big sapphire ring?” Joey pointed at the sapphire ring on my finger exaggeratedly.

Hearing this, I looked down at the ring in my hand. “You saw it?”

“If I can’t see such a big ring. I must be blind!” Joey shouted.

I looked down at the ring in my hand and giggled. This morning, when I was still under the quilt, he put the ring on my finger. At that time, my eyes were still closed.

And he also whispered in my ear, “In the future, I will use this ring to trap you. You will never leave

me!”

Joey continued to ask, “Hurry up and tell me, what I just said is right, isn’t it?”

The next moment, I looked up at Joey and said seriously. “You’re right, but the sequence is not right! Our sequence is: He first gave me this ring and begged for my forgiveness. Then we reconciled, and finally, we went to bed. I didn’t take the initiative at the beginning.”

Knock knock knock...

At this moment, someone knocked on the office door. “Come in!” I shouted in the direction of the door.

The next moment, the receptionist, Vivian, pushed the door open and said with a smile, “Mrs.

Stepanek, Mr. Hall is here!" Hearing that John was here, I quickly got up and said, 'Please let him come in Hearing that, Joey also stood up. Then, John walked in hurriedly. As soon as he came in, he reached out to hold my hand with his hands, and his eyes were full of excitement. "Mrs. Stepanek, I really don't know how to thank you!" Hearing this, Joey and I looked at each other. I felt that it was very inappropriate for him to hold my hands so tightly, so I quickly pulled my hands back

I'm sorry, I'm sorry. I'm too excited. Please don't take it to heart! I smiled helplessly and said, "Mr. Hall, is everything settled?" The call from Herbert last night must have worked, so Mr. Hall specially came to thank me today

John then said, "Not only has everything been resolved, but I also received a phone call from many merchants and clients last night. They said that they wanted to continue their business with me

This morning, several new merchants called me. They said that it is Mr. Wharton who is taking care of me. They will give me a better price, and some customers will give me an even bigger order.

Hearing these words, I couldn't help but be a little stunned. I didn't expect what he said last night was this powerful. At that time, I thought it was just an unimportant sentence. It could be seen that he really had a great influence in City A. "This incident was caused by him. Of course, he will be responsible for it to the end I said with a smile "How about this? I want to express my gratitude to Mr. Wharton in person How about I treat you to a feast tonight..." I didn't know how to reply to him, but Joey spoke first, "You don't need to think about how to thank them. Just don't appear in front of Bella frequently, that's enough" Joey continued, "Mr. Wharton was angry before this because Bella went drinking with you Joey's words were too straightforward. I continued, "Mr. Hall, my husband really doesn't like me going out alone at night. I'm very sorry.

"I see."

John immediately said, 'I have something else to do. I'll see you later! After saying that, he immediately walked to the door speedily. Then, I exchanged a look with Joey and laughed out loud. This guy runs faster than a rabbit. It seems that he won't dare to come to our accounting firm again." Joey laughed, covering her belly.

Bella's POV:

I walked out of my office and looked outside. I thought of something and asked, "He left in such a hurry. By the way, Is he still pestering you?"

At this time, there were only two of us in the company. Any went out to meet her clients, and both the receptionist and the accountant were out on an errand, so I had no scruples in my words,

Hearing this, Joey said with a little regret, "I've made it clear to him. I don't fancy a father. And I want to have many children in the future. There is no hope for me to be with him."

"Indeed. You made a right choice," I said,

At this moment, my eyes inadvertently glanced outside.

Suddenly. I saw that Emma's insurance company opposite me was not open today. I couldn't help frowning and said, "Why are they close today? Did she take the employees out for a trip, or did she organize a big event?"

Hearing this, Joey looked up at the other side and said with a sheer, "This morning, I saw the employees pack up their things and leave. I was curious, so I asked them. I was busy just now, so I forgot to tell you an important thing. "What's going on?" I saw the sneer on Joey's face. My intuition told me that Emma's company should be in trouble.

Joey stepped forward and said in a low voice, "I heard from one of the employees there that Emma's stepfather, the bald old man, Daniel Morgan, failed in his investment and broke the capital chain. The company may go bankrupt, and of course, it will affect a few businesses run

by Emma. So the insurance company opposite us has closed down. I heard that the company still owes the employees a month's salary, so all the employees left!"

In fact, I expected that after Daniel Morgan fell out with his son and married Connie, his career would definitely go downhill, but I didn't expect that it would come so soon. It could be seen that the

good days of Connie and Emma were coming to an end. Joey laughed and said, "Aren't you happy to hear such good news from me?"

"There's nothing to be happy about. That's their life." I said.

When we got off work, all the employees had left, leaving me and Joey to lock the door.

"Why don't we have dinner at my house tonight?" I invited Joey as we walked into the elevator,

Joey glanced at me and said, "Forget it. The four of you are happy together. I will be the extra one."

"The children like you." I quickly comforted her.

Hearing this, Joey pursed her lips and smiled, "Let's call it a day. You and Herbert have just reconciled. You should enjoy your sweet time. I'm afraid that Herbert will dislike me for grabbing *you* from him if I'm there, and I don't want to hinder you!" I pushed her and said, "Well, if you don't want to go, then don't go. Maybe I will affect your romantic encounter"

"It's good to have a romantic encounter. I'm really looking forward to it." Joey put her hands together and said,

Ding...

At this time, the elevator reached the first floor. I went out of the elevator.

When I walked out of the office building, it was already evening. The sky was beautiful today, and the remaining light of the sun dyed the sky red.

When I stepped down the stairs, I suddenly remembered the night when I first met Herbert.

Fate was really wonderful. It was just an accident, but it became inevitable in the future!

Honk honk...

At this moment, the car in front of me suddenly honked, which scared me so much that I touched my chest and stopped walking.

The next moment, I looked up and saw Herbert's head which poked out of the driver's seat. He said to me, "Get in the car!"

I pursed my lips into a smile when I saw him all of a sudden. Then I walked around and got in the passenger seat.

"I've been waiting for you for a long time. What took you so long to get off work?" Herbert asked as he drove the car into the lane.

As he spoke, he held my hand tightly.

I looked down and saw that his big hand had completely covered my hand. I couldn't help but smile.

"I'm the boss now, okay? The employees are all gone. Joey and I had to check if the lights, the water dispenser, and the computer were still on, and then we had to lock the door," I replied.

A smile tugged at the corner of Herbert's lips. "Now you know that it's not easy to be a boss? Why don't just be my wife?"

"I don't want it!" I raised my chin. My attitude was firm, but there was a smile at the corner of my mouth.

At this time, I suddenly looked back and saw no one. I asked, "Why did you drive here by yourself today? Where's Connor?"

"I gave him an off day. I personally came to pick you up today and we will go on a date ourselves tonight," Herbert replied. Hearing this, although I was very happy, I frowned and said, "But I really miss Lucas and Lucky." Herbert glanced at me and said in a dissatisfied tone, "I rejected a lot of social activities tonight and specially drove to pick you up from work. Tonight, you belong to me completely, okay?" Although I missed the children very much, seeing his dissatisfaction, I decided to comfort him and nodded.

Herbert was very happy. "Then what arrangements do you have for tonight?" I asked with a smile, and my fingers unconsciously held his hand.

"Let's eat first, and then go for a movie. What do you think?" Herbert was like a young man who had just started dating.

Although he was talking about a dull date, I still felt as if I had eaten a piece of candy, because we had never gone on a lot of dates before.

Bride of Mr.Billion Chapter 428

Chapter 428

Bella's POV:

"I heard that there's a very famous romance movie recently. Let's go and watch it after dinner." Herbert smiled and glanced at me.

"Romance movie? Don't you hate that kind of movie the most?" I held my chin and stared at him curiously

Herbert grabbed my hand. His palm was bigger than mine, so it could completely wrap around my hand.

I felt very warm.

At this time, I heard him say, "I thought someone likes it? I'll accompany you to watch it today. You have to accompany me to watch what I like next time." Obviously, I was the person who liked to watch romance movies.

I was glad that he was willing to accommodate my preferences.

I smiled and said, "Okay, I'll accompany you to watch your favorite movie next time." It was very important for two people to understand each other to be able to get along well.

Since he was willing to respect my preferences, I would also respect him and accommodate his preferences.

This evening, Herbert and I had a special candlelight dinner. There were not only flowers and fine wine, but also a violinist standing in front of the table and playing the violin for us.

On the dining table, the red wine, rose, steak, and dessert formed a beautiful picture. The sound of the violin gently floated in every corner of the restaurant.

There were many people around looking at me, and a sense of happiness completely enveloped me. "Do you like it?" Herbert, who was wearing a white shirt, sat there and looked at me deeply. I leaned forward and asked in a low voice, "How much is it to ask him to play a song?"

as W

Hearing this, Herbert glanced at me. "Don't be vulgar!"

"I'm just an ordinary person. How can I be as elegant as you?" I stared at him and deliberately argued with a smile.

At this time, the violinist finished playing a song. He put away the instrument, bowed, and left.

At this time, he picked up a knife and fork to cut the steak.

I grabbed his hand and he looked up at me, his eyes full of doubts.

I smiled and said, "An elegant person doesn't need to eat or go to the toilet, let alone burp."

Herbert pursed his lips, and his expression was full of love. "I just said you're vulgar, and then you start to take revenge on me?"

“Are you trying to say that I’m petty?” | cupped my cheek and asked with a smile.

“That’s not what I said.” Herbert laughed, and then said, “No matter how you are like, I like it.”

I couldn’t help laughing. I had fun arguing with him. Maybe no matter what I did, as long as I could be with him, my heart would be filled with joy.

After dinner, we went to watch a romance movie.

I couldn’t remember how long I hadn’t seen a movie. The two of us sat on the couple’s seats, and I snuggled up to him. My hands were clasped with his fingers, quietly enjoying everything in front of me

When it reached the climax, the male lead and female lead on the screen were kissing.

At this time, I saw the couple in the front row kissing.

And the sound of their kiss was a little loud. I could even hear the sound of them kissing.

The atmosphere suddenly became a little ambiguous

I stole a glance at Herbert, but I didn’t expect him to be looking at me as well,

I was held in his arms.

In the dim environment, I saw Herbert’s bright eyes.

The pair of eyes were getting closer and closer to me.

When I could almost feel his breath, I took the initiative to kiss his lips.

That soft part suddenly became overbearing.

His tongue was starting to fight for territory in my mouth...

It wasn’t until the sudden explosion in the movie that we stopped kissing.

His rough fingers gently brushed across my lips. I grabbed his hand and motioned for him not to

move.

The couple in the front row ended their kiss, and the movie gradually came to an end.

Herbert and I got home when it was almost eleven o'clock in the evening.

There were only wall lamps in the living room, and the lights were dim. As we walked, Herbert and I made a gesture of keeping quiet, for fear that we would wake up the sleeping children in the room.

"I'll go take a look at the children," I said in a low voice.

However, Herbert grabbed my hand, "The children are asleep. Don't wake them up. See them tomorrow."

"Okay." I nodded.

After that, we were just about to go upstairs,

Unexpectedly, the crystal lamp in the living room suddenly lit up!

Herbert and I turned back abruptly and I saw Lucas in his pajamas standing behind us.

"Why aren't you sleeping?" I hurried over to him when I saw him.

"Mommy, where did you and daddy go? I've been waiting for you all night, and you came back so late." Lucas pouted, looking aggrieved.

Seeing such a Lucas, I felt very guilty. I squatted down and held his shoulder, saying with a smile, "Lucas, daddy and mommy had a social engagement tonight. You should go to bed obediently. You have to go to kindergarten tomorrow."

"Mommy, it's the weekend tomorrow. I don't have to go to school," said Lucas.

"Yes, I have forgotten that it's Saturday tomorrow." I patted my head and thought that I was really

Chanter 424

10.12D blur.

"Mommy, not long ago, you said that you would take me and Lucky to eat delicious food on Friday night. Have you forgotten about it?" Lucas asked pitifully. Hearing this, I blamed myself very much. I did say that a few days ago, but I forgot it was Friday today.

I forgot that I had something to do today. How about this? Tomorrow is Saturday. I'll take you and Lucky to the amusement park, and then we'll eat delicious food at noon, okay?" I really couldn't bear to see the aggrieved look on Lucas's face, and I felt a litt

aggrieved look on Lucas's face, and I felt a little guilty in m been busy with my career recently, so I really didn't have much time to accompany them.

"Mommy, you must keep your word this time!" Although Lucas was very happy, he looked a little worried.

"I will keep my word this time," I said firmly.

At this time, Herbert came over, touched Lucas's head, and said, "Tomorrow, daddy will go with you too."

"Really? That's great!" As soon as he heard that Herbert would go with us, Lucas clapped his hands happily.

"But now you have to go back to sleep immediately, or you won't be able to get up tomorrow morning," Herbert said with a smile.

"I'm going to sleep now!" Before he could finish his words, Lucas turned around, ran into the bedroom, and closed the door.

Looking at the door being closed, I turned to look at Herbert and said guiltily, "I forgot about it today. I made him wait for me for one whole night. I'm not a good mother!" Herbert stepped forward and comforted me. "Tonight, you're a good wife and you'll be a good mother tomorrow." Hearing this, I looked up and said, "I'm just your ex-wife now." "Shall we go to get the marriage certificate on Monday?" Herbert suddenly took my hand and asked. Hearing this, I was stunned and didn't know what to do.

The next moment, he bent down and picked me up.

I felt my body rising into the air, and then my head was a little dizzy. I quickly wrapped my arms around his neck and shouted in a low voice, "What are you doing?" However, Herbert did not answer. He gave me an evil smile and then turned to carry me upstairs. Seeing that he was anxious, my cheeks were a little hot, and then I put my head on his shoulder. Although I decided to call off the battle today, at this moment, had I changed my mind?

I was carried into the master bedroom by Herbert. I closed my eyes and thought that he would gently put me on the big bed, and then we would start to be enthusiastic and passionate. But this time, I felt that my feet were on the ground first. I opened my eyes in confusion as he gently placed me in the center of the room.

After I stood still, I looked up at Herbert, who was taller than me, with a puzzled look in my eyes.

Bella's POV:

"You were very into it just now, but we have an important thing to do. *Only after we are done can we continue,*" Herbert said with a smile.

After he finished speaking, he suddenly knelt down on one knee.

Seeing that he suddenly knelt down, I was stunned. "What... what are you doing?"

Herbert took my hand, lowered his head, and kissed the back of my hand. He looked up and said, "I've already given you the ring, and just now there were roses and music. *Now I can formally propose to you.*"

"Bella, will you marry me?"

I was just joking. I didn't expect him to take it seriously. Herbert was a very proud person. I really didn't expect him to kneel down and propose. For a moment, my heart beat wildly. I didn't expect that the plot that only existed in novels would actually happen in my life.

"Bella, will you marry me? From now on, you are the most important part of my life. Please spend the rest of your life with me." At this moment, Herbert's expression was solemn, his eyes deep, and his attitude very solemn.

Cau

At this moment, I really wanted to say that I was willing, but maybe because I was too excited, I couldn't say a word.

It wasn't until Herbert spoke again that I regained my senses. "Bella, are you listening to me?"

"Oh, of course, I heard what you said." At this time, I looked at him and was still a little excited.

Hearing this, Herbert stood up.

He looked at me and nodded, saying, "Is it too sudden? You're not ready. It doesn't matter. You can think about it."

The next moment, he rushed forward and threw me onto the big bed behind him!

"Hey, what are you doing?" I cried out in surprise.

Herbert raised his eyebrows and replied, "You can take your time to consider. I'll continue with what I have to do!"

Hearing this, I quickly pushed his shoulder and said, "Hey, don't mess around,

Before I could finish my words, he lowered his head and sealed my mouth, making me swallow my protest and dissatisfaction

Soon, my body was conquered by him again. But I couldn't go back on my word, so although all the bones in my body were about to fall apart, I still struggled to get up in the morning

After eating breakfast with Herbert, we took the two children to the amusement park

This should be the first time for the four of us to go out for a leisure trip. Both Lucas and Lucky were very excited. I sat on a chair and waited for Herbert to take the two children to try all kinds of games. I felt as if I had fallen into a honeyjar, and I could feel sweetness everywhere

10:120

On Monday morning, Herbert and I personally sent Lucas to the kindergarten.

Then, Herbert asked Connor to drive the car to the marriage registration office.

Looking at the tall building in front of me, I was a little hesitant.

I turned to look at Herbert behind me and asked, "Are we rushing things?"

After we finished making out last night, Herbert told me that the wedding date would be next month.

He would give me a grand wedding to make up for what he owed me in the past. Although I also wanted to remarry Herbert, I didn't expect it to be so fast.

This caught me off guard.

At this time, Herbert grabbed my hand. "You promised me last night that you wouldn't escape!"

I couldn't help rolling my eyes. Only the two of us and God knew how I agreed last night. Last night, I was tortured to the point where I didn't have any strength, so he took the opportunity to talk about getting the marriage certificate on Monday morning.

"The wedding will be held next month. Isn't it too early to get the marriage certificate now?" I argued carefully. At this time, Herbert took my hand and said, "Trust me." After that, he led me toward the marriage registry.

I didn't know what was going on either. I just felt that I was not as decisive as I was last time. My heart was beating very fast, and when I signed my name, my hands were trembling. "God, what's wrong with me?" Where did my courage go? Could it be that the older I got, the timider I became? Or was this the so called premarital anxiety?

After coming out of the office, I looked down at the marriage certificate in my hand. I was a little scared. I married Herbert again. In fact, I had been looking forward to this for a long time, but I couldn't be excited now. Herbert, on the other hand, was holding the marriage certificate with a smile.

Seeing that he was happy, I couldn't help laughing. The uneasiness just now also dissipated.

He was always very serious, but he was actually much better recently. He often laughed. The next moment, I suddenly took out my phone from my bag and took a picture of him smiling foolishly at the fastest speed.

Hearing the sound of the camera, Herbert looked up and saw that I was taking pictures of him with my mobile phone. He couldn't help frowning. "What are you doing?"

"I took a photo of you giggling." I raised the phone in my hand and said with a naughty smile.

Hearing this, Herbert said, "That's so ugly. You can't take that!"

After that, he went forward and grabbed the phone in my hand.

But in a flash, I ran in the direction of the car.

Herbert also caught up with me.

We played games like two children, and even the air was sweet.

A few minutes later, we sat in the back seat of the car, Chapter 429

10:130 "Bring it over and let me have a look." Herbert reached out his hand to me. He held my phone with both hands and said with a smile, "Then you have to promise me that you won't delete this photo!"

Hearing this, Herbert nodded and said, "Okay, I won't delete it." "Don't lie to me." I raised my chin and said, and then handed over the phone in my hand with ease.

He took the phone and looked down at the picture on the screen. He first frowned, then touched his chin with a smile, and then his expression became a little more serious.

Bride of Mr.Billion Chapter 430

Bella's POV:

Then, Herbert returned the phone to me. As expected, he kept his promise and did not delete the photo. He also said, "This photo is good. Please help me print it and put it on the photo rack as a memorial."

Hearing this, I couldn't help but be stunned. I thought to myself, "Why is he different now? He pays most attention to his image and hates this kind of weird posture and movements."

"Is there a problem?" Herbert asked.

"No... No. I'll definitely go to the photo studio to print it out in a big size and put it in a big photo frame for you," I said with a smile.

"Don't misinterpret what I said. Just a normal-sized one." With that, Herbert handed me the marriage certificate in his hand.

I took it out of curiosity.

Herbert said very solemnly, "Go back and put it in the safe. Don't lose it!"

Treached out and took it. I carefully put it into my bag and said, "I won't lose this kind of thing. I had this experience last time. If I lose the marriage certificate, I won't be allowed to get a divorce."

Hearing this, Herbert frowned and then reached out to pull me close to him. "What did you say just now?"

"... I didn't say anything. I said that we should keep our marriage certificate well." I held my bag in my arms and didn't dare to say anything else.

Herbert lowered his head and stared at me for a moment. Then he reached out to grab the bag in my arms and threw it aside. Then he held my shoulder, lifted it forward, and lowered his head to seal my mouth!

"Hmm..." I was just joking. He kissed me so hard that my mouth was almost torn.

Moreover, Connor, who was driving the car in front of us, was still in the car. I was really ashamed and annoyed, but I couldn't push him away at all. At this moment, his strength was terrible, as if he wanted to eat me.

The kiss lasted for a long time. After a long time, when I felt that I was about to die, he finally let go of me.

I could finally breathe in the fresh air and immediately felt that I was alive again.

I looked up and saw that Herbert was staring at me. I was about to say something. He whispered in a hoarse voice, "This is your punishment. If you dare to talk nonsense again, I won't be so kind."

Was this a threat? What else could he do? Of course, that was what I said in my heart. In reality, I didn't say a word. After all, there was nothing I could do about this overbearing man, Herbert.

And I knew that the reason why he was so agitated was that I accidentally said divorce.

Chapter 430

10:131

Or did it indirectly mean that he didn't want to divorce me?

I was in a good mood, so I didn't make things difficult for the overbearing man.

Connor's POV:

At this time, I was sitting in the driver's seat.

Although my eyes were looking ahead.

But I was very clear about what happened at the back.

Once a man fell in love, he would be like a woman. Not only would he be emotional, but his IQ would also turn to zero.

Sometimes, he would easily get angry like a child, just like how the current Mr. Wharton was.

Seeing that he had finally reconciled with Miss Stepanek, this was simply too wonderful. I had always been by Mr. Wharton's side. I knew very well how much he loved Miss Stepanek. Looking at their sweet marriage, I was a little envious.

Bella's POV:

Soon, the car stopped in front of the building where I went to work.

"I'm here." I was about to leave with my bag.

But all of a sudden, Herbert reached out and grabbed my wrist.

I looked back and saw that he had no expression on his face. "I'll pick you up from work tonight."

Hearing this, I pursed my lips and smiled. Then I looked down at the hand that grabbed my wrist, reached out with the other hand to touch his big hand, and nodded.

It seemed that Herbert liked me to touch his hand. He obediently let go of my wrist and pulled the corner of his mouth.

He even smiled at me.

Then, I got out of the car and walked to the building in front of me without looking back.

Because I knew that he must be watching me entering the building before leaving. The feeling of being watched by my beloved man was really satisfying.

As soon as I entered the accounting firm, I heard a noise inside, as if someone was quarreling.

When I walked in, I suddenly saw Ryan. At this moment, he was quarreling with Joey and Amy.

When I suddenly saw him, I couldn't help but be stunned!

We hadn't seen each other for many days, but Ryan had lost a lot of weight. His hair was messy and his clothes were dirty. It could be seen that he was not living a good life.

Ryan's back was facing me at this moment. He didn't see that I was already here. He pointed to Joey and Amy and said, "Let me tell you, I am the father of the boss here. Hurry up and call my daughter out. Do you hear me?"

Hearing this, my face darkened. How could he be qualified to call himself a father? I found it funny.

At this time, when Joey saw me, she quickly winked at me and asked me to leave as soon as possible.

I knew that Joey didn't want me to go in and have a conflict with Ryan.

Joey was doing this for my sake.

10 130

But I didn't leave.

Because I knew Ryan too well. He was a rogue who bullied the weak and feared the *strong*. If he could not find me today, he would definitely come again next time. *As long as he knew my whereabouts*, he would definitely not let me go. I also knew that after Betty and my mother went to the sanatorium these days, he couldn't find them, so he didn't even have a place to live now. He must be anxious. He wouldn't let me go

Seeing that I was still standing there and not leaving, Joey couldn't help but *feel a little anxious*,

"If you don't leave now, we'll call security," Amy said loudly. But how could Ryan be afraid? He actually said, "So what if the security guards come? I'm here to find my daughter. Don't tell me that as a father, I'm not allowed to find my daughter." Joey and Amy did not refute, which made Ryan very proud. At this time, I walked up to Ryan and said *calmly*, "Aren't you looking for me? I'm here!"
