Chapter 461

Chapter 461

Bella's POV:

I didn't want to blame Lucas the moment when I saw him wronged, but I didn't know how to explain it to him!

The atmosphere gradually became awkward.

I exchanged a look with Herbert, and he shrugged while spreading his hands out.

I was even more helpless. At this time, another sentence came from Lucky. "Mommy, I also want to play with balloons!" This made me even more depressed, and I directly held my head with my hands. At this time, Herbert couldn't bear it anymore. He burst out laughing and spat the food on the table.

"Haha..."

Seeing that Herbert was laughing so hard, I couldn't help rolling my eyes at him.

Herbert laughed. "They really are two interesting children." "It's all because of you," I said with a pout.

"Please, how did I become the main culprit?" Herbert asked in confusion.

"It's because you bought that thing. How could such a thing happen to the children? Now, how can I answer the children's questions?" I said.

"Well... you can't blame me. And it's a very normal thing..." Herbert also looked aggrieved.

"Enough. Stop talking. No one is allowed to speak. Let's eat!" In the end, I was furious and roared at the people on the table. Then, there was only the sound of chewing food on the table.

Herbert's POV:

At night.

In the quiet and dark bedroom, Bella was lying with her back to me. I didn't know how many times I have stretched out my arm and placed it on her waist. This time, Bella still pushed my hand away mercilessly. "You're so petty. Are you still angry?" I put my face close to her ear. "No!" She yelled. "You can't blame me for the child's mistakes, can you?" I said helplessly. "It's your fault for what happened today. Who let you decide to buy that thing back on your own?" Bella said angrily.

"What should we use if I don't buy it?" I said in a low voice.

"We'll use nothing!" Bella said loudly.

I immediately smiled and reached out to hold her shoulder. "This is what you said. We'll use nothing."

After that, I pressed myself against her.

"What are you doing?" Bella questioned.

"Didn't you say that we don't need to take any measures tonight?" I said,

Bella stretched out her hand and pushed me away from her body. She seemed to be even angrier, "I mean we won't have sex. Do you understand?"

"I don't understand." I quickly shook my head.

Bella explained, "I mean you can't touch me. Do you understand?"

After that, Bella turned around.

"No, why? Isn't your punishment too excessive?" I frowned and stared at her back.

"Yes, it is to punish you not to touch me for a week!"

"What? A week? You're too cruel, aren't you?" I said loudly.

"I haven't said 'a month,'" Bella said.

"Okay then. I won't touch you. I'll just endure it for a week. I can do it." After that, I lay down sideways and fell asleep.

Bella's POV:

The next morning, I woke up very early and went to the office. I was in a very good mood,

"What happened? Why are you so happy?" Joey teased me when she saw me.

Hearing this, I smiled and said, "You'd better prepare a gift in advance."

Joey curled her lips and said, "I'm your bridesmaid. You'd better go back and ask your man to prepare a gift for me, or I'll quit."

I knew *Joey was* joking, so I didn't mind what she said.

"Come with me to buy a few pairs of shoes after work."

"Why don't you ask Herbert to go with you? He'll pay for it," Joey said.

"He has a social event tonight. Besides, I don't believe his taste," I said with a smile,

"Then treat me to dinner tonight, Joey said.

"It's only a meal, no problem." I nodded.

When it was time to get off work, all the employees had left. I walked to Joey's seat and urged her, "Hurry up and leave.

Til lock the document." As she spoke, Joey put the document in her hand into the file box.

With my sharp eyes, I immediately saw a bag in the file box. I couldn't help but ask, "You haven't given that pair of pants yet?"

Last time, because she accidentally splashed coffee onto Connor's pants, Joey bought a pair of pants and wanted to give them to him. I never expected that after so many days, she still hadn't

Hearing this, *Joey was stunned for* a moment and then said, "I'm not going to give it to him."

Hearing this, I asked in surprise, 'You've already bought it. Why don't you give it to him?'

At this time, Joey had locked the file box She turned around and pulled me out

Tot asking you a question I noticed that Joey's expression was a little unnatural

"If I gave him a pair of pants for no reason I feel that it will make him think too much Solthink it's

better not to give it."

Hearing this, I thought that although I could see that Joey had a good impression of Connor, it was a pity that he had no interest in her. It didn't make any sense to give him this pair of pants.

So, the next moment, I smiled and said, "Since you don't want to give it, why don't you get a refund? The pants are quite expensive. It's better for you to change it to some clothes you can wear." "The refund period has passed. Forget it, I'll keep it for my boyfriend in the future," Joey said with a self-deprecating smile. "When will you have a boyfriend?" I asked. "I'm afraid only God knows this question," Joey said with a smile.

I shook my head with a smile. We soon arrived at the downtown area, Joey pointed to a famous store not far away and said, "You can't be careless with the shoes you wear when you get married. The shoes in that store are very high-end. Why don't you go and have a look?"

"Okay," I nodded. A few minutes later, Joey and I walked into a famous store decorated with high-end fashion.

"Misses, what do you want to see?" A young lady in a black uniform with a store manager nametag on her chest asked with a warm smile.

I thought for a moment and said, "I want to buy a pair of shoes that suits my wedding dress. It's better to be silver, higher, and more gorgeous." Hearing this, the manager nodded and said, "We've just ordered two sets of shoes that you mentioned. Shall I get them and let you try them on?"

Chapter 462

Bella's POV: The manager quickly shouted inside, "Hurry up and bring the new pair of diamond-studded shoes for this lady to try." I turned around and sat on a shoe stool, listening to the manager's introduction. "These two pairs of shoes are limited edition. There are only two pairs of each in A City. Of course, the price is not cheap. Wearing it with a wedding dress will make you look fabulous!"

At this time, a saleslady in a black dress and a white shirt came out with her head down and two pairs of shoes in her arms.

The manager quickly ordered the saleslady, "Open it and let this lady try it on." The saleslady stepped forward, knelt on one knee, opened the lid of one of the shoe boxes, took out a pair of exquisite high heels under the light, helped me take off my shoes, and then carefully helped me put them on.

Joey and I were stunned when we saw the shoes on my feet.

This pair of shoes was indeed a new and limited edition. The style was fabulous. They were inlaid with delicate water diamonds, which were as beautiful as Cinderella's crystal shoes as if they were specially designed to suit the wedding dresses. The saleslady knelt on one knee and helped me put on my shoes. She glanced at the shoes on my feet and then raised her head and praised, "Miss, these shoes are simply designed for you. You..." Before the saleslady could finish her words, she fell silent.

At this time, I also looked up at the saleslady's face.

I was stunned when I saw the face of the person who had changed my shoes for me!

I didn't expect that she would end up selling shoes here. Although she had also put on makeup, it was obvious that it was much lighter. In addition, she was wearing the clothes of the saleslady. I couldn't imagine that the person in front of me was the one who had been very arrogant a few days ago, Emma. At this time, when Joey carefully looked at Emma, she also recognized her. After being stunned for a while, Joey put her arms in front of her chest and said with a sneer, "Isn't this Emma? *Why are* you selling shoes now? Did I see wrongly?" For a moment, the expression on Emma's face was very awkward. She lowered her head and did not speak. If it had been in the past, she would have gone forward and hit Joey. At this time, the store manager said to Emma, "Emma, do you know each other?" "We not only know each other, but we're also old acquaintances." Before Emma could say anything, Joey interrupted her. "In that case, you can take care of Emma's sales performance. She has been working here for a week, and she hasn't sold a pair of shoes yet. This pair of shoes is our store's high-end ones, and it can boost her sales!" The manager said with a friendly smile. At this moment, Emma's head was already hanging down to her chest. I could see that her hands were clenched into fists, probably with great patience.

I knew that such a world-famous store had very strict requirements for the application. And if she wanted to apply, she had to pay a fixed deposit. If she offended a guest or damage the goods in the store, she had to be responsible.

It seemed that Emma and Connie really had no choice this time. Otherwise, they wouldn't have come here to sell shoes.

I didn't know why at this moment, I should be very happy, but I was not very happy to see that Emma had really come to this point. Alas, in the end, it was their own doing.

They were not worthy of pity. At this time, Joey spoke. "Of course we can take care of her sales performance, but I don't think this pair of shoes look good. Please take out the other pair and give it to my friend!"

Emma looked up and stared at Joey with hostility.

Joey could take revenge this time, so she would definitely not show weakness. She directly said to the manager, "Manager, what's wrong with your saleslady's attitude? Didn't you say that a guest is God? Is this the attitude you should have towards God?"

"Emma, what's wrong with you? Have you forgotten the employee regulations?" The manager scolded her in a low voice.

At this time, Emma explained with grievance, "Manager, they have conflicts with me. They are here to make trouble. They will never buy our shoes!"

Hearing this, the manager corrected her and said, "As long as they enter our store, they will be our God. You have to put aside all the previous grievances."

Then, the manager turned to me and Joey and said with a smile, "Misses, it's all our saleslady's fault. I'll ask her to get another pair of shoes for you to try."

Seeing that Emma was still standing there, the manager was impatient and urged, "Hurry up and help the guest try the shoes!"

Emma was extremely angry and did not move.

"Do you want to be fired? Did you forget how you begged me to let you stay and work without experience?" The manager was a little angry.

Emma had no choice but to squat down again. She reached out to take off the shoes on my feet first and then opened the box of the other pair of shoes. She took out the shoes and was about to put them on for me.

At this time, I suddenly put on my shoes and looked up at the manager. "Sorry, I don't like these two shoes."

Then, I took Joey's hand and left the store.

Joey shook off my hand and complained, "We can finally get revenge today. Why did you run away? You're so useless!"

I pursed my lips and said with a smile, "Emma is very down and out now. We don't have to continue to make trouble for her."

“Have you forgotten how they treated you and your mother in the past? Don't you hate them anymore?” Joey asked.

Hearing this, I lowered my head and thought for a moment, then said faintly. “I'll think about it carefully. For so many years, as long as I meet Connie and her daughter, I'm sure we'll fight with each

08:45 other. Now they're on their own. This is the best punishment for them. God has punished them on my behalf. Why should we spend time and effort teaching them a lesson? In fact, I don't want to see them anymore. It's better for them to disappear in my life forever, because I want to forget the unhappy things in the past.”

Joey thought for a moment and said with a smile, “I found that you're no longer the same Bella you used to be. After you've had Lucas and Lucky, you've become soft!” I chuckled. “You're still the same. Time has not changed you at all.”

Joey looked up at the sunset in the sky and said, “My mother used to be my weakness, but now I'm all by myself. There's nothing to worry about, and there's nothing to be afraid of.”

“So it's best not to offend people like you, or they'll be in big trouble!” I joked.

“It's good that you know, so don't offend me in the future.” Joey laughed.

As soon as we spoke, we heard the manager of the famous store call Emma to the door and scolded her loudly.
