

# PUNISHED BY HIS LOVE

## Chapter 2262 - 2271

When I heard the mother's miserable cry and the sentence to see who it was, the three sisters stopped at the same time.

They looked at their mother at the same time.

"You still have the heart to fight, let's see who is behind you first!" The mother's cry this time was more miserable and desperate than before. .

The three sisters also looked back at the same time.

Behind them, stood five or six men dressed in black, five or three thick.

One of the leading men said coldly: "You said that your little brother is in the best hospital in Nancheng and is the best and youngest doctor. Your little brother has real estate in Nancheng. Not only does he have real estate, but your little brother also has real estate in Nancheng. Many friends, many of those friends are wealthy family members of patients.

The pie that your Pan family drew for us is really big.

We didn't believe it at first. I

followed you to Nancheng. After we saw your little brother, we Believe it.

You poor bastards really have such an excellent younger brother. It's a

pity.

Your hearts are too cruel.

People used to be thieves who used to do business without capital, and they knew that they stole someone in the middle of the night. The

pigs, cows, etc., if you leave a piece of star anise, you will buy it with money.

You are good.

Not only will you not spend a penny, but you will swallow your little brother's bones.

Don't See that we are debt collectors, we sigh.

We are not as ruthless as you!

But cleverness is mistaken by cleverness! You are so ruthless, thinking that your little brother will obediently submit again, but I don't know, the backstage of others is even harder!

You never thought that your little brother is really the son of the Fu family in Nancheng!

Now, no monkey lead, right?

Oh shit!

We are so unlucky!

I followed you along the way, and when I got here, not only did I not get any interest, but I couldn't get the principal back at all!

We can't afford to offend Nancheng Fu's family!

But you, and your children, all belong to us!

Get up and follow us obediently!

Boss..."

There are a lot of men in black, eldest sister Pan Panpan: "You're old, fifty? Eh, it's really worthless. Fortunately, the maintenance is good, and it is reasonable to charge for forty.

Then send it to the worst place, no matter what, you have to pay 20,000 yuan a month! The term is five years.

I think after five years, it will be almost useless! Pan Panpan was immediately paralyzed with

fright.

She couldn't cry anymore, she barely supported, begging the man in black: "No, please...you can't be so vicious, this is the street Go ..."

The man in black smiled lightly: "Okay, then your daughter..."

"No no no, I'll go, I'll go! Pan Panpan said in panic immediately.

The man in black snorted softly: "Well, this is what it should be like to be a mother like your parents treat your little brother." That's really not what people do, let alone what parents do. Get in the car! "

Pan Panpan obediently followed a few people behind the man in black and got into a black commercial car not far away.

She didn't dare to shout, she didn't dare to scream.

Immediately afterward, Pan Gaigai, the second sister of the Pan family.

The man in black treated Pan Kaigai a little bit better than Pan Panpan.

"You are a little more purple than your eldest sister, but you owe more than your eldest sister. In the same five years, your treatment is a little better than your eldest sister's. You can figure it out for yourself, you go to the car, Or..." The man in black asked.

There was still blood on Pan Panpan's face.

It was the fight between the eldest sister and the third sister just now.

She didn't even bother to wipe off the blood on her face, so she looked at the man in black with a dazzling expression: "I, how much do I have to pay for a month, how much?"

"Fifty thousand." The man said lightly.

“Five, fifty thousand, then I have to...” Pan Gaigai’s face turned green, she was also forty-six years old, and she had the taste of a lady.

To say youthful and beautiful purple.

## Chapter 2263

She really can’t talk about it.

For a grade like her 44 or 6 years old, she made 50,000 yuan a month.

Is she still alive?

“Could it be less...”

“Then a month, sixty thousand.” The man in black didn’t change his face.

“I’m going, I’m going, I’m going...” Pan Kaigai knew that if he continued to linger here, it might rise to 2,000 yuan a night.

She was terrified of rolling and climbed into the black car not far away.

There is only Pan Youyou, the third child, on the ground.

Pan Youyou raised her tears and looked at the man in black with a smile: “Little brother, I, I’m only a year short of forty, my figure, my appearance, my...”

“Well, a month, 150,000.” The man in black didn’t even look at Pan Youyou.

“No...” Pan Youyou’s face turned pale with fright.

“Then three hundred thousand.”

“I can, I can accompany...” Pan Youyou wanted to say that with her beauty, she could accompany the boss of their gang.

Thinking that when she borrowed water, she also relied on her own purple, and borrowed a million more than the eldest and second sisters.

“Yes, I know you are 300,000 yuan a month, which is very easy. So I set a goal for you that is bigger than your two sisters. If you think it’s easy, I can set a higher goal... “

No, no! No need, I’ll get in the car by myself.” Pan Youyou crawled into the car not far away.

The three sisters all had a handle on being caught in their hands.

Don’t dare to resist at all.

The conversations of these people are extremely vague.

To outsiders, it was just a family dispute.

Especially Pan Youyou, who always smiled at the man in black.

How can anyone else know what’s going on?

On the other hand, the old couple of Pan’s parents saw that all three daughters were restrained in the car, and it was unknown whether they would be able to survive in this life.

The old husband and wife of the Pan family were dumbfounded.

their daughter.

three daughters.

She gave birth to three daughters in her lifetime.

They are always in love!

There has never been a preference for boys over girls.

Is it just like this to be destroyed and ruined?

But, what else can I do?

“Old man, you are also getting old. We are all civilized people. We will never disrespect the elderly. I will buy two train tickets for the two of you in a while and send you back to your hometown. How is it? We

are still very happy. Human, right?” The black-winged man looked at an old couple of the Pan family very seriously.

The old couple was speechless.

After a full minute, the old lady suddenly vomited blood: “Retribution! This is all retribution!

We spend money to buy a baby back, which is the biggest persecution of others!

But the baby we bought back, We have never loved him, we only know how to persecute him, we only know how to search for him.

We are still desperate for this child . We

even tried to kill him.

Seeing him come back to life, we delusionally continue to drain his blood.

We really deserve it!

God!

My wife has done so many wrong things in this life, I have no face to live in this world anymore. “

Speaking of words, the desperate old lady suddenly slammed into the concrete pillar of the viaduct next to her.

“Bang!” “The old lady died on the spot.

“My wife...” Pan Jianliang roared with a heart-wrenching roar and quickly threw himself on the old lady.

## **Chapter 2264**

This scene is really tragic.

Even if Pan Youming made up his mind to cut ties with the Pan family, he did not expect such an outcome.

Pan Youming's eyes turned red.

Involuntarily, he shouted: "Mom."

However, it was only a shout.

Because he knew that he had already done his best for the Pan family.

It has been repaid a hundred times a thousand times.

The reason why the Pan family has come to such a desperate point today is really the Pan family's own fault.

No one can blame this.

Therefore, even though Pan Youming's tears were blurred, he still sat in the car and didn't move.

The car is more blocked.

A lot of people who were brave, opened the door and got closer to see, and the car was even more congested.

Pan Jianliang, who was on the ground, hugged his wife, crying and shouting: "My wife, we, we are going to destroy our family. What are we trying to do?"

I know it's wrong, I know it's wrong.

I'm Pan Jianliang . I have done something wrong all my life, I deserve it.

Old woman, why did you want to die before me.

Old woman...

you wait for me."

After another cry, Pan Jianliang followed his wife's example. He moved his head and slammed into the concrete pillar that the few people were hugging together.

Immediately died.

This tragedy came too suddenly.

Some people who want to watch the fun don't dare to get close.

Many people got in the car.

Pan Youming, who was sitting in the car, had already burst into tears.

He shouted: "Dad, mom, dad, mom, how much I want to call your parents, how much I want to throw myself into your arms, how much I want to raise my head, lie on your knees and act like a spoiled child

. Just once? How

I wish you could always be by my side.

Watch me get married and have children.

Watch me give birth to a child and a child.

Then, my wife and I both work and you take care of me.

How much do I want to do that?

But, why? Mom and

Dad.

Dad! Let's go.

Mom, please go well.

Ah..."

Pan Youming suddenly screamed in a suppressed voice: "My parents. Dead!"

This morning, Pan Youming didn't To be able to visit his biological father at the Fu family's old house, he turned around and parked the car under the viaduct, rushed to his adoptive parents, and then took out his mobile phone and hugged the police.

He didn't know where the black car that was parked just now had gone.

At this moment, all he can do is call the police.

The police will come soon.

The adoptive parents were sent to the crematorium after an autopsy.

Pan Youming was dealing with his adoptive parents all the way.

Although he has severed his relationship with his adoptive parents, and although he no longer wants to ask about his adoptive parents, both old people died in the end.

He couldn't just sit back and watch.

The family here in Nancheng are very supportive of him.

The hospital is on leave.

In the past few days, he can handle the whole process of adoptive parents.

Three days later, the corpse was groomed, and then about to enter the cremation furnace.

At this time, Pan Youming also received a call from the police.

They arrested a criminal gang that imported people from abroad, and most of those people owed money. You need to pay your debts with your own.

Most of those in debt are women.

## **Chapter 2265**

is usually stepped on in advance, and then step by step into the pre-set game, step by step They cheated and gambled all their property.

End up in debt again.

Until the end, he was carrying an unfinished debt, and then used his body as the capital to repay the debt.

Until that body has nowhere to use, it will eventually be quietly executed.

Such a huge, vicious and direct dark gang was quickly destroyed by the police under the clues provided by Pan Youming.

It's just that no one knows what the three sisters of the Pan family have experienced in the past three days. When the police found them, the three sisters were all dead.

They were bruised and scarred, and their bodies were not getting better.

Even the mouth of Pan Panpan, the boss of the Pan family, was cut open.

Seeing the three sisters die so tragically, Pan Youming could hardly bear to look directly.

In just three days, the entire Pan family was destroyed.

It was the funeral of the Pan family that Pan Youming was in charge of. After all the matters were dealt with, it was already a week later.

Pan Youming also lost weight.

On Sunday, all the relatives in Nancheng came to Pan Youming, and Pan Youming was still immersed in pain.

“Haoyang, don't be sad. They all deserved what they deserved. You didn't let them take part in gambling, and you didn't let them do it when you bought and sold babies.

The abuse of you for so many years is also their crime.

There is a way of reincarnation, and this is the retribution they deserve.

Children, don't be sad anymore, if you are sad, your mother will be sad too. "Zhu Zhu stood in front of Pan Youming with a bowl of pure hearted pig liver soup.

She has been a monk for decades .

What she believes most is the reincarnation of heaven.

Pan Youming, who was sitting on the sofa, has calmed down after these two days of adjustment. More.

He looked at his mother and smiled slightly: "Thank you mom, mom, you worry about me too much, I'm fine. In fact, I can figure out everything, I just, after all, they used to be people who lived by my side. I also called my parents, my sister, and they all died at once. I can't accept it. "

"Mother knows." Zhu Zhu's eyes were red. Her

son is a person who attaches great importance to feelings.

"From now on, I will accompany you to visit the graves of your adoptive parents every year ." "Yingzi also put his arms around Pan Youming's shoulders and said.

Pan Youming nodded, then raised his tired eyes to look at all the relatives who came to visit him.

Fu Zhengxiong, Arron, Suzi, Arron and Suzi's three children.

Included Suzi's mother, Aunt Alyce is also here.

There are also Suzi's cousin, Darius and Galia.

Next to them are Sanford and his wife and their children. The one

sitting on Pan Youming's left is calling him four. Pan Mingsai, who is the same as her uncle, and her boyfriend, Joan. On the

balcony, there are a group of children running and playing. And

Rayna, who takes care of the children.

Pan Youming's face , gradually began to smile.

“Yeah, from now on, my focus will be on Nancheng, the small county town has nothing to do with me, and their deaths have nothing to do with me.

I will still be a very good male doctor.

At home, I am a good husband and a good son. “

Yu Bi, he stood up and looked at everyone present cheerfully.

“Tell me, what do you want to eat today?” I'll cook for you myself.

Not only do I have good knife skills on the operating table, but I'm just as good at knife skills in the kitchen! “

Fourth Uncle, I want to eat pork chops that are sprinkled with breadcrumbs and topped with cheese.” Shen Weili said on the balcony. “Fourth Uncle, I want to eat it

too. I haven't had enough of the fried pork chops you made for me and Weiyi last time,” Pan Mingsai immediately followed.

For a few days, Pan Mingsai was sent to study abroad. She heard about what happened here with the fourth uncle from other people. But

after listening to it, Pan Mingsai couldn't help but burst into tears. I

feel bad for the fourth uncle.

The best way for her to comfort the fourth uncle is to eat the food made by the fourth uncle.

She knows that the fourth uncle likes the feeling of home the most.

“Okay! Fourth uncle will give you fried pork chops today! With that said, he walked into the kitchen.

Just as he reached the entrance, the doorbell rang.

Pan Youming stopped abruptly. He first glanced back at the large living room. All the people he knew were in this living room.

Who could it be? Knock on the door?

Opening the door, Pan Youming saw the face of a strange man, and he asked suspiciously, "Who are you? "

## Chapter 2266

"Pan, Pan Fourth Uncle, you must be Pan Fourth Uncle!" The man said with a rude smile.

Pan Youming looked puzzled: "Depending on your age, you have to..."

"I'm not talking about age, but seniority." The man said with a smile.

Pan Youming: "..."

"That's it, Fourth Uncle Pan, I need to explain it to you. My second uncle, and your own brother, my Fourth Uncle Fu, killed the brothers and two of them. Friendship, let me tell you secretly, my second uncle and my fourth uncle Fu used to wear a pair of trousers when they were poor.

Therefore, their relationship is not much worse than your relationship with my fourth uncle Fu.

You say, I call me fourth uncle Fu and uncle, I Calling you, can't you call me fourth brother Pan? In this way, my fourth uncle Fu will strip me alive." Although Jun Ruian is already the father of two children, in front of Arron and Pan Youming, he still looks like a child of.

Pan Youming was still at a loss: "Your name..."

"Oh, Fourth Uncle Pan, can you let me in first, I miss my daughter-in-law, and even more, my two little cubs." Jun Rui Ann couldn't wait to squeeze in.

“Don’t come in! If you dare to come in, I will kill you with a knife!” At some point, Rayna was already standing behind Pan Youming.

Not only did she have a kitchen knife in her hand.

There were also two ferocious bodyguards standing beside her.

It’s just that these two bodyguards are too short.

They were not even close to Rayna’s waist. If the two bodyguards were standing next to the taller Pan Youming and Jun Ruian, the two bodyguards would only be able to reach the crook of Pan Youming and Jun Ruian’s legs.

However, although they are short, the combat effectiveness of the two bodyguards is very powerful.

Before Rayna could issue an order, the two bodyguards rushed towards Jun Ruian angrily.

Two little things, one left and one right, hugged Jun Ruian’s legs.

“Ow...”

“Ah!” The

two little guys tried their best to try to knock down the behemoth they were holding.

pity.

This behemoth remained motionless.

Annoyed the two bodyguards.

They had to change their strategic approach.

The two of them started stepping on Jun Ruian’s shoes in unison.

One foot after another.

Jun Ruian’s originally shaved shoes were stepped on by two little bodyguards within a minute or two, just like Huapigua.

But Jun Ruian didn't care.

He just laughed.

He looked at the two bodyguards very proudly, hugging his legs and stepping on his feet.

Although Pan Youming, who was standing opposite and watching all this, had never seen Jun Ruian, he had already analyzed who the man in front of him was.

"Your name is Ruian, right?" Pan Youming asked.

"Exactly, fourth uncle." Jun Ruian shouted as if Pan Youming was his fourth uncle.

Pan Youming doesn't know him yet.

Moreover, I heard that Pan Youming is a gentle and elegant person, very knowledgeable and reasonable.

This is what Jun Ruian is most likely to win today, someone who can help him say something nice. This can't be called the sweetness of the fourth uncle.

"Come in, come in quickly, you see your two children are so good, they are so aggressive, eh, they are really energetic." Pan Youming took a step back while boasting, intending to let Jun Ruian come in.

"No!" As soon as he finished speaking, he heard three voices in unison.

One of them is Rayna.

The other two voices were very immature.

Jun Fazi said in the mouth of the two little bodyguards who were chasing and beating Jun Ruian.

## **Chapter 2267**

The

two little bodyguards are still stepping on Jun Ruian shoes.

Seeing that they had already exerted their strength to suckle and stepped on it, Jun Ruian was still motionless, and the two little bodyguards were talking nonsense.

Jun Dabao's eyes wandered for a while, and suddenly came to his mind.

Then he and his younger brother Jun Erbao winked.

The two brothers immediately became in harmony.

They even tilted their heads in unison, and then rushed forward, and their mouths rushed to Jun Ruian's lap. Before Jun Ruian could react, the two brothers had already started to bite.

A three-year-old child has soft baby teeth.

After biting down that bite, the itchy Jun Ruian said, "Ow, ooh, ooh" and laughed non-stop.

"Little bastard, little bastard, stop! Dad can't take it anymore, I can't take it anymore, Dad is here to confess to your mother today, you guys, can you forgive Dad?" Jun Ruian immediately looked at Rayna for help.

His expression was also funny: "Rayna, you, take care of our sons. I'm their biological father."

Rayna sneered: "My biological father? I don't think so? Woman, I can't even count how many green hats I brought you."

"Rayna!"

"Rayna, you can't talk like that!"

Suzi and Galia scolded Rayna at the same time.

Only Suzi and Galia dared to scold Rayna like this, and Rayna was not angry.

Because she knew that in this world, her two best friends were Suzi and Galia.

Both of them are for her own good.

Rayna smiled bitterly at Jun Ruian, in a tone of relief: "I'm sorry."

For a while, Jun Ruian was not used to it.

"Rayna, you, you are so polite to me all of a sudden, I will feel, you...you and I have a separation. You should use your characteristic loud voice and scolded me harshly. Rayna. Rong." Jun Rui said in a mean tone looking at Rayna.

Rayna shook his head: "No need for Ruian. I think, no matter how bad my current situation is, it can't be as bad as when Suzi was fleeing abroad, right?"

At least I can find an income by my own ability now. Expensive job.

I can support my two children at the most basic level.

I think, I am really not suitable for being a rich wife of a noble family. Speaking of family background, I don't even have biological parents.

I really don't want to live a life of trepidation every day, neither on the left nor on the right.

I think..." After a

pause, Min Qing Rong Cai said again: "Rui An, I think we should both calm down for half a year, okay?"

"Not even a day! I miss you and our two children!"

Since you are in Nancheng, then I will It's also in Nancheng!" Jun Ruian was playing tricks like a child.

This made Rayna unable to laugh or cry.

"Go away!" At this time, the cold Yingzi spoke up.

Jun Ruian was stunned for a moment: “Yingzi, don’t forget, you can go back to the capital, but it’s because my second uncle is open to you. Seeing that my second uncle is kind to you, you also You have to go towards me, don’t you? You can’t turn your elbows out.”

While speaking, Yingzi had already come to Jun Ruian: “I’m sorry, Mr. Jun! I know that it was your second uncle who opened up to me! But it was your second uncle, not you! I don’t know anything else, I only know , When I returned to the capital, Suzi gave me a task. First, she asked me to protect Sister Du Juan Shanshan!

Second, let me protect Rong Rong!

I don’t care if you are Kraig’s nephew, I only know that Rong Rong Rong is wronged now, she is not happy!

She is now at my house, my husband’s house!

I ask you to leave immediately, if you don’t leave, I will beat him up!”

Yingzi was not joking.

She was a very straightforward and simple girl. Suzi asked her to protect Dalia and Rayna, and she would always keep her promise.

The words must be said, and Yingzi raises his hand to beat Jun Ruian.

As a result, before her fist fell, she saw two small dumplings, roaring at Jun Ruian: “Beat you to death...”

“Dad, what should we do? Is there nothing we can do? My brother won’t forgive us again this time? If he doesn’t take us in, we’ll really be dead on the street.” Pan Youyou is the most arrogant one. Also one of the most timid.

When she cried like this, it was the beginning.

A family of five could not care that it was on the street.

Not to mention, they all wore gold and silver, and fur.

Pan Youyou was the first to sit on the ground, crying loudly: “Ow, ooh... We are dead, if my little brother doesn’t want us, we are dead...”

“Little brother, little brother, little brother! Do you know that he is our younger brother at this time? Since childhood, you bullied my younger brother a lot, but it was you who bleeds from his nose and mouth!” Pan Gaigai put his foot on Pan Youyou’s body.

“Aren’t you the same?” At this time, Pan Panpan grabbed Pan Gaigai’s hair: “If you hadn’t pushed me, I’d have to let us join up with you and restrain the younger brother.

What else do you say, so that we can make My younger brother’s property is firmly in our hands.

What can I say, with my younger brother as a cash cow, we will have nothing to worry about in our whole life. What else do you say, we cannot let my younger brother get married and have children in this life, because once my younger brother gets married , With a wife and children, the younger brother can no longer think of us as the focus, and the money he earns can no longer be ours!

Second sister, this is what you said!

You are a fucking jerk ! “

Panpan, are you looking for a fight? Do you think I can beat you? You’re already fifty, and I’m only forty-six! I can’t beat you to death!” Changed, suddenly turned the spear, and directly hit the eldest sister Pan Panpan with her head.

At this moment, the three sisters of the Pan family are completely dog-eat-dog.

The three sisters were fighting on the street.

Everyone hit was dirty and dusty, and their hair was ripped off.

Originally there was a traffic jam, but now there are a lot of people getting out of the car to watch the fun.

Even if Pan Youming wanted to leave, no one would listen to the horn.

He could only continue to sit in the car and watch his former family fight each other on the street of Nancheng Railway Station.

“Stop beating! Stop beating!” This was the sudden deafening cry of Mother Pan: “The others haven’t killed you yet, but the three of you killed yourself first!”

“Look at what’s behind you. Who is here! What a sin...” Mother Pan’s cry was miserable with panic.

## Chapter 2268

The

two children kicked, bit, beat Jun Ruian, and attacked.

Jun Ruian is really dumbfounded.

The heroic figure next to him who was going to use force against Jun Ruian suddenly laughed at this scene.

She fanned the flames: “Dabao and Xiaobao beat him hard! Who made him hurt your mother!” The

twins beat him even more fiercely.

Jun Ruian was embarrassed by being beaten by two children, but he was reluctant to beat his own children again, after all, they were only three years old.

Jun Ruian looked at Suzi with an embarrassed expression: “Four aunts, this...Four aunts, I have never treated Rong Rong badly,, please help to persuade Rong Rong and tell her not to let the child go. Hit me, I will get used to the child from now on...”

Before Suzi could speak, he still held the guessed Rayna in his hand and said, “Jun Ruian! I swear by my personality. , I have never instigated the children to beat you! When you are not at home, I always tell the children that Dad is a good dad.

Dad loves them very much! I

have never instigated them!”

“I know, I know Rayna, I know.” Jun Ruian said repeatedly.

Rayna’s eyes suddenly turned red: “Since you know, it means that the child beat you up is not at my instigation, the child beats you, it can only show that they really see the mother’s sadness. They are holding injustice for me.

As a child Father, you also have the responsibility to educate the child!  
The

child beats you, you can only blame you, the father, for not fulfilling your responsibility!”

After some words, Jun Ruian was speechless.

In front of Rayna, Jun Ruian is indeed the image of a man, but in the eyes of the entire Jun family, he is still a child-like existence, so the Jun family still loves Jun Ruian, which leads to his When he was in Jun’s house, especially in front of his two children, he didn’t look like a father.

Moreover, due to the free life of Jun’s family and the favor of his parents, Jun Ruian lived quite freely in Jun’s house.

Although he is already the father of two children, Jun Ruian often goes out to have dinner with three or five friends. He is crazy, and sometimes it is normal to travel for a few days.

And most of the time, Jun Ruian also invests all over the country.

Most of Jun’s family are engaged in politics, even the father, who is not easy to compete, is also engaged in politics.

But Jun Ruian doesn’t. He doesn’t like to be in politics, so he chooses to be in business. He also has business acumen, so that there are many successful investments all over the country, so in a year, two-thirds of him actually are all flying around.

In this case, even though he and Rayna’s two children are already three years old, Jun Ruian rarely interacts with children at home.

He has always felt that when children grow up in Jun's house, they are always loved by grandfathers, loved my grandma, and loved by great-grandchildren. Even the second uncle Kraig and second aunt Dalia love this. He loves his grand-nephew as much as he loves their own two children.

Therefore, Kraig, who is not at home all year-round, also feels that his two precious sons are not lacking in pain anyway.

That is the fourth generation of the most precious of the Jun family.

Who doesn't love?

As a father, he can be lazy.

It doesn't matter if you are lazy like this. After three years, the two little guys, Dabao and Xiaobao, have no feelings for their father at all, even though their mother has always praised their father for being good, and how much my father loves my mother, what the hell.

But as soon as their mother moved out of Jun's house with the two of them, the two little guys immediately joined their mother and fought against their father.

They just want to protect mom.

Who made my father hurt my mother?

snort!

And just as Rayna said, the reason why the child does not beat his father like this is that he, the father, is also responsible.

He did not fulfill the responsibility of educating children!

Jun Ruian was speechless.

## **Chapter 2269**

He can't laugh or cry looking at Rayna, looking at two children, for a time, can only let the two children first Get pissed.

Fortunately, the two children were not very strong. After a few minutes of fighting, they were tired and panting. They sat on the ground one after another, gasping for breath, and then looked at their father very eagerly.

“Humph! I’m bullying my mother, and I’m beating you!”

“I’m just asking you if you’re not convinced!” The

two three-year-old children spoke like adults.

A room full of people was leaned forward and backward by these two little laughs.

With the knife in his hand, Rayna couldn’t help but laugh.

Taking advantage of the situation, Jun Ruian took the knife from Rayna’s hand, and he still smiled: “Rayna, look, there are so many people today, give me a face, let me in, I have nothing to say. Say it well, if you have something to solve it.”

Jun Ruian was considered very soft.

Seeing this in the eyes of other people, if Rayna used his accent again, it would be really hard to justify it.

Rayna looked at Jun Ruian angrily: “Come in soon!”

Jun Ruian said with a smile: “Rayna, you still can’t let me go.” After speaking

, he came in on his own . .

He has never been to Pan Youming’s house, not once.

However, except for Pan Youming and Zhu Zhu’s mother and son, the people in this room were all people he knew well.

Jun Ruian came to Pan Youming’s house, just like his own home. His fourth uncle was long and his fourth uncle was short calling Pan Youming.

Pan Youming didn't quite get used to it at first, but in just a few seconds, he got used to it.

Sitting on the sofa, Pan Youming even took the initiative to persuade Rayna: "Rayna, it's not easy for two people to get to the point of marriage, and I also know that if you don't involve other people's hardships, don't persuade her to be kind, but after all, they have two children. Now, you can discuss everything."

Rayna always respected Pan Youming.

She smiled and said: "Fourth brother, I know, thank you for your concern for me, I will consider your words carefully."

"That's good." Pan Youming said.

Jun Ruian also looked at Pan Youming gratefully: "Thank you, the fourth uncle, thank you, the fourth uncle."

"Eat first, we are all here today, there are so many people, we will be living together today." At this time, Zhu Zhu said.

Everyone stopped discussing Jun Ruian and Rayna.

After more than an hour of work, the meal was officially started.

Pan Youming is worthy of being a good hand in the kitchen. The pork chops he made are dipped in bread crumbs and topped with salad. It's tender, crispy, and juicy.

Not to mention that children love to eat it, even adults eat it full of oil.

After the meal, Galia and Pan Mingsai took the initiative to take a few children to play eagle and chicken on the balcony. Rayna and Jun Ruian's two children also participated. In the living room, the rest are adults.

At this time, Jun Ruian looked at Rayna solemnly: "Rayna, don't be self-willed, go back with me. You know, a family as big as Jun's family, you don't even say hello to the old man, just bring The child returned to Nancheng on his own.

Do you know how worried the elderly are?

How worried are my parents?

And my grandparents, my grandma cried.

But, even so, they still let me come to Nancheng to pick you up, which is the biggest step for you.

Be obedient and come back with me.

Rayna also looked at Jun Ruian solemnly: “No, I won’t go back with you.” Ruian. “

## Chapter 2270

Jun Ruian’s face immediately paled, and with a flash of anger, he immediately covering it up, he tried his best to soften his voice and said, “Rayna, don’t make trouble!”

“I didn’t make trouble!” Rayna said calmly.

She looked at everyone present and smiled sadly.

Then he took a deep breath and said calmly: “Rui An, don’t say it’s you, I know that all my friends here today, including Suzi and Galia, who are my relatives, may persuade me to go back with you.

Because in general, you are indeed good to me.

You love me and love me.

Since you married me, you have never been out and about. People in this room will definitely persuade me that you are married now. Now, we have two children, a pair of twins, what a wonderful family.

Rong Rong, you are a girl who has nothing, and you can marry into a family as prestigious as the Jun family. This is a blessing that you have cultivated in your lifetime

How many girls want to be the wife of Jun Jiakuo. They can squeeze their

heads.”

Having said this, Rayna smiled again.

That smile, with a sense of helplessness, abandonment, and relaxation.

After laughing, she continued: “However, if you don’t really integrate into that family, who can understand what it’s like? I’m trying my best to imitate the living habits of rich people.

The voice, chewing hard and swallowing slowly.

When I attended some banquets, I worked hard to drink red wine like others, and I worked hard to eat steak and foie gras like others.

However, in the eyes of others, the way I tried to make it is still so ridiculous.

Because I am clumsy.

I didn’t train as a kid.

I really don’t want to participate.

However, my mother-in-law must ask me to participate.

Because my mother-in-law is a very happy person, her mother-in-law’s life has always been so incomparably elegant, and her gestures have long been permeable.

But I can’t.

I’m struggling.

I feel like a clown, in that circle, jumping up and down to be laughed at.

I sincerely hope that my mother-in-law can help me and support me.

But my mother-in-law didn’t give me the slightest sense of security.

My mother-in-law gave it to me, although it is not disgusting, it is not inclusive.

What she gave me made me feel like she was putting up with me.

For the sake of her family, for her son, she was holding on to me holding her nose, like if she didn't hold her nose, she could smell my stench.

But she never thought about me, how much I changed in order to integrate into this family.

I have been trembling to the point of not being able to find the east, west, north, and south.

I can't even make my own decisions about what to feed my own children, what food to feed them each day, and what to wear each day.

No, I can make my own decisions, but my decisions often end up being scolded by your mother.

Those of your mother's best friends, those famous and wealthy wives, the eyes that look at me are sarcasm in my opinion.

Although they are not blatant, the taunting of that kind of secret poking is enough for me to bear.

Ruian, I have told you countless times, but how did you answer me every time? "

When I heard Rayna say this, Jun Ruian couldn't help defending himself: "Rayna, we, we can't be unreasonable, every time you mumble this to me, have I coaxed you?", I also communicated with my mother in time.

But, my mother really has no ill will towards you.

She just wants you to be well and wants you to integrate into this big family as soon as possible.

She has long accepted that you are her daughter-in-law. "

"Yes yes yes!" Rayna burst out suddenly.

Her roar stunned Jun Ruian.

Jun Ruian was speechless for a long time: "..."

"Why should your family accept me!"

Why did you put up with me like this and put up with me like that, why did you put up with me!

your acceptance!

Your patience, your patience!

## **Chapter 2271**

is a kind of charity to me!

Charity from the bottom of my heart!

Jun Ruian, I am your wife!

Not the maid you bought!

It's not the poor little one who was rescued by your family's grace!

I, Rayna, have no father and no mother! It's a little \*\*\*\* in the city! But I don't owe you Jun's family!

I didn't die begging Bailai to marry your Jun family!

I don't need to eat yours!

You don't need to drink your family's!

I can feed me, feed my son!

In the future, I will also give my son the surname of my Min family!

you!

Your mother, if you want to see my son, ask me if I agree or not! " At the

end, Rayna almost gritted his teeth and continued.

In such a situation, Suzi, Galia, and everyone present could feel how awkward Rayna was in this marriage. Don't be uncomfortable

. It really answered Suzi's worries at the time.

She was worried that Rayna didn't have her parents' family, and her personality was a little anxious and careless. The drill bit didn't care about her shyness. On the surface, she looked savage and fierce, but in reality, she didn't care at all

. The wealthy and powerful families, don't be controlled by others everywhere.

Now it seems that it is really so interesting.

Rayna is not Dalia after all.

Although Sister Shan is not as powerful as Rayna, Kraig can cover the sky with one hand in Jun's house.

What's more, Sister Shan has a gentle nature. She has been with Kraig for ten years. Her temperament and personality have long been nurtured by Kraig, and she has become a part of that family.

In addition, Sister Shan would not fight or rob.

No matter how sad the day is, she can endure it.

But Rayna was different.

She can't take it.

So, being able to endure for three years is already a miracle.

Rayna's angry rebuke not only calmed Jun Ruian but also calmed everyone present.

Rayna, who was angrily rebuked, also burst into tears: "Yes! I'm poor! I'm a shrew, I'm uneducated, I'm not good at anything, I have no culture, I have no quality! But I am me! I am human!

I am She is the mother of my son!

Your family is good, your family is a wealthy and noble family!

I, Rayna, can't stay in your family, can I!

I can support my son!

No matter how savage and uneducated I am, I will not break the law  
Come on!

Why should I live in your Jun's house, living in fear and shame?

Jun Ruian!

Let's go!

I won't go back to Jun's house with you.

I want to live, work, and buy a house in Nancheng. Support my son."

Jun Ruian: "Rayna, I..."

At this moment, Jun Ruian didn't know what to say, and he looked at Suzi for help.

There was grievance in his eyes.

He thinks that he has tolerated Rayna a lot, and until now, he still loves Rayna.

love children.

If there is anything wrong with him, at most it is one. Although he is married and a father, he still can't change the laziness of the son.

But, which son, brother, is not like this?

What Jun Ruian has done is much better than others.

"Fourth aunt, look at Rayna..." Jun Ruian looked at Suzi and said.

Suzi said calmly: "Rui An, go back first, you all calm down, I'll find you later, okay?"
