

PUNISHED BY HIS LOVE

Chapter 2232 - 2241

Everyone turned back.

Not far away, a man in a suit and leather shoes who had just got out of the car was slowly walking towards them. The man was all respectful and followed by two entourages.

Both attendants had golden eyes, and both had portfolios in their hands.

These three people, even if they don't know each other, can tell the difference.

What does this great man say?

Is Pan Youming his younger brother?

Many onlookers were puzzled, and the three sisters of the Pan family and the parents of the Pan family were even more puzzled looking at this man who came here.

The second sister Pan Gaicai's eyes were the sharpest, and she immediately blurted out: "Hey, isn't this man, eldest sister, the man we saw at my younger brother's house the weekend before yesterday?"

Pan Panpan immediately said, "To me, it's the one Man, but today he seems to be more than that. Also, why did he say that our younger brother is his younger brother? It's

inexplicable!"

Pan Panpan's voice just fell, and the police next to him suddenly asked: "Ms. Pan, Didn't you just say that President Fu of Nancheng Fu Group is a friend of your brother?"

Pan Panpan nodded immediately: "Yes! Mr. Fu is a friend of our brother, and Mr. Fu is not only a friend of our brother! He The most powerful person in Nancheng..."

Pan Panpan was stopped by the police before he could finish his words: "Then why don't you know Mr. Fu?"

Pan Panpan: "What?"

"The person who has come here is exactly what you said, the highest authority of the Fu Group, your brother's friend, and also a friend of your Pan family, Mr. Arron!" In the policeman's remarks, it was already very obvious it's mocking the Pan family.

Although the police officers didn't understand the whole story, from the arrogant attitude of the three sisters, they could also see that the three sisters were particularly troubled.

The police not only saw that the three sisters were messing around, but also saw that the three sisters were kidnapping their younger brother morally.

No, it should be the adopted son of their Pan family.

This male doctor, who had just come out of the hospital with a tired face, was obviously resisting his family. He just didn't get angry because of his affection.

But everyone in the Pan family, including the Pan family's parents, was roasting the doctor's younger brother from the Pan family on the fire.

Saying it is moral kidnapping and roasting it on fire are all good sounds.

To put it uglier, this Pan family is under the banner of morality, pulling the fig leaf of family affection, and sharing the blood of their adopted son.

They don't even allow the adopted son to have his own life circle in Nancheng, and they do not allow the adopted son to make friends in Nancheng. All the friendship circles of the adopted son are considered by the adoptive parents to be fraudsters and crimes.

How ridiculous!

The police are not fools.

These things are very clear in my heart.

It's just that the adopted son didn't say it out of face, and the Pan family hasn't violated any laws yet, so the police can only stare blankly.

Because, they cannot handle family disputes.

It is also impossible to use the law to measure family disputes.

Exactly, Mr. Fu came out at this time.

It is obviously more suitable for Mr. Fu to preside over justice to deal with such a dispute about family and affection.

Several police officers looked at the Pan family with contempt.

However, the Pan family is the Pan family.

They have always been accustomed to smooth sailing.

Always used to be strong.

In the small county town, there were not many people who didn't look at their Pan family's faces.

Later, the younger brother was in the provincial capital, and every time their Pan family went to the provincial capital, they could win big.

Their Pan family summed up a set of magic weapons.

That is, one, to check and balance Pan Youming, who is like the Pan family, and two, you must talk to people and talk to ghosts.

It's not that the three Pan sisters and their parents couldn't hear the police's contempt for them.

But they don't care.

What they want is to seize the opportunity immediately

Chapter 2233

As long as you can climb the most powerful people in Nancheng at this moment, why can't the three sisters of the Pan family be able to flourish?

what!

Opportunities always favor the Pan family!

This should be due to the fact that my parents adopted the outcast Pan Youming that year.

A good person is naturally rewarded!

Pan Panpan, the eldest sister of the Pan family, rushed to Arron first, looking at Arron with a prosperous face full of smiles: "Mr.

We've always wanted to see Mr. Fu. Helpless

, you're really busy, and we're afraid to disturb you." As

expected of the eldest sister of the Pan family.

Speaking of which, it's pretty standard.

Arron looked at Pan Panpan calmly: "Are you... the group of people who went to my brother's house the day before yesterday to make trouble?"

Pan Panpan blushed embarrassedly at first.

However, she only blushed a bit, and she immediately reflected: "Oh, this flood washed the Dragon King Temple, it's really a family that doesn't know each other.

That's right!

We were the ones who went to make trouble the day before yesterday. A few people.

However, we are not outsiders.

Mr. Fu, you said that Mingming is your younger brother. You do not know that Mingming is also our younger brother, our own younger brother.

Mingming's surname is Pan.

Our surname is also Pan.

We are a mom and dad, this is our mom and dad. With

that said, Pan Panpan also pointed out her biological parents to Arron and introduced them.

After the introduction, she continued to show off her three-inch tongue with a smile on her face: "Mr. Fu, when he was in the hospital, The leader of the hospital told us that you are my brother's friend, and that you and my brother are as close as brothers, which is true.

The leaders of the hospital told us at the time that you would personally come to justice for my brother.

Us, hehe.

We originally thought that the leaders of the hospital were just talking, but we didn't expect you to come so quickly.

Just come.

It's great that you are here, Mr. Fu, take a look.

This group of people, including men and women, old and young, worked together to deceive my brother.

These people are criminals.

Mr. Fu, you have to explain to the police and let the police take all these people away for questioning! "

After finishing speaking, Pan Panpan didn't look at Arron, but looked at the police officers with an incomparably triumphant expression: "Sorry for the policeman Shu Mi, Mr. Fu is indeed our friend, he and my brother are brothers, as close as brothers!"

Mr. Fu will definitely do justice for us! “The

police were all laughed at.

I’ve seen a confident person, but I’ve never seen a family with such self-confidence and self-absorbed self-confidence.

Seeing the police officer looking at his elder sister with such contempt, Pan Youming spoke up.

There was a coldness in his calm tone, so cold that he seemed to have lost his mind: “Eldest sister, since Mr. Fu is here, you should listen to it first, what Mr. Fu has to say! “

Pan Panpan said with a smile: “Okay, Mr. Fu, please.” “

Arron nodded slightly, then strode to the front of Pan Youming, and said to the police: “Hello, police officer, I have to clarify one thing with you, this is my own younger brother, born to the same father, and a paternity test can be done. It has been identified. My younger brother has nothing to do with these Pan family members.” The

Pan family members were collectively stunned.

The three sisters and Pan’s parents looked at Arron in disbelief, and then asked in unison: “What did you say?”

Arron’s tone suddenly turned cold: “My brother, I have nothing to do with you, please don’t harass him in the future! “

Chapter 2234

All eyes are on Arron.

Arron looked sharply at the Pan family’s parents and the three Pan family sisters.

The three sisters were astonished as if they were petrified.

At this moment, the first person who couldn’t believe this fact was Pan Jianliang, the father of the Pan family: “You, what did you say? Youming is my son, the child I raised since I was a child, how did it become yours? “

Dad! This is the president of the Fu Group!” Pan Panpan scolded his father.

Even if he realizes it later, Pan Panpan knows that the president of the Fu Group is very powerful.

After she scolded her father, she looked at her younger brother Pan Youming: “Mingming, what’s going on? The leaders of the hospital told us that the president of Fu’s Group and you are friends. If you can make such a friend, our whole family I’m happy for you, but your friend, Mr. Fu seems to have misunderstood us. Mingming, did you tell Mr. Fu that we are your family?”

These are your parents. The

three of us are your sisters. “The

eldest sister of the Pan family is impatient. She didn’t wait for her younger brother Pan Youming to respond, and then looked at Arron with a small face: “Mr. Fu, you, I have seen you, at my brother’s house the weekend before yesterday, that man is you, I know that you must have admired my brother’s medical skills very much, so you worshipped him.

My brother is like this, he has always been very popular.

It used to be the same in the provincial capital.

Mr. Fu, but there is one thing that may you I don’t know yet, the group of people who were guests at my brother’s house with you that day were all criminals.

Mr. Fu, you, do you have to understand the situation first? “

Sister Pan’s remarks really made Suzi laugh in anger behind him.

“Sister Pan, you are so confident and courageous. “Suzi suddenly opened his mouth to speak.

Sister Pan looked back at Suzi, and her tone was still strong: “You woman!” You are dying, are you still here to quibble? The police are here, and Mr. Fu is here. Even if we don’t report you, your group will be hard to fly today.

What are you quibbling about!

You people, are you trying to hurt my brother! “

Suzi shook his head: “Sister Pan, before I am judged as the most annoying by the police, I have to tell you one thing!” “

“I’m not interested in hearing about you!” “

“Mr. Fu, Mr. Fu, in your mouth is my husband!” “Suzi spoke slowly.

Sister Pan: “What! She thought she had heard it wrong ,

she subconsciously plucked out her ears, the ears were unobstructed, she heard right.

Suzi came to Arron, took her husband’s arm, and shrugged, looking at Pan innocently The eldest sister: “This Mr. Fu is my husband. “

Ah this...” The eldest sister of the Pan family took a few steps back.

Her face suddenly turned pale.

Behind her, the second and third sisters supported the eldest sister of the Pan family.

“Eldest sister, what’s going on ?” ? Pan Gaigai’s voice trembled.

“Sister, we...are we in trouble, eldest sister, I’m a little scared...” Pan Youyou is usually the most domineering and pampered, but She is also the most timid and afraid of things.

She hides the most when something happens. At this moment, Pan Youyou’s lips turned purple in fright.

She shivered and said, “No, it’s none of my business.”

Pan Panpan and Pan Gaigai’s colleagues glared at Pan Youyou in anger.

They stared at each other, but at this moment, the Pan family had nothing to do. Pan Panpan looked back at his parents. After all, they were also Youming’s parents. They knew that since Youming had

such a good relationship with this President Fu, Youming would They can say good things to their Pan family.

But, at this moment, the Pan family's parents were also petrified in place.

Like the three sisters of the Pan family, they were extremely afraid.

Don't be afraid of anything else.

The fear is that the three sisters of the Pan family regard President Fu's wife as the most annoying.

How can this be good?

Chapter 2235

is his own daughter, Pan Jianliang tremblingly came to Pan Youming: "Mingming, you.... .. Anyway, say something, my son, the three of them are your own sisters, this is an indisputable fact, you and Fu are always friends, you ask Mr. Fu for mercy.

Your eldest sister, second sister, third sister, they It wasn't intentional.

They regarded President Fu's wife as a criminal because they were worried about your situation.

Besides, maybe President Fu's wife was also deceived? How

many of them are criminals?

We are like this, It can be regarded as an early rescue of President Fu's wife."

Jiang, still old and hot.

In a critical moment, Pan Jianliang did not panic, and spoke in a well-organized manner.

"Sir, you are right. Without knowing it, it is possible that I was deceived. Thank you for your attention and concern." Suzi said with a smile behind him.

Pan Jianliang immediately put on a smile: "Mrs. President, you are a lot..."

"But!"

Suzi interrupted Pan Jianliang's words immediately and said word by word: "The criminal mentioned by the three eldest sisters of the Pan family is a criminal. My mother, my biological mother, is President Fu's mother-in-law."

Suzi pointed at his mother, then looked at the Pan family and smiled.

Around, many onlookers also whispered and laughed mockingly.

"Oh, are these three sisters looking for trouble? If they don't have any evidence, they will report the person. This time they really shot a rock on their own feet!"

"I see, you deserve it! You quietly three sisters were so arrogant just now!"

"Why do I feel that these three sisters are like criminals, stop calling thieves to catch thieves?"

"They've been brought to the police station!"

"Bah! This kind of insulting people on the street should go to jail!"

"Uncle police, punish them well!"

Hearing the surrounding accusations against their family, the Pan family was collectively dumbfounded.

This is Nancheng, not a small county, or even a provincial capital.

The entire Pan family is on this land, and their only relative is their younger brother Pan Youming. At this moment, the Pan family regrets being too aggressive in the beginning.

Too impatient.

This is self-defeating, isn't it?

Pan Jianliang turned his eyes to his son for help. After all, his son and President Fu were brothers. At this time, only his son could intercede.

But, before he could speak, Suzi spoke again.

“Mr. Pan, you didn’t come to my husband’s younger brother’s house on the weekend, but all three of your daughters saw it, so I’ll tell you now, none of the people who were at my husband’s younger brother’s house on the weekend were outsiders

! There are our family of four, and my mother.

In addition, there is my husband and brother’s wife.

And their niece.

Then there is my brother’s family.

On the weekend, my husband and brother’s house has no friends.

All of them are Relatives!”

Suzi said a little brother of my husband.

Hearing this, Pan Jianliang was extremely panicked. He could hear it. The vice president regarded Youming as their younger brother. How is this possible?

Pan Jianliang dared not speak to President Fu and his wife.

He still looked at Pan Youming with a pleading look: “Mingming, you...you tell, tell President Fu, we, we are all your family, child, we are your parents, this is yours Three sisters.”

“A bunch of lunatics, Haoyang is obviously my own son! How can it be your son?” An old and respectful voice came from behind him.

Chapter 2236

The Pan family lovers who have been frightened and trembling turn back and look back.

I saw that in the car where President Fu got off, another old man got off. The old man looked a little younger than the old man just now, and he should be about the same age as Pan Jianliang.

About seventy years old.

However, the prestige of the old man and the sternness of the old man are far from what Pan Jianliang can match.

In front of such an old man, Pan Jianliang couldn't even lift his shoes.

The old man walked up to Pan Jianliang and his wife and the three sisters of the Pan family with a stern expression, and looked at them like knives: "I, Fu Zhengxiong, have lived for more than seventy years, and now I have seen such a strange thing! It's

obviously my Fu Zhengxiong's. My own son!

Why did so many lunatics suddenly run into the hospital to make trouble, and come to snatch my son!

What is the purpose of you robbing my son? Could it be that

you are a group of criminal gangs

?

Zhengxiong looked at a few police officers: "My old man, I ask you law enforcement officers to check it out." The

police officer immediately said, "Don't worry, Mr. Fu, as long as it's a criminal, we can't let any of us go.

" Good!"

Fu Zhengxiong looked at Pan Jianliang and his wife and the three sisters of the Pan family again.

"Tell me, why do you keep staring at my son! Seeing how bullied my little son is?" Fu Zhengxiong asked loudly.

The Pan family was collectively dumbfounded.

Don't even dare to cry.

What the hell is going on here?

Why did his adopted son suddenly become the biological son of the most powerful family in Nancheng?

How is this possible?

Pan Jianliang didn't believe anything he said.

Youming is the son of their Pan family.

Just an hour and a half ago, when Youming came out of the operating room, he called the old couple: "Dad, Mom."

This is absolutely true!

"Mingming, you... my son, we are your parents, we are not criminals, Mingming, you and Mr. Fu, Mr. Fu should make it clear, otherwise, Mom, Dad, and your sister will be arrested as criminals." At this moment, Pan Jianliang no longer cared about glory, wealth, and the like.

He just thought that it would be good for the Pan family to be able to retreat.

No matter how stupid and ignorant he was, Pan Jianliang could vaguely feel that this time, the whole family seemed to be in trouble.

It's going to be a big hit.

The panic and fear in my heart eroded my whole body little by little.

The seventy-year-old old man, in just a minute or two, actually sweated profusely.

When I looked back at my wife, my wife was already scared and her legs were weak.

If the three sisters hadn't supported their mother, the old lady would probably have collapsed to the ground now.

“Mingming, we are your sisters.” Pan Panpan changed his arrogance and looked at Pan Youming crying.

Pan Gaigai then shouted: “Youming, I’m the second sister. When you were a little older, the second sister often carried you on her back.”

“And me, Mingming and me, I’m the third sister, you and I are the closest in age, we grew up together when we were young, Mingming, if the third sister has anything delicious, I will leave it to you to eat, you still remember Mingming

, we are your family.” Pan Youyou looked at Pan Youming blankly.

However, at this moment, Pan Youming didn’t even look at the Pan family.

He only looked at Fu Zhengxiong in surprise.

Pan Youming has no plans to have anything to do with Fu Zhengxiong in his life, nor does he plan to visit him.

Even if Fu Zhengxiong died, he would not go.

When he found his mother from the mountain that day, he was very heartless to what Fu Zhengxiong said.

Chapter 2237

But I never thought that at this moment, it was Fu Zhengxiong who came out to help him and deal with the Pan family.

Really only Fu Zhengxiong is the most convincing.

After all, they are indeed father and son.

At this time, Fu Zhengxiong had come to Pan Youming slowly, and he looked up at Pan Youming.

This son is half a head taller than him. This son has inherited all the advantages of the Fu family. Like his older brothers, he is tall and handsome.

However, this son is the kindest of his sons.

This son has never been in business in his entire life, and his whole mind is devoted to the medical career.

Even if this son doesn't recognize him for life, that's what Fu Zhengxiong deserves.

He doesn't blame anyone.

He just wanted to save this son from fire and water.

"Son." Fu Zhengxiong burst into tears. He raised his hand and stroked his son's cheek.

"It's my father's fault. Mom and Dad were too busy back then. They put you on the island of Jiaxing Island and put you in the Pan's house on Jiaxing Island. It was my mother's helplessness and my mother's helplessness. My son, my father didn't know. You have so many troubles, and Dad can't help you.

However, the certificate of the paternity test can still be issued to you."

The certificate of the paternity test?

Hearing this sentence, the Pan family were all heartbroken.

At this time, Fu Zhengxiong turned to look at the stunned Pan family again: "Listen to me, you guys surnamed Pan!

My son Pan Haoyang!

Since he was born until he was in his thirties, he has been living in Jiaxing Island. He studied in Jiaxing Island from elementary school to high school, and he studied abroad in university. The schools and teachers in Jiaxing Island can testify!

After college, my son Pan Haoyang opened a private hospital in Jiaxing Island.

Later, because Jiaxing Island was too small to accommodate his medical skills, he also wanted to develop in a big way, so he came to Nancheng from Jiaxing Island.

In the following years, my son Pan Haoyang has been living with us all the time.

We have photos to prove it!

Hao Yang has probably lived with us for more than a year. He wants to study abroad, and his mother and I paid him to study abroad for several years.

Originally, Hao Yang planned to stay abroad and never come back.

But our Hao Yang is a kind-hearted person and a long-term lover. He can't let go of his lover, his current wife.

All Haoyang returned to China.

Although Hao Yang is also surnamed Pan, he is indeed the son of my Fu Zhengxiong, and he has my blood on his body.

I don't understand, when did my son become the son of the Pan family in your distant small county? "

Speaking of which, Fu Zhengxiong's incomparably stern eyes looked at the Pan family without blinking. The

Pan family was already pale. What Mr.

Fu said was perfect, as if it was true. But

, it's not right!

Pan Youming is true . They are the children of their Pan family.

There was also a moment when Pan Jianliang suspected that Pan Youming was really Fu Zhengxiong's biological son, but he felt that there was absolutely no such coincidence in the world, let alone, if it was the son of a wealthy family, how could he abandon him? Don't raise it?

Impossible!

Besides, back then, the two of them bought this place for children, which was 108,000 miles away from Nancheng.

And that child was just a day old.

That child must not be President Fu's child.

"No! Impossible! Mingming is our child, and we have proofs. We have proofs from the schools he grew up in and the universities he went to!" At this moment, Pan Jianliang also forgot to be afraid.

He started to argue.

Fu Zhengxiong smiled coldly: "Then may I ask Mr. Pan, can you show me the paternity test certificate?"

Chapter 2238

Proof?

Proof of paternity test?

This is the short board of the Pan family.

Pan Jianliang couldn't take it out.

He hesitated: "I...I..."

"Why, can't I get it out?" Fu Zhengxiong sneered and asked, "Are you really a group of criminals?"

"No!"

"Although I can't produce a paternity test certificate, Mingming is indeed our son! We are neighbors, teachers and classmates at Mingming School can all testify!" Pan Jianliang said with a higher voice.

"Okay!" Fu Zhengxiong smiled calmly: "Your neighbors, your son's alumni, teachers, you can invite them to come out and testify!"

Pan Jianliang: "Okay! Okay, I'll call right away."

As he spoke, he started to take out his phone.

However, Pan Jianliang still did not forget the influence of Mr. Fu and President Fu in Nancheng. No matter what the result was today, Pan Jianliang also knew that their Pan family was the one who offended the Fu family in Nancheng.

Therefore, when his mobile phone number was broadcast, Pan Jianliang also looked at Fu Zhengxiong with a smile on his face: "Father, it's like this, there may be some misunderstanding between us, after I call in a while, if everyone can give Don't be angry if we prove it.

Our Pan family has absolutely no intention to offend you.

It's a misunderstanding, it must be a misunderstanding!

If I made a phone call, everyone in our county would be able to testify for us. If the son is our son, we have no other intentions. We just want to tell the police that we are not criminals.

As for whose son Mingming is, sir, if you want to recognize us as the son of Mingming, we also understand.

understand.

After all, at such an old age, if you lose a son, it will be a big blow to you.

We are willing to give you our son as a godson, and let Mingming respect you more in the future, which is also right.

From now on, we are just like family. "

Until this moment, Pan Jianliang has not forgotten that as soon as there is reality, he will first cling to it. If he

can cling to the Fu family in Nancheng, that is the time for their Pan family to flourish. It's

just that after a while. When he said that, his cell phone had already hung up, but no one answered the other side.

Pan Jianliang was quite embarrassed: "Well, what's going on here, my neighbor, we usually have a good relationship, why didn't you

answer it? It must be this one. I'm busy for a while, wait a moment, I'll call again. "

Pan Jianliang dialed out again.

He repeatedly dialed the neighbor's number, and looked at Fu Zhengxiong with a smile on his face. From time to time, he glanced at his three daughters. The

three daughters immediately understood.

Pan Youming is their younger brother . , there is no doubt about it. Not to

mention the neighbors, even the whole county knows how promising the son of the Pan family is, who does not know?

It can be said that the whole county can testify that Pan Youming belongs to their Pan family. Son.

Even if there is no blood relationship between them. In

fact, there is always a relationship between adoptive father and son.

Thinking of this, the three sisters of the Pan family are a lot more certain.

Pan Panpan first looked at Fu Zhengxiong with a smile on his face: "Uncle Fu."

Uncle Fu shouted.

"It's like this, I can hear it roughly, you probably lost a son once, and it happened that my brother looks like your son, so you are eager to think of my brother as your son, right?"

Old man, you Don't worry, my brother is your son.

He will definitely be filial to you in the future.

Not only will my brother be filial to you, but our three sisters will also be filial to you.

You will not be alone for the rest of your life.”

Chapter 2239

“Yes, yes, Uncle Fu, don’t worry, we have no malicious intentions, we just want to prove that we are not criminals Molecules.” Pan Gaigai also said repeatedly.

Pan Youyou was the most timid, she trembled and shouted with a smile on her face: “Uncle Fu, from now on, we will be relatives, hehe, relatives...”

Seeing the Pan family like this disgraceful.

Fu Zhengxiong was even more dismissive.

No matter how downhearted he is now, and no matter how he is not seen by his sons, he still has the aura of crushing the Pan family.

Just not being sullen or angry, and looking indifferent, the three sisters of the Pan family, who were completely shocked, did not dare to say a word.

The three sisters laughed awkwardly.

It was so embarrassing, the eldest sister Pan Panpan looked at her father and said, “Dad, why haven’t you dialed the phone? Uncle Li next door can’t get through, so you should call the teacher at Mingming Middle School, Mr. Wang. Don’t you have a good relationship with Teacher Wang?”

Pan Jianliang was sweating anxiously.

When the three daughters took turns to fawn on Fu Zhengxiong, Pan Jianliang had already made five calls.

However, no one answered the five calls.

How is this going?

If you don’t have one mobile phone with you, and you don’t have two mobile phones with you, don’t you have five people’s mobile phones with you?

This sleepless night is too coincidental!

Pan Jianliang had a very bad feeling in his heart.

Things will not be so simple.

His panicked phone fell to the ground.

At this time, Xia Ran came to Pan Jianliang's side: "Mr. Pan, I guess it's your own mobile phone that has a problem, right? If your mobile phone can't get through, I have a solution."

Pan Jianliang said immediately . Arrived: "Wh , what method?"

Suzi handed the phone to Pan Jianliang: "Use my phone to call."

Pan Jianliang immediately grabbed Suzi's phone and called his neighbor Lao Li immediately.

The phone rang only once, and a local accent came from there: "Who are you! I don't know your phone number from other places, why are you calling me!"

Pan Jianliang felt extremely cold.

Facts have proved that Lao Li's mobile phone number was on his body, and he deliberately refused to pick him up.

He wiped the sweat on his forehead and shouted tremblingly, "Lao Li, it's me, I'm the old Pan next door..." At

the other end, Lao Li was silent: "... "..."

"Old Li, we have been neighbors for decades. You have to give me a proof no matter what. This proof is not perjury. This proof is true. You just need to tell the truth. It is related to my crime or not, Lao Li, people often say that distant relatives are better than close neighbors." Pan Jianliang's voice was full of tears.

At that end, Lao Li's voice was very low and deep.

Also very solemnly: "Old Pan, your Pan family is really too much, a son is ruined by your hands! You killed others, and now you are still

wanting blood with them, I can't give you any other proof. , the only thing I can prove is that when you adopted your son back then, there were no legal procedures!

Not to mention, such a good child was killed by you. There are no bones left!"

Pan Jianliang: "... "The phone fell to the ground again.

Fortunately, Suzi's mobile phone was a miscellaneous brand, which was not good, but it was dropped.

Even if the phone fell to the ground, it was not broken.

He can keep playing.

Suzi picked up the phone and gave it to Pan Jianliang: "Are you going to continue?"

Pan Jianliang followed the second, third, and tenth.

Then the proofs given are the same: the Pan family has no adoption procedures, and they have killed the days when they were brought back.

At this time, the policeman came to Pan Jianliang and said in a very serious tone, "I didn't expect that a case that has not been solved for decades now has its eyes on it?"

Chapter 2240

Pan Jianliang's face is sallow: "No, no, how could this be, how could this be?" The

police don't follow people Joking: "I've already heard the story!

Your Pan family has a son. Back then, you brought

it over from other places, but there were no adoption procedures, right?

Not only did you not have adoption procedures, but you still don't love the son you brought back. , It seems, listening to what your neighbors have to say, do you have child abuse? You

actually tortured your adopted son to death?"

Pan Jianliang stepped back again and again: "No, that's not the case, listen to me, listen to me Ah, it's not like this, our son is not dead, he, he is right in front of us."

"Mingming, say something, you are our son, we raised you from childhood, my son. ." At this moment, Pan Jianliang wished he couldn't kneel down for Pan Youming.

But Pan Youming had tears in his eyes.

It's time to say goodbye.

From now on, I really have to say goodbye to the Pan family.

This family of vampires!

vampire!

From childhood to adulthood, he has never felt the slightest bit of family warmth, and the only most unforgettable feeling is that the Pan family collectively sucked his blood!

While sucking his blood, he suppressed him.

Pan Youming let out a long sigh, with a bit of desolation in his tone: "I'm sorry, Mr. Pan, I know how you miss your son, but I'm sorry to tell you, I'm not your son, I'm just with your son. Looks a bit like.

That's all.

My father's name is Fu Zhengxiong.

My brother's name is Arron.

They are the old and young presidents of Nancheng Fu Group.

And I do have adoptive parents. My adoptive parents have long since passed away. They are the owners of Jiaxing Island.

I grew up in a wealthy family, and I have never lived in a small county.

My adoptive parents named me Pan Haoyang.

I am not your son Pan Youming, my name is Pan Haoyang.

He said loudly. A voice suddenly recalled in

his mind: "Good, you are good, we coexist, you are my good brother. "

Pan Youming knew that that voice was the voice of the real Haoyang.

The entire Fu family, and the dead Pan Haoyang, were helping him and trying their best to create a new chance for him.

He wants to leave the Pan family. He

must leave the Pan family." Although, his heart was also bitter ,

and for a second he felt that this was too cruel. However, if Pan Youming was not

cruel at this time, then the Pan family would be even more cruel when they drank his blood.

After getting rid of the Pan family, there is a great possibility that the Pan family will come to harass the Fu family in Nancheng in the future. Not only will they harass, but they will also spread the word everywhere. We and the Fu family are relatives.

We are related to the Nancheng Fu family.

At that time, say Perhaps the behavior of the Pan family's dogfighting against others will intensify.

At that time, there may be more people who will be bullied by the Pan family.

Therefore, at this time, since the opportunity has come. Since there is a chance to get rid of the Pan family for life, Pan Youming must be cut off!

Never give up!

He looked at Pan Jianliang and Pan Jianliang's wife indifferently.

His wife was already ashen.

In fact, in the entire Pan family, only the adoptive mother hurt her a little bit, but the adoptive mother finally agreed with her adoptive father and sister and persecuted Pan Youming.

At this moment, Pan Jianliang's wife regretted extremely.

why?

Chapter 2241

Why not be nice to this adopted son, what a good child.

From childhood to adulthood, he was smart and eager to learn, did not let people worry, was filial to his parents, and did not fight for the family property.

How wonderful 1

Why did the Pan family want to destroy this adopted son again and again?

Now, shoot yourself in the foot!

Deserved!

Deserving it!

Pan Youming's adoptive mother no longer struggles.

The three sisters of the Pan family are also like persimmons that are slack and broken, so soft that they can't even stand.

At this time, it was Pan Jianliang who still had the courage to support himself not to fall.

No amount of courage will help.

The police will not let them go: “Pan Pan Jianliang, right? Please go to the police station with your family.” Pan Jianliang

stepped back again and again: “No, no, no, I’m so old, I can’t go to jail, can’t go to jail. “

Criminals, but some of them are young! Mr. Pan!” The policeman said sarcastically.

Pan Jianliang shuddered immediately: “I want to ask, how long is the sentence for abduction and trafficking?” The

police replied truthfully: “I don’t know! This is a court decision, we just arrest people! But there is one thing I can tell you. If you persecute people to death, it must be a capital crime!”

“No...” Pan Jianliang sat on the ground slumped.

“Dad!” Pan Panpan cried out in pain.

“Dad, you can’t go down, and mom, if you two go down, what will we do? The younger brother will look at your face, but certainly not our face, mom...” “At this time, Pan Youyou said the truth.

Since she was a child, how she treated her younger brother, she knew best in her heart.

Since she was sensible, Pan Youyou has bullied this younger brother in every possible way, but she has never been soft-hearted.

Now think about it, if the younger brother really becomes the son and brother of a powerful family in Nancheng. Then she Pan Youyou must be dead.

The only way I can think of now is to ask.

I beg my parents, let my parents beg Pan Youming to spare them for the sake of parenting.

Pan Youyou cried hysterically: “Dad, Mom, you can’t fall down at this time. What should we do if you fall? Mom and Dad, you can save us.”

At this moment, outside the small courtyard of Alyce, onlookers watched. With so many people, the five members of the Pan family cried in unison here, regardless of their image.

Pan Jianliang even rolled on the ground, resisting the police to take them away.

The police came very rarely.

At this moment, I can only call for help.

Rescue came quickly.

Within five minutes, a large number of people came, all wearing handcuffs.

As soon as Pan Jianliang looked real, he didn’t wait for the police to come to him, he immediately knelt down and came to Pan Youming: “Mingming, Mingming, we raised you in the end, you can’t just watch. Let’s be put to death.

Mingming, now only you can save us.

You can’t die without saving.

Mingming. For the sake of your mother’s drag on you since childhood, please spare us!

Mingming...”

At this moment, Pan Youming burst into tears.

Pan Youming couldn’t say anything.

But he also knew that he couldn’t move.

He stabilized his mind and said decisively: ” It is useless for anyone to plead for this kind of thing. “

Pan Jianliang, a stranger, suddenly grabbed Pan Youming viciously: “But you are not dead!” You are indeed raised by us. If you lose your conscience like this, you are not afraid of being punished by God! “

“You say that my son has lost his conscience!” Then you bought my child back then, which made me search my son hard all my life. Don’t you fear that you will be punished by God for doing so! “Behind, there was another cold voice.
