

PUNISHED BY HIS LOVE

Chapter 2304

“Thank you, Sister Shu. Without your help, we really don’t know where to start, It seems that things are going well now?” Xiao Yang sincerely thanked Alyce.

Alyce smiled heartily: “He should be wearing a condom.”

“Sister Shu, is there any danger? If there is, you must notify us as soon as possible, and we will do our best to protect your safety.”

Alyce’s expression was very I am relieved and proud: “I am so old, I am a victim myself. When I was young, I met a scumbag and almost ruined my life. Now that I have this opportunity, I naturally want to let this gang The gang is all under the law.

For me, although there are dangers, but I am an old woman in her fifties, what am I afraid of?

I am not afraid of anything!

Don’t worry, I know what I am, and I will not let myself be in Dangerous places.

As soon as there is any sign of danger, I will call you immediately.”

“Okay.”

“Tonight...”

“Tonight...” The

two said in unison.

“I won’t leave tonight, and the man from the province sighed in secret.”

“Tonight, you must leave first and stay here for one night, so that the drama will be more real.”

After speaking, the two smiled at each other.

This evening, Tong Jianan really eavesdropped outside for a long time.

He leaned against the wall, desperately trying to hear something moving inside.

Desperately want to wait and see when Xiao Yang can leave here.

As a result, what he heard was a vague voice of reproach and a cry.

Tong Jianan could hear that it was Xiao Yang's voice.

Eighty percent of Xiao Yang is complaining to Alyce about what happened to her husband.

"This damn woman! It's bad for me!" Tong Jianan thumped the wall angrily.

In order to get Alyce in his hands, in order to act more like Alyce, how long has it been since he touched a woman?

Damn it!

It's really like getting Alyce in hand as soon as possible as soon as possible!

One is because, even though this woman is old, in her fifties, she is indeed feminine.

The old woman has been taken care of, and it has more flavor than the young woman.

And most importantly, of course, money.

money!

As long as they can get hold of Alyce, how much money do they want?

Jinshan and Yinshan can be moved to your hand!

After all, why do women trust you?

Just an ordinary relationship, a woman can't trust you.

Especially an old woman with experience and trauma is not easy to trust a man.

but!

If this man has a substantive relationship with her, then this woman will be more terrifying than a girl if she trusts an angry man.

Because they have been alone for a long time.

They need men so much.

Or, to die of distrust.

If you trust it, it's out of control.

Tong Jianan is a man who rolls around in the crowd of women with ease. His understanding of women is simply in-depth.

Therefore, falling asleep with Alyce was her immediate concern.

Hate his palms are itching.

If it weren't for this surname Yang!

It was already twelve o'clock at night, and Tong Jianan was sure that the surnamed Yang would not be leaving from Alyce, so he raised his hand and beat him to death, and left here angrily.

Back inside his gang, Tong Jianan still gritted his teeth with hatred.

"I could have gotten a woman today! In the end, a saboteur came to my eyes!"

Chapter 2305

"How is it so coincidental? Could it be arranged intentionally?" The leader looked at Tong Jianan in confusion.

Tong Jianan was startled: "Isn't it possible? Alyce doesn't look like that. She lives a very simple life, and there are not many people who usually come and go. I have seen that woman as well, and she is a partner of their senior group. She

is also one of the few Alyce . One of her friends.

She is already very reserved. She

usually keeps a distance from me, but it's not that I have always been polite to her, which moved her." The

leader nodded: "Yeah! But You can't take it lightly. This is a big fat pig that has always been rare. We must not take it lightly. As long as we can slaughter this fat pig, we can live comfortably for a lifetime.

Since then, a few of us have fled abroad, You don't have to come back. You don't have to live with such fears

anymore.

Think about what we did in the past It's not worth it! It's still such a fat pig, and it's the most worthwhile to slaughter. So the second child, this single, this big fat pig, you must be careful!" "Got it." "It is necessary to take her down, Only by taking her down can you use her money better, but you can't be so anxious to take her down and let her see that you are a liar, understand!"

"Understood!" Tong Jianan said heavily.

No matter how angry you are, you have to follow the plan, step by step.

Don't take it lightly.

The next morning, Tong Jianan came to Alyce's small courtyard early in the morning.

He was carrying the breakfast buns in one hand and a rice bucket in the other, and in the rice bucket was the porridge he had just bought at the breakfast stall.

After knocking on the door several times, there was movement at the door.

Alyce's voice just woke up from inside the door: "Who is it?"

Following that, Alyce also opened the door.

After all, it was dawn, and she, a middle-aged and elderly person, did not have the habit of sleeping in.

Moreover, although she asked who she was, Alyce knew that it must be Tong Jianan who was standing outside.

Door open.

as expected.

However, what Alyce didn't expect was that Tong Jianan was standing with his back facing out, with his back to Alyce.

"Xiao Tong, you came to my house so early, and you were still carrying it. Was it earlier? You, why are you turning your back to me?" Alyce asked knowingly.

In fact, she knew very well.

After a night, Tong Jianan's kung fu became deeper.

Sure enough, Tong Jianan turned his back to Alyce, and said politely and gently: "Sister Shu, I was a bit presumptuous to come here in the morning, but your friend was so sad yesterday, and I know you can't cook, I think it's necessary to take care of your friends, so I came early to bring you breakfast. It's

all beauty porridge.

But Sister Shu, I'm afraid you haven't woken up yet, and you who were still alive when I knocked on the door didn't pack yourself up in a hurry. I don't have makeup, so I'll give you breakfast first and leave, I promise, I won't look back at you, Sister Shu."

Alyce laughed immediately: "Pfft, Xiao Tong, are you so particular about it?"

Tong Jianan: "Sister Shu, I just want to be a man who does more but talks less, no matter how we are friends, I want you I know, my friend, how sincere you are."

"I know, I understand, Xiao Tong, you are a good man," Alyce said with great emotion.

At that moment, even Alyce felt that what he said was true.

To be honest, Alyce would have even believed Tong Jianan's words if he had not known in advance that Tong Jianan was a criminal, a murderer who specialized in drinking human blood, and a liar.

Because his sense of proportion is so good.

Moreover, Alyce herself is indeed used to being alone. If she could meet such a man in this life, it would be worth letting her die.

Unfortunately.

All this is an illusion.

The man in front of him is a devil!

"Xiao Tong, turn around and look at me." Alyce shouted gently.
