

PUNISHED BY HIS LOVE

Chapter 2324

Tong Jianan said in his heart: "You don't need to say, I have already figured it out for you."

But his surface is slightly obvious Embarrassed: "What should I do? Call a few movers? But can't tell them what we moved? How?"

Alyce nodded: "Okay."

Those people were lurking here beforehand, just waiting for the opportunity Mature, Tong Jianan called them.

Including Tong Jianan, there are five people in total.

In this wild and wild countryside, people were originally sparsely populated.

The best chance to get caught.

Tong Jianan's group never imagined that while they were lurking around here, the police would have been lurking here for a long time.

This time, they are bound to wipe out this group of people.

It was during this time period that Alyce suddenly received a call from Galia.

She couldn't tell Galia directly, where she was and what was her current situation. She could only make Tong Jianan suspect, so she casually said to Galia, "Take your time and get divorced!" In

such a tone, like that The sadness made Tong Jianan next to him feel more and more that the relationship between Alyce and her father and that family was too bad,

otherwise, she couldn't push her nephew and daughter-in-law to divorce her nephew.

Thinking of this, Tong Jianan has more confidence in Alyce.

He followed Alyce to her small courtyard without hesitation, entered the house, and Alyce took Tong Jianan to the basement again.

In the early years, this basement was the storage cellar of the adoptive parents, sweet potatoes and fruits.

Later, the cellar was repaired by Darius and Suzi.

The structure of the cellar appears to be very solid and compact.

Moreover, there is a lot of good wine in the cellar.

This made Tong Jianan feel that as soon as he came in, there must be a lot of priceless treasures hidden in this cellar.

Those boxes were not opened, and he couldn't hold back.

"Hey!" Tong Jianan pretended to be in a hurry to go to the toilet while Alyce entered the inner room.

"Come here quickly! I've lost all the jewelry. There are not only jewels in the cellar, but also a lot of hidden wine, which is enough for us to sell tens of millions!

Damn, the old ladies are really big fat pigs! It

's too fat!

We've got the right slaughter . It's not in

vain that I've been dealing with him for so long.

You have to hurry. We have to get the jewelry out of this place first, and then put Alyce on the list in this cellar.

I've seen it Now, this cellar is so hidden that outsiders can't see it!

Even Alyce's daughter doesn't know about it.

They can't find us!

Come here!”

Then he came to the small farmyard of the farmhouse, entered the house, and saw Tong Jianan waiting for them in a corner of the house.

Can be really hidden.

With the lid on the cellar closed, nothing could be seen.

It fits perfectly with the floor tiles on the ground and is very tight.

This is really the best place to tie people up.

Surrounded by mountains on three sides, there are gullies everywhere, which are very easy to hide.

“Go down!” The leader gave an order: “The two of you are responsible for moving those jewels, and the three of us are responsible for tying up that ****!”

Tong Jianan grabbed the leader: “Brother, can you let me first... It’s cool?”

“What time is it! You still think about your little shit!

Besides, a fifty-year-old aunt, what’s so cool about you!”

Tong Jianan: “hehehe” sneer: “I , I’ll take this one. Although that woman is old, she is really delicious, brother...”

“Okay, after you play, don’t forget to give me a taste, too. I often hear you talk about what women do, and I’m jealous!

Who the hell gave you a good skin!”

“Listen to you, brother!” Tong Jianan felt unhappy in his heart, but he didn’t dare to disobey.

The leading eldest brother is such a ruthless character, let’s put it this way, even if Tong Jianan took the money by himself, ran away, and went abroad, the leading eldest brother could catch him out.

That's brother, a downright desperado.

Chapter 2325

Tong Jianan dare not defy.

Several other accomplices are also leading the way.

They work together.

Two people moved the jewelry, and three people were responsible for tying Alyce.

However, when the five people got to the cellar, they couldn't find Alyce.

What about Alyce?

"Where's the woman?" the leader asked Tong Jianan.

Tong Jianan: "Is it still here just now?"

Their hearts shuddered.

The cellar is only a few dozen square meters, and then there is an exit at the top. Where can Alyce go?

Let him flip through it three times, and two of them are still blocking the exit for fear that the woman will run away.

But in the end, it wasn't Alyce who they were waiting for.

It's the police on the third floor and the third floor.

The arrests are almost effortless.

When the five people were all roasted in handcuffs, Tong Jianan also saw Alyce in Alyce's living room.

"Tong Jianan, didn't expect it?" Alyce asked calmly.

"You...you, are you a liar?" Tong Jianan blurted out.

In his ideology, Alyce lied to him, so Alyce is a liar.

“You are a liar!” Alyce was still very calm together.

Looking at Alyce again at this moment, there is no trace of the desire to get a man on her face, the desire to have a warm and leaning expression.

The indifference on this woman’s face even scared Tong Jianan.

Several other accomplices were also stunned.

The boss of the gang immediately asked Tong Jianan: “Didn’t you say she’s a nympho?”

Tong Jianan said viciously: “This **** has always been acting like a nympho! A nympho! Damn, she’s a liar!”

“Alyce, You are a liar! Big liar!”

At this time, another policewoman came in from outside.

“Sister Shu.” The policewoman shouted, “You have done a great job today.”

“Is it you?” Tong Jianan immediately recognized the woman as the little sister Yang.

Xiao Yang came to Tong Jianan and said, “Tong Jianan! What do you think you are? Little fresh meat, big star? We are all women, we all love you, and we all cry and cry to marry you?”

I tell you!

You are not even a person . Not even scum.

Let alone you are a human being.

You are a beast! Livestock! Beasts!”

Tong Jianan looked at Xiao Yang and Alyce, and murmured, “You guys, it turns out that you all come together to pit me, you...everything is fake, fake!”

Alyce also sneered: “Tong Jianan, aren’t you cheating on me? From the first time you met me, pretending to be a salesman from a fashion company looking for me as a model It’s the first step in my plan, right?”

It’s just that you didn’t expect that I’d be sick the next day. Right

?”

“You’re sick, and it’s fake?” Knowing this, Tong Jianan can be stupid no matter how stupid he is. I got it.

“That’s right!” Alyce smiled confidently: “When you met me for the first time, when you called me Miss Shu greasy, I was so disgusted with you!

I called the police at that time!

That’s when you met me . On that day, we made a plan!

Tong Jianan!

The crime you committed is monstrous and unforgivable!

You must admit it!”

Tong Jianan: “...”

He was stunned for dozens of seconds. Not moving, for a few seconds, it suddenly shouted, and then rushed towards Alyce: “Dead woman, I’m tempted for you...”

“Sister Shu, be careful!” Xiao Yang shouted immediately.
