

# PUNISHED BY HIS LOVE

## Chapter 2338

Shu Mingxia looked at Suzi in disbelief: “You hit me? Did you hit me? I hit ten more than you. Years old! This is my home again, and you hit me here?”

He was used to being in a high position.

Abroad, it has always been respected.

No one has ever hit him.

But he never thought that when he returned to China and his own home, he was beaten by a woman ten years younger than him.

And she was also a woman who tried to annex their Shu family property.

Suzi sneered and said, “What’s wrong with hitting you? It’s just you who only think that you are your own and everyone else is shit! I just want to hit you! I’m not just hitting you! I want to take all the property of Mr. Shu. Take it away!

I won’t give you a cent!”

“You!” Shu Mingxia felt that he had just met a robber.

Suzi continued to sneer: “Originally, my mother and I planned to give up, but the reason for giving up was not because of you, but because of your brother. In fact, your brother and your parents didn’t plan to ask for this property, since In this way, Mom, why don’t we just accept it.”

Alyce also smiled and said, “Okay. This money should belong to me, Mommy.” The

mother and daughter turned around and wanted to go back to Master Shu’s bedside.

Shu Mingxia's body trembled with anger.

He angrily roared at his parents and his younger brother: "You guys! Are you all so condoning two outsiders to harm our family like this? Dad, Mom, you've been bewitched! You've been bewitched, you know!"

These two women, two outsiders are going to lie to grandpa and annex our property!

Dad, Mom!

Ah Zhen!

His parents sighed and sighed.

Shu Ming glared at his eldest brother angrily, and he couldn't say a word out of anger. Seeing

that his parents and younger brother were indifferent, Shu Mingxia grabbed Alyce and said, "Stop for me!" You are not allowed to move! I'll call the police now! You are not only domineering in my house! And hit people!

I'm a civilized man, and I don't have the same knowledge as you!

However, I will be business-oriented! "

Mingxia..." In the inner room, the bedridden old man Shu could hear it clearly.

With two lines of turbid tears, he weakly called out the name of the eldest grandson.

Shu Mingxia didn't hear it at all.

He just paid attention He and Suzi and Alyce argued against each other according to reason.

Suzi did not show weakness: "Shu Mingxia, listen to me! You have to call the police, you have to call the police to your home, it will affect the old man's deathbed cleanliness, I can't control it!"

But please listen to me too!

That's right!

You are a civilized man!

But don't forget, you civilized man!

No one in this yard is a savage!

Why did I hit you?

If you don't have a number in your heart, then I'll tell you now! “

“Good, good!” Very good, you say! Shu Ming's lips turned purple.

“From the moment you entered the door, you said that my mother and I were outsiders, people who disturbed your family. Since you said that, since you said we were outsiders, you didn't admit that we were at all. Shu family, in this case, my mother and I left, is it wrong?”

But what do you say?

You said again, my mother's surname is Shu, and she's the old man's daughter!

What are you not a double standard?

When it comes to sharing money, my mother is an outsider, and she must not contaminate your Shu family with half a cent. When she needs to perform filial piety, my mother must be from the Shu family, and she must perform filial piety, right?

Shu Mingxia, do you mean this? “

“That's right!” Shu Mingxia sneered.

He didn't realize how bizarre his thoughts were and how unreasonable his behavior was, but looked at Alyce very condescendingly: “Since my grandfather gave birth to you, he gave you life!” You have to thank him!

If it weren't for the fact that he gave you the surname Shu, would you have such a noble status?

Not only do you not know gratitude.

You are still thinking about how to divide up the property of the Shu family!

From ancient times to the present, which concubine child have you seen, especially a daughter, who can share the family's property?

Have you seen it?

## **Chapter 2339**

Xiangjiang's famous fighting consortium Huo Group is a living example.

Mr. Huo married four women.

Only the three children of the original wife can inherit the fire is the family property and the remaining children. All are exiles!

Alyce!

am I right! Hearing Shu Mingxia 's

remarks, Suzi laughed angrily at this bastard who had been abroad for decades.

"Shu Mingxia! Suzi also didn't want to talk to Shu Ming Xia Duo anymore: "Once, more than fifty years ago, before you were born, your grandfather ran out of ammunition and food abroad, and was almost captured alive by the other party!"

If it wasn't for my grandmother who gave her life to save him.

Your grandfather faces only two possibilities.

One, he was killed on the spot.

There is another kind of him who is a rebel!

Do you know what these two might mean?

Suzi looked at Shu Mingxia with a sneer. Before

Shu Mingxia could speak, she continued: "If he is killed on the spot, although your family is a man of merit, your Shu family's official fortune and your career will all depend on you." It won't be as good as it is now!

After a long time, it will naturally decline!

Don't say that you go abroad to develop, even if you are in the country, you are still unknown!

If he was captured and turned into a rebel!

Then, all of your Shu family will face life-threatening danger!

Shu Mingxia!

If it wasn't for your grandmother who saved your grandfather! Maybe all of your Shu family would have died a long time ago!

If you are all dead, can you still stand here and compare with me! "

These words are a bit harsh.

But Suzi doesn't want to give in either!

Mom is already so old!

Their mother and daughter never thought of taking the money from the Shu family!

Then they definitely don't want to be half-assed by the Shu family. Angry!

These words made Shu Mingxia speechless for a long time.

"Shu Mingxia! "Suzi spoke again: "I told you!" In the capacity of your grandfather, you once irresponsibly forcibly did that kind of thing to a girl who saved her!

At that time, the girl became pregnant.

Your grandfather is not even responded at all!

Do you know what this behavior is?

Fired!

Resignation, you know!

Even if he is fired, he is still responsible for his actions!

To feed the woman and child whom he forced to have \*\*\* with!

That kid!

It's my mom!

From my mother's birth until my mother grew up, your grandfather has not given a penny of living expenses!

I didn't do my part as a father.

As you who grew up abroad! You should be familiar with child protection law and parenting law, right?

Are you not from ancient times?

Even in ancient times, raising one's own children is also a parent's responsibility!

Mr. Shu Mingxia, come and do the math for me. For so many years of alimony, mental damage, and my grandmother's medical expenses, all kinds of things, plus the annual late payment fee, interest, and material rises, you can do the math. how much? "

Shu Mingxia hesitated: "What's going on, it can't be all my grandpa's property!" "

That's right, what do you mean when you say this, you admit that your grandfather gave birth to my mother?" "Suzi asked back.

"Always admit it!" "

“That’s right! Don’t say you admit it now, even if you don’t! I am still your grandfather’s daughter! Since she is your grandfather’s biological daughter, legally, she has the right to inherit half of your grandfather’s property, while the other half belongs to your father. I want to ask you, Shu Mingxia, you outsider! Outsiders without inheritance rights, what are you beeping here! “

Shu Mingxia was suddenly stunned: “You...what did you say, I...have become an outsider?” “
