## I'm Sorry My Love Novel Alternative

### Chapter 2462

A male voice came from the other end of the phone: "Hello, are you Miss Galia?"

Galia was puzzled "Who are you?"

"That's Miss Yan, I'm from the detention center, because I called your father's mobile phone, and your father turned off, so I called you." The man on the other end of the phone Softened his tone.

"Oh, hello uncle police. Are you... what's the matter?" Galia asked tentatively.

The man at the other end said in a slightly embarrassed tone: "That pickpocket, the man he himself said was your father's illegitimate child, is in a bit of trouble now, his body functions are very poor.

We've already checked the skinny guy. His blood and DNA are gone. That man really has nothing to do with your father.

For the sake of justice, we also visited the city where your father lived and checked his marriage date, the man's date of birth, and the date of birth in that city. Many people know that your father and that woman had a flash marriage.

The date of their flash marriage was only half a year earlier than the date of this man's birth.

That is to say, it has been proved from all aspects that this man is not your father's biological son. Son, he has nothing to do with your father."

Hearing this, Galia sneered: "Then why are you looking for my father to look for me? Since you are a pickpocket, won't you just enforce the law fairly?" At

that end of the tone Still very peaceful: “The problem lies in this, the man’s body is exhausted in all aspects, because the person who smoked that thing, I was a routine, notify your father.

After all...they had a father and son fight. “

“What?” Galia didn’t expect it either: “You mean...that man, he...isn’t going to live long?”

“Yes, just in these few days.” The police said arrive.

Galia said, “I see, I’ll tell my dad.”

She shrugged and said to her father very understandingly, “Dad, I didn’t want to tell you, but I didn’t want to do this. Selfish, I think it is necessary to tell you that it is that man, your adopted son, he will not live for a few days.”

Yan Weimin sighed: “I have been smoking since I was a child, and now I have no fixed place to live. It’s weird!” After a

pause, he looked at Luo Jin again: “Jin Jin...”

Before Yan Weimin’s words were finished, Luo Jin said understandingly: “Go, after all, you also I took him and really treated him as my own son, he is about to pass away, you should go and see him, it’s... a care before his death.”

Yan Weimin nodded: “Okay.”

Yan The family is open-minded. The day after this dinner, Yan Weimin and Luo Jin drove Galia and Darius to the hospital where the man was.

When she arrived at the hospital, Galia only wanted to understand why the policeman called her yesterday from a mobile phone instead of a landline.

It turned out that the man was already in the hospital, and it was an intensive care unit.

Sure enough, he was terminally ill.

When he saw the man in the silent ward like a haunted house, Yan Weimin really realized that the man was really thin.

In fact, men are not short in height, there are always 1.78 meters.

However, the man looks less than a hundred pounds.

He was wearing a hospital gown, and the sleeves wrapped around his arms, which looked empty, revealing half of his arms and hands, which really looked like skeletons.

Galia who followed behind was extremely frightened.

She hid behind her mother's shoulders and asked in a low voice, "Mom, this is the first time I've seen a person who smoked that toy. I've never seen a ghost, but I think this man is definitely uglier than a ghost, like a skeleton, Mom!"

Luo Jin pinched Galia's arm: "Don't talk nonsense! Be careful he hears."

However, on the hospital bed Although the man looks like a skeleton, his ears are not deaf.

He raised his head with difficulty and looked at Galia with sunken eyes: "Sister, did you scare you? Don't be afraid, I'm my brother, your brother."

"Who, who is your sister! I don't Brother like you! Don't talk nonsense!" Galia looked at the skeleton on the bed angrily.

The

man smiled bitterly: "Actually, from the blood relationship, we are really not brothers and sisters, we are neither the same Father, not the same mother, we don't even have the slightest blood relationship.

But sister.

You may not know that I have always regarded my father as my biological father since I was a child. "

Galia: "..."

Including Yan Weimin was also moved.

The man on the hospital bed continued: "It's a pity that I have the wrong mother.

The one thing I hate the most in my life, why do I have such a mother? Ever since I was a

child, when she knew of my existence, In fact, she just doesn't love me. The

reason why she gave birth to me was to save her own life.

After giving birth to me, she refused to take care of me.

It was my father who had been taking care of me.

Dad, Your discipline and meticulous care for me at that time, although I was only three or four years old at that time, I still remember it very clearly.

Dad, you have always loved me.

I have always You should be your own father.

It's a pity that my mother won't let me.

When I was a child, I was bewitched by my mother too much.

You...

you have seen your own mother, compulsively smoking your seven or eight-year-old son Is that shit?

But my mom can.

The reason why my body ran out of oil when I was only in my thirties and was about to die is because I have been exposed to drugs since I was seven or eight years old.

Do you think it's sad?

Yan Weimin is a soft-hearted person in the end, and Luo Jin is even more soft-hearted. When

the man said these words, Yan Weimin and Luo Jin shed tears every minute.

Especially Luo Jin, she is a teacher, she is more It is to understand the child's heart.

Luo Jin said, "Child... don't be sad, you haven't passed away yet, as long as you have the slightest hope, we will find a way to save you. "

Auntie Luo..." The man burst into tears: "I'm sorry for you, Auntie Luo, I'm sorry for you, woohoo..."

Yan Weimin walked forward, sitting in front of Chuang and beating the man Back: "Child, don't cry, if you are sick, treat it, and crying is useless. As long as you don't do this kind of pickpocket business in the future, don't smoke that stuff."

Although they knew that this man was dying, no one dared to say this. All they could say was to let this man cooperate with the treatment

. With a miserable smile: "Dad, I know my condition, my body has long been depleted, the reason why I called Dad today to ask you to come here is not for you to find a way to treat me.

Even if I can still have my life, I can't scold you so shamelessly and trouble you again.

What's more, my condition is that Hua Tuo is still alive, and even if I use the 9-turn Resurrection Pill to prolong my life, it is impossible to restore it. Hearing the

man say this, Yan Weimin was even more puzzled.

He and his wife looked at each other, and then Yan Weimin said again: "Child, then you asked us to come here..."

"I have a very important thing to do. tell you, dad! "The man said solemnly.
