

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel Alternative

Chapter 2464

Hearing the dying man shouting Dad loudly, Yan Weimin couldn't help but feel sour in his heart.

He leaned down and shouted, "Son, you can say whatever you want. If you need money, as long as Daddy has it, Daddy will save your life."
The

man shook his head and burst into tears.

Wiping away his tears, he said to Yan Weimin with difficulty: "Dad, someone... someone wants to kill you, that person... that person is very powerful.

I don't know why they would Keep an eye on your home.

But that person knows everything about you...about thirty years ago. That person can...find us, that's enough to show his sphere of influence, It must be very big.

And, I think...I think that person must have planned for a long time.

Dad, I'm sorry for you.

I can't help you.

For that little white face Money, I will betray you.

I regret it enough, and I will never have a chance to make it up in my life.

The only thing I can tell you is, you must not...don't take it lightly, Dad... .."

Yan Weimin was startled.

That person is not small?

The sphere of influence is large?

He turned around and looked at Galia: "Who could it be? Want to deal with us so deliberately?"

Galia sneered.

She and Darius looked at each other and said, "Can you still escape your three brothers in this matter?"

Darius also nodded and said apologetically, "Dad, I know who this brother is talking about, this is us. It's the Shu family's fault, I will definitely communicate with my three brothers when I look back.

I'm sorry, Dad."

Yan Weimin sighed: "Forget it, as long as the four brothers of the Shu family are okay, it's okay for us to suffer a little. "

It's a reasonable family after all.

Yan Weimin knew that no matter how the three brothers of the Shu family were pretentious, they were still Darius's three brothers and the three sons of Shu Qinggong and his wife. Shu Qinggong and his wife treated Galia very well,

and the relationship between Darius and Galia was very harmonious.

Because of this, Yan Weimin couldn't make it difficult for Darius's three brothers.

"Dad, don't worry, even if you can forgive the three of them, my parents and I will not forgive them. When I go back, I will definitely send them out of the country so that they will never come back!"

Darius made up his mind. To drive the three brothers away.

He knew very well in his heart that all of this was actually made by his brothers.

The brothers couldn't fight Arron and Suzi, and then Galia spoke to Arron and Suzi, so the brothers poured all their anger on Galia.

All of this, Darius's heart couldn't be clearer.

He really can't let his brothers stay in the country anymore.

Otherwise, it will not only harm the brothers, but also harm the entire Shu family.

"It's okay Azhen, you are the backbone of the entire Shu family now. You can handle this matter well. Remember not to embarrass your parents or the entire Shu family, that's all." Yan Weimin said tolerantly. .

"Thank you Dad." Darius was very grateful.

After saying that, he looked at the patient on the bed again and asked, "Dad, this person..."

He heard the man on the bed called Yan Weimin's father.

Also know the relationship between men and Yan Weimin.

Darius thought again, if the man needed it, he was willing to pay the full amount to save the man.

Yan Weimin understood what Darius meant, he shook his head: "It's useless, he is terminally ill, the reason why he was able to go to our house and rob me and your mother once was because someone gave him overdose on that thing, which caused him The spirit is too high, and this is enough to take a breath, and now that the breath is used up, he is basically exhausted."

Chapter 2465

Darius: "..."

Looking at the person on the hospital bed, he didn't know what to say.

On the contrary, the person on the hospital bed smiled with relief: "I am very satisfied, I am dying, my only father, the best relative who treats me in this world, is finally willing to talk to me and forgive me

. I'm very content.

Dad, I always feel that things are not that simple, you...you must be more careful.

Dad, I...I'm gone...go away "..."

Having said that, the man suddenly didn't come up in one breath, and his raised hand suddenly fell down.

Yan Weimin: "..."

After a long while, he suddenly burst into tears: "Child... woo woo..."
After all,

he had raised a child for two or three years , he also really regarded this child as if he had made it his own.

After so many years, I didn't expect this child to die in front of him.
How could Yan Weimin not be attacked?

Yan Weimin was lying on the head of the bed, crying extremely sadly.

However, he also knew that at this time, it would be useless to cry any more. The most important thing at this time was to arrange the funeral of this non-parent-child.

Yan Weimin personally chose the purpose for the deceased, personally watched the people in the crematorium arrange his remains, and personally watched him push into the furnace.

It only took three days until the illegitimate son was buried. Yan Weimin took off his appearance and lost a whole circle.

During this period, Galia and Darius have been accompanying Yan Weimin and his wife.

Darius and Galia did not return to Shu's house until the whole thing was over.

"The three of you, even if you want to stay in the country, it's impossible to stay in Nancheng! I'll buy you plane tickets to go abroad,

this is the only way I can hold your lives, if I just keep you in In China, I'm not sure what else you can do.

If you are a little more active, then Arron alone can destroy you without leaving any scum!" The

three brothers bowed their heads in shame and said nothing. Unable to speak.

There was also Yi Yun who was looking at Darius eagerly.

Until this time, Yi Yun thought she could be the eldest lady in the Shu family.

She shouted in a coquettish tone: "Brother..."

"I'm sorry!" Darius looked at Yi Yun very coldly: "I'm not your brother, my surname is Shu, your surname is Yi, we Different surnames and no blood relationship, how could I be your younger brother! Miss Yi, please don't call me random!"

Yi Yun: "Brother...Ming...Master Mingzhen... .."

Darius: "Miss Yi, if my grandparents owe your grandfather, it is also a matter between my grandparents and your grandfather, and their generation has long been buried, even the living ones. My grandfather, who had the longest time, also passed away.

Therefore, there is no repayment in our Shu family.

Even if we repay our kindness, we have repaid our kindness in our own way over the years.

Miss Yi, there will be no repayment in our family. As

for whether you go abroad or continue to stay in China, that is not something that my Shu family or Darius has to consider.

If you want to go abroad, you need to buy your own air ticket.

If you want to stay in China, stay in Nancheng, please leave our Shu family! "

Yi Yun's eyes turned red when she was frightened. When she left the Shu family, where should she go?

She never did well in foreign countries and went to Yeji University.

If she couldn't rely on the Shu family in China, she might even be pitiful to support herself. ” “

Brother Ming Zhen...I, I can not get married, I...I just want to stay by your side...” Yi Yun cried.

Galia was mad at it . : “Yi Yun! Could it be that you still want to be a kid for my husband? “

Chapter 2466

Yi Yun cried tearfully and knelt down in front of Galia again: “Yes, yes, I will. Ah, the children of the ancient family, which one is not a group of wives and concubines?

I don't want to be named.

I only need to stay in the Shu family and stay with the fourth master of Shu.”

Yi Yun really wanted to marry into a wealthy family. .

It was almost the dream of her life.

I originally thought that after so many years of gilding abroad, I should be worthy of the young master of the Shu family. Who knew that when he came back, the young master of the Shu family already had a sweetheart.

How can she be reconciled?

How willing!

Does she Yiyun want to be someone else's domestic servant all her life?

Do not! Remember that

she wants to give birth to a child for Darius. In the future, her child will be the Shu family of Ming Zhen Yanshun.

“As long as I can be by your side and have a baby for you, I’ll be satisfied. I love you so much, Ming Zhen...”

Darius was shocked.

Unexpectedly, Yi Yun had been abroad for so many years, and she kept saying that she was educated in the West, had a higher education, and should be a very independent woman, but she never thought that her thoughts were so outdated and dirty.

Darius sneered, ignoring Yi Yun’s pitiful cry, he only shouted, “Housekeeper!”

The housekeeper of the Shu family responded, “Fourth Young Master? What are your orders?”

“I packed up all Miss Yi Yun’s belongings in Shu’s house and sent them to the door. From then on, we cut off all communication with Miss Yi Yun!” Darius seemed to be calm, but he was actually very decisive.

The housekeeper didn’t hesitate at all: “Yes!” The

Shu family’s household, Yi Yun had long been disliked.

Although I had spoken for Yi Yun a while ago, it was due to pressure from all sides.

For example, Shu Qinggong and his wife, another example is the three brothers of the Shu family.

And now, since the Fourth Young Master Shu has spoken, it is naturally better to drive this woman out.

If this woman stays at Shu’s house, it’s a shame for the domestic servant!

They are domestic servants, but they are not shameless like this.

An hour later, Yi Yun was locked outside the gate of Shu’s house.

Whether she is dead or alive, she will have nothing to do with the Shu family in the future.

In fact, where did Yi Yun seem to die?

Her parents are still abroad, and their family of three still have some assets abroad, all of which were bought for them by Mr. Shu back then. If Yi Yun could honestly live abroad, she would not worry about food and clothing for the rest of her life.

The day after Yi Yun was kicked out, she obediently went back abroad.

And the three brothers of the Shu family were also forcibly sent away by Darius. Before getting on the plane, Darius said to the three brothers in a very cold manner: "My parents are here to give them the care, so you don't have to worry, since you are old. You have already started a family abroad, and your children have never come back to worship their ancestors, so forget about Nancheng! In

the future, don't come back again!

Otherwise, I can't keep you. If you

don't want to die, just stay abroad. Stay!"

The three brothers rolled their eyes, but did not dare to refute Darius.

After sending the three brothers away, the Shu family finally returned to peace and harmony.

Alyce's little aunt was also officially invited by Darius to come to live at home. Alyce spends every day with his brothers and sisters, playing chess and cards, and from time to time he takes his sister-in-law to the senior group to dance and dance.

When the days are enjoyable, the old people can't help but think of the heirs.

"Galia, my mother is really worried. You two are not young anymore. Ming Zhen is already in your thirties, and you are already in your thirties. You have to have children." The mother-in-law said to Galia.

Galia smiled and said, “Mom, when I finish this TV series, the first thing I will do is to have children.

Chapter 2467

“Of course!” Galia actually wants children.

And her parents are also urging her.

Not only her parents, but even she, Suzi, Rayna, Dalia and the others had a private party and went shopping together, and the three women urged her together.

“Galia, if you don’t want children again, I told you that your health will not recover very well.” Dalia said to Galia very seriously.

Galia looked at Suzi: “Really Suzi?”

Suzi nodded: “The older a woman is to give birth to a child, the more difficult it is for her body to recover. By then, you will have a big belly, but it will not look good.”

“I No! I’m going to give birth now! Anyway, I can’t see it four months before I get pregnant. I happened to be helping Director Jin Jiaming filming in the past four months, so as not to delay my pregnancy, I will prepare it tonight. Hee hee.” Galia is also a flamboyant little girl.

After thinking about getting ready tonight, she immediately took out her mobile phone and called Darius.

“Azhen, where are you, you are not allowed to work overtime in the company for a few days, you have to get off work on time, I...” Having said this, Galia suddenly blushed.

At the other end, Darius smiled gently: “You...what’s wrong with you? Don’t tell me, you miss me?”

Galia hesitated: “I...I think tonight, We...”

“What’s wrong?” Darius still asked gently.

“I... I want to make a villain with you!” Galia said with energy.

At that end, Darius was stunned for a moment.

Then he laughed: “Haha...”

“What are you laughing at, are you so funny!” Galia asked angrily.

Darius put away his smile and said indulgently: “We Galia Xiaotian are finally like adults, and we are finally willing to have children. Let me guess, why do you want children? You and SuziDalia and the others are together, right?”

Seeing such a large group of children playing together, you suddenly feel like you want children?”

Darius actually wanted children all the time.

And want a bunch of kids.

He is a person who likes children very much. His parents, including his grandfather, also loved children very much.

It’s just that their whole family didn’t want to force Galia.

Darius will not force Galia.

Now at first hearing that Galia wanted a child, Darius felt extremely happy.

The first thing he thought was that Galia must have seen many children playing together, so she was envious.

What Darius wanted to know was whether Galia had a fever for a while, or did he really think about it?

But what Darius didn’t expect was that Galia muttered on the other end of the phone and said embarrassedly, “I didn’t know until today that if a woman has a child late, it will be difficult for her body to respond. When I give birth, my body will be deformed, it will become a big bucket, and the fire will become a football, you don’t want me anymore.”

Darius: “Ah this...”

Co-authored, your old man wants a child The real reason is that you are afraid of your body being deformed?

Galia continued: “Anyway, sooner or later, we will have children. Since this is destined, it is better to have it sooner, so that my body can recover very well.

So husband, I don’t want to miss a day.

It would be best if we could have quadruplets tonight

, so I wouldn’t have to bother with a second pregnancy. “

Darius: “Ah this...”

Does this take herself as a sow?

But it’s okay!

Although she had the intention for a while, but her heart to have a baby with him is firm. Move it.

That’s fine.

“Husband, hurry up, can you come back earlier today, we’ll prepare as soon as possible! “Galia was so amazing.

Darius came back to his senses: “That... daughter-in-law, I’m in... Hong Kong now. “
